Nothing in this subsection shall be construed to limit the authority of the Board to fix the retail price of alcoholic beverages sold at government stores, which retail price may include promotional, volume, or other discounts deemed appropriate by the Board.

D. Alcoholic beverages at government stores shall be sold by employees of the Authority who shall carry out the provisions of this subtitle and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits and low alcohol beverage coolers, manufactured by or for, or blended by such licensee on the licensed premises, at government stores established by the Board (i) on the distiller's licensed premises or (ii) at the site of an event licensed by the Board and conducted for the purpose of featuring and educating the consuming public about spirits products.

An agent of the Board appointed pursuant to subsection D may keep on the licensed premises no more than 10 varieties of spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery. Any spirits or vermouth used in such samples that are not manufactured on the licensed premises or on contiguous premises of the licensed distillery shall be purchased from the Board.

The Board may adopt regulations which provide for accepting a credit card or debit card as payment. J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § [4.1-235](#) that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

§ 4.1-119.(Effective until July 1, 2024) Operation of government stores

A. Subject to the provisions of §§ [4.1-121](#) and [4.1-122](#), the Board may establish, maintain, and operate government stores for the sale of spirits, nonalcoholic spirit alternatives, wine produced by farm wineries, low alcohol beverage coolers produced by licensed distillers, vermouth, mixers, products used in connection with distilled spirits, including any garnish or garnishment applied to the rim of a glass of distilled spirits, as may be approved by the Board from time to time, and products licensed by the Virginia Tourism Corporation as specified in § [4.1-103](#) in such counties, cities, and towns considered advisable by the Board. The Board may discontinue any such store.

B. With respect to the sale of wine or cider produced by farm wineries, the Board may give preference to farm wineries that produce 2,500 cases or less of wine or cider per year.

C. The Board shall fix the wholesale and retail prices at which the various classes, varieties and brands of alcoholic beverages and other Board-approved products that are sold in government stores. Differences in the cost of operating stores, and market competition and conditions may be reflected in the sale price of alcoholic beverages sold at government stores. The Board may sell alcoholic beverages to federal instrumentalities (i) authorized and operating under the laws of the United States and regulations of the United States Department of Defense and (ii) located within the boundaries of federal enclaves or reservations over which the United States has acquired jurisdiction, at prices which may be greater or less than the wholesale price charged other authorized purchasers. Nothing in this subsection shall be construed to limit the authority of the Board to fix the retail price of alcoholic beverages sold at government stores, which retail price may include promotional, volume, or other discounts deemed appropriate by the Board.

D. Alcoholic beverages at government stores shall be sold by employees of the Authority who shall carry out the provisions of this subtitle and Board regulations governing the operation of government stores and the sale of alcoholic beverages, except that the Board may appoint the holder of a distiller's license or its officers and employees as agents of the Board for the sale of spirits and low alcohol beverage coolers, manufactured by or for, or blended by such licensee on the licensed premises, at government stores established by the Board (i) on the distiller's licensed premises or (ii) at the site of an event licensed by the Board and conducted for the purpose of featuring and educating the consuming public about spirits products.

Such agents shall sell the spirits and low alcohol beverage coolers in accordance with the provisions of this subtitle, Board regulations, and the terms of the agency agreement between the Authority and the licensed distiller. The Authority shall pay a licensed distiller making sales pursuant to an agreement authorized by this subsection a commission of not less than 20 percent of the retail price of

the goods sold. If the licensed distiller makes application and meets certain requirements established by the Board, such agreement shall allow monthly revenue transfers from the licensed distiller to the Board to be submitted electronically and, notwithstanding the provisions of §§ [2.2-1802](#) and [4.1-116](#), to be limited to the amount due to the Board in applicable taxes and markups.

For the purposes of this subsection, "blended" means the receipt by a licensed distiller of deliveries and shipments of alcoholic beverages, other than wine and beer, in accordance with subdivision A 6 of § [4.1-201](#) to be (a) (1) additionally aged by the receiving distillery in order to increase the quality and flavor of such alcoholic beverages or (2) used in a low alcohol beverage cooler and (b) bottled by the receiving distillery.

E. No Class 1 neutral grain spirit or alcohol, as defined by federal regulations, that is without distinctive character, aroma, taste or color shall be sold in government stores at a proof greater than 151 except upon permits issued by the Board for industrial, commercial, culinary, or medical use.

F. All alcoholic beverages sold in government stores, except for tasting samples pursuant to subsection G sold in government stores established by the Board on a distiller's licensed premises, shall be in closed containers, sealed and affixed with labels prescribed by the Board.

G. No alcoholic beverages shall be consumed in a government store by any person unless it is part of an organized tasting event conducted by (i) an employee of a manufacturer of distilled spirits or farm winery or (ii) an authorized representative of a manufacturer of distilled spirits or farm winery with a permit issued by the Board pursuant to subdivision A 14 of § [4.1-212](#), at which the samples of alcoholic beverages provided to any consumer do not exceed the limits for spirits or wine set forth in subdivision A 5 of § [4.1-201.1](#). No sample may be consumed by any individual to whom alcoholic beverages may not lawfully be sold pursuant to § [4.1-304](#).

Notwithstanding the provision of this subsection to the contrary, an agent of the Board appointed pursuant to subsection D may give samples of spirits, beer, wine, or cider to persons to whom alcoholic beverages may be lawfully sold for on-premises or off-premises consumption, provided that (i) the spirits, beer, wine, or cider samples are manufactured within the same licensed premises or on contiguous premises of such agent licensed as a distillery, brewery, or winery; (ii) no single sample shall exceed four ounces of beer, two ounces of wine or cider, or one-half ounce of spirits, unless served as a mixed beverage, in which case a single sample of spirits may contain up to one and one-half ounces of spirits; (iii) no more than 12 ounces of beer, five ounces of wine, or three ounces of spirits shall be given or sold to any person per day; and (iv) in the case of spirits samples, a method is used to track the consumption of each consumer. Nothing in this paragraph shall prohibit such agent from serving samples of spirits as part of a mixed beverage. Such mixed beverage samples may contain spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery, provided that at least 75 percent of the alcohol used in such samples is

manufactured on the licensed premises or on contiguous premises of the licensed distillery. An agent of the Board appointed pursuant to subsection D may keep on the licensed premises no more than 10 varieties of spirits or vermouth not manufactured on the licensed premises or on contiguous premises of the licensed distillery. Any spirits or vermouth used in such samples that are not manufactured on the licensed premises or on contiguous premises of the licensed distillery shall be purchased from the Board.

The Board shall establish guidelines governing tasting events conducted pursuant to this subsection.

Any case fee charged to a licensed distiller by the Board for moving spirits from the production and bailment area to the tasting area of a government store established by the Board on the distiller's licensed premises shall be waived if such spirits are moved by employees of the licensed distiller.

H. With respect to purchases by licensees at government stores, the Authority shall (i) accept in payment for any purchase or series of purchases cash, electronic fund transfer, credit or debit card, or check payable to the Authority, in the exact amount of any such purchase or series of purchases and (ii) provide notice to licensees on Board policies relating to the assignment of government stores from which licensees may purchase products and any procedure for the licensee to elect to make purchases from an alternative government store.

I. With respect to purchases by consumers at government stores, the Authority shall accept cash in payment for any purchase or series of purchases. The Board may adopt regulations which provide for accepting a credit card or debit card as payment. Such regulations may provide for the collection, where appropriate, of related fees, penalties, and service charges for the use of a credit card or debit card by any consumer.

J. Before the Authority implements any increase in the markup on distilled spirits or any change to the markup formula for distilled spirits pursuant to § [4.1-235](#) that would result in an increase in the retail price of distilled spirits sold to the public, the Authority shall (i) provide at least 45 days' public notice before such a price increase takes effect; (ii) provide the opportunity for submission of written comments regarding the proposed price increase; (iii) conduct a public meeting for the purpose of receiving verbal comment regarding the proposed price increase; and (iv) consider any written or verbal comments before implementing such a price increase.

§ 4.1-119.1. Human trafficking hotline; posted notice required

Within each government store, except for government stores established on a distiller's licensed premises pursuant to subsection D of § [4.1-119](#), the Authority shall post notice of the existence of a human trafficking hotline to alert possible witnesses or victims of human trafficking to the availability of a means to report crimes or gain assistance. The notice required by this section shall (i) be posted in a place readily visible and accessible to the public and (ii) meet the requirements specified in subsection C of § [40.1-11.3](#).

§ 4.1-120. When government stores closed

A. Except as provided in subsection B, no sale or delivery of alcoholic beverages shall be made at any government store, nor shall any such store be kept open for the sale of alcoholic beverages:

1. On Sunday;
2. On Thanksgiving Day, Christmas Day and New Year's Day; or
3. During such other periods and on such other days as the Board may direct.

B. Certain government stores, as determined by the Board, may be open on Sunday for the sale of alcoholic beverages after 10:00 a.m.

§ 4.1-121. Referendum on establishment of government stores

A. The qualified voters of any county, city, or town having a population of 1,000 or more may file a petition with the circuit court of the county or city, or of the county wherein the town or the greater part thereof is situated, asking that a referendum be held on the question of whether the sale by the Virginia Alcoholic Beverage Control Authority of alcoholic beverages, other than beer and wine not produced by farm wineries, should be prohibited within that jurisdiction. The petition shall be signed by qualified voters equal in number to at least 10 percent of the number registered in the jurisdiction on January 1 preceding its filing or by at least 100 qualified voters, whichever is greater. Upon the filing of a petition, the court shall order the election officials of the county, city, or town, on the date fixed in the order, to conduct a referendum on the question. The clerk of the circuit court shall publish notice of the referendum in a newspaper of general circulation in the county, city, or town once a week for three consecutive weeks prior to the referendum.

The question on the ballot shall be:

"Shall the sale by the Virginia Alcoholic Beverage Control Authority of alcoholic beverages, other than beer and wine not produced by farm wineries, be prohibited in (name of county, city, or town)?"

The referendum shall be ordered and held and the results certified as provided in § [24.2-684](#).

Thereupon the court shall enter of record an order certified by the clerk of the court to be transmitted to the Board and to the governing body of the county, city, or town.

B. Once a referendum has been held, no other referendum on the same question shall be held in the county, city, or town within four years of the date of the prior referendum. However, a town shall not be prescribed from holding a referendum within such period although an election has been held in the county in which the town or a part thereof is located less than four years prior thereto.

Code 1950, § 4-45; 1954, c. 221; 1974, c. 399; 1975, c. 517; 1977, c. 683; 1980, cc. 541, 543; 1984, c. 200; 1993, c. 866; 2015, cc. [38](#), [730](#); 2019, cc. [37](#), [178](#).

§ 4.1-122. Effect of local option referenda

A. If in any referendum held under the provisions of § [4.1-121](#) in any county, city, or town a majority of the qualified voters vote "Yes" on the question, then on and after 60 days from the date on which the order of the court, setting forth the results of such referendum was entered of record, none of the alcoholic beverages voted against shall be sold in such county, city, or town except for delivery or shipment to persons outside of such county, city, or town authorized under this subtitle to acquire the alcoholic beverages for resale. This subsection shall not apply to common carriers of passengers by train, boat or airplane selling wine and beer to bona fide passengers.

B. If in any such referendum held in any county, city, or town in which a majority of the qualified voters have previously voted to prohibit the sale of alcoholic beverages by the Board and in a subsequent election a majority of the voters of the county, city, or town vote "No" on the question stated in § [4.1-121](#), then such alcoholic beverages may, in accordance with this subtitle, be sold within the county, city, or town on and after 60 days from the day on which the order of the court setting forth the results of such election is entered of record.

C. If any referendum is held under the provisions of § [4.1-124](#) in any county, town, or supervisor's election district of a county and the majority of voters voting in such referendum voted "Yes," the sale by the Board of alcoholic beverages, other than beer and wine not produced by farm wineries, shall be prohibited in such county, town, or supervisor's election district of a county. Notwithstanding this section and any referendum held under § [4.1-121](#) to the contrary, persons licensed to sell mixed beverages in such county, town, or supervisor's election district of a county shall also be permitted to sell wine and beer for on-premises consumption, provided the appropriate license fees are paid for the privilege.

D. The provisions of this section shall not prevent in any county, city, or town, the sale and delivery or shipment of alcoholic beverages specified in § [4.1-200](#) to and by persons therein authorized to sell alcoholic beverages, nor prevent the delivery or shipment of alcoholic beverages under Board regulations into any county, city, or town, except as otherwise prohibited by this subtitle.

E. For the purpose of this section, when any referendum is held in any town, separate and apart from the county in which such town or a part thereof is located, such town shall be treated as being separate and apart from such county.

Code 1950, § 4-46; 1954, c. 221; 1974, c. 460; 1975, c. 482; 1977, c. 683; 1980, cc. 541, 543; 1982, cc. 66, 204; 1984, c. 200; 1991, c. 690; 1993, c. 866; 2019, cc. [37](#), [178](#).

§ 4.1-123.Referendum on Sunday wine and beer sales; exception

A. Either the qualified voters or the governing body of any county, city, town, or supervisor's election district of a county may file a petition with the circuit court of the county or city or of the county wherein the town or the greater part thereof is situated asking that a referendum be held on the question of whether the sale of beer and wine on Sunday should be permitted within that jurisdiction. The petition of voters shall be signed by qualified voters equal in number to at least ten percent of the number registered in the jurisdiction on January 1 preceding its filing or at least 100 qualified voters, whichever is greater. Upon the filing of a petition, the court shall order the election officials of the county, city, or town, on the date fixed in the order, to conduct a referendum on the question. The clerk of the circuit court shall publish notice of the referendum in a newspaper of general circulation in the county, city, or town once a week for three consecutive weeks prior to the referendum.

The question on the ballot shall be:

"Shall the sale of wine and beer between the hours of twelve o'clock p.m. on each Saturday and six o'clock a.m. on each Monday be permitted in _____ (name of county, city, town, or supervisor's election district of the county)?"

The referendum shall be ordered and held and the results certified as provided in § [24.2-684](#).

Thereupon the court shall enter of record an order certified by the clerk of the court to be transmitted to the Board and to the governing body of the county, city, or town.

Notwithstanding an ordinance adopted pursuant to § [4.1-129](#), an affirmative majority vote on the question shall be binding on the governing body of the county, city, or town, and the governing body shall take all actions required of it to legalize such Sunday sales.

B. Notwithstanding the provisions of subsection A or § [4.1-129](#), where property that constitutes a farm winery lies within, or abuts, the boundaries of Floyd and Patrick Counties, the retail sale of wine by the farm winery licensee in the county that restricts the sale of wine and beer shall be allowed at one fixed location on a parcel of land that contains all or part of the licensee's producing vineyard and the licensee's vinification facilities.

The Board may refuse to allow such licensee the exercise of his retail sales privilege in the county restricting the Sunday sale of wine and beer if the Board determines, after giving the licensee notice and a hearing, that (i) the owner of the farm winery had actual knowledge that the vinification facilities

and all or part of the producing vineyard were going to be located in the county restricting the sale of wine and beer prior to construction of the vinification facilities or (ii) the primary business purpose of the farm winery licensee is to engage in the retail sale of wine in such county rather than the business of a farm winery.

Nothing in this subsection shall apply to a farm winery licensee that has a retail establishment for the sale of its wine in the county adjoining the county that restricts the Sunday sale of wine and beer if the retail establishment is within one-half mile of the farm winery's vinification facilities.

§ 4.1-124. Referendum on the sale of mixed beverages

A. The provisions of this subtitle relating to the sale of mixed beverages shall be effective in any town, county, or supervisor's election district of a county unless a majority of the voters voting in a referendum vote "Yes" on the question of whether the sale of mixed alcoholic beverages by restaurants licensed under this subtitle should be prohibited. The qualified voters of a town, county, or supervisor's election district of a county may file a petition with the circuit court of the county asking that a referendum be held on the question of whether the sale of mixed beverages by restaurants licensed by the Board should be prohibited within that jurisdiction. The petition shall be signed by qualified voters equal in number to at least 10 percent of the number registered in the town, county, or supervisor's election district on January 1 preceding its filing or at least 100 qualified voters, whichever is greater.

Petition requirements for any county shall be based on the number of registered voters in the county, including the number of registered voters in any town having a population in excess of 1,000 located within such county. Upon the filing of a petition, and under no other circumstances, the court shall order the election officials of the county to conduct a referendum on the question.

The clerk of the circuit court of the county shall publish notice of the referendum in a newspaper of general circulation in the town, county, or supervisor's election district once a week for three consecutive weeks prior to the referendum.

The question on the ballot shall be:

"Shall the sale of mixed alcoholic beverages by restaurants licensed by the Virginia Alcoholic Beverage Control Authority be prohibited in _____ (name of town, county, or supervisor's election district of county)?"

The referendum shall be ordered and held and the results certified as provided in Article 5 (§ [24.2-681](#) et seq.) of Chapter 6 of Title 24.2. Thereupon the court shall enter of record an order certified by the clerk of the court to be transmitted to the Board and to the governing body of the town or county. Mixed beverages prohibited from sale by such referendum shall not be sold by restaurants within the town,

county, or supervisor's election district of a county on or after 30 days following the entry of the order if a majority of the voters voting in the referendum have voted "Yes."

The provisions of this section shall be applicable to towns having a population in excess of 1,000 to the same extent and subject to the same conditions and limitations as are otherwise applicable to counties under this section. Such towns shall be treated as separate local option units, and only residents of any such town shall be eligible to vote in any referendum held pursuant to this section for any such town. Residents of towns having a population in excess of 1,000, however, shall also be eligible to vote in any referendum held pursuant to this section for any county in which the town is located.

Notwithstanding the provisions of this section, the sale of mixed beverages by restaurants shall be prohibited in any town created as a result of a city-to-town reversion pursuant to Chapter 41 (§ [15.2-4100](#) et seq.) of Title 15.2 if a referendum on the question of whether the sale of mixed beverages by restaurants licensed under this subtitle should be prohibited was previously held in the former city and a majority of the voters voting in such referendum voted "Yes."

B. Once a referendum has been held, no other referendum on the same question shall be held in the town, county, or supervisor's election district of a county for a period of 23 months.

C. Notwithstanding the provisions of subsection A, the sale of mixed beverages shall be allowed on property dedicated for industrial or commercial development and controlled through the provision of public utilities and covenanting of the land by any multijurisdictional industrial development authority, as set forth under Chapter 49 (§ [15.2-4900](#) et seq.) of Title 15.2, provided that (i) such authority operates under a partnership agreement between three or more counties, cities, or towns and such jurisdictions participate administratively and financially in the authority and (ii) the sale of mixed beverages is permitted in one of the member counties, cities, towns, or a supervisor's election district of one of the counties and that the governing board of the authority authorizes an establishment located within the confines of such property to apply to the Board for such license. The appropriate license fees shall be paid for this privilege.

D. Notwithstanding the provisions of subsection A of this section and subsection C of § [4.1-122](#), the sale of mixed beverages by licensees, and the sale of alcoholic beverages other than beer and wine not produced by farm wineries by the Board, shall be allowed in any city in the Commonwealth.

E. Notwithstanding the provisions of subsection A, the Board may grant a mixed beverage restaurant license to a restaurant located on the premises of and operated by a private club exclusively for its members and their guests, subject to the qualifications and restrictions on the issuance of such license imposed by § [4.1-206.3](#). However, no license authorized by this subsection shall be granted if the private club restricts its membership on the basis of race, color, creed, national origin, or sex.

§ 4.1-127. Contests of local option referenda

The regularity or legality of any referendum held pursuant to §§ [4.1-121](#), [4.1-123](#) and [4.1-124](#) shall be subject to the inquiry, determination, and judgment of the circuit court which ordered the referendum. The court shall proceed upon complaint of fifteen or more qualified voters of the county, city, or town, filed within thirty days after the date the results of the referendum are certified and setting out fully the grounds of contest. The complaint and the proceedings shall conform as nearly as practicable to the provisions of § [15.2-1654](#), and the judgment of the court entered of record shall be a final determination of the regularity and legality of the referendum.

Code 1950, § 4-47; 1993, c. 866.

§ 4.1-128. Local ordinances or resolutions regulating or taxing alcoholic beverages

A. No county, city, or town shall, except as provided in § [4.1-205](#) or [4.1-129](#), adopt any ordinance or resolution which regulates or prohibits the manufacture, bottling, possession, sale, wholesale distribution, handling, transportation, drinking, use, advertising or dispensing of alcoholic beverages in the Commonwealth. Nor shall any county, city, or town adopt an ordinance or resolution that prohibits or regulates the storage, warehousing, and wholesaling of wine in accordance with Title 4.1, regulations of the Board, and federal law at a licensed farm winery.

No provision of law, general or special, shall be construed to authorize any county, city or town to adopt any ordinance or resolution that imposes a sales or excise tax on alcoholic beverages, other than the taxes authorized by § [58.1-605](#), [58.1-3833](#) or [58.1-3840](#). The foregoing limitation shall not affect the authority of any county, city or town to impose a license or privilege tax or fee on a business engaged in whole or in part in the sale of alcoholic beverages if the license or privilege tax or fee (i) is based on an annual or per event flat fee specifically authorized by general law or (ii) is an annual license or privilege tax specifically authorized by general law, which includes alcoholic beverages in its taxable measure and treats alcoholic beverages the same as if they were nonalcoholic beverages.

B. However, the governing body of any county, city, or town may adopt an ordinance that (i) prohibits the acts described in subsection A of § [4.1-308](#) subject to the provisions of subsections B and E of § [4.1-308](#), or the acts described in § [4.1-309](#), and may provide a penalty for violation thereof and (ii) subject to subsection C of § [4.1-308](#), regulates or prohibits the possession of opened alcoholic

beverage containers in its local public parks, playgrounds, public streets, and any sidewalk adjoining any public street.

C. Except as provided in this section, all local acts, including charter provisions and ordinances of cities and towns, inconsistent with any of the provisions of this subtitle, are repealed to the extent of such inconsistency.

§ 4.1-129. Local ordinances regulating time of sale of wine and beer

The governing body of each county may adopt ordinances effective in that portion of such county not embraced within the corporate limits of any incorporated town, and the governing body of each city and town may adopt ordinances effective in such city or town, prohibiting the sale of wine or beer, or both, between the hours of twelve o'clock p.m. on each Saturday and six o'clock a.m. on each Monday, or fixing hours within such period during which wine or beer, or both, may be sold. Such governing bodies shall provide for fines and other penalties for violations of any such ordinances which shall be enforced as if the violations were Class 1 misdemeanors, with a right of appeal pursuant to § [16.1-106](#). § 2. Credit of Commonwealth and political subdivisions not pledged.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth of Virginia or of any county, city, district or political subdivision thereof, or a pledge of the faith and credit of the Commonwealth or of any county, city, district or political subdivision thereof, but such bonds shall be payable solely from the funds herein provided therefor from tolls and revenues. All such revenue bonds shall contain a statement on their face substantially to the foregoing effect.

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the provisions of this act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this act. (1978, c. 690)

§ 3. "Alleghany Airport Authority."

There is hereby created and constituted a political subdivision of the Commonwealth to be known as the "Alleghany Airport Authority". The exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of the project authorized by this act shall be deemed and held to be the performance of an essential governmental function. The Authority shall consist of five members all of whom shall be appointed by their respective governing bodies in the county of Alleghany and the cities of Covington and Clifton Forge, as hereinafter provided, all of whom shall be residents of such political subdivisions at the time of their appointment and during their tenure. The successor of each such member shall be appointed for a term of five years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the Authority shall be eligible for reappointment. The Authority shall annually elect one of its members as chairman and another as vice-chairman and shall also elect annually a secretary-treasurer, who may or may not be a member of the Authority.

He shall have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies, and all persons dealing with the Authority may rely upon such certificates.

Three members of the Authority shall constitute a quorum and the affirmative vote of three members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority

Before the issuance of any revenue bonds under the provisions of this act the secretary-treasurer of the Authority shall execute a surety bond in the penal sum of fifty thousand dollars, such surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the Commonwealth as surety and to be approved by the Attorney General and filed in the office of the Secretary of the Commonwealth.

The members of the Authority shall be entitled to reimbursement for their expenses incurred in attendance upon the meetings of the Authority or while otherwise engaged in the discharge of their duties. Each member shall also be paid the sum of fifty dollars per day for each day or portion thereof during which he is engaged in the performance of his duties. (1978, c. 690)

§ 4. General grant of powers.

The Authority is hereby authorized and empowered:

1. To adopt bylaws for the regulation of its affairs and the conduct of its business;
2. To adopt an official seal and alter the same at pleasure;
3. To determine the location of the project, to determine, in its discretion the design standards and the materials of construction, and to construct, maintain, repair and operate the project;

4. To issue revenue bonds of the Authority for any of its purposes, payable solely from the tolls and revenues pledged for their payment, and to refund its bonds, all as provided in this act;
5. To fix and revise from time to time and charge and collect tolls, rates, fees, rentals and other charges for the use of the project;
6. To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this act;
7. To employ, in its discretion, consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and such other employees and agents as may be necessary in its judgment, and to fix their compensation;
8. To enter upon any lands and premises for the purpose of making such surveys, soundings, borings and examinations as the Authority may deem necessary or convenient for its purposes, and such entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry under any condemnation proceedings; provided, however, the Authority shall pay any actual damage resulting to such lands and premises as a result of such entry and activities as a part of the cost of the project;
9. To sue and be sued in its own name, plead and be impleaded;
10. To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act; and
11. To do all acts and things necessary and convenient to carry out the powers expressly granted in this act. (1978, c. 690)

§ 5. Acquisition of property.

A. The Authority is hereby authorized and empowered to acquire by purchase solely from funds provided under the provisions of this act, such lands, structures, property, rights, rights-of-way, franchises, easements and other interests in lands as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and the commissions of the Commonwealth, with the approval of the Governor, and the county of Alleghany and the cities of Covington and Clifton Forge, notwithstanding any contrary provisions of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public highways and other real property already devoted to public use.

B. The Authority established hereunder is hereby granted full power to exercise the right of eminent domain in the acquisition of any lands, easements, privileges or other property interests which are necessary for airport and landing field purposes, including the right to acquire, by eminent domain, avigation easements over lands or water outside the boundaries of its airport or landing fields where necessary in the interests of safety for aircraft to provide unobstructed air space for the landing and taking off of aircraft utilizing its airport and landing fields even though such avigation easement be inconsistent with the continued use of such land for the same purposes for which it had been used prior to such acquisition, or inconsistent with the maintenance, preservation and renewal of any structure or any tree or other vegetation standing or growing on said land at the time of such acquisition. Proceedings for the acquisition of such lands, easements and privileges by condemnation may be instituted and conducted in the name of the Commission in accordance with Title 25, as amended, of the Code of Virginia.

C. Title to any property acquired by the Authority shall be taken in the name of the Authority.

D. In any eminent domain proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the Authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the Commonwealth or upon any county, or other political subdivision of the Commonwealth.

E. If the owner, lessee or occupier of any property to be condemned or otherwise acquired shall refuse to remove his property therefrom or give up possession thereof, the Authority may proceed to obtain possession in any manner provided by law. (1978, c. 690)

§ 6. Revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding such interest rate as is permissible by law, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bond and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature

shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provision of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this act.

The proceeds of the bonds shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this act. (1978, c. 690)

§ 7. Trust agreement.

In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such

provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project, the rates of toll or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depositary of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project. (1978, c. 690)

§ 8. Revenues.

The Authority is hereby authorized to fix, revise, charge and collect tolls or other charges for the use of the project and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the airport for placing thereon telephone, telegraph, electric light or power lines, and to fix the terms, conditions, rents and rates of charges for such use. Such tolls or other charges shall be so fixed and adjusted in respect of the aggregate of tolls or other charges from the project as to provide a fund sufficient with other revenues, if any, to pay (i) the cost of maintaining, repairing and operating such project and (ii) the principal of and interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. The tolls and all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Any pledge made by the Authority pursuant to this chapter shall be governed by the laws of the Commonwealth. The use and disposition of monies to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1978, c. 690)

§ 9. Trust funds.

All monies received pursuant to the provisions of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act. The Authority shall, in the resolution authorizing the bonds or in the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds and the revenues to be received by a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this act, subject to such regulations as this act and such resolution or trust agreement may provide. § 15.2-6200. Authority created; name

The Alleghany-Highlands Economic Development Authority, hereinafter referred to as the Authority, is created as a body politic and corporate, a political subdivision of the Commonwealth. As such it shall have, and is hereby vested with, the powers and duties hereinafter conferred in this chapter. Each locality within the region may become a member of the Authority upon passage of a region-wide concurrent resolution by the governing bodies. The resolution may be passed at any time prior to the effective date of this chapter; otherwise, membership shall be effective July 1, 1993.

1993, c. 982, § 15.1-1662; 1997, c. 587.

§ 15.2-6201. Findings of fact

The economy of the Alleghany-Highlands region has not kept pace with that of the rest of the Commonwealth. The economic problems of the Alleghany-Highlands region are due in large part to its inability to diversify. The region has suffered, and continues to suffer, widespread unemployment in great disproportion to the rest of the Commonwealth.

The Alleghany-Highlands Economic Development Authority will assist this region of the Commonwealth to achieve a greater degree of economic stability.

It is hereby further declared that the foregoing is a public purpose and use for which public moneys may be spent and such activity will serve a public purpose in providing jobs to the citizens of the Commonwealth.

§ 15.2-6202. Duties of Authority; governmental functions

A. The Authority shall provide financial support (i) for the purchase of real estate, construction of buildings for sale or lease, installation of utilities and any other support improvements it deems necessary, including flood control dams, and (ii) for direct loans and grants to private for-profit basic employers. The Authority shall also apply for matching funds from the state or federal government, or the private sector. All such loans and grants may be managed by the Fifth Planning District Commission.

B. The exercise of the powers granted by this chapter shall be in all respects for the benefit of the inhabitants of the Commonwealth, particularly the County of Alleghany and the Town of Clifton Forge; for the increase of their commerce; and for the promotion of their safety, health, welfare, convenience and prosperity.

All members shall serve for a term of four years and may be reappointed for one additional term. Authorities for Development of Former Federal Areas

§ 15.2-6300. Declaration of policy for authorities created by the Governor

This legislation is enacted to provide for the acquisition by political subdivisions of areas which have been or may hereafter be occupied as United States government military installations and which are disposed of by the United States government. The industrial and economic development of localities included in or adjacent to such military installations and the tax revenues of the Commonwealth will be seriously affected by the manner in which such areas are returned to nonmilitary uses and to the tax rolls, no provision having been made therefor. The proper development of such areas industrially and otherwise is required so that local governments may derive revenues with which to render necessary services to their citizens and so that industrial development; job creation; and housing, recreational, commercial, educational and other economic and social development may be fostered and stimulated to prevent the creation of blighted areas in the Commonwealth with resultant injury to all. The creation by this chapter and operation of authorities pursuant to this chapter are governmental functions of the gravest concern to the Commonwealth and the need for this enactment being a matter of legislative policy such need is hereby declared as a matter of legislative determination.

§ 15.2-6300.1. Declaration of policy for authorities created by a locality

It is further found and declared that: It being the policy of the federal government to promote the development of federal employee housing, including military housing, office buildings and other infrastructure through partnerships with private and governmental entities, the purpose of such transactions being to help the federal government get needed infrastructure in place more quickly, and to increase the value of its installations, the creation and operation of the authorities by a locality and the granting to such an authority of the powers set forth under this chapter are necessary for the public welfare, to enable more efficient cooperation with the federal government, and to increase the value of federal installations in the Commonwealth.

§ 15.2-6302. Establishment of development authorities

With regard to an authority created by the Governor, there is hereby created with respect to every former federal area a political subdivision of the Commonwealth, with such public and corporate powers as are set forth in this chapter. Each such authority shall be designated as the _____ Development Authority (with a name chosen by the Governor descriptive of the area in which the property is located); however, no authority shall exercise any power or transact any business hereunder unless or until the Governor upon receipt of a duly certified resolution of the

governing body of each of the localities within the area of operation of an authority requesting such action, shall proclaim that a former federal area exists with respect to which an authority should function under the terms of this chapter. Any such authority for which such a proclamation has been issued may proceed to transact business and to exercise its powers hereunder at any time after the selection of the commissioners of the authority, as set forth in § [15.2-6304](#).

Alternatively, the governing body of the City of Hampton may by ordinance create a development authority for the development or redevelopment of federal areas. The ordinance creating such an authority shall not be adopted or approved until a public hearing has been held on the question of its adoption or approval.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of or action by the authority, the authority shall be conclusively presumed to have been established and authorized to transact business and exercise its powers hereunder (i) upon proof of the action of the Governor in issuing a proclamation with reference to such authority and the designation of its name by the Governor, which descriptive name can be altered by the authority as may be deemed expedient, or (ii) upon the adoption and approval of an ordinance by the City of Hampton in accordance with this section.

- a. Exclusively from the income and revenues of the project or facility financed with the proceeds of such bonds; or
- b. Exclusively from the income and revenues of certain designated projects or facilities whether or not they are financed in whole or in part with the proceeds of such bonds; or

Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the Commonwealth, or any political subdivision thereof (other than the issuing authority), and neither the Commonwealth nor any political subdivision thereof (other than the issuing authority) shall be liable thereon, nor shall such bonds or obligations be payable out of any funds or properties other than those of the authority. The bonds shall not constitute an indebtedness within the meaning of any debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose.

The bonds may be sold at public or private sale.

In case any of the commissioners or officers of the authority whose signatures appear on any bonds or coupons shall cease to be such commissioners or officers before the delivery of such bonds, such

Any provisions of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable within the meaning and for all the purposes of Title 8.3A.

In any suit, action or proceedings involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a specific project or facility of such authority shall be conclusively deemed to have been issued for such enumerated purpose and such project or facility shall be conclusively deemed to have been conducted and operated in all respects in accordance with the purposes and provisions of this chapter.

H. Except to the extent restricted by an applicable resolution or trust agreement, any holder of bonds issued under this chapter or a trustee acting under a trust agreement entered into under this chapter, may, by any suitable form of legal proceedings, protect and enforce any rights granted under the laws of Virginia or by any applicable resolution or trust agreement.

I. The Authority may issue bonds to refund any of its bonds then outstanding, including the payment of any redemption premium and any interest accrued or to accrue to the earliest or any subsequent date of redemption, purchase or maturity of the bonds. § 3. Powers and authority of district.

The district shall have and may exercise all of the powers and authority conferred upon the cities and counties of the Commonwealth by Articles 1 and 2 of Chapter 3 of Title 5 of the Code of Virginia as heretofore or hereafter amended and shall be subject to all of the limitations and restrictions thereof; provided, however, the powers of eminent domain hereby granted the district shall be subject to the provisions of § 25-233 of the Code as fully and to the same extent as though the district were a corporation possessing the power of eminent domain. (1960, c. 422)

§ 4. Governing body of district.

The governing body of the district shall be the board of supervisors or the county. (1960, c. 422)

§ 5. Issuance and sale of bonds.

(a) The governing body of the county in which the district is located shall have power, subject to the conditions and limitations of this section, to issue from time to time bonds of such district in such amount as the governing body may deem necessary for the acquisition, construction and

improvement of an airport and incidental facilities and in such form as the governing body may prescribe. Such bonds shall be payable in ten equal annual installments, shall bear interest at the annual rate of Three (3%) Per Cent with installments of principal and interest payable on the first day of January of each year, and may be redeemable at such time or times and upon such notice as the board may prescribe and stipulate upon the face of the bonds when issued. They shall be in such denominations as the board may prescribe, signed by its chairman, and countersigned by its clerk under its seal.

(b) As and when funds are needed for the acquisition or construction of an airport and incidental facilities, such bonds may from time to time be issued and sold at either public or private sale at such price not less than par and accrue interest as the board may determine. All bonds thus issued shall be delivered to the treasurer of the county, who shall deliver same to the purchaser upon payment of the purchase price. The proceeds shall be deposited by the treasurer in the same manner as other funds of the county and shall be used only for the purpose for which issued as directed by order of the board.

(c) In appropriating the proceeds of the sale of the bonds the board may in its discretion either specify in detail how they shall be used for the acquisition and construction of an airport or make a general appropriation for that purpose to the county or to a joint airport committee or commission established under § 5-24 of the Code of Virginia, provided that the proceeds from the sale of bonds may not be used for the maintenance or operation of the airport. (1960, c. 422)

§ 6. Payment of bonds.

(a) The net revenue derived from the operation of the airport shall be set aside by the board to pay the interest on the bonds issued hereunder and to create a sinking fund to pay the principal thereof.

(b) Should such net revenue be insufficient for the payment of the interest and principal of said bonds, the board shall, to the extent necessary, levy an annual tax upon all the property in the district subject to local taxation to pay such interest and principal.

(c) The Circuit Court of the county of Bath, or the judge thereof in vacation, upon the petition of a majority of the members of the governing body of said county, shall make an order requiring the judges of election at the precinct or precincts at which the qualified voters living in the said airport district vote, at a time not more than thirty days from the date of such order, which date shall be designated therein, to open a poll and take the sense of the unqualified voters of the airport district on the question of whether the governing body of the county shall issue bonds of the airport district in the manner and for the purposes set forth in the preceding section of this act. The maximum amount of bonds to be voted upon for issuance at one time or from time to time at said election shall be as determined by the governing body of the county in its petition requesting the election.

(d) The election shall be conducted in the manner prescribed by law for the conduct of regular elections and the ballots shall be printed and voted and the returns made and canvassed and the results certified in accordance with the provisions of § 24-141 of the Code of Virginia.

(e) If it shall appear from the report of the commissioners of election that a majority of the qualified voters of the airport district voting on the question are in favor of issuing the bonds, the Circuit Court, or the judge thereof in vacation, shall enter of record an order requiring the governing body of the county to proceed at its next meeting, which may be a regular meeting or a special meeting, to carry out the wishes of the voters as expressed at the election. (1960, c. 422)

§ 7. Liability and compensation of treasurer.

The treasurer of the county and his sureties shall be liable for the amount received from the sale of bonds and collection of taxes herein authorized as though same were a county levy. As compensation for his services in the sale of bonds and disbursement of the proceeds the treasurer shall receive 1/8 of 1% of the bonds. For his services in the collection and disbursement of the district tax levy, the treasurer shall be compensated as if the same were a county levy. (1960, c. 422)

§ 5. Acquisition of property.

(a) The Authority is hereby authorized and empowered to acquire by purchase solely from funds provided under the provisions of this Act, such lands, structures, property, rights, rights of way, franchises, easements and other interest in lands as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and the commissions of the Commonwealth, with the approval of the Governor, and the counties of Henry, Patrick and the city of Martinsville, notwithstanding any contrary provisions of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public highways and other real property already devoted to public use.

(b) The Authority is authorized and empowered to acquire by the exercise of the power of eminent domain limited to the definition of "project" as set forth herein, any lands, property, rights, rights of way, franchises, easements and other property, including public lands, parks, playgrounds, reservations, highways or parkways, or parts thereof or rights therein, of any person, copartnership, association, public service, public utility or other corporation, or of the county, deemed necessary or convenient for the construction or the efficient operation of the project or necessary in the restoration, replacement or relocation of public or private property damaged or destroyed, whenever a reasonable price cannot be agreed upon or whenever the Authority cannot agree on the terms of purchase or settlement with the owner or owners because of the incapacity of such owner or owners or because of the inability to agree to the compensation to be paid or other terms of settlement or purchase, or because such owner or owners are nonresidents of the commonwealth, or are unknown, or are unable to convey valid title to such property. Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the Commonwealth applicable to the exercise of the power of eminent domain in the name of the State Highway Commissioner and subject to the provisions of § 25-233 of the Code of Virginia, 1950, as fully as if the Authority were a corporation possessing the power of eminent domain; provided, however, that title to any property condemned by the Authority shall immediately vest in the Authority, and the Authority shall be entitled to the immediate possession of such property upon the deposit with the clerk of the court in which such condemnation proceedings are originated, of the total amount of the appraised price of the property and court costs and fees as provided by said laws, notwithstanding that any of the parties to such proceedings shall appeal from any decision in such condemnation proceedings. Upon the deposit with the clerk of the court of the appraised price, any person or persons entitled thereto may, upon petition to the court, be paid his or their pro rata share of 90% of such appraised price. the acceptance of such payment shall not preclude such person or

persons for appealing any decisions rendered in such proceedings. If the appraisal is greater or less than the amount finally determined by the decision in such proceeding or by an appeal, the amount of the increase or decrease shall be paid by or refunded to the Authority.

The terms "appraised price" and "appraisement" as used in this section mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

The acquisition of any such property by condemnation or by the exercise of the power of eminent domain shall be and is hereby declared to be a public use of such property.

(c) Title to any property acquired by the Authority shall be taken in the name of the Authority.

(d) In any eminent domain proceedings the court having jurisdiction of the suit, action or proceedings may make such orders as may be just to the Authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the Commonwealth or upon any county, or other political subdivision of the Commonwealth.

(e) If the owner, lessee or occupier of any property to be condemned or otherwise acquired shall refuse to remove his property therefrom or give up possession thereof, the Authority may proceed to obtain possession in any manner provided by law. (1964, c. 25)

§ 6. Revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding six per centum (6%) per annum, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bond and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provision of this Act, all such bonds shall be determined to be negotiable instruments under the laws of the

Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this Act.

The proceeds of the bonds shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this Act. (1964, c. 25)

§ 7. Trust agreement.

In the discretion of the Authority any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project, the rates of toll or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company

incorporated under the laws of the Commonwealth which may act as depositary of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project. (1964, c. 25)

§ 8. Revenues.

A. The Authority is hereby authorized to fix, revise, charge and collect tolls or other charges for the use of the project and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right of way adjoining the airport for placing thereon telephone, telegraph, electric light or power lines, and to fix the terms, conditions, rents and rates of charges for such use. Such tolls or other charges shall be so fixed and adjusted in respect of the aggregate of tolls or other charges from the project as to provide a fund sufficient with other revenues, if any, to pay (a) the cost of maintaining, repairing and operating such project and (b) the principal of and interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. The tolls and all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls and other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution or any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided and in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

B. The Authority is authorized to accept, receive, receipt for, disburse, and expend federal and State moneys and other moneys, public or private, made available by grant or loan or both to accomplish, in

whole or in part, any of the purposes of this Act. All federal moneys accepted under this subsection shall be accepted and expended by the Authority upon such terms and conditions as are prescribed by the United States and as are consistent with State Law, and all State moneys accepted under this subsection shall be accepted and expended by the Authority upon such terms and conditions as are prescribed by the State. (1964, c. 25; 1980, c. 83)

§ 9. Trust funds.

The Authority shall, in the resolution authorizing the bonds or in the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds and the revenues to be received by a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this Act, subject to such regulations as this Act and such resolution or trust agreement may provide. The trustee may invest and reinvest such funds in such securities as may be provided in the resolution authorizing the bonds or in the trust agreement securing such bonds. (1964, c. 25; 1980, c. 83)

§ 10. Remedies.

Any holder of bonds issued under the provisions of this Act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given, may be restricted by such trust agreement, may either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this Act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this Act or by such agreement or resolution to be performed by the Authority or by any officer or agent thereof including the fixing, charging and collection of tolls or other charges. (1964, c. 25)

§ 11. Exemption from taxation.

The Board of Directors may make and from time to time amend and repeal bylaws, not inconsistent with this act, governing the manner in which the Authority's business may be transacted and in which the power granted to it may be enjoyed. The Board of Directors may appoint such committees as it may deem advisable and fix the duties and responsibilities of such committees. (2009, c. [694](#))

Proceedings for the acquisition of such land, easements and privileges by condemnation may be instituted and conducted in the name of the Authority in accordance with Title 25.1 of the Code of Virginia. However, prior to initiating such proceedings, the governing body of the participating political subdivision in which the subject property is located shall grant consent by resolution. (2009, c. [694](#))

The Authority shall have power and is hereby authorized to issue bonds from time to time in its discretion for any of its purposes, including the payment of all or any part of the cost of any of its facilities and the refunding of any bonds previously issued by it.

The Authority shall not issue bonds unless and until the maximum amount of such issue and the general purposes thereof have been approved by the governing body of each participating political subdivision. Subject to the foregoing, bonds may be issued under this act notwithstanding any debt or other limitation prescribed in any other statute and without obtaining the consent of any city, town, or county government or any commission, board, bureau, or agency of the Commonwealth or of any of the foregoing, and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things that are specifically required by this act.

The Authority may issue such types of bonds as it may determine, specifically bonds payable as to principal and interest (i) from its revenues generally; (ii) exclusively from the income and revenues of a particular project; or (iii) exclusively from the income and revenues of certain designated projects, whether or not they are financed in whole or in part from the proceeds of such bonds. Subject to the limitations set forth in § 7 of this act, any such bonds may be additionally secured by a pledge of any grant or contribution from a participating political subdivision, the Commonwealth or any political subdivision, agency or instrumentality thereof, any federal agency or any unit, private corporation, copartnership, association, or individual, as such participating political subdivision, or other entities may be authorized to make under general law or by pledge of any income or revenues of the Authority, or where such mortgage has been approved by the participating political subdivisions, a mortgage of any facilities of the Authority.

Bonds of the Authority shall be authorized by resolution and may be issued in one or more series, shall be dated, shall mature at such time or times not exceeding 40 years from their date or dates and shall bear interest at such rate or rates as may be determined by the Authority, and may be made redeemable before maturity at the option of the Authority at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same

as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the conversion and reconversion into coupon bonds of any bonds registered as to both principal and interest and vice versa.

The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Authority.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. (2009, c. [694](#))

§ 16. Resolution or trust indenture to secure bonds.

In connection with the issuance of bonds and in order to secure the payment of such bonds, the Authority shall have power:

1. To pledge by resolution, trust indenture, or other agreement, all or any part of its fees, rents, or revenues;
2. To covenant to impose and maintain such schedule of fees, rents and charges as will produce funds sufficient to pay operating costs and debt service;
3. To covenant against pledging all or any part of its fees, rents, and revenues to which its right then exists or the right to which may thereafter come into existence or against permitting or suffering any lien thereon;
4. To provide for the release of fees, rents, and revenues from any pledge and to reserve rights and powers in the fees, rents and revenues that are subject to a pledge;
5. To covenant with respect to limitations on its right to sell, lease or otherwise dispose of any facility or facilities of the Authority or any part thereof or with respect to limitations on its right to undertake additional projects;

10. To covenant as to the use of any or all of its property, real or personal, subject to the continued use of such property for airport purposes;

11. To create or to authorize the creation of special funds in which there may be segregated: (i) the proceeds of any loan or grant; (ii) all of the fees, rents and revenues of any facility or facilities or parts thereof; (iii) any moneys held for the payment of the costs of operation and maintenance of any such facilities or as a reserve for the meeting of contingencies in the operation and maintenance thereof; (iv) any moneys held for the payment of the principal and interest on its bonds or the sums due under its leases or as reserve for such payments; and (v) any moneys held for any other reserve or contingencies; and to covenant as to the use and disposal of the moneys held in such funds;

12. To redeem its bonds, and to covenant for their redemption and to provide the terms and conditions thereof;

13. To covenant against extending the time for the payment of its bonds or interest thereon, directly or indirectly, by any means or in any manner;

14. To prescribe the procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given;

15. To covenant as to the maintenance of its facilities, the insurance to be carried thereon and the use and disposition of insurance moneys;

16. To vest in a bondholder the right, in the event of the failure of the Authority to observe or perform any covenant on its part to be kept or performed, to cure any such default, and, subject to the limitation on total indebtedness expressed in this act, to advance any moneys necessary for such purpose, and the moneys so advanced may be made an additional obligation of the Authority with such interest, security and priority as may be provided in any trust indenture, lease or contract of the Authority with reference thereto;

17. To covenant and prescribe as to the events of default and terms and conditions upon which any or all of its bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived;

18. To covenant as to the rights, liabilities, powers, and duties arising upon the breach by it of any covenant, condition or obligation;

19. To covenant to surrender possession of all or any part of any facility or facilities acquired or constructed from bond proceeds, the revenues from which have been pledged upon the happening of any event of default, as defined in the contract, and to vest in a bondholder the right without judicial proceeding to take possession and to use, operate, manage, and control such facility or any

part thereof, and to collect and receive all fees, rents, and revenues arising therefrom in the same manner as the Authority itself might do and to dispose of the moneys collected in accordance with the agreement of the Authority with such obligee, subject to the continued use of such facilities for airport purposes;

20. To vest in a trustee or trustees the right to enforce any covenant made to secure, to pay, or in relation to the bonds, to provide for the powers and duties of such trustee or trustees, to limit liabilities thereof and to provide the terms and conditions upon which the trustee or trustees or the bondholders or any proportion of them may enforce any such covenant;

21. To make covenants other than and in addition to the covenants herein expressly authorized, of like or different character;

22. To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants or duties, which may contain such covenants and provisions, in addition to those above specified, as any purchaser of the bonds of the Authority may reasonably require; and

23. To make such covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or, in the absolute discretion of the Authority, that tend to make the bonds more marketable; notwithstanding that such covenant, acts or things may not be enumerated herein, it being the intention hereof to give the Authority power to do all things in the issuance of bonds, and in the provisions for their security that are not inconsistent with the Constitution of Virginia or this act. (2009, c. [694](#))

§ 17. Fees, rents and charges.

The Authority is hereby authorized to and shall fix, revise, charge, and collect fees, rents and other charges for the use and services of any facilities. Such fees, rents, and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the cost of maintaining, repairing, and operating the facilities and the principal and any interest on its bonds as the same shall become due and payable, including reserves therefor. Such fees, rents, and charges shall not be subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth or any participating political subdivision. The fees, rents, and other charges received by the Authority, except such part thereof as may be necessary to pay the cost of maintenance, repair, and operation and to provide such reserves therefor as may be provided for in any resolution authorizing the issuance of such bonds or in any trust indenture or agreement securing the same, shall to the extent necessary, be set aside at such regular intervals as may be provided in any such resolution or trust indenture or agreement in a sinking fund or sinking funds pledged to, and charged with, the payment and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of such bonds retired by call or purchase as therein provided. Such pledge

shall be valid and binding from the time when the pledge is made. So long as any of its bonds are outstanding, the fees, rents, and charges so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of any such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture or agreement. (2009, c. [694](#))

§ 18. Credit of Commonwealth and political subdivisions not pledged.

The bonds of the Authority shall not be a debt of the Commonwealth or any political subdivision thereof, other than the Authority, and neither the Commonwealth nor any political subdivision thereof, other than the Authority, shall be liable thereon, nor shall such bonds be payable out of any funds or properties other than those of the Authority.

All bonds of the Authority shall contain on the face thereof a statement to such effect. The bonds shall not constitute an indebtedness within the meaning of any debt limitation or restriction. (2009, c. [694](#))

§ 19. Directors and persons executing bonds not liable thereon.

Neither the Board of Directors nor any person executing the bonds shall be liable personally on the Authority's bonds by reasons of the issuance thereof. (2009, c. [694](#))

§ 20. Remedies of bondholder.

Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust indenture or agreement, may, either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this act or under such trust indenture agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such trust indenture or agreement or resolution to be performed by the Authority or by any officer or agent thereof, including the fixing, charging and collection of fees, rents and other charges. Any resolution authorizing the issuance of the Authority's bonds or trust indenture or agreement securing the same may limit or abrogate the individual right of action by the holders of such bonds or coupons appertaining thereto. (2009, c. [694](#))

§ 21. Taxation.

The exercise of the powers granted by this act shall in all respects be presumed to be for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their health, safety, welfare, convenience and prosperity, and as the operation and maintenance of any project that the Authority is authorized to undertake will constitute the performance of an essential

governmental function, the Authority shall not be required to pay any taxes or assessments upon any facilities acquired and constructed by it under the provisions of this act. The bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any political subdivision thereof.

Persons, firms, partnerships, associations, corporations and organizations leasing property of the Authority or doing business on property of the Authority shall be subject to and liable for payment of all applicable taxes of the political subdivision in which such leased property lies or in which business is conducted, including, but not limited to, any leasehold tax on real property and taxes on tangible personal property and machinery and tools, taxes for admission, taxes on hotel and motel rooms, taxes on the sale of tobacco products, taxes on the sale of meals and beverages, privilege taxes and local general retail sales and use taxes, taxes to be paid on licenses in respect to any business, profession, vocation or calling and taxes upon consumers of gas, electricity, telephone and other public utility services. (2009, c. [694](#))

§ 22. Bonds as legal investments.

Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law. (2009, c. [694](#))

§ 23. Appropriation by political subdivision.

Any participating political subdivision, or other political subdivision of the Commonwealth all or a part of which is located within 60 miles of an Authority facility, is authorized to provide services, to donate real or personal property and to make appropriations to the Authority for the acquisition, construction, maintenance, and operation of the Authority's facilities. Any such political subdivision is hereby authorized to issue its bonds, including general obligation bonds, in the manner provided in the Public Finance Act or in any applicable municipal charter for the purpose of providing funds to be appropriated to the Authority, and such political subdivisions may enter into contracts obligating such bond proceeds to the Authority. The Authority may agree to assume, or reimburse a participating political subdivision for, any indebtedness incurred by such participating political subdivision with respect to facilities conveyed by it to the Authority. With the consent of the governing body of the participating political subdivision, any such agreement may be made subordinate to the Authority's indebtedness to others. (2009, c. [694](#))

§ 24. Authority budget.

A. The Authority shall annually prepare and submit to the participating political subdivisions (i) a proposed operating budget showing its estimated general fund revenues and expenses on an accrual basis for the forthcoming fiscal year, and if such estimated expenses exceed such estimated revenues, the portion of the deficit proposed to be borne by each participating political subdivision, and (ii) a proposed capital budget showing its estimated expenditures for such fiscal year for assets costing more than \$20,000 (or such higher amount as the Authority and the participating political subdivisions may determine) and having an estimated useful life of 20 years or more and the source of funds for such expenditures, including any amount requested from the participating political subdivisions. No depreciation shall be included in the Authority's operating budget with respect to assets purchased by the Authority with funds appropriated to it for such purpose by a participating political subdivision and, for this determination, it shall be assumed that any appropriation so made is for the purchase of assets set forth in the applicable Authority budget to the extent such purchase price is included in the approved budget. Assets purchased by the Authority with bond proceeds shall be depreciated over the term of the bond issue in proportion to the maturities, including sinking fund installments, of the bond issue.

B. If the governing body of a participating political subdivision shall approve the Authority's proposed operating budget, it shall appropriate to the Authority such political subdivision's portion of such budget, subject to the availability of funds in regard to the budget of the political subdivision.

C. If the governing body of a participating political subdivision shall approve the Authority's proposed capital budget, it shall appropriate to the Authority such participating political subdivision's portion of the expenditures set forth therein. Any such appropriation may be reduced by the participating political subdivision's proportionate share of any grant funds received by the Authority for the purchase of assets included in the Authority's approved capital budget in excess of the grant funds shown in such capital budget as a source of funds for such expenditure, unless prohibited by the basic provider of the grant funds.

D. The Authority may expend any and all moneys within its control without obtaining the approval of the participating political subdivisions, but, except as otherwise provided in this act with respect to contracts and agreements between the Authority and any political subdivision, the Authority shall not commit any participating political subdivision in an amount in excess of that appropriated to the Authority by the governing body of such political subdivision.

E. If at any time during any fiscal year it shall appear that the cash disbursements of the Authority will exceed its cash receipts for such fiscal year, including amounts appropriated to it by the participating political subdivisions, the Authority may request supplemental appropriations from the participating political subdivisions and any other political subdivision. (2009, c. [694](#))

§ 25. Allocation of deficit.

Any deficit budgeted by the Authority in any fiscal year, i.e., any excess of its estimated general fund expenses over its estimated general fund revenues, and the cost of any budgeted capital expenditures in excess of the amount shown as available therefor, as shown on the Authority's operating and capital budgets approved by the participating political subdivisions, shall be allocated among the participating political subdivisions as agreed upon by the participating political subdivisions and subject to the availability of funds in regard to the budgets of the political subdivisions. (2009, c. [694](#))

§ 26. Contracts with political subdivisions.

The Authority is authorized to enter into contracts with any one or more political subdivisions, which contracts may restrict the powers of the Authority otherwise granted by this act. Any participating political subdivision, or other political subdivision of the Commonwealth all or part of which is located within 60 miles of an Authority facility, is authorized to enter into contracts with the Authority, pursuant to which the Authority undertakes to provide the facilities and render the services specified therein. Any such contract or agreement may provide that the political subdivision will make payments to the Authority based on the services rendered by the Authority to the residents of such political subdivision, determined in such reasonable manner as the Authority and the political subdivision may mutually agree. Each political subdivision entering into such a service contract with the Authority is authorized to do everything necessary or proper to carry out and perform such contract and to provide for the payment or discharge of any obligation thereunder by the same means and in the same manner as any other of its obligations. (2009, c. [694](#))

§ 27. Retirement benefits for certain employees formerly employed by a participating political subdivision.

When a local political subdivision joins the Authority, any employee of such local political subdivision who then becomes an employee of the Authority, if such employee is a member of a local retirement system, may elect to and may continue to be eligible to remain a member of such local retirement system in lieu of becoming a member of any retirement system with which the Authority may affiliate. Such election to remain a member of a local retirement system shall be made in writing within 120 days of such employee's political subdivision becoming a member of the Authority. In such event, service of such employee with the Authority shall be creditable as service with the participating political subdivision and shall be pursuant to all duly adopted ordinances and rules and regulations governing such retirement system. Any employee so electing shall not be entitled to any benefit under the Authority's retirement system, and the Authority shall pay the employer share of benefits provided the Authority's employees by such political subdivision. Nothing herein shall apply to any health and accident insurance plan or to the Federal Old Age and Survivors Insurance System. (2009, c. [694](#))

§ 28. Dissolution of Authority.

Whenever it shall appear to the Authority, or to any participating political subdivision that the need for the Authority no longer exists, the Authority, or in the proper case, any such subdivision may petition the circuit court of a participating political subdivision for the dissolution of the Authority. If the court shall determine that the need for the Authority as set forth in this act no longer exists and that all debts and pecuniary obligations of the Authority have been fully paid or provided for, it may enter an order dissolving the Authority.

Upon dissolution, the court shall order any real property contributed to the Authority by a participating political subdivision, together with any improvements thereon, returned to such participating political subdivision. The remaining assets of the Authority shall be distributed to the participating political subdivisions in proportion to their respective contributions theretofore made to the Authority.

Each participating political subdivision and all holders of the Authority's bonds shall be made parties to any such proceeding and shall be given notice as provided by law. Any party defendant may reply to such petition at any time within six months after the filing of the petition. From the final judgment of the court, an appeal shall lie to the Supreme Court of Virginia. (2009, c. [694](#))

§ 29. Agreement with Commonwealth and participating political subdivisions.

The Commonwealth and, by participating in the Authority, each participating political subdivision pledge to and agree with the holders of any bonds issued by the Authority that neither the Commonwealth nor any participating political subdivision will limit or alter the rights hereunder vested in the Authority to fulfill the terms of any agreements made with said holders or in any way impair the rights and remedies of said holders until such bonds are fully met and discharged. The Authority is authorized to include this pledge and agreement in any contract with the holders of the Authority's bonds. (2009, c. [694](#))

§ 30. Liberal construction.

Neither this act nor anything herein contained is or shall be construed as a restriction or limitation upon any powers that the Authority might otherwise have under any laws of this Commonwealth, and this act is cumulative to any such powers. This act does and shall be construed to provide a complete, additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws. However, the issuance of bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds, notes or other obligations. No proceedings, notice or approval shall be required for the issuance of any bonds or any instrument as security therefor, except as is expressly provided in this act.

The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this act. (2009, c. [694](#))

§ 31. Application of local ordinances, service charges and taxes upon leaseholds.

Nothing herein contained shall be construed to exempt the Authority's property from any applicable zoning, subdivision, erosion and sediment control and fire prevention codes or from building regulations of a political subdivision in which such property is located.

Nor shall anything herein contained exempt the property of the Authority from any service charge authorized by the General Assembly pursuant to Article X, Section 6 (g) of the Constitution of Virginia, or exempt any lessee of any of the Authority's property from any tax imposed upon his leasehold interest in such property or upon the receipts derived therefrom. (2009, c. [694](#))

§ 32. Existing contracts, leases, franchises, not impaired.

No provisions of this act shall relieve, impair or affect any right, duty, liability or obligation arising out of any contract, concession, lease or franchise now in existence except to the extent that such contract, concession, lease or franchise may permit. Notwithstanding the foregoing provisions of this section, the Authority may renegotiate, renew, extend the term of or otherwise modify at any time any contract, concession, lease or franchise now in existence in such manner and on such terms and conditions as it may deem appropriate, provided that the operator of or under any said contract, concession, lease or franchise consents to said renegotiation, renewal, extension or modification. § 2. Credit of Commonwealth and political subdivisions not pledged.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth of Virginia or of any county, city, district or political subdivision thereof, or a pledge of the faith and credit of the Commonwealth or of any county, city, district or political subdivision thereof, but such bonds shall be payable solely from the funds herein provided therefor from tolls and revenues. The issuance of revenue bonds under the provisions of this act shall not directly or indirectly or contingently obligate the Commonwealth or any county, city or district therein or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor. All such revenue bonds shall contain a statement on their face substantially to the foregoing effect.

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the provisions of this act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this act. (1979, c. 344)

§ 3. "Brookneal-Campbell County Airport Authority."

There is hereby created and constituted a political subdivision of the Commonwealth to be known as the "Brookneal-Campbell County Airport Authority." The exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of the project authorized by this act shall be deemed and held to be the performance of an essential governmental function.

The Authority shall consist of six members all of whom shall be appointed by their respective governing bodies in the county of Campbell and the town of Brookneal as hereinafter provided, all of whom shall be residents of such political subdivisions time of their appointment and during their tenure. Two of the members of the Authority first appointed shall continue in office for terms expiring on January thirty-one, nineteen hundred eighty-one, one from the county and the other from the town of Brookneal; two for terms expiring on January thirty-one, nineteen hundred eighty-two, one from the county and the other from the town of Brookneal; and two for a term expiring on January thirty-one,

nineteen hundred eighty-three, one from the county and one from the town of Brookneal. They shall continue to serve until their successors, chosen from the same political subdivisions, shall be duly appointed and qualified. The successor of each such member shall be appointed for a term of three years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the Authority shall be eligible for reappointment. Members of the Authority shall be subject to removal from office in like manner as are State, county, town and district officers under the provisions of § [24.1-79.1](#) et seq. of the Code of Virginia. The Authority shall annually elect one of its members as chairman and another as vice-chairman and shall also elect annually a secretary-treasurer, who may or may not be a member of the Authority.

The secretary-treasurer shall keep a record of the proceedings of the Authority and shall be custodian of all books, documents and papers filed with the Authority and of the minute book or journal of the Authority and of its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies, and all persons dealing with the Authority may rely upon such certificates.

Four members of the Authority shall constitute a quorum and the affirmative vote of four members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

Before the issuance of any revenue bonds under the provisions of this act the secretary-treasurer of the Authority shall execute a surety bond in the penal sum of fifty thousand dollars, such surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the Commonwealth as surety and to be approved by the Attorney General and filed in the office of the Secretary of the Commonwealth.

The members of the Authority shall be entitled to reimbursement for their expenses incurred in attendance upon the meetings of the Authority or while otherwise engaged in the discharge of their duties. Each member shall also be paid the sum of fifty dollars per day for each day or portion thereof during which he is engaged in the performance of his duties. (1979, c. 344)

§ 4. General grant of powers.

The Authority is hereby authorized and empowered:

- A. To adopt bylaws for the regulation of its affairs and the conduct of its business;
- B. To adopt an official seal and alter the same at pleasure;
- C. To determine, in its discretion the design standards and the materials of construction, and to construct, maintain, repair and operate the project;

- D. To issue revenue bonds of the Authority for any of its purposes, payable solely from the tolls and revenues pledged for their payment, and to refund its bonds, all as provided in this act;
- E. To fix and revise from time to time and charge and collect tolls, rates, fees, rentals and other charges for the use of the project;
- F. To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this act;

- H. To enter upon any lands and premises for the purpose of making such surveys, soundings, borings and examinations as the Authority may deem necessary or convenient for its purposes, an entry for such purposes shall not be deemed an entry under any condemnation proceedings; provided, however, the Authority shall pay any actual damage resulting to such lands and premises as a result of such entry and activities as a part of the cost of the project;
- I. To sue and be sued in its own name, plead and be impleaded;
- J. To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act; and
- K. To do all acts and things necessary and convenient to carry out the powers expressly granted in this Act. (1979, c. 344)

§ 5. Acquisition of property.

A. The Authority is hereby authorized and empowered to acquire by purchase from funds provided under the provisions of this act, and such other monies as may be provided by federal, State and local governments, such lands, structures, property, rights, rights-of-way, franchises, easements and other interests in lands as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and the commissions of the Commonwealth, with the approval of the Governor, and the county of Campbell and the town of Brookneal, notwithstanding any contrary provisions of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality any real property which may be necessary or convenient to the effectuation of the authorized purposes of the authority, including public highways and other real property already devoted to public use.

B. The Authority established hereunder is hereby granted full power to exercise the right of eminent domain in the acquisition of any lands, easements, privileges or other property interests which are necessary for airport and landing field purposes, including the right to acquire, by eminent domain, aviation easements over lands or water outside the boundaries of its airport or landing fields where necessary in the interests of safety for aircraft to provide unobstructed air space for the landing and taking off of aircraft utilizing its airport and landing fields even though such aviation easement be inconsistent with the continued use of such land for acquisition, or inconsistent with the maintenance, preservation and renewal of any structure or any tree or other vegetation standing or growing on said land at the time of such acquisition. Proceedings for the acquisition of such lands, easements and privileges by condemnation may be instituted and conducted in the name of the Commission in accordance with Title 25, as amended, of the Code of Virginia.

C. Title to any property acquired by the Authority shall be taken in the name of the Authority.

D. In any eminent domain proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the Authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the Commonwealth or upon any county, or other political subdivision of the Commonwealth.

E. If the owner, lessee or occupier of any property to be condemned or otherwise acquired shall refuse to remove his property therefrom or give up possession thereof, the Authority may proceed to obtain possession in any manner provided by law. (1979, c. 344)

§ 6. Revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding such interest rate as is permissible by law, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bond and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such

bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as it he had remained in office until such delivery. Notwithstanding any other provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this act.

The proceeds of the bonds shall be used solely for the payment of the cost of the project and/or operating expenses and shall be disbursed in such manner and under such restrictions, it any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this act. (1979, c. 344)

§ 7. Trust agreement.

In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the

Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project, the rates of toll or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project. (1979, c. 344)

§ 8. Revenues.

The Authority is hereby authorized to fix, revise, charge and collect tolls or other charges for the use of the project and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the airport for placing thereon telephone, telegraph, electric light or power lines, and to fix the terms, conditions, rents and rates of charges for such use. Such tolls or other charges shall be so fixed and adjusted in respect of the aggregate of tolls or other charges from the project as to provide a fund sufficient with other revenues, if any, to pay (i) the cost of maintaining, repairing and operating such project and (ii) the principal of and interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. The tolls and all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Any pledge made by the Authority pursuant to this chapter shall be governed by the laws of the Commonwealth. The use and disposition of monies to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1979, c. 344)

§ 9. Trust funds.

All monies received pursuant to the provisions of this act, whether as proceeds from the sale of bonds or as revenues, or as grants, appropriations or other funds provided by federal, State or local governments, shall be deemed to be trust funds to be held and applied solely as provided in this act.

The Authority shall, in the resolution authorizing the bonds or in the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds and the revenues to be received by a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this act, subject to such regulations as this act and such resolution or trust agreement may provide. The trustee may invest and reinvest such funds in such securities as may be provided in the resolution authorizing the bonds or in the trust agreement securing such bonds. (1979, c. 344)

§ 10. Remedies.

Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given, may be restricted by such trust agreement made either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such agreement or resolution to be performed by the Authority or by any officer or agent thereof including the fixing, charging and collection of tolls or other charges. (1979, c. 344)

§ 11. Exemption from taxation.

The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of the project by the Authority will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the project or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom; and the bonds issued under the provisions of this act, their transfer and income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county or other political subdivision thereof. (1979, c. 344)

§ 12. Revenue refunding bonds.

The Authority is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvement extensions or enlargements of the project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this act insofar as the same may be applicable. (1979, c. 344)

§ 13. Act liberally construed.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof. (1979, c. 344)

§ 14. Constitutional construction.

The provisions of this act are severable and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions of this act. It is hereby declared to be the legislative intent that this act would have been adopted had such unconstitutional provisions not been included herein. (1979, c. 344)

§ 15. Inconsistent laws inapplicable.

All other general or special laws inconsistent with any provision of this act are hereby declared to be inapplicable to the provisions of this act. (1979, c. 344)

Buchanan County Housing Development Corporation

Created

1982 Acts of Assembly, c. 524.

§ 1. Short title.

This act shall be known and may be cited as the Buchanan County Housing Development Corporation Act. (1982, c. 524)

§ 2. Finding and declaration of necessity.

It is hereby declared: (a) that there exists within Buchanan County a serious shortage of sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford; that this shortage has contributed to and will contribute to the creation and persistence of substandard living conditions and is inimical to the health, welfare and prosperity of the residents of Buchanan County; (b) that it is imperative that the supply of residential housing for such persons and families and for persons and families displaced by public actions or natural disaster be increased; (c) that private enterprise and investment have been unable without assistance to produce the needed construction or rehabilitation of sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford and to provide sufficient long-term mortgage financing for residential housing for occupancy by such persons and families; (d) that a concentration of persons and families of low and moderate income even in standard structures does not eliminate undesirable social conditions; (e) that the governing body of Buchanan County may in its discretion determine that it is necessary to the preservation of the financial viability of Buchanan County and the health, welfare and prosperity of its residents that the population of Buchanan County be maintained as economically mixed by providing housing for persons and families of other than low and moderate income in order to broaden the tax bases of such areas; (f) that in providing sanitary

and safe residential housing at prices or rentals which persons and families of low and moderate income can afford it may at times be necessary or desirable to provide housing for persons and families with incomes in excess of those for persons of low and moderate income; (g) that private enterprise and investment be encouraged both to sponsor land development and build and rehabilitate residential housing for such persons and families of low and moderate income and to build housing which will prevent the recurrence of slum conditions by housing persons of varied economic means in the same projects or area, and that private financing be supplemented by financing as provided in this chapter in order to help prevent the creation and recurrence of substandard living conditions and to assist in their permanent elimination throughout Buchanan County; and (h) that a critical shortage of sanitary and safe residential housing exists in Buchanan County because of the location and expansion of mineral extractive industries and related industries which require the proximity of a substantial work force of varying economic means.

It is further declared that in order to provide a fully adequate supply of sanitary and safe dwelling accommodations at rents, prices, or other costs which such persons or families can afford and to stabilize or recover a necessary economic mix in Buchanan County the legislature finds that it is necessary to create and establish a housing development corporation for the purpose of encouraging the investment of private capital and stimulating the construction and rehabilitation of residential housing to meet the needs of such persons and families or to stabilize such areas through the use of public financing, to provide construction and mortgage loans and to make provision for the purchase of mortgage loans and otherwise.

It is hereby further declared to be necessary and in the public interest that such housing development corporation provide for predevelopment costs, temporary financing, land development expenses and residential housing construction or rehabilitation by private sponsors for sale or rental to qualified persons and families as defined herein; further, to provide mortgage financing for the purposes of supplying sanitary and safe dwelling accommodations at rents, prices or other costs which such persons or families can afford or of stabilizing designated areas in Buchanan County, including without limitation, long-term federally insured mortgages; further, to increase the construction and rehabilitation of housing through the making of loans to or the purchase from mortgage lenders authorized to make loans in the Commonwealth of mortgage loans for residential housing for qualified persons and families as defined herein, further, to make housing available to such persons in order to stabilize or recover a necessary economic mix in Buchanan County and designated areas thereof; and further, to promote wise usage of land and other resources in order to preserve the quality of life we value so highly in Virginia.

It is hereby further declared that all of the foregoing are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted, and that such activities serve a public purpose in improving or otherwise benefiting the people of the Commonwealth of Virginia and

Buchanan County; that the necessity of enacting the provisions hereinafter set forth is in the public interest and is hereby so declared as a matter of express legislative determination. (1982, c. 524)

(a) Whenever it appears to the governing body of the county that one or more portions of the county are deteriorating by reason of dilapidation, faulty arrangement or design, underutilization of space, excessive land coverage, deleterious land use or obsolete layout or that one or more portions of the county are experiencing a critical shortage of sanitary and safe residential housing because of the location and expansion of mineral extractive industries and related industries which require the proximity of a substantial work force of varying economic means, and in any such case that private enterprise and investment may not be expected, without assistance, to produce the construction or rehabilitation of sanitary and safe housing to meet the needs of persons and families of low and moderate income within the county, and to induce persons and families with incomes in excess of those of persons and families of low and moderate income in housing development districts to live or remain within such area and thereby help to stabilize or recover a desirable economic mix of persons therein and to provide a substantial work force for mineral extractive or related industries, such governing body may by resolution create a housing development district encompassing such portion of the county. Such resolution shall be conclusive as to the necessity for creating a housing development district.

(b) If the Corporation shall determine that a proposed housing project, within or without a housing development district, if any, may feasibly serve persons and families of low and moderate income only by effectively subsidizing the rentals of such persons and families through higher rentals charged to persons and families with incomes in excess of persons and families of low and moderate income or that, for any other reason, such proposed project is feasible only if a portion thereof, not to exceed eighty percent of the dwelling units therein, is to be rented to persons and families with incomes in excess of those of persons and families of low and moderate income, it may by resolution declare such proposed housing project an economically mixed project, which resolution shall be conclusive of the facts determined therein.

(c) Prior to the creation of a housing development district by the county or the declaration of an economically mixed project by the Corporation, persons experienced in the field of mortgage finance shall be consulted by the Corporation in order to determine that private enterprise is unable, without assistance, to provide sufficient financing to meet the housing needs of the housing development district or to provide sufficient financing for the economically mixed project at interest rates producing rentals which qualified persons and families could afford. (1982, c. 524)

§ 9. Regulations; adoption procedures.

(3) In the event of a judgment against any housing sponsor in any action not pertaining to the foreclosure of a mortgage, there shall be no sale of any of the real property included in any housing project hereunder of such housing sponsor except upon sixty days' written notice to the Corporation. Upon receipt of such notice the Corporation shall take steps as in its judgment may be necessary to protect the rights of all parties;

(4) In the event of violation by a housing sponsor of any provision of a loan, the terms of any agreement between the Corporation and the housing sponsor, the provisions of this act or of any rules or regulations duly promulgated pursuant to the provisions of this act, the Corporation may remove any or all of the existing directors or officers of such corporate housing sponsor and may appoint such person or persons whom the Corporation in its sole discretion deems advisable as new directors or officers to serve in the places of those removed notwithstanding the provisions of any other law and may designate a managing agent with complete and exclusive power to act on behalf of a defaulting partnership housing sponsor; provided, however, that any such directors or officers or managing agents so appointed by the Corporation shall serve only for a period coexistent with the duration of such violation or until the Corporation is assured in a manner satisfactory to it against violations of a similar nature or both. Officers or directors so appointed need not be stockholders or meet other qualifications which may be prescribed by the certificate of incorporation or by other laws governing such qualified housing sponsor.

(5) Foreclose under deeds of trust by powers of sale pursuant to Title 55 of the Virginia Code and amendments thereto;

In addition to the aforesaid payment of outstanding principal balance, the Corporation shall pay the accrued interest due thereon, on the date the loan or obligation is delivered against payment therefor.

with the provisions of this act and such income limits may vary with the size and circumstances of the person or family. (1982, c. 524)

§ 14. Procedure prior to financing of housing projects undertaken by housing sponsors.

A. Notwithstanding any other provision of this act, the Corporation is not empowered to finance any housing project undertaken by a housing sponsor, other than a housing project in a housing development district or an economically mixed project, unless, prior to the financing of any housing project hereunder, the Corporation finds:

- (1) That there exists a shortage of decent, safe and sanitary housing at rentals or prices which persons and families of low and moderate income can afford within the general housing market area to be served by the proposed housing development.
- (2) That private enterprise and investment have been unable, without assistance, to provide the needed decent, safe and sanitary housing at rentals or prices which persons or families of low and moderate income can afford or to provide sufficient mortgage financing for residential housing for occupancy by such persons or families.
- (3) That the housing sponsor or sponsors undertaking the proposed housing development in the county will supply well-planned, well-designed housing for persons or families of low and moderate income and that such sponsors are financially responsible.
- (4) That the housing development to be assisted pursuant to the provisions of this act will be of public use and provide a public benefit.
- (5) That the housing project will be undertaken within the authority conferred under this act upon the Corporation and the housing sponsor or sponsors.

B. The Corporation shall also find, in connection with the financing of the new construction or substantial rehabilitation of any proposed multi-family residential housing project, that the governing body of the locality in which such housing project is to be located has not, within sixty days after written notification of the proposed financing has been sent the governing body by the Corporation, certified to the Corporation in writing its disapproval of the proposed multi-family residential housing. (1982, c. 524)

§ 15. Bonds.

(1) (a) The Corporation shall have power and is hereby authorized to issue from time to time its bonds in such principal amount as the Corporation shall determine to be necessary to provide sufficient funds for achieving any of its corporate purposes, including the payment of interest on such bonds, establishment of reserves to secure such bonds, and all other expenditures of the corporation incident to and necessary or convenient to carry out its corporate purposes and powers.

(b) The Corporation shall have the power, from time to time, to issue (i) notes to renew notes and (ii) bonds to pay notes, including the interest thereon and, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any of its corporate purposes. The refunding bonds may be (i) exchanged for the bonds to be refunded or (ii) sold and the proceeds applied to the purchase, redemption or payment of such bonds.

(c) Except as may otherwise be expressly provided by the Corporation, every issue of its bonds shall be general obligations of the Corporation payable out of any revenues or moneys of the Corporation, subject only to any agreements with the holders of particular bonds pledging any particular revenues. Bonds may be additionally secured by a pledge of any grant, contribution or guarantee from the federal government or any corporation, association, institution or person or a pledge of any money, income or revenue of the Corporation from any source.

(2) Bonds shall be authorized by resolution or resolutions of the Corporation, shall bear such date or dates and shall mature at such time or times as such resolution or resolutions may provide, except that no bond shall mature more than fifty years from the date of its issue. The bonds may be issued as series bonds payable in annual installments or as tent bonds or as a combination thereof. Bonds shall bear interest at such rate or rates, be in such denominations, be in such form either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption as such resolution or resolutions may provide. The bonds of the Corporation may be sold by the Corporation, at public or private sale, at such price or prices as the Corporation shall determine.

(3) Any resolution or resolutions authorizing any bonds or any issue thereof may contain provisions, which shall be a part of the contract or contracts with the holders thereof, as to:

(a) Pledging all or any part of the revenues of the Corporation to secure the payment of the bonds or of any issue thereof, subject to such agreements with bondholders of the Corporation as may then exist;

(b) Pledging all or any part of the assets of the Corporation, including mortgages and obligations securing the same, to secure the payment of the bonds or of any issue of bonds, subject to such agreements with bondholders of the Corporation as may then exist;

(c) The use and disposition of the gross income from mortgages owned by the Corporation and payment of principal of mortgages owned by the Corporation;

(d) The setting aside of reserves or sinking funds and the regulation and disposition thereof;

(e) Limitations on the purpose to which the proceeds of sale of bonds may be applied and pledging such proceeds to secure the payment of the bonds or of any issue thereof;

- (f) Limitations on the issuance of additional bonds; the terms upon which additional bonds may be issued and secured; and the refunding of outstanding or other bonds;
 - (g) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated; the amount of bonds the holders of which must consent thereto; and the manner in which such consent may be given;
 - (h) Limitations on the amount of moneys to be expended by the Corporation for operating expenses of the Corporation;
 - (i) Vesting in a trustee or trustees and a bond registrar such property, rights, powers and duties of the trustee or bond registrar appointed by the bondholders pursuant to this act and limiting or abrogating the right of the bondholders to appoint a trustee or bond registrar under this Act or limiting the rights, powers and duties of such trustee;
 - (j) Defining the acts or omissions to act which shall constitute a default in the obligations and duties of the Corporation to the holders of the bonds in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the Commonwealth and the other provisions of this Act.
 - (k) Any other matters, of like or different character, which in any way affect the security, protection or source or method of payment of the holders of the bonds.
- (4) Any pledge made by the Corporation shall be valid and binding from the time when the pledge is made; the Corporation's interest, then existing or thereafter obtained, in the revenues, moneys, mortgage loans, receivables, contract rights or other property or proceeds so pledged shall immediately be subject to the lien of such pledge without any physical delivery or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded, nor shall any filing be required with respect thereto.
- (5) Neither the directors of the Corporation nor any other person executing such bonds shall be subject to any personal liability or accountability by reason of the issuance thereof.
- (6) The Corporation, subject to such agreements with bondholders as may then exist, shall have power out of any funds available therefor to purchase bonds of the Corporation, which shall thereupon be cancelled, at a price not exceeding:
- (a) If the bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment thereon, or
 - (b) If the bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the bonds become subject to redemption plus accrued interest to such date.

(7) In the discretion of the Corporation, the bonds may be secured by a trust indenture by and between the Corporation and a corporate trustee, which may be any trust company or bank having the power of a trust company within or without the Commonwealth. Such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Corporation in relation to the exercise of its corporation powers and the custody, safeguarding and application of all moneys. The Corporation may provide by such trust indenture for the payment of the proceeds of the bonds and the revenues to the trustee under such trust indenture or other depository, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine, giving consideration to the necessity or desirability of complying with any federal laws relating to the exemption from federal income taxation of interest on the bonds. All expenses incurred in carrying out such trust indenture may be treated as a part of the operating expenses of the Corporation. If the bonds shall be secured by a trust indenture, the bondholders shall have no authority to appoint a separate trustee to represent them.

(8) Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the Uniform Commercial Code, the bonds hereby are made negotiable instruments within the meaning of and for all the purposes of the Uniform Commercial Code, subject only to the provisions of the bonds for registration.

(9) In case any of the directors or officers of the Corporation whose signatures appear on any bonds or coupons shall cease to be such directors or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such directors or officers had remained in office until such delivery. (1982, c. 524)

§ 16. Exemption from taxation.

(1) As set forth in the declaration of finding and purpose herein, the Corporation will be performing an essential governmental function in the exercise of the powers conferred upon by this act, and the bonds of the Corporation issued and to be issued pursuant to this act, the transfer thereof, and the income therefrom including any profit made on the sale thereof and all its fees, charges, gifts, grants, revenues, receipts, and other moneys received, pledged to pay or secure the payment of such bonds shall at all times be free from taxation and assessment of every kind by the Commonwealth and by the municipalities and all other political subdivisions of the Commonwealth.

(2) The property of the Corporation and its income and operations shall be exempt from taxation or assessments upon any property acquired or used by the Corporation under the provisions of this act.

(3) Any housing project financed in whole or in part pursuant to the provisions of this act and owned by the Corporation shall be exempt from all property taxation and special assessments of the Commonwealth or political subdivisions thereof, provided, however, that in lieu of such taxes, the

Corporation may agree to make such payments to the Commonwealth or any political subdivision thereof as the Corporation finds consistent with the cost of supplying municipal services to the housing project and maintaining the economic feasibility of the housing project for qualified persons and families, which payments such bodies are hereby authorized to accept. (1982, c. 524)

§ 17. Commonwealth and Buchanan County not liable on bonds.

The bonds of the Corporation shall not be a debt or grant or loan of credit of the Commonwealth or the county, and neither the Commonwealth nor the county shall be liable thereon, nor shall they be payable out of any funds other than those of the Corporation; and such bonds shall contain on the face thereof a statement to such effect. (1982, c. 524)

§ 18. Bonds as legal investments.

Bonds of the Corporation, shall be legal investments in which all public officers and public bodies of this Commonwealth, its political subdivisions, all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking associations, trust companies, savings banks, and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the Commonwealth, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds are also hereby made securities which may properly and legally be deposited with and received by all public officers and bodies of the Commonwealth or any agency or political subdivisions of the Commonwealth and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the Commonwealth is now or may hereafter be authorized by law including but not limited to security for deposits pursuant to Chapter 23 (§ 2.1-359 et seq.) of Title 2.1 of the Code of Virginia and amendments thereto. (1982, c. 524)

§ 19. Agreement with Commonwealth.

The Commonwealth does hereby pledge to and agree with the holders of any bonds issued under this act that the Commonwealth will not limit or alter the rights hereby vested in the Corporation to fulfill the terms of any agreements made with the said holders thereof or in any way impair the rights and remedies of such holders until such bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The Corporation is authorized to include this pledge and agreement of the Commonwealth in any agreement with the holders of such bonds. (1982, c. 524)

§ 20. Reports.

At least once a year, the Corporation shall file with the clerk of the county a report of its activities for the preceding year, including a financial statement and a statement of the maximum income limits for qualified persons and families and shall make recommendations with reference to such additional legislation or other action as it deems necessary in order to carry out the purposes of this act. All records of the Corporation shall be public records, and shall be open to inspection by the public during all business hours under such reasonable regulations as the Corporation may prescribe; provided that the term "records" shall include only completed contracts and transactions of the Corporation. (1982, c. 524)

§ 21. Liberal construction.

Neither this act nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the Corporation might otherwise have under any laws of this Commonwealth, and this act is cumulative to any such powers. This act does and shall be construed to provide a complete, additional, and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws. However, the issuance of bonds, notes and other obligations and refunding bonds under the provisions of this act need not comply with the requirements of any other law of the Commonwealth applicable to the issuance of bonds, notes and other obligations, and contracts for the construction and acquisition of any housing projects undertaken pursuant to this act need not comply with provisions of any other law of the Commonwealth applicable to contracts for the construction and acquisition of state-owned property. No proceedings, notice or approval shall be required for the issuance of any bonds, notes and other obligations or any instrument as security therefor, except as is provided in this act. (1982, c. 524)

§ 22. Inconsistent provisions in other laws superseded.

Insofar as the provisions of this act are inconsistent with the provisions of any other law, general, special or local; the provisions of this act shall be controlling. (1982, c. 524)

1. One director who is a citizen of the City of Bristol, Virginia, and is not a member of the Bristol City Council, appointed by the Speaker of the House of Delegates.

In the latter case, the new appointee shall serve for the remainder of the term vacated by an exiting member of the governing body.

E. If funds are available, each director may be reimbursed by the Authority for the amount of actual expenses incurred by him in the performance of his duties. Such expense allowance shall constitute a cost of operation and maintenance of such utility systems and shall be prorated among each of the systems it manages using the "Three-Factor" allocation method approved by the Commission. The three factors consist of the percentages that each division comprises of total plant in service, total operating revenues, and total customer accounts. Once each operating division's percentage of each of the three factors is calculated, the sum of the three factors divided by three results in the operating division's share of the total direct or indirect costs.

11. To adopt, amend, and repeal rules and regulations for the use, maintenance, and operation of its facilities and utility services and governing the conduct of persons and organizations using its facilities or obtaining its utility services and to enforce such rules and regulations and all other rules, regulations, ordinances, and statutes relating to its facilities and services, as authorized by the enacting body of such rules, regulations, ordinances, and statutes. The civil penalty for violation of any such rules and regulations shall be set forth in the rules and may be enforced by the Authority by direct action in terminating services and by the imposition of monetary penalties to be billed to the customer. The Authority may request the governing body of each locality in which it does business to impose by ordinance such penal liability for violation of such rules and regulations as such body deems appropriate;
12. Subject to subdivision 20, to apply for and accept gifts or grants of money or gifts, grants or loans of other property or other financial assistance from the United States of America and agencies and instrumentalities thereof, this Commonwealth and political subdivisions, agencies and

instrumentalities thereof, or any other person or entity, for or in aid of the construction, acquisition, ownership, operation, maintenance, or repair of its infrastructure or for the payment of principal of any indebtedness of the Authority, interest thereon, or other cost incident thereto, or for the operation of any of its services, or for any other purpose of the Authority, and to this end the Authority shall have the power to render such services, comply with such conditions, and execute such agreements and legal instruments as may be necessary, convenient or desirable or imposed as a condition to such financial aid;

13. Subject to subdivision 15 and all existing limitations and restrictions thereon, to acquire, establish, construct, enlarge, improve, maintain, equip, operate, and regulate electric, water, sewer, telecommunications, internet and cable television services, including all other services that might be rendered by use of its fiber optic system, and other infrastructure and facilities that are owned or managed by the Authority within the territorial areas in which it operates or provides services;

14. To construct, install, maintain, and operate facilities and infrastructure for managing its utility, consulting and operational management services. The Authority shall have the power and duty to manage and operate the electric, public lighting, water, sewerage, telecommunications, internet and cable television services, including all other services that might be rendered by use of its fiber optic system directly subject to all existing limitations and restrictions thereon, or it may subcontract such functions. The Authority shall construct, maintain, and operate all facilities necessary thereto; shall sell and distribute to the public electric power, light, water, sewer, telecommunications, internet and cable television, and other services as they now exist or may exist in the future subject to all existing limitations and restrictions thereon; and shall collect the rates and charges provided for all such services;

15. To own, purchase, lease, obtain options upon, acquire by gift, grant, or bequest or otherwise acquire any property, real or personal, or any interest therein, and in connection therewith to assume or take subject to any indebtedness secured by such property and dispose of any or all such properties as is deemed appropriate by the Board, including, notwithstanding the provisions of the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.), executing, assigning, or transferring, without implementing the provisions of the Virginia Public Procurement Act, any internal contract between the divisions of the Authority that following such execution, assignment, or transfer will be between the Authority and the purchaser of the Authority's assets. The Authority shall have the power of eminent domain to acquire property and easements as needed for its electric power, light, water, and sewer services within the areas it provides or can provide such services. The power of eminent domain shall not include the power to acquire existing telecommunications, internet or cable facilities, which is expressly prohibited, and the Authority shall not accept or receive any telecommunications, internet or cable facilities from an entity that acquired such facilities by use of eminent domain for the purpose of conveying them to the Authority;

16. To purchase and maintain insurance or provide indemnification on behalf of any person who is or was a director, officer, employee, or agent of the Authority and on behalf of the Authority itself against any liability asserted against it or him or incurred by it or him in any such capacity or arising out of his status as such;

17. To establish and charge such fees as it deems appropriate for attachment to or inclusion in the Authority's infrastructure, including but not limited to its poles, conduits, and co-location sites, subject to all existing limitations and restrictions thereon;

18. To fund economic development projects and, in advance of economic development projects, to enter into contracts, to borrow money and to do all other such acts as will allow it to encourage and support economic development.

Before the Authority expends any funds for an economic development project that is funded in whole or in part by funds allocated by the Board pursuant to a power purchase agreement with the Tennessee Valley Authority, a determination shall be made that the electric system benefit is expected to be commensurate with the expenditure.

Within 30 days of the end of the Authority's fiscal year, the Authority shall publish on its website the details of any incentive awarded to an economic development project;

19. To have police powers on all of the properties of the Authority within the Commonwealth, exercised through appointment of an armed conservator of the peace. The president of the Authority may apply to the circuit court for any locality in which the Authority has property for the appointment of one or more special conservators of the peace under procedures specified by Chapter 2 (§ [19.2-12](#) et seq.) of Title 19.2 or any successor provisions. Any such special conservator of the peace shall have, within the lands and facilities controlled by the Authority, the powers, functions, duties, responsibilities, and authority of any other armed conservator of the peace. Nothing in this section shall be construed to prevent the conservator of the peace currently serving Bristol Virginia Utilities from continuing as an armed special conservator of the peace for the Authority during the remainder of his term, if not removed for cause; and

20. To build or facilitate the building of, as the first broadband priority of the Authority, wired broadband infrastructure to serve residents in the Authority's lawful service area who are not served by any wired broadband service provider. The president of the Authority shall annually provide the Board with a report detailing (i) the number of requests for broadband services received from residents in unserved areas, (ii) the number of such requests for which the Authority has provided a connection to broadband services, and (iii) the costs of providing such broadband service.

B. The Authority is authorized to (i) operate only in Virginia and Tennessee; (ii) offer broadband services only in Sullivan, Unicoi, and Washington Counties, Tennessee; the City of Bristol, Virginia; and Bland, Buchanan, Dickenson, Russell, Scott, Smyth, Tazewell, Washington, Wise, and Wythe

Counties in Virginia, together with any towns located in such counties; and (iii) offer cable television services or other video services only within the electric utility service territory of Bristol Virginia Utilities as it existed on December 31, 2009, in the City of Bristol, Virginia, Scott County, and Washington County, including within the Town of Abingdon. Notwithstanding the geographic limitations of this subsection, the Authority shall have the right to sell any of its non-electric utility services at wholesale to an independent third party in which the Authority has no ownership or management interest and no economic interest apart from the sale of utility services, to allow such independent third party to distribute and sell the utility services at retail in areas outside of the Authority's geographic limitations.

C. Whenever any grant, loan, or application for such grant or loan includes or refers to funding for broadband deployment, the Authority shall ensure that (i) funds are allocated to the maximum extent possible to projects that expand broadband deployment to areas, residents, or businesses that are unserved by wired broadband; (ii) in any funding of grants for broadband deployment that include areas already served by wired broadband, such areas already served are incidental to and are crossed only for the purpose of reaching an unserved area; and (iii) any broadband network built will be operated on an open-access basis, available to multiple broadband providers, with dark fibers and capacity sufficient for competitive broadband providers to lease the same from the Authority at commercially reasonable rates.

D. The Authority shall not seek to become or establish a wireless service authority under the Virginia Wireless Service Authorities Act (§ [15.2-5431.1](#) et seq.) or contract for services with such an authority.

E. The Authority shall not solicit or contract with any locality or other entity possessing the power of eminent domain in order to cause such a third party to exercise its power of eminent domain to acquire any easements or other property where the Authority itself lacks such power.

F. The Authority shall not have the power to make charitable donations.

The Commission shall issue appropriate documentation to effectuate this transfer without further action on behalf of BVU Authority. It is further deemed that the Authority has met all conditions precedent to qualify for such certificates and the powers granted therein and the limitations, restrictions, and requirements set forth thereto continuing in full force and effect.

B. BVU Authority will be deemed to be an MLEC.

C. Upon enactment of this chapter, the Authority shall file a name change with the Commission.

D. No bond shall be required of BVU Authority by the Commission.

2010, cc. [117](#), [210](#).

§ 15.2-7210. Transfer of properties and debt

All of the properties, infrastructure, and other assets used by Bristol Virginia Utilities for any of its utility services or otherwise, whether held in its name or in the name of the City of Bristol, Virginia, are hereby transferred to the Authority and declared to be held by the Authority as its property. The portion of the City's debt that was incurred for the benefit of Bristol Virginia Utilities is hereby declared to be the debt of the Authority. That debt will be the sole responsibility of the Authority. The Authority will either assume that debt or issue new bonded indebtedness to pay it off as soon as practical and in accordance with all bond covenants in the BVU bonds on the City's financial statements.

2010, cc. [117](#), [210](#).

§ 15.2-7211. Reports

The Authority shall keep minutes of its proceedings, which minutes shall be open to public inspection during normal business hours. It shall keep suitable records of all its financial transactions and shall arrange to have the same audited annually by an independent certified public accountant. Such audited financial reports will be provided to the Commonwealth Auditor of Public Accounts and to each participating political subdivision each year and shall be open to public inspection.

2010, cc. [11](#), [210](#).

§ 15.2-7212. Procurement

All contracts that the Authority may let for professional services, nonprofessional services, or goods, materials, and equipment shall be subject to the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.). Nothing herein will be construed to prevent the Authority from adopting a small purchases policy in keeping with such Act. If the Authority is procuring pursuant to a federal grant or program that requires compliance with federal procurement law, then the Authority may procure in compliance with federal law. If the Authority in the exercise of its powers is procuring in another state for use in that state, the Authority may procure in compliance with that state's procurement law.

2010, cc. [117](#), [210](#).

§ 15.2-7213. Deposit and investment of funds

All moneys of the Authority shall be deposited as soon as practicable in a separate account or accounts in one or more banks or trust companies organized under the laws of the Commonwealth or national banking associations having their principal offices in the Commonwealth. Such deposits shall be continuously secured in accordance with the Virginia Security for Public Deposits Act (§ [2.2-4400](#) et seq.).

Funds of the Authority not needed for immediate use or disbursement may, subject to the provisions of any contract between the Authority and the holders of its bonds or any contract between the Authority and TVA, be invested in securities that are considered lawful investments for fiduciaries.

2010, cc. [117](#), [210](#).

§ 15.2-7214. Authority to issue bonds

The Authority shall have the power to issue bonds from time to time in its discretion, for any of its purposes, including the payment of all or any part of the cost of Authority infrastructure and facilities; including the payment or retirement of bonds previously issued by it and including the costs of the issuance of such bonds. The Authority may issue such types of bonds as it may determine, including, without limitation, bonds payable, both as to principal and interest: (i) from its revenues and receipts generally and (ii) exclusively from the revenues and receipts of certain designated operations or facilities whether or not they are financed in whole or in part from the proceeds of such bonds. Any such bonds may be additionally secured (a) by a pledge of any grant or contribution from the Commonwealth, or any political subdivision, agency, or instrumentality thereof, any federal agency or any unit, private corporation, co-partnership, association, or individual, or other entity, or (b) by mortgage or encumbrance of any property or facilities of the Authority. Unless otherwise provided in the proceedings authorizing the issuance of the bonds, or in the trust indenture securing the same, all bonds shall be payable solely and exclusively from the revenues and receipts of the Authority. Bonds may be executed and delivered by the Authority at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in registered, book entry, or bearer form either as to principal or interest or both, may be payable in such installments and at such time or

times, may be payable at such place or places whether within or without the Commonwealth, may bear interest at such rate or rates, may be payable at such time or times, and at such place or places, may be evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided and specified by the Board of Directors in authorizing each particular bond issue including any designation of an agent or officer of the Authority to establish such provisions under guidelines established by the Authority.

If deemed advisable by the Board of Directors, there may be retained in the proceedings under which any bonds of the Authority are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and as may be briefly recited on the face of the bonds, but nothing herein contained shall be construed to confer on the Authority any right or option to redeem any bonds except as may be provided in the proceedings under which they shall be issued. Any bonds of the Authority may be sold at public or private sale in such manner and from time to time as may be determined by the Board of Directors of the Authority to be most advantageous, and the Authority may pay all costs, premiums, and commissions that its Board of Directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the Authority of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same facility or any other facility, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the Authority at any time outstanding may from time to time be refunded by the Authority by the issuance of its refunding bonds in such amount as the Board of Directors may deem necessary, but not exceeding an amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any costs, including insurance costs, premiums, or commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby.

All bonds shall be signed on behalf of the Authority by the chairman or vice-chairman of the Authority, or shall bear the facsimile signature of such officer, and shall bear the official seal of the Authority, or a facsimile thereof shall be impressed or imprinted thereon and shall be attested to by the manual or facsimile signature of the secretary (or the secretary-treasurer) or assistant secretary (or assistant secretary-treasurer) of the Authority. Any coupons attached thereto shall bear the signature or facsimile signature of such chairman. In case any officer whose signature or a facsimile of whose signature appears on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or facsimile signature nevertheless shall be valid and sufficient for all purposes

as if such officer had remained in office until such delivery. When the signatures of both the chairman or the vice-chairman and the secretary (or the secretary-treasurer) or the assistant secretary (or the assistant secretary-treasurer) are facsimiles, the bonds must be authenticated by a corporate trustee or other authenticating agent approved by the Authority.

If the proceeds derived from a particular bond issue, due to error of estimates or otherwise, shall be less than the cost of the Authority facilities or infrastructure for which such bonds were issued, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the proceedings authorizing the issuance of the bonds of such issue or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds of the first issue. If the proceeds of the bonds of any issue shall exceed such cost, the surplus may be deposited to the credit of the sinking fund for such bonds or may be applied to the payment of the cost of any additions, improvements, or enlargements of the Authority facilities or infrastructure for which such bonds shall have been issued.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds that shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this chapter without obtaining the consent of any department, division, commission, board, bureau, or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions, or things that are specifically required by this chapter.

All bonds issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of and shall be and are hereby made negotiable instruments under the Uniform Commercial Code of Virginia (§ [8.1A-101](#) et seq.), subject only to provisions respecting registration of the bonds.

The interest income from and any profit made on the sale of the obligations issued under the provisions of this Act shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county, or other political subdivision thereof.

2010, cc. [117](#), [210](#).

§ 15.2-7215.Credit of Commonwealth and political subdivisions not pledged

Bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the Commonwealth of Virginia, or any political subdivision thereof other than the Authority, but such bonds shall be payable solely from the funds provided therefor as herein authorized. All such bonds shall state on their face that neither the Commonwealth of Virginia nor any political subdivisions

thereof, nor the Authority, are obligated to pay the same or the interest thereon or other costs incident thereto except from the revenues and money pledged therefor and that neither the faith and credit nor the taxing power of the Commonwealth, or any political subdivision thereof, is pledged to the payment of the principal of such bonds, the redemption premium, if any, thereon, or the interest thereon or other costs incident thereto.

All expenses incurred in carrying out the provisions of this chapter shall be payable solely from the funds of the Authority and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall be available to the Authority.

Bonds issued pursuant to the provisions of this Act shall not constitute indebtedness within the meaning of any debt limitation or restriction.

2010, cc. [117](#), [210](#).

§ 15.2-7216. Directors and persons executing bonds not liable thereon

Neither the Board of Directors nor any person executing the bonds shall be liable personally on the Authority's bonds by reasons of the issuance thereof.

2010, cc. [117](#), [210](#).

§ 15.2-7217. Security for payment of bonds; default

The principal of and interest on any bonds issued by the Authority shall be secured by a pledge of the revenues and receipts out of which the same shall be made payable, and may be secured by a trust indenture covering all or any part of the Authority facilities from which revenues or receipts so pledged may be derived, including any enlargements of any additions to any such projects thereafter made.

The resolution under which the bonds are authorized to be issued and any such trust indenture may contain any agreements and provisions respecting the maintenance of the projects covered thereby, the fixing and collection of rents for any portions thereof leased by the Authority to others, the creation and maintenance of special funds from such revenues and the rights and remedies available in the event of default, all as the Board of Directors shall deem advisable not in conflict with the provisions hereof. Each pledge, agreement and trust indenture made for the benefit or security of any of the bonds of the Authority shall continue effective until the principal of and interest on the bonds for the benefit of which the same were made shall have been fully paid. In the event of default in such payment or in any agreements of the Authority made as a part of the contract under which the bonds were issued, whether contained in the proceedings authorizing the bonds or in any trust indenture executed as security therefor, may be enforced by mandamus, suit, action, or proceeding at law or in equity to compel the Authority and the directors, officers, agents, or employees thereof to perform each and every term, provision, and covenant contained in any trust indenture of the Authority, the appointment of a receiver in equity, or by foreclosure of any such trust indenture, or any one or more of such remedies.

2010, cc. [117](#), [210](#).

§ 15.2-7218. Bonds as legal investments

All bonds issued under the provisions of this chapter are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions and all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital, under their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law.

2010, cc. [117](#), [210](#).

§ 15.2-7219. Contracts concerning interest rates and investments

The Authority may enter into any contract that the Board of Directors determines to be necessary or appropriate to place the obligation or investment of the Authority, as represented by the bonds or the investment of their proceeds, in whole or in part, on the interest rate, cash flow, or other basis desired by the Authority, which contract may include, without limitation, interest rate swap agreements, future contracts and contracts providing for payments based upon levels of, or changes in, interest rates. These contracts or arrangements may be entered into by the Authority in connection with, or incidental to, entering into or maintaining any (i) agreement that secures bonds or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts may contain such payment, security, default, remedy, and other terms as determined by the Authority. Any money set aside and pledged to secure payments of bonds or any contracts entered into pursuant to this section may be invested in accordance with Chapter 45 (§ [2.2-4500](#) et seq.) of Title 2.2 and may be pledged to and used to service any of the contracts or agreements entered into pursuant to this section.

2010, cc. [117](#), [210](#).

§ 15.2-7220. Taxation

The exercise of the powers granted by this Act shall in all respects be presumed to be for the benefit of the public, for the increase of their commerce and for the promotion of their health, safety, welfare, convenience, and prosperity, and as the operation and maintenance of any service that the Authority is authorized to provide will constitute the performance of an essential governmental function, the Authority shall not be required to pay any taxes or assessments upon any facilities acquired and constructed by it under the provisions of this Act and the bonds issued under the provisions of this Act, their transfer, and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any political subdivision thereof. Persons, firms, partnerships, associations, corporations, and organizations leasing property of

the Authority or doing business on property of the Authority shall be subject to and liable for payment of all applicable taxes of the political subdivision in which such leased property lies or in which business is conducted including but not limited to any leasehold tax on real property and taxes on the sale of utility services and local general retail sales and use taxes, taxes to be paid on licenses in respect to any business, profession, vocation or calling, and taxes upon consumers of gas, electricity, telephone, and other public utility services. The Authority shall continue to pay or impute any taxes presently paid or imputed by Bristol Virginia Utilities and to collect and remit all taxes presently collected and remitted by Bristol Virginia Utilities.

2010, cc. [117](#), [210](#).

§ 15.2-7221.Sovereign immunity

No provisions of this chapter nor act of an authority, including the procurement of insurance or self-insurance, shall be deemed a waiver of any sovereign immunity to which the Authority or its directors, officers, employees, or agents are otherwise entitled.

2010, cc. [117](#), [210](#).

§ 15.2-7222.Appropriation by political subdivision

Any political subdivision of the Commonwealth is authorized to provide services, to donate real or personal property, and to make appropriations to the Authority for the acquisition, construction, maintenance, and operation of the Authority's facilities. Any such political subdivision is hereby authorized to issue its bonds, including general obligation bonds, in the manner provided in the Public Finance Act of 1991 (§ [15.2-2600](#) et seq.) or in any applicable municipal charter for the purpose of providing funds to be appropriated to the Authority, and such political subdivisions may enter into contracts obligating such bond proceeds to the Authority.

2010, cc. [117](#), [210](#).

§ 15.2-7223.Contracts with political subdivisions

The Authority is authorized to enter into contracts with the Commonwealth, with the states it operates within, with any one or more political subdivisions within and without the Commonwealth, and with any other person or entity for any legal purpose.

2010, cc. [117](#), [210](#).

§ 15.2-7224.Application of local ordinances, service charges, and taxes upon leaseholds

Nothing herein contained shall be construed to exempt the Authority's property from any applicable zoning, subdivision, erosion and sediment control, and fire prevention codes or from building regulations of a political subdivision in which such property is located, except as otherwise specifically excluded herein. Nor shall anything herein contained exempt the property of the Authority from any service charge authorized by the General Assembly pursuant to Article X, Section 6 (g) of the

Constitution of Virginia, or exempt any lessee of any of the Authority's property from any tax imposed upon his leasehold interest in such property or upon the receipts derived therefrom.

2010, cc. [117](#), [210](#).

§ 15.2-7225.Existing contracts, leases, franchises, etc., not impaired

No provisions of this Act shall relieve, impair, or affect any right, duty, liability, or obligation arising out of any contract, concession, lease, or franchise now in existence, including all contracts entered into by Bristol Virginia Utilities except to the extent that such contract, concession, lease, or franchise may permit. Notwithstanding the foregoing provisions of this section, the Authority may renegotiate, renew, extend the term of, or otherwise modify at any time any contract, concession, lease, or franchise now in existence in such manner and on such terms and conditions as it may deem appropriate, provided that the operator of or under any said contract, concession, lease, or franchise consents to such renegotiation, renewal, extension, or modification. The Authority shall be obligated for the performance of any contract of Bristol Virginia Utilities now in existence in accordance with its terms, and such contracts shall remain in full force and effect.

2010, cc. [117](#), [210](#).

§ 15.2-7226.Liberal construction

Neither this chapter nor anything contained herein is or shall be construed as a restriction or limitation upon any powers that the Authority might otherwise have under any laws of the Commonwealth, and this chapter is cumulative to any such powers, provided, however, that nothing in the foregoing provision shall be deemed to have expanded the powers of the Authority to provide and operate telecommunication and related services, including without limitation, cable television, internet, and all other services that might be rendered by use of the Authority's fiber optic system, beyond existing restrictions and limitations thereon. This chapter does and shall be construed to provide a complete, additional, and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws.

The Commission may issue such types of bonds as it may determine, including, without limiting the generality of the foregoing, bonds payable as to principal and interest: (i) from its revenues generally; (ii) exclusively from the income and revenues of a particular project; or (iii) exclusively from the income and revenues of certain designated projects, whether or not they are financed in whole or in part from the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any grant or contribution from a participating political subdivision, the Commonwealth or any political subdivision, agency or instrumentality thereof, any federal agency or any unit, private corporation, copartnership, association, or individual, as such participating political subdivision, or other entities may be authorized to make under general law or by a pledge of any income or revenues of the Commission, or where such mortgage has been approved by the participating political subdivisions, a mortgage of any facilities of the Commission.

The bonds may bear interest at such rate or rates as may be determined by the Commission or in such manner as the Commission may provide, including the determination by reference to indices or formulas or by agents designated by the Commission under guidelines established by it. The Commission shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the conversion and reconversion into coupon bonds of any bonds registered as to both principal and interest and vice versa. The Commission may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Commission.

Prior to the preparation of definitive bonds, the Commission may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such

bonds shall have been executed and are available for delivery. (1980, c. 380; 2001, cc. [331](#), [344](#); 2014, c. [672](#))

Such pledge shall be valid and binding from the time when the pledge is made. So long as any of its bonds are outstanding, the fees, rents, and charges so pledged and thereafter received by the Commission shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Commission irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Commission. The use and disposition of moneys to the credit of any such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture or agreement. (1980, c. 380)

§ 20. Remedies of bondholders.

Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust indenture or agreement, may, either at law or in equity, by suit, action, injunction, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this act or under such trust indenture agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such trust indenture or agreement or resolution to be performed by the Commission or by any officer or agent thereof, including the fixing, charging and collection of fees, rents and other charges. Any resolution authorizing the issuance of the Commission's bonds or trust

indenture or agreement securing the same may limit or abrogate the individual right of action by the holders of such bonds or coupons appertaining thereto. (1980, c. 380)

§ 21. Exemption from taxation.

The exercise of the powers granted by this act shall in all respects be presumed to be for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of any project which the Commission is authorized to undertake will constitute the performance of an essential governmental function, the Commission shall not be required to pay any taxes or assessments upon any facilities acquired and constructed by it under the provisions of this act and the bonds issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any political subdivision thereof. (1980, c. 380)

§ 22. Bonds as legal investments.

Bonds issued by the Commission under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law. (1980, c. 380)

§ 23. Appropriation by political subdivision.

Any participating political subdivision, or other political subdivision of the Commonwealth all or a part of which is located within sixty miles of a Commission facility, is authorized to provide services, to donate real or personal property and to make appropriations to the Commission, for the acquisition, construction, maintenance, and operation of the Commission's facilities. Any such political subdivision is hereby authorized to issue its bonds in the manner provided in the Public Finance Act or in any applicable municipal charter for the purpose of providing funds to be appropriated to the Commission.

The Commission may agree to assume, or reimburse a participating political subdivision for, any indebtedness incurred by such participating political subdivision with respect to facilities conveyed by it to the Commission. With the consent of the governing body of the participating political subdivision any such agreement may be made subordinate to the Commission's indebtedness to others. (1980, c. 380)

§ 24. Commission budget.

A. The Commission shall annually prepare and submit to the participating political subdivisions (i) a proposed operating budget showing its estimated general fund revenues and expenses on an accrual basis for the forthcoming fiscal year, and, if such estimated expenses exceed such estimated revenues, the portion of the deficit proposed to be borne by each participating political subdivision, and (ii) a proposed capital budget showing its estimated expenditures for such fiscal year for assets costing more than ten thousand dollars (or such higher amount as the Commission and the participating political subdivisions may determine) and having an estimated useful life of twenty years or more and the source of funds for such expenditures, including any amount requested from the participating political subdivisions. No depreciation shall be included in the Commission's operating budget with respect to assets purchased by the Commission with funds appropriated to it for such purpose by a participating political subdivision and, for this determination, it shall be assumed that any appropriation so made is for the purchase of assets set forth in the applicable Commission budget to the extent such purchase price is included in the approved budget. Assets purchased by the Commission with bond proceeds shall be depreciated over the term of the bond issue in proportion to the maturities, including sinking fund installments, of the bond issue.

B. If the governing body of a participating political subdivision shall approve the Commission's proposed operating budget, it shall appropriate to the Commission such political subdivision's portion of such deficit. If during any fiscal year the Commission shall receive general fund revenues in excess of those estimated by the Commission in its approved budget for such year, the budgeted deficit for such fiscal year shall automatically be reduced and, except as herein provided, the appropriation of each participating political subdivision shall be proportionately reduced. Notwithstanding the foregoing, with the consent of the governing bodies or chief financial officers of the participating political subdivisions, all or a portion of such appropriations may be maintained so as to enable the Commission to expend such excess revenues for its proper purposes.

C. If the governing body of a participating political subdivision shall approve the Commission's proposed capital budget, it shall appropriate to the Commission such participating political subdivision's portion of the expenditures set forth therein. Any such appropriation shall automatically be reduced by the participating political subdivision's proportionate share of any grant funds received by the Commission for the purchase of assets included in the Commission's approved capital budget in excess of the grant funds shown in such capital budget as a source of funds for such expenditure, unless prohibited by the basic provider of the grant funds.

D. The Commission may expend any and all moneys within its control without obtaining the approval of the participating political subdivisions, but, except as otherwise provided in this act with respect to contracts and agreements between the Commission and any political subdivision, the Commission shall not commit any participating political subdivision in an amount in excess of that appropriated to the Commission by the governing body of such political subdivision.

E. If at any time during any fiscal year it shall appear that the cash disbursements of the Commission will exceed its cash receipts for such fiscal year, including amounts appropriated to it by the participating political subdivisions, the Commission may request supplemental appropriations from the participating political subdivisions and any other political subdivision. (1980, c. 380)

§ 25. Allocation of commission deficit among participating political subdivisions.

Any deficit budgeted by the Commission in any fiscal year, i.e., any excess of its estimated general fund expenses over its estimated general fund revenues, and the cost of any budgeted capital expenditures in excess of the amount shown as available therefor, as shown on the Commission's operating and capital budgets approved by the participating political subdivisions, shall be allocated among the participating political subdivisions in proportion to their respective populations as most recently before such fiscal year determined by The Tayloe Murphy Institute of Government. In the event the appropriation of any participating political subdivision is insufficient to pay its portion of the deficit incurred in any fiscal year, the allocation of any deficit for any succeeding fiscal year shall take into account the cumulative deficiency attributable to such participating political subdivision; provided, however, that no participating political subdivision shall be required to pay to the Commission in any fiscal year any amount in excess of that appropriated to the Commission by the governing body of such participating political subdivision. (1980, c. 380)

§ 26. Contracts with political subdivisions.

The Commission is authorized to enter into contracts with any one or more political subdivisions, which contracts may restrict the powers of the Commission otherwise granted by this act. Any participating political subdivision, or other political subdivision of the Commonwealth all or a part of which is located within sixty miles of a Commission facility, is authorized to enter into contracts with the Commission, pursuant to which the Commission undertakes to provide the facilities and render the services specified therein. Any such contract or agreement may provide that the political subdivision will make payments to the Commission based on the services rendered by the Commission to the residents of such political subdivision, determined in such reasonable manner as the Commission and the political subdivision may mutually agree. Each political subdivision entering into such a service contract with the Commission is authorized to do everything necessary or proper to carry out and perform such contract and to provide for the payment or discharge of any obligation thereunder by the same means and in the same manner as any other of its obligations. (1980, c. 380)

§ 27. Retirement benefits for certain employees formerly employed by a participating political subdivision.

Any employee of a political subdivision who upon such political subdivision's becoming a participating political subdivision has before July one, nineteen hundred eighty, become an employee of the Commission and elected to be treated as an employee of such participating political subdivision for the sole purpose of being so entitled, shall be entitled to the benefits provided by such political

subdivision to its employees under its retirement system. In such event, service of such employee with the Commission shall be creditable as service with the participating political subdivision and compensation received by such employee shall be deemed paid by the participating political subdivision for all purposes of the benefit programs of the participating political subdivision. Any employee so electing shall not be entitled to any benefit under the Commission's retirement system, and the Commission shall pay the employer share of benefits provided the Commission's employees by such political subdivision. Nothing herein shall apply to any health and accident insurance plan or to the Federal Old Age and Survivors Insurance System. (1980, c. 380)

§ 28. Dissolution of Commission.

Whenever it shall appear to the governing body of any participating political subdivision that the need for the Commission no longer exists, it may petition the circuit court of a participating political subdivision for the dissolution of the Commission. If the court shall determine that the need for the Commission as set forth in this act no longer exists and that all debts and pecuniary obligations of the Commission have been fully paid or provided for, it may enter an order dissolving the Commission.

Upon such dissolution, the court shall order the assets of the Commission distributed to the participating political subdivisions in proportion to their respective contributions theretofore made to the Commission.

The Commission, each participating political subdivision and all holders of the Commission's bonds shall be made parties to any such proceeding and shall be given notice as provided by law. Any party defendant may reply to such petition at any time within six months after the filing of the petition. From the final judgment of the court an appeal shall lie to the Virginia Supreme Court. (1980, c. 380)

§ 29. Agreement with Commonwealth and participating political subdivisions.

The Commonwealth and, by participating in the Commission, each participating political subdivision pledge to and agree with the holders of any bonds issued by the Commission that neither the Commonwealth nor any participating political subdivision will limit or alter the rights hereunder vested in the Commission to fulfill the terms of any agreements made with said holders or in any way impair the rights and remedies of said holders until such bonds are fully met and discharged. The Commission is authorized to include this pledge and agreement in any contract with the holders of the Commission's bonds. (1980, c. 380)

§ 30. Liberal construction.

Neither this act nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the Commission might otherwise have under any laws of this Commonwealth, and this act is cumulative to any such powers. This act does and shall be construed to provide a complete, additional, and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws. However,

the issuance of bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds, notes or other obligations, and contracts for the construction and acquisition of any facility undertaken pursuant to this act need not comply with the provisions of any other law applicable to contracts for the construction and acquisition of State-owned property. No proceedings, notice or approval shall be required for the issuance of any bonds or any instrument as security therefor, except as is expressly provided in this act. The provisions of this act are severable, and, if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this act. (1980, c. 380)

§ 31. Application of zoning ordinances, service charges and taxes upon leaseholds.

Nothing herein contained shall be construed to exempt the Commission's property from any applicable zoning ordinance of a political subdivision in which such property is located. Nor shall anything herein contained exempt the property of the Commission from any service charge authorized by the General Assembly pursuant to Article X, Section 6(g) of the Constitution of Virginia, or exempt any lessee of any of the Commission's property from any tax imposed upon his leasehold interest in such property or upon the receipts derived therefrom. Each member shall continue to serve until his successor shall be duly appointed and qualified. The Authority shall annually elect one of its members to serve as chairman, and another member to serve as vice chairman. The members of the Authority shall be entitled to reimbursement for their expenses incurred in attendance at the meetings of the Authority, or while otherwise engaged in the discharge of their duties, but they shall otherwise serve without compensation.

Three members shall be appointed by the Charlottesville City Council; three members shall be appointed by the Albemarle County Board of Supervisors; and one member shall be appointed by the joint action of the Council and Board of Supervisors. The Commission shall be advisory only to the Authority in its operation of the Airport. (2003, c. [864](#))

§ 8. Powers.

18. To borrow money on a short-term basis and issue from time to time its notes therefor, payable on such terms, conditions or provisions as it may deem advisable;

19. To issue revenue bonds of the Authority for any of its purposes, and to refund its bonds, all as provided in this act;

22. To do all things necessary or convenient to carry out the purposes of this act and the powers expressly granted herein. (2003, c. [864](#))

§ 9. Rules and regulations.

A. The Authority shall have the power to adopt, amend, and repeal rules and regulations pertaining to the use, maintenance and operation of its facilities and governing the conduct of persons using its facilities, including, without limitation, the power to specify penalties for violations thereof and the power to enforce such rules and regulations through appropriate legal and administrative proceedings.

B. The Authority's rules and regulations relating to (i) motor vehicle traffic and parking, including but not limited to motor vehicle speed limits and the location of and payment for public parking; (ii) access to and use of Authority facilities, including but not limited to solicitations, picketing and the conduct of commercial activities; and (iii) aircraft operation and maintenance shall have the force and effect of law, the same as an ordinance enacted by a locality, as shall any other rule or regulation of the

Authority that contains a determination by the Authority that it is necessary in the interest of public safety to accord the rule or regulation the same force and effect of law. The rules of criminal procedure and evidence that apply throughout the Commonwealth shall apply to the initiation and adjudication of any case involving the violation of any Authority rule or regulation having the force or effect of law.

C. Unless the Authority shall by unanimous vote of all members present determine that an emergency exists, the Authority shall, prior to the adoption of any rule or regulation having the force or effect of law, or the alteration, amendment or modification of any such rule or regulation:

1. Make such rule, regulation, alteration, amendment, or modification in convenient form available for public inspection in the office of the Authority for at least 10 days;
2. Publish a notice in a newspaper of general circulation in the participating political subdivisions in which the Authority's facilities are located, declaring the Authority's intention to consider adopting such rule, regulation, alteration, amendment, or modification and informing the public that the Authority will hold a public hearing at which any person may appear and be heard for or against the adoption of such rule or regulation or such alteration, amendment, or modification, on a day and at a time to be specified in the notice, after the expiration of at least 10 days from the day of the publication thereof; and
3. Hold the public hearing on the day and at the time specified in such notice or any adjournment thereof, and hear persons appearing for or against such rule, regulation, alteration, amendment, or modification.

D. The Authority's rules and regulations shall be available for public inspection in the Authority's principal office.

E. The violation of any rule or regulation of the Authority relating to motor vehicle traffic shall be classified, tried and punished in the same manner as if it had been committed on the public highways and roads of the County of Albemarle. The violation of any other Authority rule or regulation having the force and effect of law shall be a Class 1 misdemeanor, unless a lesser criminal penalty is set by the Authority in the rule or regulation.

F. The courts of this Commonwealth shall take judicial notice of all the Authority's regularly adopted rules and regulations. For the convenience of any court that may regularly hear cases arising under the Authority's rules and regulations having the force and effect of law, the Authority may certify to the clerk of such court an authentic copy of such rules and regulations. Any such certification, when signed by the Authority's secretary, shall be accepted as evidence of the rules and regulations therein stated.

G. With respect to the violation of any statute of the Commonwealth, local ordinance of the participating political subdivision in which the Authority's facilities are located, or of any Authority rule or regulation having the force and effect of law occurring at the Authority facilities:

1. The matter shall be within the jurisdiction of the state courts of the County of Albemarle, the same as other traffic and criminal offenses occurring within said county;
2. The attorney for the Commonwealth shall have authority to prosecute such offenses in the name of the Commonwealth or County of Albemarle, as appropriate, and the county attorney, if otherwise authorized to prosecute offenses in the name of the County, shall have authority to prosecute such offenses in the name of the County; and
3. Sheriffs and clerks of the courts shall provide those same services and exercise those same powers with respect to the Authority facilities within their jurisdiction as for their political subdivision. (2003, c. [864](#))

§ 10. Police powers.

A. The Authority is authorized to establish and maintain a regular police force and to confer police powers to be exercised with respect to offenses occurring on the Authority facilities upon its employees meeting the minimum requirements of the Department of Criminal Justice Services. Such police officers shall have all powers vested in police officers under Chapter 17 of Title 15.2, Chapter 11 of Title 16.1, Title 18.2, Title 19.2 and Title 46.2 of the Code of Virginia, as those titles may be amended from time to time, and shall be responsible upon the Authority facilities and within 300 yards of the Authority facilities for enforcing the laws of the Commonwealth, the Authority's rules and regulations and all other applicable statutes, ordinances, rules and regulations. Such police officers may issue summons to appear, or arrest on view or on information without warrant as permitted by law, and conduct before any judicial officer of competent jurisdiction any person violating, upon or within any Airport facilities, any rule or regulation of the Authority, any ordinance or regulation of the participating political subdivision in which the Authority facilities are located, or any other law of the Commonwealth. The sheriff and police force of the County of Albemarle shall have concurrent jurisdiction with the police force established herein at the Authority facilities.

B. The Department of State Police shall exercise the same powers upon Authority facilities as elsewhere within the Commonwealth.

C. The Authority may enter into reciprocal or mutual aid agreements with the participating political subdivision in which the Authority facilities are located, the Commonwealth or the United States government, or any agency thereof, or any combination of the foregoing, for cooperation in the furnishing of police services. (2003, c. [864](#))

A. The Authority is authorized to acquire, by purchase, lease, gift, condemnation or otherwise, within or without its boundaries, all such real or personal property, including land, waters, and any easements, interests or privileges therein, as may be necessary for Airport facilities and purposes, including, without limitation: airport landing fields and runways, and such aviation easements and other interests and privileges outside the boundaries of the Airport, as may be reasonably necessary to ensure safe approaches and the safe operation thereof and to adequately locate and mark objects or structures or uses of land that are hazardous to aircraft; navigation aids and facilities; facilities referenced within § [25-232.2](#) of the Code of Virginia; streets and roads; and water, sewer and other utility facilities. Any lands, easements or privileges acquired, owned, controlled or occupied by the Authority under the provisions of this act are hereby declared to be acquired, owned, controlled or occupied for a public purpose, and as a matter of public necessity; and such lands, easements and privileges so acquired, owned, controlled or occupied are hereby declared to be acquired, owned, controlled or occupied for public, governmental purposes, and to be within the definition of property acquired for public uses as such term is used in Article I, Section 11 of the Constitution of Virginia.

B. The Authority is hereby granted full power to exercise the right of eminent domain in the acquisition of lands and easements, or other real and personal property, or any interests or privileges therein, within or without its boundaries, which are necessary for Airport facilities and purposes. Proceedings for the acquisition of any property by condemnation may be instituted and conducted in the name of the Authority in accordance with Title 25 of the Code of Virginia.

C. In connection with any project wherein the power of eminent domain may be exercised, the Authority, acting through its duly authorized officers, agents or employees, is hereby authorized to enter upon any land, water or premises for the purpose of making surveys, borings, soundings, appraisals or examinations for the purpose of determining the suitability of such property for the project involved, and such entry shall not be deemed a trespass, but the Authority shall make reimbursement for any actual damages resulting from such entry. Provided, however, that unless written permission shall have previously been obtained, the Authority shall not enter upon any such land, water or premises until it has, by certified mail, requested permission from the owner thereof to effect such entry, 15 days prior to the date such entry is proposed to be made. Such date shall be set forth in the request for permission for entry. In the event written permission from such owner is not received prior to the time such entry is proposed, the Authority shall, by certified mail, notify such owner that it proposes to enter such land, water, or premises on a date not less than 15 days from the date such notice is mailed.

D. All public agencies and commissions of the Commonwealth, with the approval of the Governor, and each of the participating political subdivisions are authorized, without the necessity for any advertisement, order, court action, or other action or formality, are hereby authorized and empowered to: lease, lend, grant, donate, transfer or convey to the Authority, upon such terms and conditions as

may be mutually agreed upon, any real, personal, or mixed property, including money, which may be necessary or convenient to the effectuation of the purposes of the Authority, including public highways and other property already devoted to public use; to provide services to the Authority; and to make appropriations to the Authority for the acquisition, construction, maintenance, and operation of the Airport facilities. The Authority may agree to assume, or may agree to reimburse a participating political subdivision for, any indebtedness incurred by such political subdivision with respect to property conveyed by it to the Authority. With the consent of the governing body of such political subdivision, any such agreement may be made subordinate to the Authority's indebtedness to others.

E. The powers herein granted to the Authority include the power to establish, maintain and operate the Airport, its landing areas and other air navigation facilities, in, over and upon any public waters of the Commonwealth, or any submerged land under such public waters, within the limits or jurisdiction of, or bordering on, the participating political subdivisions.

F. Lands, easements, privileges and other property interests may be acquired by the Authority using the procedures in §§ 33.1-133 through 33.1-136 of the Code of Virginia, where applicable. (2003, c. [864](#))

§ 12. Contracts with political subdivisions.

The Authority is authorized to enter into contracts with any political subdivision, or with the United States government, for the joint exercise of any powers, privileges or authority enjoyed by the Authority and such political subdivisions or United States government, or for the provision of facilities or services specified within such contract. Such contracts may restrict the powers of the Authority otherwise granted by this act. Any such contract may provide for monetary payments or other consideration as mutually agreed by the parties. Any such contract or agreement with a political subdivision may provide that the political subdivision will make payments to the Authority based on the services rendered by the Authority to the residents of such political subdivision, determined in such reasonable manner as the Authority and the political subdivision may mutually agree. Each political subdivision entering into a contract with the Authority is authorized to do everything necessary or proper to carry out and perform such contract and to provide for the payment or discharge of any obligation thereunder by the same means and in the same manner as any other of its obligations. (2003, c. [864](#))

§ 13. Trust funds.

All moneys received pursuant to the authority of this act, whether as proceeds from the sale of bonds, as revenues, or as grants, appropriations or other funds provided by federal, state or local governments, shall be deemed to be trust funds to be held and applied solely as provided in this act. The Authority may, in the resolution authorizing any bonds, or within the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds and the revenues of the Authority to a trustee, which may be any trust company or bank having the powers of a trust company

within or without the Commonwealth, which shall act as trustee of the funds and hold and apply the same to the purposes of this act, subject to such regulations as this act and such resolution or trust agreement may provide. The trustee may invest and reinvest such funds in such securities as may be provided in the resolution authorizing the bonds or in the trust agreement securing such bonds. Funds of the Authority not needed for immediate use or disbursement may, subject to the provisions of any contract between the Authority and the holders of its bonds, be invested in securities that are considered lawful investments for fiduciaries. (2003, c. [864](#))

§ 14. Revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of any Authority Facilities. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Authority, and may be subject to redemption or repurchase before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The bonds may bear interest payable at such time or times and at such rate or rates as determined by the Authority or as determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by it. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provisions of this act or any recitals in any bonds issued under the provisions of this section, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this act.

Proceeds of revenue bonds shall be used solely for payment of the cost of Authority facilities, including improvements, and operating expenses, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of

such bonds or in the trust agreement securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts, certificates or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds that shall become mutilated, destroyed or lost. Bonds may be issued under the provisions of this section without obtaining the consent of any agency of the Commonwealth, and without any other proceedings, conditions or things not specifically required by this section. (2003, c. [864](#))

§ 15. Refunding bonds.

The Authority is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and if deemed advisable by the Authority, for either or both of the following additional purposes: constructing improvements, extensions or enlargement of any Authority facilities in connection with which the bonds to be refunded shall have been issued, and paying all or any part of the cost of any additional Authority facilities. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect to the same, shall be governed by the provisions of this act insofar as the same may be applicable. Revenue refunding bonds issued under this section may be sold or exchanged for outstanding bonds issued under this act and, if sold, the proceeds thereof may be applied to the purchase, redemption or payment of such outstanding bonds. (2003, c. [864](#))

§ 16. Bonds as legal investments.

Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of

the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law. (2003, c. [864](#))

§ 17. Credit of Commonwealth and political subdivisions not pledged.

Revenue bonds issued under the provisions of this act shall not constitute a debt of the Commonwealth or of any political subdivision thereof, nor shall they constitute a pledge of the faith and credit of the Commonwealth or of any political subdivision thereof. Such bonds shall be payable solely from the funds herein provided therefor. The issuance of revenue bonds under the provisions of this act shall not directly, indirectly, or contingently obligate the Commonwealth or any political subdivision to the payment thereof or to the levy or pledge of any form of taxation whatever. All such revenue bonds shall contain a statement on their face substantially to this effect. Expenses incurred by the Authority in carrying out the provisions of this act shall be payable from funds provided under the provisions of this act, and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this act. (2003, c. [864](#))

§ 18. Trust agreement.

In the discretion of the Authority, any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the power of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the fees and other revenues to be received, but shall not convey or mortgage the Airport or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the Airport and its facilities, the rates or fees or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth that may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the Airport. (2003, c. [864](#))

§ 19. Revenues.

The Authority is hereby authorized to fix, revise, charge and collect fees or other charges for the use of the Airport and its facilities, to contract with any person, partnership, association or corporation desiring the use of any part thereof (including the right-of-way adjoining the Airport, for placing thereon telephone, telegraph, electric light or power lines), and to fix the terms, conditions, rents and fees or other charges for such use. Such fees or other charges shall be so fixed and adjusted in respect of the aggregate of fees or other charges from the Airport as to provide a fund sufficient with other revenues, if any, (i) to pay the cost of maintaining, repairing and operating the Airport and its facilities, (ii) to pay the principal of and interest on such bonds as the same shall become due and payable, and (iii) to create reserves for such purposes. The fees and other charges and all other revenues derived from the Airport, except such part thereof as may be necessary to pay the cost of maintenance, repair and operation and provide such reserves as may be provided for in the resolution authorizing the issuance of any bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund that is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. So long as any of its bonds are outstanding, the fees and other charges and other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (2003, c. [864](#))

§ 20. Remedies of bondholders.

Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement, may either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth, or granted by this act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such agreement or resolution to be performed by the Authority or by any officer or agent thereof including the fixing, charging and collection of fees or other charges. (2003, c. [864](#))

§ 21. Members and persons executing bonds not liable thereon.

Neither the members of the Authority nor any person executing the bonds shall be liable personally on the Authority's bonds by reason of the issuance thereof. (2003, c. [864](#))

§ 22. Exemption from taxation.

The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of the Airport by the Authority will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the Airport or its facilities, or any property acquired or used by the Authority under the provisions of this act, or upon the income therefrom. Any bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth of Virginia and by any municipality, county or other political subdivision thereof. (2003, c. [864](#))

§ 23. Jurisdiction of courts; liability for torts.

A. The courts of the Commonwealth shall have original jurisdiction of all actions brought by or against the Authority, and those courts shall, in all cases, apply the law of the Commonwealth.

B. The Authority shall not be liable for any torts occurring in the performance by it, or any of its members, officers, employees and agents, committed or occurring in the performance of a governmental function.

C. Nothing in this act shall be construed as a waiver by the Commonwealth, or of any of its political subdivisions, including the Authority, of any immunity from suit. (2003, c. [864](#))

§ 24. Liberal construction.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes hereof. Neither this act nor anything herein contained is or shall be construed as a restriction or limitation upon any powers that the Authority might otherwise have under any laws of this Commonwealth. This act shall be construed to provide a complete, additional, and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws. However, the issuance of bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds, notes or other obligations, and contracts for the construction and acquisition of any facility undertaken pursuant to this act need not comply with the provisions of any other law applicable to contracts for the construction and acquisition of state-owned property. No proceedings, notice or approval shall be required for the issuance of any bonds or any instrument as security therefor, except as is expressly provided within this act. All general or special laws inconsistent with any provisions of this act are hereby declared to be not applicable to the provisions of this act. (2003, c. [864](#))

§ 25. Constitutional construction.

The provisions of this act are severable, and if any provisions hereof shall be held unconstitutional by a court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this act. It is hereby declared to be the legislative intent that this act would have been adopted had any such unconstitutional provisions not been included herein. (2003, c. [864](#))

§ 26. Application of zoning ordinances, service charges and taxes upon leaseholds.

Nothing herein contained shall be construed to exempt the Authority's property from any applicable zoning ordinance of a political subdivision in which such property is located. Nor shall anything herein contained exempt the property of the Authority from any service charge authorized by the General Assembly pursuant to Article X, Section 6 (g) of the Constitution of Virginia, or exempt any lessee of any of the Authority's property from any tax imposed upon his leasehold interest in such property or upon the receipts derived therefrom. Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth of Virginia or of any county, city, district or political subdivision thereof, or a pledge of the faith and credit for the Commonwealth, or of any county, city, district or political subdivision thereof, but such bonds shall be payable solely from the funds herein provided therefor from tolls and revenues. The issuance of revenue bonds under the provisions of this act shall not directly or indirectly or contingently obligate the Commonwealth or any county, city or district therein or any political subdivision therefor to levy or to pledge any form of taxation whatever therefor. All such revenue bonds shall contain a statement on their face substantially to the foregoing effect. (1966, c. 133)

§ 3. "Chesapeake Airport Authority."

There is hereby created and constituted a political subdivision of the Commonwealth to be known as the "Chesapeake Airport Authority". The exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of the project authorized by this act shall be deemed and held to be the performance of an essential governmental function.

The Authority shall annually elect one of its members as chairman and another as vice-chairman and shall also elect annually a secretary-treasurer, who may or may not be a member of the Authority.

The secretary-treasurer shall keep a record of the proceedings of the Authority and shall be custodian of all books, documents and papers filed with the Authority and of the minute book or journal of the Authority and of its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies, and all persons dealing with the Authority may rely upon such certificates.

Five members of the Authority shall constitute a quorum and the affirmative vote of five members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

(1966, c. 133; 1975, c. 194; 2017, cc. [541](#), [557](#); 2022, c. [390](#))

The Authority is hereby authorized and empowered:

- (a) to adopt bylaws for the regulation of its affairs and the conduct of its business;
- (b) to adopt an official seal and alter the same at pleasure;
- (c) to determine the location of the project, to determine, in its discretion and without reference to any other provisions of any State law, the design standards and the materials of construction, and to construct, maintain, repair and operate the project;

- (d) to issue revenue bonds of the Authority for any of its purposes, payable solely from the tolls and revenues pledges for their payment, and to refund its bonds, all as provided in this act;

- (i) to sue and be sued in its own name, plead and be impleaded;
- (j) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act; and
- (k) to do all acts and things necessary or convenient to carry out the powers expressly granted in this act. (1966, c. 133)

§ 5. Acquisition of property.

(a) The Authority is hereby authorized and empowered to acquire by purchase solely from funds provided under the provisions of this act, such lands, structures, property, rights, rights of way, franchises, easements and other interests in lands as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and the commissions of the Commonwealth, with the approval of the Governor, and the city of Chesapeake, notwithstanding any contrary provisions of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public highways and other real property already devoted to public use.

(b) The Authority is authorized and empowered to acquire by the exercise of the power of eminent domain limited to the definition of "project" as set forth herein, any lands, property, rights, rights of way, franchises, easement and other property, including public lands, parks, playgrounds, reservations, highways or parkways, or parts thereof or rights therein, of any person, copartnership, association, public service, public utility or other corporation, or of the county deemed necessary or convenient for the construction or the efficient operation of the project or property damaged or destroyed, whenever a reasonable price cannot be agreed upon or whenever the Authority cannot agree on the terms of purchase or settlement with the owner or owners because of the incapacity of such owner or owners are nonresidents of the Commonwealth, or are unknown, or are unable to convey valid title to such property. Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the Commonwealth applicable to the exercise of the power of eminent domain in the name of the State Highway Commissioner and subject to the provisions of § 25-233 of the Code of Virginia, 1950, as fully as if the Authority were a corporation possessing the power of eminent domain; provided, however, that title to any property condemned by the Authority shall immediately vest in the Authority, and the Authority shall be entitled to the immediate possession of such property upon the deposit with the clerk of the court in which such condemnation proceedings are originated, of the total amount of the appraised price of the property and court costs and fees as provided by said laws, notwithstanding that any of the parties to such proceedings shall appeal from any occasion in such condemnation proceedings. Whenever the Authority shall make such deposit in connection with any condemnation proceeding, the making of such deposit shall not preclude the Authority from appealing any decision rendered in such proceedings. Upon the deposit with the clerk of the court of the appraised price, any person or person entitled thereto may, upon petition to the court, be paid his or their pro rata share of 90% of such appraised price. The acceptance of such payment shall not preclude such person or persons from appealing any decision rendered in such proceedings. If the appraisement is greater or less than the amount finally determined by the decision in such proceeding or by an appeal, the amount of the increase or decrease shall be paid by or refunded to the Authority.

The terms "appraised price" and "appraisement" as used in this section mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

The acquisition of any such property by condemnation or by the exercise of the power of eminent domain shall be and is hereby declared to be a public use of such property.

(c) Title to any property acquired by the Authority shall be taken in the name of the Authority.

(d) In any eminent domain proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the Authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security nor any act or

obligation of the Authority shall impose any liability upon the Commonwealth or upon any county, or other political subdivision of the Commonwealth.

(e) If the owner, lessee or occupier of any property to be condemned or otherwise acquired shall refuse to remove his property therefrom or give up possession thereof, the Authority may proceed to obtain possession in any manner provided by law. (1966, c. 133)

§ 6. Revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall earn interest at such rate or rates shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bond and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provision of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this act.

The proceeds of the bonds shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error or of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the

proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provision of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act. (1966, c. 133; 1971, c. 96)

§ 7. Trust agreement.

In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project, the rates of toll or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project. (1966, c. 133)

§ 8. Revenues.

The Authority is hereby authorized to fix, revise, charge and collect tolls or other charges for the use of the project and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right of way adjoining the airport for placing thereon telephone, telegraph, electric light or power lines, and to fix the terms, conditions, rents and rates of charges for such use. Such tolls or other charges shall be so fixed and adjusted in respect of the aggregate of tolls

or other charges from the project as to provide a fund sufficient with other revenues if any, to pay (a) the cost of maintaining, repairing and operating such project and (b) the principal of and interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. The tolls and all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operating and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls and other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution or any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1966, c. 133)

§ 9. Trust funds.

All moneys received pursuant to the provisions of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act. The Authority shall, in the resolution authorizing the bonds or in the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds and the revenues to be received by a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this act, subject to such regulations as this act and such resolution or trust agreement may provide. The trustee may invest and reinvest such funds in such securities as may be provided in the resolution authorizing the bonds or in the trust agreement securing such bonds. (1966, c. 133)

§ 10. Remedies.

Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given, may be restricted by such trust agreement, may either at law or in equity, by suit, action, injunction, mandamus

or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such agreement or resolution to be performed by the Authority or by an officer or agent thereof including the fixing, charging and collection of tolls or other charges. (1966, c. 133)

§ 11. Exemption from taxation.

The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of the project by the Authority will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the project or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county or other political subdivisions thereof. (1966, c. 133)

§ 12. Revenue refunding bonds.

The Authority is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions or enlargements of the project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this act insofar as the same may be applicable. (1966, c. 133)

§ 13. Act liberally construed.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof. (1966, c. 133)

§ 14. Constitutional construction.

The provisions of this act are severable and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions of this act. It is hereby declared to be the legislative intent that this act would have been adopted had such unconstitutional provisions not been included herein. (1966, c. 133)

§ 15. Inconsistent laws inapplicable.

All other general or special laws inconsistent with any provisions of this act are hereby declared to be inapplicable to the provisions of this act. (1966, c. 133)

§ 33.2-2204. Additional powers of the Commission

The Commission has the power:

1. To construct grade separations at intersections of the project with public highways and to change and adjust the lines and grades of such highways so as to accommodate the same to the design of such grade separation. The cost of such grade separations and any damage incurred in changing and

adjusting the lines and grades of such highways shall be ascertained and paid by the Commission as a part of the cost of the project.

2. To change the location of any portion of any public highway. The Commission shall cause the portion of the public highway to be reconstructed at such location as the Commission deems most favorable and of substantially the same type and in as good condition as the original highway. The cost of such reconstruction and any damage incurred in changing the location of any such highway shall be ascertained and paid by the Commission as a part of the cost of the project.

Any public highway affected by the construction of the project may be vacated or relocated by the Commission in the manner now provided by law for the vacation or relocation of public roads, and any damages awarded on account thereof shall be paid by the Commission as a part of the cost of the project.

3. To enter upon any lands, waters, and premises in the Commonwealth, along with its authorized agents and employees, for the purpose of making surveys, soundings, drillings, and examinations as they may deem necessary or convenient for the purposes of this chapter, and such entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry under any condemnation proceedings that may be then pending. The Commission shall make reimbursement for any actual damage resulting to such lands, waters, and premises as a result of such activities.

4. To make reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation, and removal of tracks, pipes, mains, conduits, cables, wires, towers, poles, and other equipment and appliances (herein called "public utility facilities") of any public utility in, on, along, over, or under the project. When public utility facilities that are or may be located in, on, along, over, or under the project should be relocated in the project, or should be removed from the project, the public utility owning or operating such facilities shall relocate or remove the same in accordance with the order of the Commission, provided that the cost and expenses of such relocation or removal, including the cost of installing such facilities in a new location, and the cost of any lands, or any rights or interests in lands, and any other rights, acquired to accomplish such relocation or removal, shall be ascertained and paid by the Commission as a part of the cost of the project. In case of any such relocation or removal of facilities, the public utility owning or operating the facilities, its successors or assigns, may maintain and operate such facilities, with the necessary appurtenances, in the new location, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate such facilities in their former location.

The Commonwealth hereby consents to the use of all lands owned by it, including lands lying under water, that are deemed by the Commission to be necessary for the construction or operation of the project.

1956, c. 693; 2014, c. [805](#).

§ 33.2-2205.Regulations of the Commission; enforcement

The Commission shall have power:

1. To adopt and enforce reasonable regulations that, after publication one time in full in a newspaper of general circulation published in or having general circulation in the City of Virginia Beach and a newspaper of general circulation published in or having general circulation in the County of Northampton and when posted where the using public may conveniently see such regulations, shall have the force and effect of law as to (i) maximum and minimum speed limits applicable to motor vehicles using the project and other property under control of the Commission; (ii) the types, kinds, and sizes of the vehicles that may use the project; (iii) the nature, size, type, or kind of materials or substances that shall not be transported through or over the project; and (iv) such other regulations as may be necessary or expedient in the interest of public safety with respect to the use of the project.
2. To punish a violation of the regulations provided for in subdivision 1 as follows:
 - a. If a violation would have been a violation of law or ordinance if committed on any public street or highway in the locality in which such violation occurred, it shall be tried and punished in the same manner as if it had been committed on such public street or highway.
 - b. If a violation occurs within one jurisdiction and is punishable within another jurisdiction, the court trying the case shall, if the accused is found guilty, apply the punishment that is prescribed for offenses occurring within the jurisdiction of the court trying the case.
 - c. All other violations shall be punishable as a Class 1 misdemeanor.
3. To appoint and employ police to enforce within the area under the control of the Commission the regulations adopted by the Commission and the laws of the Commonwealth. Such police shall have the powers vested in police officers under §§ [15.2-1704](#) and [52-8](#), which sections shall apply, mutatis mutandis, to police appointed pursuant to this chapter.

Such police appointed by the Commission may issue summons to appear, or arrest on view or on information without warrant as permitted by law, within the jurisdiction of the Commonwealth, and conduct before any police or county court of any political subdivision into which the project extends any person violating, within or upon the project or other property under the control of the Commission, any rule or regulation of the Commission or any law of the Commonwealth pertaining to the regulation and control of highway traffic on any bridge or tunnel owned or operated by the Commission, including all entrance or exit plazas and approaches adjacent or appurtenant thereto and any rule or regulation regarding the payment of tolls.
4. For the purpose of enforcing such laws and regulations, the courts of the City of Virginia Beach and the County of Northampton have concurrent jurisdiction of criminal offenses that constitute violations of the laws and regulations of the Commission.

1954, c. 693; 1962, c. 228; 1964, c. 348; 2014, c. [805](#); 2015, c. [256](#).

§ 33.2-2206. Acquisition of property

The Commission is hereby authorized and empowered to acquire by purchase, whenever it deems such purchase expedient, solely from funds provided under the authority of this chapter, such lands, structures, rights-of-way, property, rights, franchises, easements, and other interests in lands, including lands lying under water and riparian rights, that are located within the Commonwealth as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof, and to take title thereto in the name of the District.

All localities and political subdivisions and all public agencies and commissions of the Commonwealth, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant, or convey to the District at the Commission's request upon such terms and conditions as the proper authorities of such localities, political subdivisions, agencies, or commissions of the Commonwealth may deem reasonable and fair and without the necessity for any advertisement, order of court, or other action or formality, other than the regular and formal action of the authorities concerned, any real property that may be necessary or convenient to the effectuation of the authorized purposes of the Commission, including public highways and other real property already devoted to public use.

Whenever a reasonable price cannot be agreed upon, or whenever the owner is legally incapacitated or is absent, unknown, or unable to convey valid title, the Commission is hereby authorized and empowered to acquire by condemnation or by the exercise of the power of eminent domain any lands, property, rights, rights-of-way, franchises, easements, and other property, including public lands, parks, playgrounds, reservations, highways, or parkways, or parts thereof or rights therein, of any person, partnership, association, railroad, public service, public utility or other corporation, municipality, or political subdivision deemed necessary or convenient for the construction or the efficient operation of the project or necessary in the restoration of public or private property damaged or destroyed. Such proceedings shall be in accordance with and subject to the provisions of any and all laws applicable to condemnation of property in the name of the Commissioner of Highways under the laws of the Commonwealth. Title to any property acquired by the Commission shall be taken in the name of the District. In any condemnation proceedings, the court having jurisdiction of the suit, action, or proceeding may make such orders as may be just to the Commission and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Commission to accept and pay for the property, but neither such undertaking or security nor any act or obligation of the Commission shall impose any liability upon the District except as may be paid from the funds provided under the authority of this chapter.

If the owner, lessee, or occupier of any property to be condemned refuses to remove his personal property therefrom or give up possession thereof, the Commission may proceed to obtain possession in any manner provided by law.

With respect to any railroad property or right-of-way upon which railroad tracks are located, any powers of condemnation or of eminent domain may be exercised to acquire only an easement interest therein, which is located either sufficiently far above or sufficiently far below the grade of any railroad track upon such railroad property so that neither the proposed project nor any part thereof, including any bridges, abutments, columns, supporting structures, and appurtenances, nor any traffic upon it interferes in any manner with the use, operation, or maintenance of the trains, tracks, works, or appurtenances or other property of the railroad nor endanger the movement of the trains or traffic upon the tracks of the railroad. Prior to the institution of condemnation proceedings for such easement over or under such railroad property or right-of-way, plans and specifications of the proposed project showing compliance with the above-mentioned above or below grade requirements and showing sufficient and safe plans and specifications of such overhead or undergrade structure and appurtenances shall be submitted to the railroad for examination and approval. If the railroad fails or refuses within 30 days to approve the plans and specifications so submitted, the matter shall be submitted to the State Corporation Commission, as to the sufficiency and safety of such plans and specifications and as to such elevations or distances above or below the tracks. Said overhead or undergrade structure and appurtenances shall be constructed only in accordance with such plans and specifications and in accordance with such elevations or distances above or below the tracks so approved by the railroad or the State Corporation Commission. A copy of the plans and specifications approved by the railroad or the State Corporation Commission shall be filed as an exhibit with the petition for condemnation. The cost of any such overhead or undergrade projects and appurtenances and any expense and cost incurred in changing, adjusting, relocating, or removing the lines and grades of such railroad in connection with the project shall be paid by the Commission as a part of the cost of the project.

1956, c. 714; 2014, c. [805](#).

§ 33.2-2207. Consent of Commonwealth to use subaqueous soil of the Chesapeake Bay

The Commonwealth hereby consents to the use by the Commission, in any manner whatsoever in the performance of its duties, of all lands lying under the waters of the Chesapeake Bay that are within the Commonwealth and are deemed by the Commission to be necessary for the construction or operation of the project.

1954, c. 693; 2014, c. [805](#).

§ 33.2-2208. Revenue bonds

The Commission is hereby authorized to provide by resolution for the issuance of revenue bonds of the District for any one or more of the following purposes: (i) paying all or a part of the cost of all or a part of the project and (ii) refunding any outstanding revenue bonds of the District that have been issued under the provisions of this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate not exceeding six percent per year payable semiannually, shall mature at such time, not exceeding 40 years from their date, as may be determined by the Commission, and may be made redeemable before maturity, at the option of the Commission, at such price and under such terms and conditions as may be fixed by the Commission prior to the issuance of the bonds. The principal and interest of such bonds may be made payable in any lawful medium. The Commission shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination of the bonds and the place of payment of principal and interest thereof, which may be at any bank or trust company within or outside of the Commonwealth. If any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of the bonds, his signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until delivery. All revenue bonds issued under the provisions of this chapter shall have and are hereby declared to have, as between successive holders, all the qualities and incidents of negotiable instruments under the negotiable instruments law of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion of any bonds registered as to both principal and interest into coupon bonds. The Commission may sell such bonds in such manner and for such price as it may determine to be for the best interest of the District, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six percent per year computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding from such computations the amount of any premium to be paid on redemption of any bonds prior to maturity. The proceeds of such bonds shall be disbursed for the purposes for which such bonds shall have been issued under such restrictions, if any, as the resolution authorizing the issuance of such bonds or the trust indenture provided for in this chapter. If the bonds of a particular issue, by error of estimates or otherwise, are less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit and, unless otherwise provided in the resolution authorizing the issuance of the bonds or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose. If the proceeds of the bonds of any issue exceed the amount required for the purpose for

which such bonds are issued, the surplus shall be paid into the funds hereinafter provided for the payment of principal and interest of such bonds. Prior to the preparation of definitive bonds, the Commission may, under like restrictions, issue temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The Commission may also provide for the replacement of any bond that becomes mutilated or that has been destroyed or lost. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than the proceedings, conditions, and things that are specified and required by this chapter.

§ 33.2-2209. Bonds not to constitute a debt or pledge of taxing power

Revenue bonds issued under the provisions of this chapter shall not be deemed to constitute a debt of the District or of the Commonwealth or of any county, city, district, or political subdivision thereof, or a pledge of the faith and credit of the District or of the Commonwealth or of any county, city, district, or political subdivision thereof, but such bonds shall be payable solely from the funds herein provided therefor from tolls and other revenues. The issuance of revenue bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the District, the Commonwealth, or any county, city, district, or political subdivision thereof to levy or to pledge any form of taxation whatever therefor. All such revenue bonds shall contain a statement on their face substantially to the foregoing effect.

1956, c. 714; 2014, c. [805](#).

§ 33.2-2210. Trust indenture

In the discretion of the Commission any bonds issued under the provisions of this chapter may be secured by a trust indenture by and between the Commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside of the Commonwealth. Such trust indenture or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust indenture or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Commission in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the project in connection with which such bonds have been authorized, the rates of toll to be charged, and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth that may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission. Any such trust indenture may set forth the rights and remedies of the bondholders and of the trustee and may

restrict the individual right of action by bondholders. In addition to the foregoing, any such trust indenture or resolution may contain such other provisions as the Commission may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust indenture or resolution may be treated as a part of the cost of the operation of the project.

§ 33.2-2211.Revenues

The Commission is hereby authorized to fix, revise, charge, and collect tolls for the use of the project, and to contract with any person, partnership, association, or corporation desiring the use thereof, and to fix the terms, conditions, rents, and rates of charges for such use.

Such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the project in connection with which the bonds of any issue have been issued under the provisions of this chapter as to provide a fund sufficient with other revenues, if any, to pay (i) the cost of maintaining, repairing, and operating the project and (ii) the principal of and the interest on such bonds as the same become due and payable, and to create reserves for such purposes. Such tolls shall not be subject to supervision or regulation by any other commission, board, bureau, or agency of the Commonwealth. The tolls and all other revenues derived from the project in connection with which the bonds of any issue have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair, and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust indenture securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust indenture in a sinking fund that is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the Commission shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Commission, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Commission. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture. Except as may otherwise be provided in such resolution or such trust indenture, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

1956, c. 714; 2014, c. [805](#).

§ 33.2-2212.Cessation of tolls

When the bonds issued for the project and the interest thereon have been paid, or a sufficient amount has been provided for their payment and continue to be held for that purpose, the Commission shall cease to charge tolls for the use of the project, and thereafter the project shall be free, provided that the Commission shall thereafter charge tolls for the use of the project in the event that tolls are required for maintaining, repairing, and operating the project due to the lack of funds from sources other than tolls.

The Commission may, in any resolution or trust indenture authorizing or securing bonds under the provisions of this chapter, provide for combining the project and any public ferry service then being operated by the Commission for financing purposes, and for the continuance of tolls on the project and such public ferry service until all such bonds and the interest thereon have been paid or a sufficient amount for such purposes has been set aside in trust for the benefit of the bondholders.

§ 33.2-2214. Trust funds

The resolution authorizing the bonds of any issue or the trust indenture securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the moneys for the purposes provided in this chapter, subject to such regulations as this chapter and such resolution or trust indenture may provide.

1956, c. 714; 2014, c. [805](#).

§ 33.2-2215. Remedies

Members shall be compensated for their services in the amount of \$250 per attendance at each meeting, provided, however, that no member shall be compensated for participation in a meeting by electronic means when the member is not physically present at the meeting. Members shall take an appropriate oath of office and same shall be filed with the city clerk. Members shall elect on an annual basis one of their number as chairman and another as vice-chairman and shall also elect a secretary and treasurer for terms to be determined by them, who may or may not be one of the members. The same person may serve as both secretary and treasurer. The members shall make such rules, regulations and bylaws for their own government and procedure as they shall determine; they shall meet regularly at least once a month and may hold such special meetings as they deem necessary. (1966, c. 271; 1987, c. 396)

§ 4. The Authority may plan, design, construct, renovate, enlarge, equip, maintain and operate projects for the purpose of providing medical care and related services and other appropriate purposes. The Authority may lease, sell or otherwise convey any or all of its projects to others who agree to provide for the operation of the same if the Authority determines that such sale, lease or other conveyance will assist, promote or further the purposes and intent of this act, subject to the provisions of § 5 below.

"Projects" as used in this act shall mean any medical facilities and approaches thereto and appurtenances thereof. Medical facilities shall include any and all medical facilities and equipment, including, without limitation, hospitals, nursing homes, continuing care facilities, self-care facilities, medical office facilities, clinics, out-patient surgical centers, alcohol, substance abuse and drug treatment centers, laboratories, research facilities, sanitariums, hospices, facilities for the residence or care of the elderly, the handicapped or the chronically ill, residential facilities for nurses, interns, and physicians and any other kind of facility for the treatment of sick, disturbed or infirm persons, together with all related and supporting facilities and equipment necessary and desirable in connection therewith or incidental thereto, or equipment alone, including, without limitation, parking facilities, kitchen, laundry, laboratory, pharmaceutical, administrative, communications, computer and recreational facilities and equipment, storage space, mobile medical facilities, vehicles and other equipment necessary or desirable for the transportation of medical equipment or the transportation of patients.

For purposes of the previous sentence, the granting of mortgages, deeds of trust, security interests, and other liens as security for indebtedness or other obligations of the Authority shall not be considered a sale or other disposition nor shall approval of the City Council be required for any sale or other disposition resulting from the execution or foreclosure or other enforcement of such liens or other security devices. This power shall include the power to refinance all or any portion of the Authority's debt, to renegotiate the terms of all or any portion of such debt, and to retire all or any portion of such debt prior to its maturity date. (1966, c. 271; 1987, c. 396; 2006, c. [658](#))

(1987, c. 396; 2006, c. [658](#); 2019, cc. [249](#), [250](#))

- (i) To enter into agreements with such Authority respecting action to be taken by such county or municipality pursuant to any of the above powers. (1966, c. 271; 1987, c. 396)

§ 10. The Authority is hereby authorized to issue bonds from time to time in its discretion for the purpose of paying all or any part of the cost of any project within its service area or for the purpose of paying or refunding, at or prior to the maturity thereof, any bonds previously issued by the Authority, the Commonwealth or any agency or political subdivision thereof . The Authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds payable as to principal and interest from any one or more of the following: (a) its revenues generally; (b) the income and revenues of a particular project (including revenues from the sale of or lease of such project); (c) the income and revenues of certain designated projects, whether or not they are financed in whole or in part from the proceeds of such bonds; (d) the proceeds of the sale or lease of any project or projects, whether or not they are financed from the proceeds of such bonds; (e) funds realized from the enforcement of security interests or other liens securing such bonds; (f) proceeds from the sale of bonds of the Authority; (g) payments due under letters of credit, policies of bond purchase agreements or other credit enhancements securing payment of bonds of the Authority; (h) any reserve or sinking funds created to secure such payment; or (i) other available funds of the Authority; however, bonds issued to finance the construction or acquisition of projects that are not operating projects of the Authority shall not be payable from revenues of the Authority generally or from any revenues derived from operating projects. "Bonds" as used in this act shall include bonds, notes, revenue certificates and other evidences of indebtedness.

"Cost" as used in the previous paragraph shall mean costs of construction, acquisition of lands, structures, rights-of-way, franchises, easements and other property rights and interests; costs of demolition, removal or relocation of buildings or structures; costs of labor, materials, machinery and all other kinds of equipment; financing charges; interest on bonds and other borrowing in connection with a project prior to and during construction thereof and for a period not exceeding one year after the completion of such construction; costs of engineering, financial and legal services, plans, specifications, studies, surveys, estimates of costs and of revenues, feasibility studies, administrative expenses, including administrative expenses during the start-up of any facility; provisions for working capital to be used in connection with any project; reserve funds and other reserves for the payment of principal and interest on bonds; and all other expenses necessary, desirable or incidental to the construction and acquisition of projects, the financing of the same or placing of the same in operation.

Any such bonds may be additionally secured by a pledge of any grant or contribution from a participating political subdivision, the Commonwealth or any political subdivision, agency or instrumentality thereof, any federal agency or any unit, private corporation, copartnership, association, or individual, or a pledge of any income or revenues of the Authority, or a mortgage of or a deed of trust or other lien on or a security .interest in, any particular project or projects or other property of the Authority.

Neither the members of the Authority nor any person executing any bonds issued under the provisions of this act shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of the Authority (and such bonds and obligations shall so state on their face) shall not be a debt of the Commonwealth or any political subdivision thereof and neither the Commonwealth nor any political subdivision thereof other than the Authority shall be liable thereon, nor shall such bonds or obligations be payable out of any funds or properties other than those of the Authority. The bonds shall not constitute an indebtedness within the meaning of any debt limitation or restriction. Bonds of the Authority are declared to be issued for an essential public and governmental purpose. (1966, c. 271; 1987, c. 396)

§ 11. Bonds of the Authority shall be authorized by resolution and may be issued in one or more series, shall be dated, shall mature at such time or times not exceeding forty years from their date or dates and shall bear interest payable at such time or times at such rate or rates, as may be determined by the Authority, or as may be determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by the Authority, and may be made redeemable before maturity, at the option of the Authority at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bond, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and Interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and Interest. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payments of principal of and premium, if any, and interest on such bonds. The Authority may contract for the services of one or more banks, trust companies, financial institutions or other entities or persons, within or outside the Commonwealth, for the authentication, registration, transfer, exchange and payment of the bonds, or may provide such services itself. The Authority may sell such bonds in

such manner, either at public or private sale, and for such price, as It may determine to be for the best interests of the Authority.

Prior to the preparation of definitive bonds the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

Bonds may be issued under the provisions of this act without obtaining the consent of any commission, board, bureau or agency of the Commonwealth or of any political subdivision, and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this act. (1966, c. 271; 1971, c. 97; 1987, c. 396)

§ 12. In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust indenture by way of conveyance, deed of trust or mortgage of any project or any other property of the Authority, whether or not financed in whole or in part from the proceeds of such bonds, or by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth or by both such conveyance, deed of trust or mortgage and indenture or trust agreement. Such trust indenture or agreement, or the resolution providing for the issuance of such bonds may pledge or assign fees, rents and other charges to be received. Such trust indenture or agreement, or resolution providing for the issuance of such bonds, may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants providing for the repossession and sale by the Authority or any trustees under any trust indenture or agreement of any project, or part thereof, upon any default under the lease or sale of such project, setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of any project or other property of the Authority, the amounts of fees, rents and other charges to be charged, the collection of such fees, rents, and other charges, and the custody, safeguarding and application of all moneys of the Authority, and conditions or limitations with respect to the issuance of additional bonds. It shall be lawful for any national bank with its main office in the Commonwealth or any other state or any bank or trust company incorporated under the laws of the Commonwealth or another state which may act as depository of the proceeds of such bonds or of other revenues of the Authority to furnish indemnifying bonds or to pledge such securities as may be required by the Authority. Such trust indenture or agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders.

In addition to the foregoing, such trust indenture or agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders, including, without limitation, provisions for the assignment to a corporate trustee or escrow agent of

any rights of the Authority in any project owned by, or leases or sales of any projects made by, the Authority. All expenses incurred in carrying out the provisions of such trust indenture or agreement or resolution or other agreements relating to any project, including those to which the Authority may not be a party, may be treated as a part of the cost of a project. (1966, c. 271; 1987, c. 396)

§ 13. The Authority is hereby authorized to fix, revise, charge and collect fees, rents and other charges for the use of any project. Such fees, rents and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the principal and any interest on such bonds secured by or otherwise to be paid by such revenues, as the same shall become due and payable, to create reserves for such purposes and for other purposes of the Authority and to pay the cost of maintaining, repairing and operating the project. Such fees, rents and charges shall not be subject to supervision or regulation by any commission, board, bureau or agency of the Commonwealth or any such participating political subdivision. The fees, rents and other charges received by the Authority may be applied and set aside from time to time in the order and in the manner as may be provided in such resolution or trust indenture or agreement including application to a sinking fund which may be pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of such bonds retired by call or purchase as therein provided. All pledges of such fees, rents and other charges to payment of bonds shall be valid and binding from the time when the pledge is made. The fees, rents and charges so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture or agreement. Except as may otherwise be provided in such resolution or such trust indenture or agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1966, c. 271; 1987, c. 396)

§ 14. All moneys received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act. (1966, c. 271)

§ 15. Any holder of bonds, notes, certificates or other evidence of borrowing issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust indenture or agreement, except to the extent of the rights herein given may be restricted by such trust indenture or agreement, may, either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted

by this act or under such trust indenture or agreement or the resolution authorizing the issuance of such bonds, notes or certificates, and may enforce and compel the performance of all duties required by this act or by such trust indenture or agreement or resolution to be performed by the Authority or by any officer or agent thereof, including the fixing, charging and collection of fees, rents and other charges. (1966, c. 271)

§ 16. The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of any project which the Authority is authorized to undertake will constitute the performance of an essential governmental function, no authority shall be required to pay any taxes or assessments upon any project acquired and constructed by it under the provisions of this act; and the bonds, notes, certificates or other evidences of debt issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any political subdivision thereof. (1966, c. 271)

§ 17. Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligation is now or may hereafter be authorized by law. (1966, c. 271)

§ 18. This act shall constitute full and complete authority, without regard to the provisions of any other law, for the doing of the acts and things herein authorized, and shall be liberally construed to effect the purposes hereof. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this act. (1966, c. 271)

§ 5. Board of Commissioners.

A. The Authority shall be governed by a Board of Commissioners, consisting of five members appointed by the Council of the City. All powers and duties conferred upon the Authority shall be exercised by the Board of Commissioners.

No vacancy in the membership of the Board shall impair the right of a quorum to exercise all the powers and perform all the duties of the Board. The Board of Commissioners may hold such regular and special meetings as it may deem necessary or convenient.

D. A Commissioner shall receive no salaries, but shall be reimbursed for necessary traveling and other expenses incurred while engaged in the performance of their duties.

E. A Commissioner may be removed from office by the Council of the City for malfeasance, misfeasance, incompetency or gross neglect of official duty, but a Commissioner may be removed only after he shall have been given a copy of the charges against him, at least ten days prior to the hearing thereon before the Council, and had an opportunity to be heard in person or by counsel. In event of the removal of a Commissioner, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the City Clerk.

F. Any meeting of the Board of Commissioners at which formal action is taken shall be open to the public. The Board shall keep detailed minutes of its proceedings, which shall be open to public inspection at all times. It shall keep suitable records of its financial transactions and, unless exempted by § 2.1-164 of the Code of Virginia, it shall arrange to have the same audited annually. To lease to others any or all Authority facilities and to charge and collect rent therefor and to terminate any such lease upon the failure of the lessee to comply with any of the provisions thereof; and to include in any such lease, if desired, a provision that the lessee thereof shall have options to renew such lease or to purchase any or all of leased Authority facilities, or that upon payment of all of the indebtedness of the Authority it may lease or convey any or all Authority facilities to the lessee thereof with or without consideration.
6. To sell, exchange, donate and convey any or all Authority facilities or properties whenever its Board of Commissioners shall find any such action to be in furtherance of the purposes for which the Authority was organized.
7. To issue bonds for the purpose of carrying out any of its powers, and to secure the same as provided herein.

14. To appoint a Ports Advisory Committee, consisting of such number of persons as the Board of Commissioners may deem advisable to advise the Authority. Members of the Committee shall not receive any compensation for their services, but may be reimbursed for necessary traveling and other expenses incurred while on the business of the Authority.

15. To undertake or make arrangements for the dredging of approaches to any harbor or seaport facility in the Port of Chesapeake and to construct shipping facilities and transportation facilities in the Port of Chesapeake.

16. To issue periodicals and carry and charge for advertising therein.

17. To borrow money and to accept contributions, grants and other financial assistance from the United States of America and agencies or instrumentalities thereof, the Commonwealth, the City, or any other political subdivision, agency or public instrumentality of the Commonwealth, for or in aid of the construction, acquisition, ownership, maintenance or repair of Authority facilities or for the payment of principal of any bond of the Authority, interest thereon or other cost incident thereto, and to this end the Authority shall have the power to comply with such conditions and to execute such agreements, trust indentures, and other legal instruments as may be necessary, convenient or desirable and to agree to such terms and conditions as may be imposed.

18. To exercise the power of eminent domain to acquire property within the City to be used for operating facilities, or any interest therein, however held, but not property of the Commonwealth or its agencies, and to exercise the same for the purposes set forth in this act in the manner and to the extent set forth in, and subject to the provisions of, Title 25 of the Code of Virginia. However, the Authority shall have no power to condemn any property belonging to any other political subdivision of the Commonwealth, or to any common carrier or public utility or other public service corporation, which is being devoted to public use or service. Whether property is being devoted to public use or service in the case of a common carrier, public utility or public service corporation, shall be decided by the State Corporation Commission in a proceeding under § 25-233 and in the case of a political subdivision shall be decided by the court in which the proceeding is brought.

19. To assist in or provide for the creation of stock and nonstock corporations and to purchase, receive, subscribe for or otherwise acquire, own, hold, vote, use, employ, sell, mortgage, lend, pledge, or otherwise dispose of, shares or other interests in, or obligations of, any domestic or foreign corporations organized for any purpose, associations, partnerships or individuals, or direct or indirect obligations of the United States, or of any other government, state, territory, governmental district or municipality or of any other obligations of any association, partnership, or individual or any other domestic or foreign corporation organized for any purpose.

20. 22. To participate in joint ventures with corporations, partnerships, individuals or other entities to the extent that such undertakings assist the Authority in providing improved ports and port facilities.
23. To finance Authority facilities within the boundaries of the City and, in connection with such financing of Authority facilities, to acquire, construct, improve, maintain, equip, and furnish such Authority facilities to the same extent and subject to the same restrictions imposed on industrial development authorities by § 15.1-1378 of the Code of Virginia as amended or hereafter amended.
24. To acquire, construct, and/or equip for sale or lease, on such terms and conditions as it may deem proper, factories or manufacturing facilities of any kind and description and approaches to and appurtenances thereof and, without limitation, any other facilities as defined by Chapter 33 (§ 15.1-1373 et seq.) of Title 15.1 of the Code of Virginia as amended or hereafter amended, all for the purposes set forth in this chapter or in Chapter 33 (§ 15.1-1373 et seq.) of Title 15.1 of the Code of Virginia as amended or hereafter amended. (1987, c. 397; 1992, c. 700)

§ 7. Powers of City.

In addition to the powers granted by general law or by its charter, the City is empowered to cooperate with the Authority as follows:

1. To make such appropriations and provide such funds for the operation and carrying out the purposes of the Authority as its Council may deem proper, either by outright donation or by loan.
2. To dedicate, sell, convey or lease any of its interest in property, or grant easements, licenses or any other privileges therein to the Authority.
3. To furnish, dedicate, close, pave, install, grade or regrade, plan or replan streets, roads, roadways, alleys, sidewalks or other places which it is otherwise empowered to undertake.
4. To plan or replan, zone or rezone any part of the City in connection with the use of any property of the Authority or any property adjacent to the property of the Authority or any Authority facility which it is otherwise empowered to undertake, in accordance with general laws.
5. To cause services to be furnished to the Authority of the character which the City is empowered to furnish.

6. To purchase any of the bonds of the Authority or legally invest in such bonds any funds belonging to or within the control of the City and exercise all the rights of any holder of such bonds.
7. To do any and all things necessary or convenient to aid or cooperate in the planning, undertaking, construction or operation of any of the plans, projects or facilities of the Authority.
8. To enter into agreements with the Authority respecting action to be taken by the City pursuant to any of the above powers. (1987, c. 397)

§ 8. Issuance of bonds.

The Authority is hereby authorized to issue bonds from time to time in its discretion for the purpose of paying all or any part of the cost of any Authority facility or for the purpose of paying or refunding, at or prior to the maturity thereof, any bonds previously issued by it or by the Commonwealth or any other agency or political subdivision thereof originally issued for a purpose not inconsistent with the purposes of this act. The Authority may issue such types of bonds as it may determine including, without limitation, bonds payable as to principal and interest from any one or more of the following: (i) its revenues generally; (ii) the income and revenues of a particular Authority facility; (iii) the income and revenues of certain designated Authority facilities, including the revenues from the sale or lease of such Authority facilities, whether they are financed in whole or in part from the proceeds of such bonds; (iv) the proceeds of the sale or lease of any one or more Authority facilities, whether or not they are financed from the proceeds of such bonds; (v) funds realized from the enforcement of security interests or other liens securing such bonds; (vi) proceeds from the sale of bonds of the Authority; (vii) payments due under letters of credit, policies of bond insurance, bond purchase agreements or other credit enhancements securing payment of principal of and interest on bonds of the Authority; (viii) any reserve or sinking funds created to secure such payment; or (ix) other available funds of the Authority; provided, that bonds issued to finance the construction or acquisition of any Authority facility that is not an operating facility shall not be payable from revenues of the Authority generally or from any revenues derived from operating facilities.

Any such bonds may be additionally secured by a pledge of any grant or contribution from the City, the Commonwealth or any political subdivision, agency or instrumentality thereof, any federal agency or any unit, private corporation, copartnership, association or individual, or a pledge of any income or revenues of the Authority, or a mortgage of or a deed of trust or other lien on or a security interest in any particular Authority facility or other property of the Authority.

Neither the Commissioners of the Authority nor any person executing any bonds issued under the provisions of this act shall be liable personally on the bonds by reason of the issuance thereof. The bonds of the Authority, and such bonds shall so state on their face, shall not be a debt of the Commonwealth or any political subdivision thereof, and neither the Commonwealth nor any political subdivision thereof other than the Authority shall be liable thereon, nor shall such bonds be payable

out of any funds or properties other than those of the Authority. The bonds shall not constitute an indebtedness within the meaning of any debt limitation or restriction.

The Authority shall have the power out of any funds available therefor to purchase its bonds. The Authority may hold, pledge, cancel or resell such bonds subject to and in accordance with agreements with bondholders. (1987, c. 397)

§ 9. Form, details and sale of bonds.

Bonds of the Authority shall be authorized by resolution of the Board of Commissions and may be issued in one or more series, shall be dated, shall mature at such time or times not exceeding forty years from their date or dates and shall bear interest payable at such time or times at such rate or rates as may be determined by the Authority, or as may be determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by the Authority, and may be made redeemable before maturity at the option of the Authority at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bond, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payments of principal of and premium, if any, and interest on such bonds. The Authority may contract for the services of one or more banks, trust companies, financial institutions or other entities or persons, within or outside the Commonwealth, for the authentication, registration, transfer, exchange and payment of bonds, or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be in the best interests of the Authority.

Prior to the preparation of definitive bonds the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost.

All bonds issued under the provisions of this chapter shall have all the qualities and incidents of negotiable instruments under Titles 8.1 through 8.11 of the Code of Virginia, subject only to the provisions of such titles respecting registration of the bonds. (1987, c. 397; 1992, c. 700)

§ 10. Provisions of trust indenture or agreement.

In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust indenture by way of conveyance, deed of trust or mortgage of any Authority facility or any other property of the Authority, whether financed in whole or in part from the proceeds of such bonds, or by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth, or by both such conveyance, deed of trust or mortgage and indenture or trust agreement. Such trust indenture or agreement, or the resolution providing for the issuance of such bonds, may pledge or assign fees, rents and other charges to be received by the Authority.

Such trust indenture or agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants providing for the repossession and sale by the Authority or any trustee under any such trust indenture or agreement of any Authority facility, or part thereof, upon any default under the lease or sale of such Authority facility or under any such trust indenture or agreement, setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of any Authority facility or other property of the Authority, the amount of fees, rents or other charges to be charged, the collection of such fees, rents and other charges and the custody, safeguarding and application of all moneys of the Authority, and conditions or limitations with respect to the issuance of additional bonds. It shall be lawful for any national bank with its main office in the Commonwealth or any other state or any bank or trust company incorporated under the laws of the Commonwealth or another state which may act as depository of the proceeds of such bonds or of other revenues of the Authority to furnish indemnifying bonds or to pledge such securities as may be required by the Authority. Such trust indenture or agreement or resolution may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders.

In addition to the foregoing, such trust indenture or agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders, including, without limitation, provisions for the assignment to a corporate trustee or escrow agent of any rights of the Authority in any Authority facility owned by, or leases or sales of any Authority facility made by, the Authority. All expenses incurred in carrying out the provisions of such trust indenture or agreement or resolution or other agreements relating to the Authority facility, including those to which the Authority may not be a party, may be treated as a part of the cost of an Authority facility. (1987, c. 397)

§ 11. Fees and charges.

The Authority is hereby authorized to fix, revise, charge and collect fees, rents and other charges for the use of any Authority facility. With respect to an operating facility, such fees, rents and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the cost of maintaining, repairing and operating such facility and the principal of or any interest on such bonds as the same shall become due and payable and to create reserves for such purposes and for other purposes of the Authority. Such fees, rents and charges shall not be subject to supervision or regulation by any agency of the Commonwealth or any such participating political subdivision. The fees, rents and other charges received by the Authority, except such part thereof as may be necessary to pay the cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust indenture or agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or trust indenture or agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of such bonds retired by call or purchase as therein provided. All such pledges shall be valid and binding from the time when the pledge is made. The fees, rents and charges so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture or agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture or agreement. Except as may otherwise be provided in such resolution or trust indenture or agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

With respect to Authority facilities other than operating facilities, the fees, rents and other charges with respect to any Authority facility shall be fixed and adjusted to provide for the payment of principal of and premium, if any, and interest on such bonds as the same become due and to provide all costs incurred by the Authority in connection with the maintenance and repair of such Authority facility.
(1987, c. 397)

§ 12. Moneys deemed trust funds.

All moneys received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act.
(1987, c. 397)

§ 13. Exercise of powers constitutes governmental functions; exemption from taxation.

The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and is hereby deemed to be performing essential governmental functions. Accordingly, the Authority shall not be required to pay any taxes or assessments upon any Authority facility or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom; nor shall the agents, lessees, sublessees or users of tangible personal property owned by or leased to the Authority be required to pay any sales or use tax upon such property or the revenue derived therefrom; and the bonds issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county or other political subdivision thereof. (1987, c. 397)

§ 14. Authority to be nonprofit; excess earnings.

The Authority shall be nonprofit, and no part of its net earnings remaining after payment of its expenses shall inure to the benefit of any individual, firm or corporation, except that in the event the Board of Commissioners of the Authority shall determine that sufficient provision has been made for the full payment of the expenses, bonds and other obligations of the Authority then any net earnings of the Authority thereafter accruing shall be paid to the City. However, nothing herein contained shall prevent the Board of Commissioners from transferring all or any part of its Authority facilities or properties in accordance with the terms of any contract entered into by it. (1987, c. 397)

§ 15. Dissolution of Authority; disposition of property.

Whenever the Board of Commissioners of the Authority shall by resolution determine that the purposes for which the Authority was formed have been substantially complied with and all bonds theretofore issued and all obligations theretofore incurred by the Authority have been fully paid, or that such payment has been adequately provided for, the then members of the Board of Commissioners of the Authority shall thereupon execute and file for record with the Council of the City, a resolution declaring such facts. If the Council of the City is of the opinion that the facts stated in the Authority's resolution are true and that the Authority should be dissolved, it shall so resolve and the Authority shall stand dissolved. Upon such dissolution, the title to all funds and properties owned by the Authority at the time of such dissolution shall vest in the City and possession of such funds and properties shall forthwith be delivered to the City. (1987, c. 397)

§ 16. Bonds legal investments and lawful security.

The bonds issued pursuant to this act shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians and for all public funds of the Commonwealth or other political corporations or subdivisions of the Commonwealth. Such bonds shall be eligible to secure the deposit of any and all public funds of the Commonwealth, and any and all public funds of cities,

towns, counties, school districts or other political corporations or subdivisions of the Commonwealth, and such bonds shall be lawful and sufficient security for such deposits to the extent of their value when accompanied by all unmatured coupons appertaining thereto. (1987, c. 397)

§ 17. Authority acting jointly with other entities.

The powers herein conferred upon the Authority may be exercised by the Authority acting jointly with the Commonwealth or one or more other agencies or political subdivisions thereof. (1987, c. 397)

§ 18. Provisions of act cumulative; construction.

Neither this act nor anything herein contained shall be construed as a restriction or limitation upon any powers which the Authority might otherwise have under any laws of this Commonwealth, but shall be construed as cumulative of any such powers. No proceedings, notice or approval shall be required for the organization of the Authority or the issuance of any bonds or any instrument as security therefor, except as herein provided, any other law to the contrary notwithstanding. However, nothing herein shall be construed to deprive the Commonwealth and its political subdivisions of their respective police powers over properties of the Authority or to impair any power thereover of any official or agency of the Commonwealth and its political subdivisions which may be otherwise provided by law. (1987, c. 397)

§ 19. Severability; provisions of act controlling.

The powers granted and the duties imposed in this act shall be construed to be independent and severable. If any one or more sections, subsections, sentences or parts of this act shall be adjudged unconstitutional or invalid, such adjudication shall not affect, impair or invalidate the remaining provisions hereof, but shall be confined in its operation to the specific provisions so held unconstitutional or invalid. Any provision of this act which is found to be in conflict with any other statute or charter shall be controlling and shall supersede such other statute or charter to the extent of such conflict. (1987, c. 397)

§ 20. Use of waters.

The Commonwealth hereby consents to the use by the Authority, in the performance of its duties hereunder, of all lands lying under the waters of the Commonwealth which are deemed by the Authority to be necessary or convenient for the construction or operation of any Authority facility. (1987, c. 397)

Chesapeake Water Authority

Created

1970 Acts of Assembly, c. 743.

§ 1. This may be cited as the "Chesapeake Water Authority Act." (1970, c. 743)

§ 2. There is hereby created and constituted a political subdivision of the Commonwealth to be known as the Chesapeake Water Authority. The exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of a project authorized by this act shall be deemed and held to be in the performance of an essential governmental function. The Authority shall consist of three members, unless increased as provided in § 2.1 hereof, elected by the governing body of his city, but not from the membership thereof, and shall serve for the term of four years.

The initial terms of office shall extend from the organizational meeting of the Authority, until its annual meetings quadrennially thereafter. All vacancies in the membership of the Authority, whether caused by expiration of term of office, death, resignation or otherwise, shall be filled by the governing body of the city. Any member of the Authority may be elected to succeed himself. Each member, duly appointed shall hold office until his successor shall be appointed and duly qualified. Any member, appointed to fill an unexpired term, shall serve only for the term of the member he or she replaced.

The Authority shall elect one of its members as chairman and another member as vice-chairman, both of whom shall be elected for a term of one year, the first chairman and vice-chairman to serve from the organizational meeting of the Authority until the next annual meeting or until their successors are elected and qualified. Subsequent chairmen and vice-chairmen shall be elected at the annual meeting of the Authority for a term of one year. It shall also elect a secretary and treasurer who does not necessarily have to be a member of the Authority and, if not a member, he or she shall have no voting rights and shall be elected to serve for such term as may be determined by the Authority. If a member of the Authority is elected to serve as secretary and treasurer, he or she shall be elected in the same manner and for the same term as the chairman and vice-chairman. No member of the Authority shall hold more than one office except that of secretary and treasurer. Two members of the Authority eligible to vote shall constitute a quorum, unless the membership of the Authority is increased as provided in § 2.1 hereof, in which case a quorum shall constitute a majority of the members of the Authority. A majority of the quorum is empowered to exercise all the rights and perform all the duties of the Authority and no vacancy on the Authority shall impair the right of the quorum to act. The members of the Authority shall serve without compensation except that they shall be reimbursed for actual expenses incurred in the performance of their duties. The Authority shall make rules and regulations for its own government. It shall have perpetual existence. (1970, c. 743)

§ 2.1. Any county or city may, with the approval of its governing body, and with the approval of the governing body of the city in which the Authority is created, join and participate in the Authority in the exercise of the powers and duties conferred by this act. In such event, the membership of the Authority shall be increased so that such county or city shall elect three members of the Authority in the same manner and for the same terms as provided in § 2. (1970, c. 743)

§ 5. (a) The Authority is hereby authorized and empowered to acquire by purchase solely from funds provided under the provisions of this act, such lands, structures, property, rights, rights-of-way, franchises, easements and other interests in lands as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and the commissions of the Commonwealth, with the approval of the Governor, notwithstanding any contrary provisions of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public highways and other real property already devoted to public use.

(b) The Authority is authorized and empowered to acquire by the exercise of the power of eminent domain limited to the definition of "project" as set forth herein, any lands, property, rights, rights-of-way, franchises, easements and other property, including parts thereof or rights therein, located in any city or county participating in the Authority and not owned by any city or county not participating in the Authority, of any person, copartnership, association, public service, public utility or other corporation, or of the county, deemed necessary or convenient for the construction or the efficient operation of the project or necessary in the restoration, replacement or relocation of public or private property damaged or destroyed, whenever a reasonable price cannot be agreed upon or whenever the Authority cannot agree on the terms of purchase or settlement with the owner or owners because of the incapacity of such owner or owners or because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because such owner or owners are nonresidents of the Commonwealth, or are unknown, or are unable to convey valid title to such property. Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the Commonwealth applicable to the exercise of the power of eminent domain in the same manner as provided in Chapter 1.1 of Title 25, and the provisions of such chapter shall apply to proceedings brought hereunder mutatis mutandis. This Authority shall not have the power of eminent domain as to any property owned by the cities of Norfolk and Portsmouth.

The acquisition of any such property by condemnation or by the exercise of the power of eminent domain shall be and is hereby declared to be a public use of such property.

(c) Title to any property acquired by the Authority shall be taken in the name of the Authority.

(d) In any eminent domain proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the Authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss

or damage by reason of the failure of the Authority to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the Commonwealth or upon any county, or other political subdivision of the Commonwealth.

(e) If the owner, lessee or occupier of any property condemned or otherwise acquired shall refuse to remove his property therefrom or give up possession thereof, the Authority may proceed to obtain possession in any manner provided by law. (1970, c. 743)

The bonds of each issue shall be dated, shall bear interest at such rate or rates as shall be fixed by the Authority, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority; at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bond and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provision of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this act.

The proceeds of the bonds shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in

the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act. (1970, c. 743)

§ 7. In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project, the rates of toll or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depositary of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project. (1970, c. 743)

§ 8. The Authority is hereby authorized to fix, revise and charge for the use of the services furnished by the project and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the project for placing thereon telephone, telegraph, electric light or power lines, and to fix the terms, conditions, rents and rates of charges for such use. Such charges shall be so fixed and adjusted in respect of the aggregate of the charges from

the project as to provide a fund sufficient with other revenues, if any, to pay (a) the cost of maintaining, repairing and operating such project and (b) the principal of and interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. The revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution or any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or 1 of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1970, c. 743)

§ 9. All moneys received pursuant to the provisions of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act. The Authority shall, in the resolution authorizing the bonds or in the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds and the revenues to be received by a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this act, subject to such regulations as this act and such resolution or trust agreement may provide. The trustee may invest and reinvest such funds in such securities as may be provided in the resolution authorizing the bonds or in the trust agreement securing such bonds. (1970, c. 743)

§ 10. Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given, may be restricted by such trust agreement, may either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce, any and all rights under the laws of the Commonwealth or granted by this act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such

agreement or resolution to be performed by the Authority or by any officer or agent thereof including the fixing, charging and collection of such charges. (1970, c. 743)

§ 11. The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of the project by the Authority will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the project or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom; and the bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county or other political subdivision thereof. (1970, c. 743)

§ 12. The Authority is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions or enlargements of the project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this act insofar as the same may be applicable. (1970, c. 743)

§ 13. Without limiting the generality of any provisions of this act, the general purpose of the Authority is declared to be that of acquiring, constructing, equipping, maintaining and operating a water system, water mains incident thereto and the usual facilities appertaining to such undertakings; the extension and improvement of such facilities; acquiring the necessary property therefor, both real and personal, with the right to contract for the use of or to lease or sell any or all of such facilities, including real property, and to do any and all things deemed by the Authority necessary, convenient and desirable for and incident to the efficient and proper development and operation of such types of undertakings. (1970, c. 743)

§ 14. It shall be the duty of the Authority to prescribe rules and regulations for the operation of the project or projects constructed under the provisions of this act. (1970, c. 743)

§ 15. The foregoing sections of this act shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing. (1970, c. 743)

§ 16. This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof. (1970, c. 743)

§ 17. The provisions of this act are severable and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions of this act. It is hereby declared to be the legislative intent that this act would have been adopted had such unconstitutional provisions not been included therein. (1970, c. 743)

§ 18. All other general or special laws inconsistent with any provision of this act are hereby declared to be inapplicable to the provisions of this act. (1970, c. 743)

1. The word "Authority" shall mean the Chesterfield County Toll Road Authority created by this act, or if the Authority shall be abolished, the board, body, commission or agency succeeding to the principal functions thereof or on whom the powers given by this act to the Authority shall be conferred by law.

Any obligation or expense incurred by the State Department of Highways and Transportation or by the county of Chesterfield before or after the effective date of this act, for surveys, engineering, borings, plans and specifications, legal and other professional and technical services, reports, studies and data in connection with the construction of a Project shall be repaid or reimbursed by the Authority and the amounts thereof shall be included as a part of the cost of the Project.

9. The word "revenues" shall mean any or all fees, tolls, rents, rates, receipts, moneys and income derived by the Authority through the ownership and operation of Authority Facilities, and shall include any cash contributions made to the Authority by the Commonwealth or any agency or department thereof and the county of Chesterfield not specifically dedicated by the contributor for a capital improvement.

10. The word "Commonwealth" shall mean the Commonwealth of Virginia. (1980, c. 619)

§ 2. Creation of the Authority.

There is hereby created a political subdivision and public body corporate and politic of the Commonwealth of Virginia to be known as the "Chesterfield County Toll Road Authority," hereinafter referred to as the "Authority," to be governed by a Board of Directors consisting of seven members to be appointed by the Board of Supervisors of Chesterfield County. The members of the Board shall be appointed for terms of four years and until their successors have been appointed and are qualified; provided, however, initial appointments may be for more or less than four years so as to stagger the Board. Vacancies in the membership of the Board shall be filled by the appointment of the governing

body of Chesterfield County for the unexpired portion of the term. The Board so appointed shall enter upon the performance of its duties and shall initially and annually thereafter elect one of its members as Chairman and another as Vice-Chairman, and shall also elect annually a Secretary or Secretary-Treasurer who need not be a member of the Board. The Chairman, or in his absence the Vice-Chairman, shall preside at all meetings of the Board, and in the absence of both the Chairman and Vice-Chairman, the Board shall elect a Chairman pro tempore who shall preside at such meetings. Four Directors shall constitute a quorum, and all action by the Board shall require the affirmative vote of a majority of the Directors present and voting. The members of the Board shall be entitled to reimbursement for expenses incurred in attendance upon meetings of the Board or while otherwise engaged in the discharge of their duties, and each member shall also be paid the sum of twenty-five dollars per day for each day or portion thereof during which he is engaged in the performance of his duties. Such expenses and compensation shall be paid out of the treasury of the Authority in such manner as shall be prescribed by the Authority. (1980, c. 619)

§ 3. Powers of the Authority.

In order to alleviate highway congestion, promote highway safety, expand highway construction, increase the utility and benefits and extend the services of public highways, including bridges, tunnels and other highway facilities, both free and toll, and otherwise contribute to the economy, industrial and agricultural development and welfare of the Commonwealth and the county of Chesterfield, the Authority shall have the following powers:

1. To contract and be contracted with; to sue and be sued; and to adopt and use a seal and to alter the same at its pleasure;
2. To acquire and hold real or personal property necessary or convenient for its purposes;
3. To sell, lease or otherwise dispose of any personal or real property or rights, easements or estates therein deemed by the Authority not necessary for its purposes;
4. To purchase, construct or otherwise acquire, maintain, repair and operate, or cause to be repaired, maintained and operated, controlled access express highways or super highways, within the boundaries of the county of Chesterfield, including all bridges, tunnels, overpasses, underpasses, grade separations, interchanges, entrance plazas, approaches, approach roads, tollhouses and administration, storage and other buildings and facilities which the Authority may deem necessary or convenient for the operation of such controlled access express highways or super highways. Title to any property acquired by the Authority shall be taken in the name of the Authority;
5. With the approval of the Board of Supervisors of the county of Chesterfield to own, operate and maintain rapid transit facilities for the transportation of the public, and to enter into contracts with any public service corporations doing business as common carriers of passengers and property for

the use of Authority Facilities for such purpose, and to construct, acquire, operate and maintain any other properties and facilities for the relief of traffic congestion or to promote the flow of commerce that the Board of Supervisors of Chesterfield County may request the Authority to provide;

6. The Authority is authorized and empowered to acquire by the exercise of the power of eminent domain any lands, property, rights, rights-of-way, franchises, easements and other property, including public lands, parks, playgrounds, reservations, highways, or parkways, or parts thereof or rights therein, of any person, copartnership, association, railroad, public service, public utility or other corporation, or of any municipality, county or other political subdivision, deemed necessary or convenient for the construction or the efficient operation of the Project or necessary in the restoration, replacement or relocation of public or private property damaged or destroyed, whenever a reasonable price cannot be agreed upon with the governing body of such municipality, county or other political subdivision as to such property owned by it, or whenever the Authority cannot agree on the terms of purchase or settlement with the other owner or owners because of the incapacity of such owner or owners or because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because such owner or owners are nonresidents of the Commonwealth, or are unknown, or are unable to convey valid title to such property. Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the Commonwealth applicable to the exercise of the power of eminent domain by the State Department of Highways and Transportation as fully as if the Authority were a corporation possessing the power of eminent domain; provided, however, that title to any property condemned by the Authority shall immediately vest in the Authority and the Authority shall be entitled to the immediate possession of such property upon the deposit with the clerk of the court in which such condemnation proceedings are originated, of the total amount of the appraised price of the property and court costs and fees as provided by such laws, notwithstanding that any of the parties to such proceedings shall appeal from any decision in such condemnation proceeding. Whenever the Authority shall make such deposit in connection with any condemnation proceeding, the making of such deposit shall not preclude the Authority from appealing any decision rendered in such proceedings. Upon the deposit with the clerk of the court of the appraised price, any person or persons entitled thereto may, upon petition to the court, be paid his or their pro rata share of ninety per centum of such appraised price. The acceptance of such payment shall not preclude such person or persons from appealing any decision rendered in such proceedings. If the appraisement is greater or less than the amount finally determined by the decision in such proceeding or by an appeal, the amount of the increase or decrease shall be paid by or refunded to the Authority.

The terms "appraised price" and "appraisement" as used in this section mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes. The

acquisition of any such property by condemnation or by the exercise of the power of eminent domain shall be and is hereby declared to be a public use of such property.

7. To determine the location of any controlled access express highways or super highways constructed or acquired by the Authority, subject to the approval of the State Department of Highways and Transportation and to determine the design standards and materials of construction of such highways;

8. To designate with the approval of the State Department of Highways and Transportation the location in the county of Chesterfield, and establish, limit and control such points of ingress to and egress from any limited access highway constructed by the Authority within the county as may be necessary or desirable in the judgment of the Authority to insure the proper operation and maintenance of such highway; to prohibit entrance to and exit from such highway from any point or points not so designated; and to construct, maintain, repair and operate service roads connecting with points of ingress to and egress from such highway at such locations in the county of Chesterfield as may be designated by the Authority;

9. To connect any highway constructed or acquired by the Authority with other highways or toll roads with the approval of the State Department of Highways and Transportation and the owner of such other toll roads, at such location or locations as shall be mutually agreed upon;

10. To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, including contracts or agreements authorized by this act with the State Department of Highways and Transportation and the county of Chesterfield;

11. To construct grade separations at intersections of any limited access highway constructed by the Authority with public highways, streets or other public ways or places, and to change and adjust the lines and grades thereof so as to accommodate the same to the design of the grade separation; the cost of such grade separations and any damage incurred in changing and adjusting the lines and grades of such highways, streets, ways and places shall be ascertained and paid by the Authority as part of the cost of such highway;

12. To vacate or change the location of any portion of any public highway, street or other public way or place, public utility, sewer, pipe, main, conduit, cable, wire, tower, pole and other equipment and appliances of the Commonwealth or of the county of Chesterfield, and to reconstruct the same in such new location as shall be designated by the Authority, and of substantially the same type and in as good condition as the original highway, street, way, place, public utility, sewer, pipe, main, conduit, cable, wire, tower, pole, equipment or appliance; the cost of such reconstruction and any damage incurred in vacating or changing the location thereof shall be ascertained and paid by the Authority as a part of the cost of the project in connection with which such expenditures are made;

and any public highway, street, or other public way or place vacated or relocated by the Authority shall be vacated or relocated in the manner provided by law for the vacation or relocation of public roads, and any damages awarded on account thereof shall be paid by the Authority as a part of the cost of the project;

13. To enter upon any lands, waters and premises for the purpose of making such surveys, soundings, borings and examinations as the Authority may deem necessary or convenient for its purposes, and such entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry upon any condemnation proceedings; provided, however, the Authority shall pay any actual damage resulting to such lands, water and premises as a result of such entry and activities;

14. To operate or permit the operation of vehicles for the transportation of persons or property for compensation on any limited access highway constructed or acquired by the Authority, provided the State Corporation Commission or the Interstate Commerce Commission shall not be divested of jurisdiction to authorize or regulate the operation of such carriers;

15. To establish reasonable regulations for the installation, construction, maintenance, repair, renewal, relocation and removal of pipes, mains, sewers, conduits, cables, wires, towers, poles and other equipment and appliances, herein referred to as "public utility facilities," of the county of Chesterfield and of public utility and public service corporations and of any person, firm or other corporation rendering similar services, owning or operating public utility facilities in, on, along, over or under highways constructed by the Authority; and whenever the Authority shall determine that it is necessary that any public utility facilities should be relocated or removed, the Authority may relocate or remove the public utility facilities in accordance with the regulations of the Authority and the cost and expense of such relocation or removal, including the cost of installing the public utility facilities in a new location or locations and the cost of any lands or any rights or interests in lands and any other rights acquired to accomplish such relocation or removal shall be paid by the Authority as a part of the costs of such highway, and the owner or operator of the public utility facilities may maintain and operate the public utility facilities with the necessary appurtenances in the new location or locations for as long a period and upon the same terms and conditions as it had the right to maintain and operate the public utility facilities in their former location or locations;

16. To borrow money and issue bonds, notes or other evidences of indebtedness for any of its corporate purposes as provided in this act payable solely from the revenues pledged for the payment of such bonds, notes or other evidences of indebtedness;

17. To fix, charge and collect fees, tolls, rents, rates and other charges for the use of Authority Facilities and the several parts or sections thereof;

18. To establish rules and regulations for the use of any of the Authority Facilities as may be necessary or expedient in the interest of public safety with respect to the use of Authority Facilities and property under the control of the Authority;

19. To employ consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers, trustees, depositaries, paying agents and such other employees and agents as may be necessary in the discretion of the Authority to construct, acquire, maintain and operate Authority Facilities and to fix their compensation;

20. To receive and accept from any federal agency for or in aid of the construction of any Authority Facility, and to receive and accept from the Commonwealth, or the county of Chesterfield and from any other source, grants, contributions or other aid in such construction, or for operation and maintenance, either in money, property, labor, materials or other things of value; and

21. To do all other acts and things necessary or convenient to carry out the powers expressly granted in this act. (1980, c. 619)

§ 4. Issuance of revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance from time to time of revenue bonds of the Authority for the purpose of paying all or any part of the cost of Authority Facilities or any project or portion of such Facilities. The principal of and interest on such bonds shall be payable solely from the revenues pledged for such payment. The bonds of each issue or series shall be dated, shall bear interest at such rate or rates as the Board shall accept or approve and are permitted by law, shall mature at such time or times not exceeding fifty years from the date or dates thereof, as may be determined by the Authority and may contain provisions reserving the right of the Authority to redeem such bonds before maturity at such price or prices and upon such terms and conditions as may be fixed by the Authority in the resolution authorizing such bonds. Such bonds may be issued in coupon or registered form or both as prescribed by the Authority, and provisions may be made for the registration of coupon bonds as to principal only or as to both principal and interest and for the reconversion of registered bonds into coupon bonds. Such bonds may be issued in any denomination or denominations and may be made payable at any bank or trust company within or without the Commonwealth as the Authority may determine. Such bonds and the coupons attached to coupon bonds shall be signed in such manner either manually or by facsimile signature as shall be determined by the Authority, and sealed with the seal of the Authority or a facsimile thereof. In case any officer whose signature or facsimile thereof shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer or officers had remained in office until the delivery thereof. The Authority may sell such bonds in such manner either at public or private sale and for such price or prices as the Authority may determine. Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary bonds, with or

without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall have become mutilated or shall be destroyed or lost. (1980, c. 619)

§ 5. Rates and charges.

Whenever the Authority shall have constructed or otherwise acquired Authority Facilities and has issued bonds for such purpose, the Authority shall fix, revise, charge and collect fees, tolls, rents, rates and other charges for the use of such Facilities and the different parts or sections thereof, sufficient, together with any other moneys made available and used for that purpose, to pay the principal of and interest on such bonds, together with reserves for such purposes, and to maintain and operate such Facilities and to keep the same in good condition and repair. Such fees, tolls, rents, rates and other charges shall not be subject to supervision or regulation by any commission, board, bureau or agency of the Commonwealth or of any municipality, county or other political subdivision of the Commonwealth, and all revenues, when collected, and the proceeds from the sale of revenue bonds, shall be held by the Authority in trust for the benefit of the holders of bonds of the Authority issued for the construction or acquisition of Authority Facilities and for the proper maintaining, operating and repairing the Authority Facilities.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth or of the county of Chesterfield or a pledge of the faith and credit of the Commonwealth or of the county of Chesterfield, and shall be payable solely from the funds provided therefor from revenues. (1980, c. 619)

§ 6. Refunding bonds.

The Authority is hereby authorized by resolution to provide for the issuance of refunding revenue bonds with which to refund outstanding revenue bonds or any issue or series of such outstanding bonds, which refunding revenue bonds may be issued at or before the maturity or redemption date of the bonds to be refunded, and to include different issues or series of such outstanding revenue bonds by a single issue of refunding revenue bonds, and to issue refunding revenue bonds to pay any redemption premium and interest to accrue and become payable on the outstanding revenue bonds being refunded to the date of payment or redemption, and to establish reserves for such refunding revenue bonds. Such refunding revenue bonds shall be payable solely from all or that portion of the revenues of the Authority Facilities pledged to the payment thereof in the bond resolution pursuant to which the bonds were issued. Such refunding revenue bonds may, in the discretion of the Authority, be exchanged at par for the revenue bonds which are being refunded, or may be sold at public or private sale in such manner and at such price or prices as the Authority shall deem for the best interests of the Authority with such interest rate as may be permitted by law. The proceeds derived from the sale of refunding revenue bonds issued under this act shall be invested in obligations of or guaranteed by the United States Government pending the application of such proceeds to the

purpose for which such refunding revenue bonds have been issued, and to further secure such refunding revenue bonds the Authority may contract with the purchasers thereof with respect to safekeeping and application of the proceeds thereof and the safekeeping and application of the earnings of such investments. The determination of the Authority with respect to the financial soundness and advantage of the issuance and delivery of refunding revenue bonds authorized under this act shall be conclusive, but nothing herein contained shall require the holders of any outstanding revenue bonds being refunded to accept payment thereof otherwise than as provided in the outstanding bonds. (1980, c. 619)

§ 7. Trust agreement.

In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust agreement or indenture by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth to be selected by the Authority in such manner as it may elect. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign all or any portion of the tolls and other revenues to be received by the Authority from the ownership and operations of Authority Facilities; but shall not convey or mortgage any Authority Facilities or any part thereof. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as the depository of the proceeds of bonds or of revenue to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such resolution, trust agreement or indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such resolution, trust agreement or indenture may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the Authority Facilities or portion thereof.

All or any portion of the revenues derived from the ownership and operation of Authority Facilities, as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement or indenture securing the same, may be pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust

agreement nor indenture by which a pledge is created need be filed or recorded except in the records of the Authority. (1980, c. 619)

§ 8. Covenants to secure bonds.

Any resolution authorizing the issuance of bonds of the Authority may, for the benefit and security of the holders from time to time of such bonds, contain covenants by the Authority for said purpose, including covenants as to, among other things:

1. The operation, maintenance and repair of the Authority Facilities;
2. The purpose or purposes to which the proceeds of the sale of such bonds may be applied and the use and disposition thereof;
3. E. The Authority may (i) determine and charge rent or determine sale prices for equipment that it leases or sells to eligible institutions and terminate such lease or sale agreements upon the failure of an eligible institution to comply with any obligations contained in such agreements or (ii) include in such lease agreements options for the eligible institution to renew the lease or purchase any or all of the leased equipment and provisions for the Authority to repossess and sell equipment leased or sold upon any default under the lease or sale agreement.

§ 23.1-1207. Powers; bonds of Authority generally

A. To provide funds for the purchase of bonds of eligible institutions as authorized by § [23.1-1205](#), the acquisition of equipment as authorized by § [23.1-1206](#), the reimbursement of the Central Capital Planning Fund established pursuant to § [2.2-1520](#), the payment of pre-planning or detailed planning expenses for all projects that have been approved for construction by the General Assembly, or the payment of all or any part of the cost of any project or any portion of a project, the Authority may provide by resolution for the issuance of bonds of the Authority in such amount as the Authority determines. Such bonds of the Authority are payable solely from funds of the Authority, including (i) payments of principal of and interest on bonds of eligible institutions purchased by the Authority; (ii) the proceeds of the sale of any such bonds; (iii) payments of principal of and interest on obligations transferred to the Authority by the General Assembly or from other assets or moneys transferred to the Authority by the General Assembly or eligible institutions, including lease payments or any other source of revenue; (iv) the proceeds of the sale of any such obligations or assets; (v) the proceeds from the sale of bonds of the Authority; (vi) payments made by eligible institutions under leases or sales of equipment by the Authority; (vii) funds realized from the enforcement of security interests or other liens securing such bonds; (viii) payments due under letters of credit, policies of bond insurance, bond purchase agreements, or other credit enhancements securing payment of principal of and

interest on bonds of the Authority; (ix) any moneys held in funds established by the Authority pursuant to § [23.1-1206](#); (x) any reserve or sinking fund created to secure such payment; and (xi) other available funds of the Authority.

B. Bonds of the Authority issued under the provisions of this article do not constitute a debt of the Commonwealth or a pledge of the faith or credit of the Commonwealth, and all bonds of the Authority shall contain on their face a statement to the effect that neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision of the Commonwealth shall be pledged to pay the principal of or the interest on such bonds.

C. The bonds of each issue shall be dated and mature at such time as may be determined by the Authority but not to exceed 40 years from their date, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The bonds may bear interest payable at such time, at such rate or rates, and in such manner as may be determined by the Authority, including the determination by agents designated by the Authority under guidelines established by it. The principal of and interest on such bonds may be made payable in any lawful medium. The Authority shall determine the form, manner of execution, denomination, and place of payment of principal and interest for the bonds, which may be at the office of the State Treasurer or at any bank or trust company within or outside the Commonwealth.

D. If any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery.

E. All revenue bonds issued under the provisions of this article, other than bonds registered as to principal or in registered form, are negotiable instruments. Revenue bonds shall be in such form and bear interest at such rate or rates, either fixed rates or rates established by formula or other method, and may contain such other provisions as the Authority may determine. The principal of and premium, if any, and interest on revenue bonds are payable in United States currency. The Authority shall fix the denomination of revenue bonds and place of payment of principal, premium, if any, and interest at any bank or trust company within or outside the Commonwealth.

F. Bonds may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments of principal of and premium, if any, and interest on the bonds.

G. The Authority may sell bonds issued under the provisions of this article in such manner, either at public or private sale, and for such price as it determines to be in its best interest. The proceeds of such bonds shall be disbursed for the purposes for which such bonds are issued and under such

restrictions, if any, as the resolution authorizing the issuance of such bonds or the trust indenture may provide.

H. Prior to the preparation of definitive bonds, the Authority may under like restrictions issue temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery. The Authority may also provide for the replacement of any bond that becomes mutilated or is destroyed or lost. Such revenue bonds may be issued without any other proceedings or the happening of any other conditions or things than the proceedings, conditions, and things that are specified and required by this article.

I. Neither the members of the Authority nor any person executing any bonds issued under the provisions of this article is liable personally on such bonds or is subject to any personal liability or accountability by reason of the issuance of such bonds.

J. The Authority shall not undertake a project for an eligible institution if such project was not approved by the General Assembly pursuant to a bill, and any such project to be financed by bonds issued by the Authority secured by a pledge of any revenue source cited in subdivision C 1 a, b, c, or d of § [23.1-1106](#) shall be designated by the eligible institution's governing board as a project to be undertaken by the Authority.

§ 23.1-1208. Security for bonds

A. The Authority may secure any bonds issued under the provisions of this article by a trust indenture by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or outside the Commonwealth. Such trust indenture or the resolution providing for the issuance of such bonds may:

1. Pledge or assign all or part of the funds of the Authority available for such purpose, including (i) payments of principal of and interest on bonds of eligible institutions purchased by the Authority; (ii) proceeds of the sale of any such bonds; (iii) payments of principal of and interest on obligations transferred to the Authority by the General Assembly or from other assets or moneys transferred to the Authority by the General Assembly or eligible institutions, including lease payments and other sources of revenue; (iv) proceeds of the sale of any such obligations or assets; (v) proceeds from the sale of bonds of the Authority; (vi) security interests granted by the Authority or any eligible institution in, or other liens on, equipment, whether such equipment has been leased or sold to an eligible institution; (vii) all or part of the payments due the Authority from eligible institutions under any lease, sale agreement, loan, or other agreement between the Authority and eligible institutions pursuant to § [23.1-1206](#), and any funds realized from enforcing security for such payments; (viii) payments due under policies of bond insurance, letters of credit, or other credit enhancement securing payment of

§ 23.1-1209. Reserve fund; limitations

A. If the Authority deems it proper to create a reserve fund from its bond proceeds or other funds to support an issuance of bonds in accordance with the provisions of this section, all moneys held in such reserve fund, except as otherwise provided in this section, shall be pledged solely for the payment of the principal of and interest on the bonds secured in whole or in part by such a fund. The

Authority may transfer income or interest earned on, or increment to, any reserve fund to its other funds or accounts if such transfer does not reduce the amount of the reserve fund below its minimum requirement.

B. To ensure further the maintenance of reserve funds established in accordance with the provisions of this section, the chairman of the Authority shall annually, on or before November 15, make and deliver to the Governor and the Secretary of Finance a certificate stating the sum, if any, required to restore each reserve fund to its minimum requirement. The Governor shall submit to the presiding officer of each house of the General Assembly printed copies of a budget including the sum, if any, required to restore each reserve fund to its minimum requirement. Such submission shall be made at the time the Governor presents his budget and budget bill to the General Assembly pursuant to §§ [2.2-1508](#) and [2.2-1509](#). Any sum that may be appropriated by the General Assembly for any restoration and paid to the Authority shall be deposited by the Authority in the applicable reserve fund. All sums paid to the Authority pursuant to this section shall constitute and be accounted for as advances by the Commonwealth to the Authority and, subject to the rights of the holders of any bonds of the Authority, shall be repaid to the Commonwealth without interest from available revenues of the Authority in excess of the amounts required for payment of bonds or other obligations of the Authority, maintenance of reserve funds, and operating expenses.

C. The Authority shall not at any time issue bonds secured in whole or in part by any reserve fund referred to in subsection A if, upon the issuance of the bonds, the amount in the reserve fund will be less than its minimum requirement unless the Authority, at the time of the issuance of the bonds, deposits in the fund an amount that, together with the amount then in the fund, will not be less than the fund's minimum reserve requirement.

D. The total principal amount of bonds outstanding at any one time, secured by a reserve fund in accordance with the provisions of this section, shall not exceed the sum of \$300 million without the prior approval of the General Assembly.

E. Nothing in this section shall be construed as limiting the power of the Authority to issue bonds (i) not secured by a reserve fund or (ii) secured by a reserve fund not described in this section.

To provide funds for the repayment of bonds issued by the Authority to (i) purchase any eligible institution's bonds or (ii) provide funds to pay all or part of the cost of any project or any portion of a project, each eligible institution may agree to pledge and transfer to the Authority all or part of the eligible institution's revenues derived from any source mentioned in subdivision C 1 a, b, c, or d of § [23.1-1106](#). Any agreement relating to such transfer may contain other provisions that the Authority and eligible institution deem reasonable and proper and are not in violation of law. No such agreement

shall constitute a debt of the Commonwealth or a pledge of the full faith and credit of the Commonwealth. Neither the full faith and credit of the Commonwealth nor the taxing power of the Commonwealth or any political subdivision of the Commonwealth shall be pledged to the payment of the principal of and interest on bonds so secured by such agreement. Prior to execution, any such agreement shall be approved by the Secretary of Finance and the Secretary of Education.

§ 23.1-1211.Default on payments

A. Whenever it appears to the Governor from an affidavit filed with him by the paying agent for the bonds issued by the Authority that an eligible institution has defaulted on the payment of the principal of or premium, if any, or interest on its bonds pursuant to this article, the Governor shall immediately make a summary investigation into the facts set forth in the affidavit. If it is established to the satisfaction of the Governor that the eligible institution is in default in the payment of the principal of or premium, if any, or interest on its bonds, the Governor immediately shall make an order directing the State Comptroller to make payment immediately to the owners or paying agent of the bonds in default on behalf of the eligible institution from any appropriation available to the eligible institution in the amount due and remaining unpaid by the eligible institution on its bonds.

B. Any payment so made by the State Comptroller to the owners or paying agent of the bonds in default shall be credited as if made directly by the eligible institution and charged by the State Comptroller against the appropriations of the eligible institution. The owners or paying agent of the bonds in default at the time of payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal, premium, or interest satisfied by the payment. The State Comptroller shall report each payment made to the governing board of the defaulting eligible institution under the provisions of this section.

C. The Governor shall direct the State Comptroller to (i) charge against the appropriations available to any eligible institution that has defaulted on its bonds pursuant to this section all future payments of principal of and interest on the eligible institution's bonds when due and payable and (ii) make such payments to the owners or paying agent of the bonds on behalf of the eligible institution to ensure that no future default will occur on such bonds. The charge and payment shall be made upon receipt of documentation that the State Comptroller deems to be satisfactory evidence of the claim. The owners or paying agent of the bonds at the time of each payment shall deliver to the State Comptroller, in a form satisfactory to the State Comptroller, a receipt for payment of the principal or interest satisfied by the payment.

D. Nothing in this section shall be construed to create any obligation on the part of the State Comptroller or the Commonwealth to make any payment on behalf of the defaulting eligible institution other than from funds appropriated to the defaulting eligible institution.

3. An analysis and identification of opportunities to expand the Authority's market share in sectors of the aerospace industry in which the Authority is active;
4. An analysis and identification of opportunities to expand the Authority's operations into other sectors of the aerospace industry and other adjacent industries;

§ 2.2-2203.3. Employees; employment; personnel rules

A. Employees of the Authority shall be employed on such terms and conditions as established by the Board. The Board shall develop and adopt personnel rules, policies, and procedures to give its employees grievance rights, ensure that employment decisions shall be based upon the merit and fitness of applicants, and prohibit discrimination on the basis of race, religion, color, sex, sexual orientation, gender identity, or national origin.

B. Any employee of the Virginia Commercial Space Flight Authority who is a member of any plan providing health insurance coverage pursuant to Chapter 28 (§ [2.2-2800](#) et seq.) shall continue to be a member of such health insurance plan under the same terms and conditions. Notwithstanding subsection A of § [2.2-2818](#), the costs of providing health insurance coverage to such employees who elect to continue to be members of the state employees' health insurance plan shall be paid by the Authority. Alternatively, an employee may elect to become a member of any health insurance plan established by the Authority. The Authority is authorized to (i) establish a health insurance plan for the benefit of its employees and (ii) enter into agreements with the Department of Human Resource Management providing for the coverage of its employees under the state employees' health insurance plan, provided that such agreements require the Authority to pay the costs of providing health insurance coverage under such plan.

C. Any retired employee of the Virginia Commercial Space Flight Authority shall be eligible to receive the health insurance credit set forth in § [51.1-1400](#), provided the retired employee meets the eligibility criteria set forth in that section.

D. The Authority is hereby authorized to establish one or more retirement plans for the benefit of its employees (the Authority retirement plan). For purposes of such plans, the provisions of § [51.1-126.4](#) shall apply, mutatis mutandis. Any Authority employee who is a member of the Virginia Retirement System or other retirement plan as authorized by Article 4 (§ [51.1-125](#) et seq.) of Chapter 1 of Title 51.1 (the statutory optional retirement plan) at the time the Authority retirement plan becomes effective shall continue to be a member of the Virginia Retirement System or the statutory optional retirement plan under the same terms and conditions, unless such employee elects to become a member of the Authority retirement plan. For purposes of this subsection, the "Virginia Retirement System" shall include any hybrid retirement program established under Title 51.1.

The following rules shall apply:

1. The Authority shall collect and pay all employee and employer contributions to the Virginia Retirement System or the statutory optional retirement plan for retirement and group life insurance in accordance with the provisions of Chapter 1 (§ [51.1-124.1](#) et seq.) of Title 51.1 for any employee who elects to remain a member of the Virginia Retirement System or a statutory optional retirement plan.
 2. Employees who elect to become members of the Authority retirement plan shall be given full credit for their creditable service as defined in § [51.1-124.3](#) and vesting and benefit accrual under the Authority retirement plan. For any such employee, employment with the Authority shall be treated as employment with any nonparticipating employer for purposes of the Virginia Retirement System or any statutory optional retirement plan.
 3. For employees who elect to become members of the Authority retirement plan, the Virginia Retirement System or the statutory optional retirement plan, as applicable, shall transfer to the Authority retirement plan assets equal to the actuarially determined present value of the accrued basic benefits for such employees as of the transfer date. For purposes hereof, "basic benefits" means the benefits accrued under the Virginia Retirement System or under the statutory optional retirement plan based on creditable service and average final compensation as defined in § [51.1-124.3](#). The actuarial present value shall be determined by using the same actuarial factors and assumptions used in determining the funding needs of the Virginia Retirement System or the statutory optional retirement plan so that the transfer of assets to the Authority retirement plan will have no effect on the funded status and financial stability of the Virginia Retirement System or the statutory optional retirement plan. The Authority shall reimburse the Virginia Retirement System for the cost of actuarial services necessary to determine the present value of the accrued basic benefit of employees who transfer to an Authority retirement plan.
 4. The Authority may provide that employees of the Authority who are eligible to participate in any deferred compensation plan sponsored by the Authority shall be enrolled automatically in such plan, unless such employee elects, in a manner prescribed by the Board of the Authority, not to participate. The amount of the deferral under the automatic enrollment and the group of employees to which the automatic enrollment shall apply shall be set by the Board, provided, however, that such employees are provided the opportunity to increase or decrease the amount of the deferral in accordance with the Internal Revenue Code of 1986, as amended.
- E. The Authority is hereby authorized to establish a plan providing short-term disability and long-term disability benefits for its employees.

2012, cc. [779](#), [817](#); 2020, c. [1137](#).

§ 2.2-2203.4. Trust for postemployment benefits authorized; administration

- A. The Authority is hereby authorized to establish and maintain a trust or equivalent arrangement for the purpose of accumulating and investing assets to fund postemployment benefits other than

pensions, as defined herein. Such trust or equivalent arrangement shall be irrevocable. The assets of such trust or similar arrangement (i) shall be dedicated to providing benefits to retirees and their beneficiaries in accordance with the terms of the plan or programs providing postemployment benefits other than pensions and (ii) shall be exempt from taxation and execution, attachment, garnishment, or any other process against the Authority or a retiree or beneficiary. The funds of the trust or similar arrangement shall be deemed separate and independent trust funds, shall be segregated from all other funds of the Authority, and shall be invested and administered solely in the interests of the active or former employees (and their dependents or beneficiaries) entitled to postemployment benefits other than pensions.

B. The Authority may make appropriations to any such trust or equivalent arrangement, and the Authority may require active and former employees covered by a postemployment benefit program to contribute to the trust or equivalent arrangement through payments or deductions from their wages, salaries, or pensions.

C. Nothing in this section shall be construed to inhibit the Authority's right to revise or discontinue its plans or programs providing such postemployment benefits other than pensions for its active and former officers and employees as it may deem necessary. If all plans or programs providing such postemployment benefits other than pensions for which the trust or equivalent arrangement is established are repealed or terminated by the Authority, then there shall be no continuing responsibility of the Authority to continue to make appropriations to such trust or equivalent arrangement, and the assets of such trust or equivalent arrangement shall be used to provide any benefits continuing to be due to active or former employees (and their dependents or beneficiaries) under such plans or programs. If there are no active or former employees (or dependents or beneficiaries) due a benefit under any plan or program providing such postemployment benefits other than pensions for which the trust or equivalent arrangement was established, then any remaining assets may revert to the Authority.

D. Postemployment benefits other than pensions shall be defined by the Authority pursuant to applicable accounting standards and law. Such benefits may include, but are not limited to, medical, prescription drug, dental, vision, hearing, life, or accident insurance (not provided through a pension plan), long-term care benefits, and long-term disability benefits (not covered under a pension plan) provided to individuals who have terminated their service and to the dependents of such individuals, and may be provided by purchasing insurance, by a program of self-insurance, or by a combination of both. However, postemployment benefits other than pensions shall not include defined benefit pension plans for retirees and eligible dependents of retirees, termination benefits, or other pension benefits. Such postemployment benefits other than pensions may be provided to the officers and employees or to their dependents, estates, or designated beneficiaries. Any benefits arising from any postemployment benefits other than pension programs shall be clearly defined and strictly construed.

E. Notwithstanding any other provision of law, the moneys and other property comprising the trust or equivalent arrangement established hereunder shall be invested, reinvested, and managed by the Authority or the trust company or bank having powers of a trust company within or without the Commonwealth that is selected by the Board to act as a trustee for the trust or equivalent arrangement with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and with the same aims. Such investments shall be diversified so as to minimize the risk of large losses unless under the circumstances it is clearly prudent not to do so. Such investments shall not be limited by Chapter 45 (§ [2.2-4500](#) et seq.).

§ 2.2-2205. Form, terms, execution and sale of bonds; use of proceeds; interim receipts or temporary bonds; lost or destroyed bonds; faith and credit of state and political subdivisions not pledged; expenses

The bonds of each issue shall be dated, shall bear interest at such rates as are fixed by the Authority, or as may be determined in such manner as the Authority may provide, including the determination by agents designated by the Authority under guidelines established by the Authority, shall mature at such time not exceeding forty years from their date as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of bonds and their manner of execution, and shall fix the denomination of the bonds and the place of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. The bonds shall be signed by the chairman or vice-chairman of the Authority or, if so authorized by the Authority, shall bear his facsimile signature, and the official seal of the Authority, or, if so authorized by the Authority, a facsimile thereof shall be impressed or imprinted thereon and attested by the secretary or any assistant secretary of the Authority, or, if so authorized by the Authority, with the facsimile signature of such secretary or assistant secretary. Any coupons attached to bonds issued by the Authority shall bear the signature of the chairman or vice-chairman of the Authority or a facsimile thereof. In case any officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be an officer before the delivery of the bonds, his signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery and any bonds may bear the facsimile signature of, or may be signed by, such persons as at the actual time of the execution of such bonds shall be the proper officers to sign such bonds although at the date of such bonds such persons may not have been such officers. The bonds may be issued in coupon or in registered form, or both, as the Authority

may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. Bonds issued in registered form may be issued under a system of book-entry for recording the ownership and transfer of ownership of rights to receive payment of principal of, and premium on, if any, and interest on such bonds. The Authority may contract for the services of one or more banks, trust companies, financial institutions or other entities or persons, within or without the Commonwealth for the authentication, registration, transfer, exchange and payment of the bonds, or may provide such services itself. The Authority may sell such bonds in such manner, either at public or private sale, and for such price as it may determine will best effect the purposes of this article.

The proceeds of the bonds of each issue shall be used solely for the purposes, and in furtherance of the powers, of the Authority as may be provided in the resolution authorizing the issuance of such bonds or in a trust agreement authorized by § [2.2-2206](#) securing the bonds.

In addition to the above powers, the Authority may issue interim receipts or temporary bonds as provided in § [15.2-2616](#) and execute and deliver new bonds in place of bonds mutilated, lost or destroyed, as provided in § [15.2-2621](#).

No obligation of the Authority shall be deemed to constitute a debt, or pledge of the faith and credit, of the Commonwealth or of any political subdivision thereof, but shall be payable solely from the revenues and other funds of the Authority pledged thereto. All such obligations shall contain on the face thereof a statement to the effect that the Commonwealth, any political subdivision thereof and the Authority shall not be obligated to pay the same or the interest thereon except from revenues and other funds of the Authority pledged thereto, and that neither the faith and credit nor the taxing power of the Commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such obligations.

All expenses incurred in carrying out the provisions of the act shall be payable solely from funds provided under the provisions of this act, and no liability shall be incurred by the Authority beyond the extent to which moneys have been provided under the provisions of this article.

It shall be lawful for any national bank with its main office in the Commonwealth or any other state or any bank or trust company incorporated under the laws of the Commonwealth or another state that may act as depository of the proceeds of bonds or of revenues to furnish the indemnifying bonds or to pledge the securities required by the Authority. Any trust indenture or agreement or resolution may set forth the rights of action by bondholders. In addition to the foregoing, any such trust indenture or agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders including, without limitation, provisions for the assignment to a corporate trustee or escrow agent of any rights of the Authority in any project owned by, or leases or sales of any projects made by, the Authority. Cumberlands Airport Commission, The

Created

1958 Acts of Assembly, c. 439.

§ 1. If the governing bodies of each of the counties of Wise, Dickenson, Lee and Russell, the city of Norton, and the towns of Appalachia, Big Stone Gap, Wise, Pound, Coeburn, St. Paul, Clintwood, Haysi, Jonesville, Pennington Gap, Ewing, Rose Hill and Lebanon, or any two or more of them, shall by resolution declare that there is need for an airport commission to be created for the purpose of establishing and operating one or more airports or landing fields for all such political subdivisions, an airport commission, to be known as "The Cumberlands Airport Commission", shall thereupon exist for such counties, city and towns, and shall exercise its powers and functions therein.

In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of The Cumberlands Airport Commission, such commission shall be conclusively deemed to have become created as a body corporate, and to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body of each of the counties, city and towns creating the airport commission declaring that there is need for such commission and that it unites with the other political subdivisions in its creation. A copy of such resolution duly certified by the clerk of the county, city or town by which it is adopted, shall be admissible in evidence in any suit, action or proceeding. (1958, c. 439)

§ 2. The Cumberlands Airport Commission, hereinafter referred to as the "Commission", shall consist of one member from each of the participating counties, city and towns, appointed by the governing bodies thereof, respectively. Original appointments of members shall be for terms as follows: From the county of Russell, town of Lebanon, two years; from the county of Dickenson and the towns of Clintwood and Haysi, from the county of Lee and the towns of Jonesville, Pennington Gap, Ewing and Rose Hill, three years; from the county of Wise, city of Norton, and towns of Appalachia, Big Stone Gap, Wise, Pound, Coeburn, and St. Paul, four years. Thereafter all appointments shall be for four-year terms, except appointments to fill vacancies which shall be for the unexpired terms. The governing body appointing any member may remove such member at any time and appoint his successor. The commission shall have power to elect its chairman, and to adopt rules and regulations for its own procedure and government. The members of the commission so appointed shall constitute the commission, and the powers of such commission shall be vested in and exercised by the members in office from time to time. A majority of the members in office shall constitute a quorum. Members of the commission shall be paid ten dollars for each meeting attended, but no member shall receive more than three hundred dollars in any one year. (1958, c. 439)

§ 3. The airport commission established hereunder shall have all powers necessary or convenient to carry out the general purposes of this act, including the following powers in addition to others herein granted:

- (a) To sue and be sued; to adopt a seal and alter the same at pleasure; to have perpetual succession; and to make and execute contracts and other instruments necessary or convenient to the exercise of its powers.
- (b) To employ such technical experts, and such other officers, agents and employees as it may require, and to fix their qualifications and duties, and their compensation within the limits of available funds.
- (c) To accept gifts and grants from the State of Virginia or any political subdivision thereof, and from the United States and any of its agencies.
- (d) To acquire within the territorial limits of the region for which it is formed, by purchase, lease, gift, condemnation or otherwise, whatever land may be reasonably necessary for the purpose of establishing, constructing, enlarging, maintaining and operating one or more airports or landing fields.
- (e) To acquire, establish, construct, enlarge, improve, maintain, equip, operate and regulate the use of any airports, air landing fields, structures, air navigation facilities and other property incidental thereto, within the area for which it is created; provided, however, that no such airport shall be established or operated without the permission of the State Corporation Commission first had and obtained as now or hereafter provided by law.
- (f) To construct, install, maintain and operate facilities for the servicing of aircraft, and for the accommodation of cargo, freight, mail, express, etc., and comfort of air travelers, and to purchase and sell equipment and supplies as an incident to the operation of its airport facilities.
- (g) To determine rates and charges for the use of its airport and other facilities.
- (h) To enforce all rules, regulations and statutes relating to its airports, including airport zoning regulations.
- (i) To exercise within its area such powers and authority with respect to airports and air navigation facilities as may be conferred by law upon the governing bodies of the counties and cities of the Commonwealth.
- (j) To make and enforce rules and regulations for the management and regulation of its business and affairs and for the use, maintenance and operation of its facilities and properties.

(k) To engage directly or through its agents or employees in the operation for profit of concessions in connection with its airports or other facilities, including the sale of airplanes and aircraft fuel, or to grant such privileges and concessions to others.

(l) To comply with the provisions of the laws of the United States and any rules and regulations made thereunder for the expenditure of Federal moneys in connection with airports, landing fields and air navigation facilities, and to accept, receive and receipt for Federal moneys granted the commission, or granted any of the political subdivisions by which it is formed, for airport purposes. (1958, c. 439)

§ 4. The commission established hereunder is hereby granted full power to exercise within its area the right of eminent domain in the acquisition of any lands, easements and privileges which are necessary for airport and landing field purposes, including the right to acquire, by eminent domain, avigation easements over lands or water outside the boundaries of its airport or landing fields where necessary or desirable in the interests of safety for aircraft to provide unobstructed air space for the landing and taking off of aircraft utilizing its airport and landing fields even though such avigation easement be inconsistent with the continued use of such land for the same purposes for which it had been used prior to such acquisition, or inconsistent with the maintenance, preservation and renewal of any structure or any tree or other vegetation standing or growing on said land at the time of such acquisition; provided, however, such power of eminent domain shall not extend to the taking of any radio or television towers or installation in existence on the effective date of this act. Proceedings for the acquisition of such lands, easements and privileges by condemnation may be instituted and conducted in the name of the commission, and the procedure shall be the same as in the acquisition of land by condemnation proceedings instituted by councils of cities and towns; provided, that the provisions of § 25-233 of the Code of Virginia, 1950, shall apply to any property owned by a corporation possessing the power of eminent domain that may be sought to be taken be condemnation. (1958, c. 439)

§ 5. The counties, city and towns for which the commission is formed are hereby authorized to appropriate to the commission from available funds, or from funds provided for the purpose by bond issues, such funds as may be necessary for the acquisition, construction, maintenance and operation of airports, air landing fields and other air navigation facilities. The basis of financial participation by the counties, city and towns shall be determined by agreement between their governing bodies. (1958, c. 439)

§ 6. The commission shall prepare annually and submit to the governing bodies of the respective counties, city and towns for which it is formed for their approval, a budget showing the estimated revenues it may reasonably expect to receive for such year, and its estimated expenses for all purposes for such period. After the approval of such budget the commission shall be limited in its expenditures for such year to the estimated expenses shown therein, and shall not commit the

participating subdivisions beyond appropriations actually made. If the estimated expenditures exceed the estimated revenue from the operation of the commission for such year the governing bodies of the participating local subdivisions shall appropriate, in the proportions in which they are financially interested in the operations of the commission, the funds necessary to supply the deficiency. If the actual revenue received shall be less than the estimated revenue as approved in the budget, the governing bodies of the participating local subdivisions may appropriate, in the same manner, the funds necessary to supply the deficiency. (1958, c. 439)

§ 7. If the funds received by the commission in any year, including money appropriated for its use by the participating subdivisions, shall exceed its expenditures for such year, the surplus shall be set aside in a separate fund for capital improvements and extensions. Such fund shall be used for such purpose only with the approval of all the participating subdivisions. Whenever such surplus fund shall amount to one hundred thousand dollars, any additional revenue received in any year in excess of operating costs shall be applied towards repaying proportionally the participating counties, city and towns in the amount contributed by them for their original appropriations to the commission for capital outlay in establishing airports and airport facilities. Thereafter any profits derived from the operations of the commission shall be distributed to the participating subdivisions in proportion to their financial interest in the operations of the commission. (1958, c. 439)

§ 8. The commission shall be an independent body corporate, invested with the rights, powers and authority and charged with the duties set forth in this act, and the political subdivisions by which it is created shall not be responsible for its acts. No pecuniary liability of any kind shall be imposed upon any county, city or town creating the commission because of any act, agreement, contract, tort, malfeasance or misfeasance by or on the part of the commission or any member thereof, or its agents, servants or employees, except as otherwise provided in this act with respect to contracts and agreements between the commission and any such county, city or town. (1958, c. 439)

§ 9. Except in cases of emergency, all contracts of more than five thousand dollars that the commission may let for construction or materials shall be let after public advertising for at least ten days, stating the place where bidders may examine the plans and specifications and the time and place where bids for such work or materials will be opened. Reasonable deposits may be required of all bidders, and the contract shall be let to the lowest responsible bidder, who shall give bond or other security for the faithful performance of the contract. (1958, c. 439)

§ 10. No member, agent or employee of the commission shall contract with the commission or be interested, either directly or indirectly, in any contract with the commission, or in the sale of any property to the commission. (1958, c. 439)

§ 11. The commission shall keep and preserve complete records of its operations, dealings and transactions, which records shall be open to inspection by the participating subdivisions at all times. It

shall make reports to such subdivisions annually, and at such other times as they may require. (1958, c. 439)

§ 12. Any county, city or town creating the commission may withdraw therefrom upon giving one year's notice to the commission and to all other participating counties, city and towns. The political subdivision so withdrawing shall forfeit its rights to any further revenue from the operations of the commission, and to the repayment of any funds appropriated by it for capital expenditure. The operations of the commission may be discontinued at any time and its property disposed of by the unanimous action of all participating counties, city and towns, due regard being had for existing contracts and obligations. Upon the cessation of its activities all of the assets of the commission shall be distributed to the counties, city and towns participating therein at the time of liquidation in the proportion in which they are financially interested in such activities. (1958, c. 439)

§ 13. If any provision of this act, or the application thereof to any person or circumstances, is held invalid, the remainder of this act and the application of such provision to other persons or circumstances shall not be affected thereby. (1958, c. 439)

§ 14. Existing facilities.

The provisions of this act and all rules and regulations adopted hereunder shall not apply to any airport, air landing field, structure, air navigation facilities and other property incidental thereto, created or set aside for such purposes prior to the effective date of this act. (1958, c. 439)

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the provisions of this act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this act. § 3. Dinwiddie Airport and Industrial Authority.

There is hereby created and constituted a body politic and corporate and a political subdivision of the Commonwealth to be known as the "Dinwiddie Airport and Industrial Authority." The exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of the airport or in the promotion of industry, trade or commerce authorized by this act shall be deemed and held to be the performance of an essential governmental function.

The Authority shall consist of seven members, at least four of whom shall be residents of the County of Dinwiddie. All appointments shall be made by the governing body of the County of Dinwiddie. Members of the Authority shall continue to serve until their successors shall be duly appointed and have qualified. The successor of any member shall be appointed for a term of three years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term, but may thereafter be appointed and reappointed for a full term. Any member of the Authority shall be eligible for reappointment without limitation on the number of terms served. He shall have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies, and all persons dealing with the Authority may rely upon such certificates.

Four members of the Authority shall constitute a quorum and the affirmative vote of four members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority. The Authority shall keep suitable records of all its financial transactions and shall have the same

audited annually. Copies of such audit shall be furnished the governing body of the County of Dinwiddie and shall be open to public inspection.

Before the issuance of any revenue bonds under the provisions of this act and at any other time the Authority may direct, the secretary-treasurer of the Authority shall execute a surety bond in the penal sum of \$50,000, such surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the Commonwealth as surety and to be approved by the Attorney General and filed in the office of the Secretary of the Commonwealth.

The members of the Authority shall be entitled to reimbursement for their expenses incurred in attendance upon the meetings of the Authority or while otherwise engaged in the discharge of their duties. The members of the Authority shall not be personally liable for any act done or action taken in their capacities as members of the Authority, nor shall they be personally liable for any bond, note or other evidence of indebtedness issued by the Authority. § 5. Conveyance of property to Authority.

A. The city of Petersburg and the county of Dinwiddie are each empowered to convey to the Authority any and all airport lands or facilities of whatsoever kind or character owned by it, or any interest therein, and any other property owned by it, or any interest therein, useful or convenient in the

exercise of the powers and functions of the Authority under this act, and are further authorized to provide advances and donations of funds to assist the Authority in the performance of its functions under this act. (1980, c. 94)

§ 7. Acquisition of property.

A. The Authority is hereby authorized and empowered to acquire from funds provided under the provisions of this act, and such other monies as may be provided by federal, State and local governments, such lands, structures, property, rights, rights-of-way, franchises, easements and other interests in lands as it may deem necessary or convenient for the construction and operation of Authority Facilities, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

Provided, however, without the consent of the governing body of and the County of Dinwiddie, the Authority shall not acquire, for the purposes specified in § 4. 12. of this act, any property which is not conveyed to it by the city of Petersburg or the county of Dinwiddie, or that is not contiguous to any such property so conveyed.

All public agencies and commissions of the Commonwealth, with the approval of the Governor, and the County of Dinwiddie, notwithstanding any contrary provisions of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of Court or other action or formality any real property which may be necessary or convenient to the

effectuation of the authorized purposes of the Authority, including public highways and other real property already devoted to public use.

B. The Authority established hereunder is hereby granted full power to exercise the right of eminent domain in the acquisition of any lands, easements, privileges or other property interest which are necessary for airport and landing field purposes, including the right to acquire, by eminent domain, aviation easements over lands or water outside the boundaries of its airport or landing field where necessary in the interests of safety for aircraft to provide unobstructed air space for the landing and taking off of aircraft utilizing its airports and landing fields even though such aviation easement be inconsistent with the continued use of such land, or inconsistent with the maintenance, preservation and renewal of any structure or any tree or other vegetation standing or growing on the land at the time of such acquisition. Proceedings for the acquisition of such lands, easements and privileges by condemnation may be instituted and conducted in the name of the Authority in accordance with Title 25, as amended, of the Code of Virginia.

E. If the owner, lessee or occupier of any property to be condemned or otherwise acquired shall refuse to remove his property therefrom or give up possession thereof, the Authority may proceed to obtain possession in any manner provided by law. (1980, c. 94; 1986, c. 105)

§ 8. Revenue bonds.

A. The Authority shall determine the form and manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the

denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. All bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of and shall be and are hereby made and shall be deemed to be negotiable instruments under the laws of the Commonwealth. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine will best effect the purposes of this act.

B. The proceeds of the bonds of each issue shall be used solely for the payment of the cost and operating expenses of the Authority Facilities for which such bonds shall have been issued, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the bond resolution or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and unless otherwise provided in the bond resolution authorizing the issuance of the bonds of such issue or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus may be deposited to the credit of the sinking fund for such bonds or may be applied to the payment of the cost of any additions, betterments, improvements or enlargements of the Authority Facilities for which such bonds shall have been issued.

C. Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this act.

D. The Authority is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the Authority for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for either or both of the following additional purposes; constructing improvements, extensions or enlargements of the Authority Facilities in connection with which the bonds to be refunded shall have been issued, and paying all or any part of the cost of any additional Authority Facilities. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect to the same, shall be governed by the provisions of this act insofar as the same may be applicable. Revenue refunding bonds issued under this section may be sold or exchanged for outstanding bonds issued under this act and, if sold, the proceeds thereof may be applied to the purchase, redemption or payment of such outstanding bonds. (1980, c. 94)

§ 9. Trust agreement.

A. In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the bond resolution providing for the issuance of such bonds may pledge or assign the revenues of the Authority facilities or any part thereof, and, except as provided in § 5. B. of this act, may mortgage and pledge any and all Authority facilities or any part or parts thereof, whether then owned or thereafter acquired. Such trust agreement or bond resolution may contain such provisions for protecting and enforcing the rights and remedies of the holders of the bonds as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the Authority Facilities, the rates to be charged, the custody, safeguarding and application of all moneys and conditions or limitations with respect to the issuance of additional bonds. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the holders of the bonds and of the trustee, and may restrict the individual right of action by such bondholders. In addition to the foregoing, any such trust agreement or bond resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the holders of bonds. All expenses incurred in carrying out the provisions of such trust agreement or bond resolution may be treated as part of the cost of the operation of the Authority Facilities.

B. All moneys received pursuant to the provisions of this act, whether as proceeds from the sale of bonds, or as revenues or other moneys made available hereunder shall be deemed to be trust funds to be held and applied solely as provided in this act. The Authority shall provide in the bond resolution or in the trust agreement for the payment of the proceeds derived from the sale of the bonds and the revenues to be received to a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of such funds and hold and apply the same to the purposes of this act, subject to such requirements as may be provided in this act, the bond resolution or the trust agreement. The trustee may invest and reinvest such funds, pending their disbursement for the Authority Facilities, in securities that are legal investments under the laws of the Commonwealth for funds held by fiduciaries.

C. Remedies. Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given, may be restricted by such trust agreement, may either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such agreement or resolution to be performed by the Authority or by any officer or agent thereof including the fixing, charging and collection of tolls or other charges. (1980, c. 94)

§ 10. Exemption from taxation.

A. The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity. The bonds, notes or other obligations issued under the provisions of this act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county or other political subdivision thereof. Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any Commonwealth or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law.

B. As the operation and maintenance of the airport will constitute the performance of essential governmental functions, no taxes or assessments shall be levied by the Commonwealth or by any county, city, political subdivision, district or other agency or instrumentality of the Commonwealth

upon the airport or any airport facilities or upon any property, real or personal, acquired or used by the Authority in connection with, or any income derived by the Authority from the operation and maintenance of the airport or any airport facilities.

C. The acquisition, construction, sale, exchange, lease and maintenance of Authority Facilities within the meaning of § 4. 12. of this act constitute the performance of essential governmental functions and are for a public purpose promoting the industry and economy of the Commonwealth and thereby providing employment, stimulating business, increasing tax revenues and contributing to the general welfare of the Commonwealth. Accordingly, the income and property of the Authority shall at all times be exempt from all taxation by the Commonwealth or any political subdivision thereof. The Authority and the political subdivision in which all or any part of a particular Authority facility is located may agree on payment by the Authority on account of governmental services to be rendered by the political subdivision in such amounts as the Authority may find to be consistent with the purposes of this chapter. (1980, c. 94)

5. To prescribe the procedure, if any, by which the terms of any contract with the holders of the bonds may be amended or abrogated, the amount of bonds the holders of which must consent thereto and the manner in which such consent may be given;

(1980, c. 94)

§ 12. Revenues.

The Authority is hereby authorized to establish, maintain, revise, charge and collect such rates, fees, rents, tolls or other charges for the use, services and facilities of the Authority Facilities and to contract with any person, partnership, association or corporation desiring the use of any part thereof, and to fix the terms, conditions, rates, fees, rents, tolls and charges for such use. Such rates, fees, rents, tolls and charges shall be so fixed and adjusted that the revenues of the Authority Facilities, including moneys to be provided by the Commonwealth, the city of Petersburg and the county of Dinwiddie or any other public agency or donor shall be sufficient to pay the cost to the Authority of maintaining, repairing and operating the Authority Facilities and the principal of and the interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. Such rates, fees,

rents, tolls and charges shall not be subject to supervision or regulation by any commission, board, bureau or agency of the Commonwealth or of any municipality, county, or other political subdivision of the Commonwealth. The revenues derived from or in connection with the ownership or operation of the Authority Facilities, except such part thereof as may be necessary to pay the cost of maintenance, repair and operation thereof and to provide such reserves therefor as may be required under the bond resolution or the trust agreement, shall be set aside at such regular intervals as may be provided in the bond resolution or the trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. The revenues so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the bond resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the bond resolution or the trust agreement. Such sinking fund shall be a fund for all such bonds without distinction or priority of one over another or with such distinctions and priorities among such bonds as may be provided in the bond resolution or the trust agreement. A reserve may be accumulated and maintained out of the revenues and other moneys available to the Authority for extraordinary repairs and expenses and for such other purposes as may be provided in the bond resolution or trust agreement. Subject to such provisions and restrictions as may be set forth in the bond resolution or trust agreement the Authority shall have exclusive control of the revenues derived from or in connection with the Authority Facilities and the right to use such revenues in the exercise of its powers and duties set forth in this act.

The Authority shall be nonprofit and no part of its net earnings remaining after payment of its expenses shall inure to the benefit of any individual, firm or corporation, except that in the event the Authority shall determine that sufficient provision has been made for the full payment of expenses, bonds and other obligations of the Authority, any net earnings of the Authority thereafter accruing may, in the discretion of the Authority, be paid equally to the County of Dinwiddie. In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of the Authority, the Authority shall be deemed to have been created as a body corporate and to have been established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution as aforesaid by the participating political subdivisions declaring that there is a need for such Authority. A copy of such resolution duly certified by the clerks of the counties by which it is adopted shall be admissible as evidence in any suit, action, or proceeding. Any political subdivision of the Commonwealth is authorized to join such Authority pursuant to the terms and conditions of this act.

The ownership and operation by the Authority of any public access sites and related facilities and the exercise of powers conferred by this act are proper and essential governmental functions and public purposes and matters of public necessity for which public moneys may be spent and private property acquired. The Authority shall have the power to adopt, amend, and repeal rules, regulations, and minimum standards for the use, maintenance, and operation of its facilities and governing the conduct of persons and organizations using its facilities.

Unless the Authority shall by unanimous vote of the board of directors determine that an emergency exists, the Authority shall, prior to the adoption of any rule or regulation or alteration, amendment, or modification thereof:

1. Make such rule, regulation, alteration, amendment, or modification in convenient form available for public inspection in the office of the Authority for at least 10 days; and
2. Post in a public place a notice declaring the board of directors' intention to consider adopting such rule, regulation, alteration, amendment, or modification and informing the public that the Authority will at a public meeting consider the adoption of such rule or regulation or such alteration, amendment, or modification, on a day and at a time to be specified in the notice, after the expiration of at least 10 days from the first day of the posting of the notice thereof. The violation of any rule or regulation of the Authority relating to motor vehicle traffic shall be tried and punished in the same manner as if it had been committed on the public roads of the participating political subdivision in which such violation occurred. § 15.2-7409.Reports

The Authority shall keep minutes of its proceedings, which minutes shall be open to public inspection during normal business hours. It shall keep suitable records of all its financial transactions and shall arrange to have the same audited annually by an independent certified public accountant. Copies of each such audit shall be furnished to each participating political subdivision and shall be open to public inspection.

2014, c. [471](#).

§ 15.2-7410.Procurement

All contracts that the Authority may let for professional services, nonprofessional services, or materials shall be subject to the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.).

2014, c. [471](#).

§ 15.2-7411.Deposit and investment of funds

Except as provided by contract with a participating political subdivision, all moneys received pursuant to the authority of this act, whether as proceeds from the sale of bonds or as revenues or otherwise, shall be deemed to be trust funds to be held and applied solely as provided in this act. All moneys of the Authority shall be deposited as soon as practicable in a separate account or accounts in one or more banks or trust companies organized under the laws of the Commonwealth or national banking associations having their principal offices in the Commonwealth. Such deposits shall be continuously secured in accordance with the Virginia Security for Public Deposits Act (§ [2.2-4400](#) et seq.).

Funds of the Authority not needed for immediate use or disbursement may, subject to the provisions of any contract between the Authority and the holders of its bonds, be invested in securities that are considered lawful investments for fiduciaries.

2014, c. [471](#).

§ 15.2-7412.Authority to issue bonds

The Authority shall have the power to issue bonds from time to time in its discretion, for any of its purposes, including the payment of all or any part of the cost of Authority facilities and including the payment or retirement of bonds previously issued by it. The Authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds payable, both as to principal and interest, (i) from its revenues and receipts generally and (ii) exclusively from the revenues and receipts of certain designated facilities or loans whether or not they are financed in whole or in part from the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any grant or contribution from a participating political subdivision; the Commonwealth or any political subdivision, agency, or instrumentality thereof; any federal agency; or any unit, private corporation, co-partnership, association, or individual, as such participating political subdivision, or other entities, may be authorized to make under general law or by pledge of any income or revenues of the Authority or by mortgage or encumbrance of any property or facilities of the Authority. Unless

otherwise provided in the proceeding authorizing the issuance of the bonds, or in the trust indenture securing the same, all bonds shall be payable solely and exclusively from the revenues and receipts of a particular facility or loan. Bonds may be executed and delivered by the Authority at any time and from time to time may be in such form and denominations and of such terms and maturities, may be in registered or bearer form either as to principal or interest or both, may be payable in such installments and at such time or times not exceeding 40 years from the date thereof, may be payable at such place or places whether within or without the Commonwealth, may bear interest at such rate or rates, may be payable at such time or times and at such places, may be evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided and specified by the board of directors in authorizing each particular bond issue.

If deemed advisable by the board of directors, there may be retained in the proceedings under which any bonds of the Authority are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and as may be briefly recited on the face of the bonds, but nothing herein contained shall be construed to confer on the Authority any right or option to redeem any bonds except as may be provided in the proceedings under which they shall be issued. Any bonds of the Authority may be sold at public or private sale in such manner and from time to time as may be determined by the board of directors of the Authority to be most advantageous, and the Authority may pay all costs, premiums, and commissions that its board of directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the Authority of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same facility or any other facility, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the Authority at any time outstanding may from time to time be refunded by the Authority by the issuance of its refunding bonds in such amount as the board of directors may deem necessary, but not exceeding an amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any costs, premiums, or commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby, with the consent of the holders of the bonds so to be refunded, and regardless of whether or not the bonds to be refunded were issued in connection with the same facilities or separate facilities, and regardless of whether or not the bonds proposed to be refunded shall be payable on the same date or on different dates or shall be due serially or otherwise.

All bonds shall be signed by the chairman or vice-chairman of the Authority or shall bear his facsimile signature, and the corporate seal of the Authority or a facsimile thereof shall be impressed or imprinted thereon and attested by the signature of the secretary (or the secretary-treasurer) or the assistant secretary (or assistant secretary-treasurer) of the Authority or shall bear his facsimile signature, and any coupons attached thereto shall bear the facsimile signature of said chairman. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be an officer before delivery of such bonds, such signature, or such facsimile, shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. When the signatures of both the chairman or the vice-chairman and the secretary (or the secretary-treasurer) or the assistant secretary (or the assistant secretary-treasurer) are facsimiles, the bonds must be authenticated by a corporate trustee or other authenticating agent approved by the Authority.

If the proceeds derived from a particular bond issue, due to error of estimates or otherwise, shall be less than the cost of the Authority facilities for which such bonds were issued, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the proceedings authorizing the issuance of the bonds of such issue or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds of the first issue. If the proceeds of the bonds of any issue shall exceed such cost, the surplus may be deposited to the credit of the sinking fund for such bonds or may be applied to the payment of the cost of any additions, improvements, or enlargements of the Authority facilities for which such bonds shall have been issued.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds that become mutilated or are destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau, or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions, or things that are specifically required by this act, provided, however, that nothing contained in this act shall be construed as affecting the powers and duties now conferred by law upon the State Corporation Commission.

All bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of and shall be and are hereby made negotiable instruments under the Uniform Commercial Code of Virginia (§ [8.1A-101](#) et seq.), subject only to provisions respecting registration of the bonds.

In addition to all other powers granted to the Authority by this act, the Authority is authorized to provide for the issuance from time to time of notes or other obligations of the Authority for any of its authorized purposes. All of the provisions of this act that relate to bonds or revenue bonds shall apply to such notes or other obligations insofar as such provisions may be appropriate.

2014, c. [471](#).

§ 15.2-7413.Fees, rents, and charges

The Authority is hereby authorized to and shall fix, revise, charge, and collect fees, rents, and other charges for the use and services of any facilities or access site. Such fees, rents, and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the cost of maintaining, repairing, and operating the facilities and the principal and any interest on its bonds as the same shall become due and payable, including reserves therefor. Such fees, rents, and charges shall not be subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth or any participating political subdivision. The fees, rents, and other charges received by the Authority, except such part thereof as may be necessary to pay the cost of maintenance, repair, and operation and to provide such reserves therefor as may be provided for in any resolution authorizing the issuance of such bonds or in any trust indenture or agreement securing the same, shall to the extent necessary be set aside at such regular intervals as may be provided in any such resolution or trust indenture or agreement in a sinking fund or sinking funds pledged to, and charged with, the payment and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of such bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. So long as any of its bonds are outstanding, the fees, rents, and charges so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Authority irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of any such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture or agreement.

2014, c. [471](#).

§ 15.2-7414.Credit of Commonwealth and political subdivisions not pledged

Bonds issued pursuant to the provisions of this act shall not be deemed to constitute a debt of the Commonwealth, or any political subdivision thereof other than the Authority, but such bonds shall be payable solely from the funds provided therefor as herein authorized. All such bonds shall contain on the face thereof a statement to the effect that neither the Commonwealth, nor any political subdivision thereof, nor the Authority, shall be obligated to pay the same or the interest thereon or other costs

incident thereto except from the revenues and money pledged therefor and that neither the faith and credit nor the taxing power of the Commonwealth, or any political subdivision thereof, is pledged to the payment of the principal of such bonds or the interest thereon or other costs incident thereto.

All expenses incurred in carrying out the provisions of this act shall be payable solely from the funds of the Authority and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall be available to the Authority.

Bonds issued pursuant to the provisions of this act shall not constitute an indebtedness within the meaning of any debt limitation or restriction.

2014, c. [471](#).

§ 15.2-7415. Directors and persons executing bonds not liable thereon

Neither the board of directors nor any person executing the bonds shall be liable personally for the Authority's bonds by reasons of the issuance thereof.

2014, c. [471](#).

§ 15.2-7416. Security for payment of bonds; default

The principal of and interest on any bonds issued by the Authority shall be secured by a pledge of the revenues and receipts out of which the same shall be made payable, and may be secured by a trust indenture covering all or any part of the Authority facilities from which revenues or receipts so pledged may be derived, including any enlargements of any additions to any such projects thereafter made.

The resolution under which the bonds are authorized to be issued and any such trust indenture may contain any agreements and provisions respecting the maintenance of the projects covered thereby, the fixing and collection of rents for any portions thereof leased by the Authority to others, the creation and maintenance of special funds from such revenues and the rights and remedies available in the event of default, all as the board of directors shall deem advisable not in conflict with the provisions hereof. Each pledge, agreement, and trust indenture made for the benefit or security of any of the bonds of the Authority shall continue effective until the principal of and interest on the bonds for the benefit of which the same were made shall have been fully paid. In the event of default in such payment or in any agreements of the Authority made as a part of the contract under which the bonds were issued, whether contained in the proceedings authorizing the bonds or in any trust indenture executed as security therefor, said pledge or agreement may be enforced by mandamus, suit, action, or proceeding at law or in equity to compel the Authority and the directors, officers, agents, or employees thereof to perform each and every term, provision, and covenant contained in any trust indenture of the Authority, the appointment of a receiver in equity, or by foreclosure of any such trust indenture, or any one or more of said remedies.

2014, c. [471](#).

§ 15.2-7417. Taxation

The exercise of the powers granted by this act shall in all respects be presumed to be for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their health, safety, welfare, convenience, and prosperity, and as the operation and maintenance of any project that the Authority is authorized to undertake will constitute the performance of an essential governmental function, the Authority shall not be required to pay any taxes or assessments upon any facilities acquired and constructed by it under the provisions of this act, and the bonds issued under the provisions of this act, their transfer, and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any political subdivision thereof. Persons, firms, partnerships, associations, corporations, and organizations leasing property of the Authority or doing business on property of the Authority shall be subject to and liable for payment of all applicable taxes of the political subdivision in which such leased property lies or in which business is conducted, including, but not limited to, any leasehold tax on real property and taxes on hotel and motel rooms, taxes on the sale of tobacco products, taxes on the sale of meals and beverages, privilege taxes and local general retail sales and use taxes, taxes to be paid on licenses in respect to any business, profession, vocation, or calling, and taxes upon consumers of gas, electricity, telephone, and other public utility services.

2014, c. [471](#).

§ 15.2-7418. Bonds as legal investments

Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions and all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital, in their control or belonging to them. Such bonds are hereby made securities that may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law.

2014, c. [471](#).

Any such political subdivision is hereby authorized to issue its bonds, including general obligation bonds, in the manner provided in the Public Finance Act (§ [15.2-2600](#) et seq.) or in any applicable municipal charter for the purpose of providing funds to be appropriated to the Authority, and such political subdivisions may enter into contracts obligating such bond proceeds to the Authority.

The Authority may agree to assume or reimburse a participating political subdivision for any indebtedness incurred by such participating political subdivision with respect to facilities conveyed by it to the Authority.

2014, c. [471](#).

§ 15.2-7420.Contracts with political subdivisions

The Authority is authorized to enter into contracts with any one or more political subdivisions.

The rates, rents, fees, and charges and other revenues or moneys so pledged and received by the Authority shall immediately be subject to

the lien of such pledge without any physical delivery or further act. The lien of any such pledge is valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the Authority, irrespective of whether such parties have notice of such lien. No resolution authorizing the issuance of any revenue bonds of the Authority or trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund or other similar fund is subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Such sinking fund or other similar fund is a fund for all such revenue bonds issued to finance a project by a participating institution, without distinction or priority of one revenue bond over another, but the Authority may provide in any such resolution or trust agreement (i) that such sinking fund or other similar fund is the fund for a particular project by a participating institution and the revenue bonds issued to finance a particular project and (ii) for the issuance of revenue bonds having a subordinate lien to other revenue bonds of the Authority with respect to the security authorized and, in such case, the Authority may create separate or other similar funds with respect to such subordinate lien bonds.

§ 23.1-1230.Powers; issuance of refunding revenue bonds

A. The Authority may provide for the issuance of revenue bonds to (i) refund any of its outstanding revenue bonds, including the payment of any redemption premium thereon and any interest accrued or to accrue on the earliest or any subsequent date of redemption, purchase, or maturity of such revenue bonds or (ii) pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion of a project.

B. The Authority may (i) apply the proceeds of any revenue bonds issued to refund outstanding revenue bonds to purchase, retire at maturity, or redeem such outstanding revenue bonds either on their earliest or any subsequent redemption date, upon their purchase, or at their maturity and (ii) place the proceeds of revenue bonds issued to refund outstanding revenue bonds in escrow pending such application to be applied to such purchase, retirement, or redemption on the date that it determines.

C. The Authority may invest and reinvest proceeds placed in escrow pursuant to subsection B in direct obligations of the United States, certificates of deposit, or time deposits secured by direct obligations of the United States that mature at such time as is appropriate to ensure the prompt payment of principal, interest, and any redemption premium of the outstanding revenue bonds to be so refunded, pending the purchase, retirement at maturity, or redemption of such outstanding revenue bonds. The Authority may apply interest, income, and any profits earned or realized on any such investment to pay the outstanding revenue bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and any interest, income, and

profits earned or realized on the investments on such proceeds may be returned to the Authority for its lawful use.

D. The Authority may invest or reinvest the portion of the proceeds of any revenue bonds issued to pay all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project in direct obligations of the United States or certificates of deposit or time deposits secured by direct obligations of the United States that mature not later than the time when such proceeds are needed to pay all or any part of such cost. The Authority may apply any interest, income, and profits earned or realized on such investment to the payment of all or any part of such cost or use such interest, income, and profits in any lawful manner.

E. All refunding revenue bonds issued pursuant to this section are subject to the provisions of this article in the same manner and to the same extent as other revenue bonds issued pursuant to this article.

§ 23.1-1231. Revenue bonds not obligations of Commonwealth or political subdivision

Revenue bonds issued under the provisions of this article (i) do not constitute a debt, liability, or pledge of the faith and credit of the Commonwealth or any political subdivision of the Commonwealth and (ii) are payable solely from the funds provided from revenues as set forth in this article. Each such revenue bond shall state on its face that (a) neither the Commonwealth nor the Authority is obligated to pay such revenue bonds or the interest thereon except from revenues of the project or the portion of the project for which they are issued and (b) neither the faith and credit nor the taxing power of the Commonwealth or any political subdivision of the Commonwealth is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this article shall not directly, indirectly, or contingently obligate the Commonwealth or any political subdivision of the Commonwealth to levy or pledge any form of taxation for such bonds or make any appropriation for their payment.

Any officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this article, the resolution authorizing the bonds of any issue, or the trust agreement securing such bonds.

§ 23.1-1233. Remedies of bondholders or holders of other obligations

Any (i) holder of revenue bonds, notes, bond anticipation notes, other notes, or other obligations of the Authority issued under the provisions of this article or any of the coupons appertaining to any such obligation and (ii) trustee under any trust agreement, except to the extent that such rights are restricted by any resolution authorizing the issuance of, or any such trust agreement securing, such bonds or other obligations, may, either at law or in equity, by suit, action, mandamus, or other proceedings, (a) protect and enforce all rights under the laws of the Commonwealth or such resolution or trust agreement and (b) enforce and compel the performance of all duties required by this article or by such resolution or trust agreement to be performed by the Authority or any officer, employee, or agent of the Authority, including the fixing, charging, and collecting of the rates, rents, fees, and charges authorized by this article and required by the provisions of such resolution or trust agreement to be fixed, charged, and collected.

1972, c. 686, § 23-30.52; 2016, c. [588](#).

§ 23.1-1234.Exemption from taxation

Neither the Authority nor its agent are required to pay any taxes or assessments upon or with respect to a project, any property acquired or used by the Authority or its agent under the provisions of this article, or the income from any such project or property. Any bonds issued under the provisions of this article, the transfer of such bonds, and the income from such bonds, including any profit made on the sale of such bonds, are exempt from taxation of any kind by the Commonwealth and the localities and other political subdivisions of the Commonwealth.

§ 23.1-1235.Bonds as legal investments

1972, c. 686, § 23-30.55; 2016, c. [588](#).

§ 23.1-1236.Nature of article

This article is supplemental and additional to powers conferred by other laws, but the issuance of revenue bonds and revenue refunding bonds under the provisions of this article need not comply with the requirements of any other law applicable to the issuance of bonds. Except as otherwise expressly provided in this article, no power granted to the Authority under the provisions of this article is subject to the supervision or regulation of or requires the approval or consent of the Commonwealth, any

locality or political subdivision of the Commonwealth, or any department, division, commission, board, body, bureau, official, or agency of any such locality or political subdivision.

Electric Authorities Act

§ 15.2-5400.Short title

This chapter shall be known and may be cited as the "Electric Authorities Act."

1979, c. 416, § 15.1-1603; 1997, c. 587.

§ 15.2-5401.Intent of General Assembly

It is the intent of the General Assembly by the passage of this chapter to authorize the creation of electric authorities by localities of this Commonwealth, either acting jointly or separately, in order to provide facilities for the generation, transmission, and distribution of electric power and energy, and to vest such authorities with all powers that may be necessary to enable them to accomplish such purposes, which powers shall be exercised for the benefit of the inhabitants of the Commonwealth.

It is further the intent of the General Assembly that in order to achieve the economies and efficiencies made possible by the proper planning, financing, sizing and location of facilities for the generation, transmission, and distribution of electric power and energy which are not practical for any locality or electric authority acting alone, and to insure an adequate, reliable and economical supply of electric power and energy to the inhabitants of the Commonwealth, electric authorities shall be authorized to jointly cooperate and plan, finance, develop, own and operate with other electric authorities and other public corporations and governmental entities and investor-owned electric power companies and electric power cooperative associations or corporations, within or outside the Commonwealth, electric generation, transmission, and distribution facilities in order to provide for the present and future requirements of the electric authorities and their participating localities. It is further the intent of the General Assembly that an authority that is created by the Town of Elkton and that is limited by its articles of incorporation to having the Town of Elkton as its sole member throughout its life is authorized to become an authority to distribute electric energy for retail sale. The distribution of electric energy for retail sale by an authority that is created by the Town of Elkton and that is limited by its articles of incorporation to having the Town of Elkton as its sole member throughout its life shall be limited to the geographic area that was served as of January 1, 2006, by the Town of Elkton.

Accordingly, it is determined that the exercise of the powers granted herein will benefit the inhabitants of the Commonwealth and serve a valid public purpose in improving and otherwise promoting their health, welfare and prosperity.

This chapter shall be liberally construed in conformity with these intentions.

§ 15.2-5403. Creation of electric authority; referendum

The governing body of a governmental unit may by ordinance, or the governing bodies of two or more governmental units may by concurrent ordinances or agreement authorized by ordinance of each of the respective governmental units, create an electric authority, under any appropriate name and title containing the words "electric authority." Upon compliance with the provisions of this section and §§ [15.2-5404](#) and [15.2-5405](#), the authority shall be a political subdivision of the Commonwealth and a body politic and corporate. Any such ordinance shall be adopted in accordance with applicable general or special laws or charter provisions providing for the adoption of ordinances of the particular governmental unit, and shall be published once a week for two successive weeks prior to adoption in a newspaper of general circulation within the governmental unit. The second publication shall not be sooner than one calendar week after the first publication.

No governmental unit shall participate as a member of such an authority unless and until such participation is authorized by a majority of the voters voting in a referendum held in the governmental unit on the question of whether or not the governmental unit should participate in the authority. The referendum shall be held as provided in §§ [24.2-682](#) and [24.2-684](#). The foregoing referendum requirement shall not apply to the Town of Elkton if the Town creates an authority by an ordinance that includes articles of incorporation which comply with the provisions of § [15.2-5404](#) and also set forth a statement that such authority shall have only the Town as its sole member throughout its life.

1979, c. 416, § 15.1-1606; 1997, c. 587; 2006, cc. [929](#), [941](#).

§ 15.2-5404. Articles of incorporation

Each ordinance or agreement providing for the creation of an authority shall include articles of incorporation which shall set forth:

1. The name of the authority and the address of its principal office;
2. The names of the governmental units which are to be the initial members of the authority;
3. The purpose or purposes for which the authority is to be created;
4. The number of directors who shall initially serve on the board of directors which shall exercise the powers of the authority, the number of directors from each member governmental unit, and the names, addresses and terms of office of the initial directors of the authority; and
5. Any other provisions for regulating the business of the authority or the conduct of its affairs, including provisions for amendment of the articles of incorporation.

1979, c. 416, § 15.1-1607; 1997, c. 587.

§ 15.2-5405. Certificate of incorporation or charter; addition and withdrawal of members; board of directors; indemnification of directors, officers or employees

A. After adoption or approval of the ordinances or agreement providing for the creation of an authority, the articles of incorporation of the authority shall be filed with the State Corporation Commission. If the State Corporation Commission finds that the articles of incorporation conform to law, and the creation of such an authority is in the public interest, a certificate of incorporation or charter shall forthwith be issued, and thereupon the authority shall constitute a political subdivision of the Commonwealth and a body politic and corporate and shall be deemed to have been lawfully and properly created, established and authorized to exercise the powers granted under this chapter.

In any suit, action or proceeding involving the validity or enforcement of, or relating to, any contract or action of the authority, the authority, in the absence of establishing fraud in the premises, shall be conclusively deemed to have been established in accordance with the provisions of this chapter upon proof of the issuance of the aforesaid certificate by the State Corporation Commission. A copy of such certificate, duly certified by the State Corporation Commission, shall be admissible in evidence in any such suit, action or proceeding, and shall be conclusive evidence of the filing and contents thereof.

Notice of the issuance of such certificate by the State Corporation Commission shall be given to each of the member governmental units of the authority by the State Corporation Commission.

B. After the creation of an authority, any other governmental unit may become a member thereof upon application to such authority after the adoption of an ordinance by the governing body of the governmental unit authorizing such governmental unit to become a member of the authority, and with the unanimous consent of the members of the authority evidenced by ordinances of their respective governing bodies. Except for an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#), any governmental unit may withdraw from an authority; however, all contractual rights acquired and obligations incurred while a governmental unit was a member shall remain in full force and effect.

In the case of the joining of a new member governmental unit to an authority, or in the case of the withdrawal of an existing member governmental unit from an authority, the articles of incorporation of the authority shall be amended to evidence such joinder or withdrawal, as the case may be, and such amendment shall be filed with the State Corporation Commission. Thereupon, the State Corporation Commission shall issue a certificate of joinder or withdrawal, as the case may be, to which shall be attached a copy of the amendment to the articles of incorporation. The joining or withdrawal shall become effective upon the issuance of such certificate.

C. The powers of each authority created by the governing body of a single governmental unit shall be exercised by a board of five directors, or, at the option of the governing body of the particular governmental unit, a number of directors equal to the number of persons on the governing body of the

governmental unit. The powers of each authority created by the governing bodies of two or more governmental units shall be exercised by a board of such number of directors specified in its articles of incorporation, which shall be not less than one member for each governmental unit and not less than a total of five directors. The directors of an authority shall be selected in the manner and for the terms provided by the ordinance of a single governmental unit, or the concurrent ordinances or agreement of two or more of the governmental units creating the authority. No director shall be appointed for a term of more than four years but a director may be reappointed and succeed himself or herself. Directors shall hold office until their successors have been appointed. When one or more additional governmental units join an existing authority, each of such joining governmental units shall appoint not less than one director of the authority.

The directors of the authority shall elect one of their number chairman of the authority, and shall elect a secretary and treasurer and such other officers as are deemed necessary who need not be directors of the authority. The offices of secretary and treasurer may be combined. A majority of the directors of the authority shall constitute a quorum, and the vote of a majority of the directors shall be necessary for any action taken by the authority. No vacancy in the board of directors of the authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the authority. If a vacancy occurs by reason of the death, disqualification or resignation of a director, the governing body of the governmental unit which appointed such director shall appoint a successor to fill his unexpired term. In the event of a vacancy in the board of directors for any reason, a successor shall be appointed within six months of the date on which such vacancy occurred.

Whenever a governmental unit withdraws from an authority, the term of any director appointed to the board of directors from such governmental unit shall immediately terminate, and, if such termination results in less than five directors of the authority, additional directors shall be selected in the manner and for the terms provided by the ordinances or agreement creating the authority so as to comply with the requirements of this section. No elected official of a member governmental unit shall be a director of an authority. No person shall serve as a director unless he resides within the governmental unit which has appointed him. Directors shall receive such compensation as shall be fixed from time to time by resolution or resolutions of the governing body or bodies of the member governmental unit or units of the authority, and shall be reimbursed for any actual expenses necessarily incurred in the performance of their duties.

D. An authority may defend, indemnify against loss or liability and save harmless any of its directors, officers or employees whenever a claim or demand is made or threatened, or whenever proceeded against in any investigation or before any court, board, commission or other public body to defend or maintain his official position or a position taken in the course of the execution of his duties or because of any act or omission arising out of the performance of his official duties if the director, officer or employee acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the

best interests of the authority. If it is ultimately determined that a director, officer or employee of an authority is entitled to be indemnified by the authority as authorized in this section, he shall be indemnified against expenses, including attorneys' fees, actually and reasonably incurred by him in connection therewith. Expenses, including attorneys' fees, incurred in defending a civil action, suit or proceeding may be paid by an authority in advance of the final disposition of such action, suit or proceeding as authorized in the manner provided in this section upon receipt of an undertaking by or on behalf of the director, officer or employee, to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the authority as authorized in this section.

The indemnification provided by this section shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any bylaw, agreement, or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer or employee, and shall inure to the benefit of the heirs, executors and administrators of such person. An authority shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer or employee of the authority against any liability asserted against him and incurred by him in any such capacity or arising out of his status as such, whether or not the authority would have the power to indemnify him against such liability under the provisions of this section.

1979, c. 416, § 15.1-1608; 1997, c. 587; 2006, cc. [929](#), [941](#).

The provisions of the Virginia Personnel Act (§ [2.2-2900](#) et seq.) and the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) shall apply to an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#) in the exercise of any power conferred under this article only to the extent that such provisions would have applied to the sole member of such authority in the exercise of such power directly.

2006, cc. [929](#), [941](#).

§ 15.2-5406. Rights, powers and duties of authority

An authority shall have all of the rights and powers necessary and convenient to carry out and effectuate the purposes and provisions of this chapter, including, but without limiting the generality of the foregoing, the rights and powers:

7. To acquire by private negotiated purchase or lease or otherwise an existing project, a project under construction, or other property within or outside the Commonwealth, either individually or jointly with any other unit or units whether public or private; to acquire by private negotiated purchase or lease or otherwise any facilities for the development, production, manufacture, procurement, handling, transportation, storage, fabrication, enrichment, processing or reprocessing of fuel of any kind or any facility or rights with respect to the supply of water; and to enter into agreements by private negotiation or otherwise, for such period as the authority shall determine, for the development, production, manufacture, procurement, handling, storage, fabrication, enrichment, processing or reprocessing of fuel of any kind or any facility or rights with respect to the supply of water;

10. To dispose of by private negotiated sale or lease or otherwise an existing project, a project under construction, or other property owned either individually or jointly, and to dispose of by private negotiated sale or lease or otherwise any facilities for the development, production, manufacture, procurement, handling, transportation, storage, fabrication, enrichment, processing or reprocessing of fuel of any kind or any facility or rights with respect to the supply of water;
11. To borrow money and issue revenue bonds of the authority in the manner hereinafter provided;

14. To fix, charge and collect rents, rates, fees and charges for output or capacity of any project and for the use of, or for, the other services, facilities and commodities sold, furnished or supplied through any project;
15. To authorize the acquisition, construction, operation or maintenance of any project by any unit or individual on such terms as the authority shall deem proper, and, in connection with any project which is owned jointly by the authority and one or more units, to act as agent, or designate one or more of the other units to act as agent, for all the owners of the project for the construction, operation or maintenance of such project;
16. To generate, produce, transmit, deliver, exchange, purchase or sell electric power and energy at wholesale or retail, and to enter into contracts for any or all such purposes;
17. To negotiate and enter into contracts for the purchase, sale, exchange, interchange, wheeling, pooling, transmission or use of electric power and energy at wholesale or retail with any unit within or outside the Commonwealth;
18. To purchase power and energy and related services from any source on behalf of its member governmental units and other customers and to sell the same to its member governmental units and other customers in such amounts, with such characteristics, for such periods of time and under such terms and conditions as the authority shall determine;
19. In the event of any annexation by a governmental unit which is not a member governmental unit of the authority of lands, areas, or territory in which the authority's projects exist, to continue to do business and to exercise jurisdiction over its properties and facilities in and upon or over such lands, areas or territory as long as any bonds remain outstanding or unpaid, or any contracts or other obligations remain in force;
20. To amend the articles of incorporation with respect to the name or powers of such authority or in any other manner not inconsistent with this chapter by following the procedure prescribed by law for the creation of an authority;
21. To enter into contracts with any unit on such terms as the authority shall deem proper for the purposes of acting as a billing and collecting agent for electric service or electric service fees, rents or charges imposed by any such unit;
22. To pledge or assign any moneys, fees, rents, charges or other revenues and any proceeds derived by the authority from the sales of bonds, property, insurance or condemnation awards;
23. To make and execute contracts and other instruments necessary or convenient in the exercise of the powers and functions of the authority under this chapter, including contracts with persons, firms, corporations and others;

24. To apply to the appropriate agencies of the Commonwealth, the United States or any state thereof, and to any other proper agency for such permits, licenses, certificates or approvals as may be necessary, to construct, maintain and operate projects in accordance with such licenses, permits, certificates or approvals; and to obtain, hold and use such licenses, permits, certificates and approvals in the same manner as any other person or operating unit;

25. To employ such persons as may be required in the judgment of the authority and to fix and pay their compensation from funds available to the authority therefor; and

26. To do all acts and things necessary and convenient to carry out the purposes and to exercise the powers granted to the authority herein.

In undertaking a project, an authority shall apply to the appropriate agencies of the Commonwealth, the United States, or any state therein, for such permits, licenses, certificates, or approvals as may be necessary, including, in any event, those referred to in §§ [56-46.1](#), [56-234.3](#), and [56-265.2](#); former § [62.1-3](#); and Chapter 7 (§ [62.1-80](#) et seq.) of Title 62.1 of the Code of Virginia. An authority shall construct, maintain and operate such projects in accordance with such permits, licenses, certificates and approvals. The foregoing sentence shall apply to an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#) only to the extent that it would have applied to the governmental unit that is the sole member of such authority if the governmental unit had directly undertaken the project.

In determining which project or projects to undertake in furtherance of its purposes and powers under this chapter, an authority shall take into account estimated future power requirements of member governmental units which have entered into, or propose to enter into, contracts with the authority for the purchase of output, capacity, use or services of such project or projects, and in making such determinations the authority shall consider the following:

1. Economies and efficiencies to be achieved in constructing, on a large scale, facilities for the generation and distribution of electric power and energy;
2. Needs of the authority for reserve and peaking capacity and to meet obligations under pooling and reserve-sharing agreements reasonably related to its needs for power and energy to which the authority is or may become a party;
3. Estimated useful life of such project;
4. Estimated time necessary for the planning, development, acquisition, or construction of such project and length of time required in advance to obtain, acquire or construct an additional power supply for the member governmental units of the authority; and
5. Reliability and availability of alternative power supply sources and cost of such alternative power supply sources.

Nothing herein contained shall prevent an authority from undertaking studies to determine whether there is a need for a project or whether such project is feasible.

1979, c. 416, § 15.1-1609; 1997, c. 587; 2006, cc. [929](#), [941](#).

§ 15.2-5406.1. Retail distribution of electric energy limited to certain authorities

Notwithstanding any other provision in this chapter to the contrary, an authority is not authorized to distribute electric energy for retail sale unless the authority is an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#). Such distribution shall be limited to retail sales within the geographic area that was, as of January 1, 2006, by the governmental unit of such authority. Nothing in this chapter shall be construed to impair or abridge the exclusive territorial electric distribution rights or property rights of any certificated incumbent public service company operating in the Commonwealth. No such authority is authorized or empowered to take by condemnation, eminent domain, or otherwise, the electric distribution system, utility facilities, or other utility property of any public service company without the consent of such public service company.

2006, cc. [929](#), [941](#).

§ 15.2-5406.2. Tort claims against certain authorities

An authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#) shall be subject to tort liability only to the extent that the governmental unit that is the sole member of such authority is subject to such liability.

2006, cc. [929](#), [941](#).

§ 15.2-5407. Membership in more than one authority

Nothing herein contained shall prohibit any governmental unit from being a member of more than one authority for the purpose of obtaining an adequate electric power supply.

1979, c. 416, § 15.1-1610; 1997, c. 587.

§ 15.2-5408. Sale of power and energy, including capacity and output to member governmental units by authority; duration of contracts; source of payments; furnishing of money, property or services by member governmental units

Any member governmental unit of an authority may contract to buy from the authority power and energy required for its present or future requirements, including the capacity and output of one or more specified projects. Any such contract may provide that the governmental unit so contracting shall be obligated to make payments required by the contract whether or not a project is completed, operable or operating and notwithstanding the suspension, interruption, interference, reduction or curtailment of the output of a project or the power and energy contracted for, and that such payments under the contract shall not be subject to any reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance by the authority or any other member

governmental unit under the contract or any other instrument. Such contracts with respect to any project may also provide, in the event of default by any member governmental unit which is a party to any such contract for such project in the performance of its obligations thereunder, for other member governmental units which are parties to any such contract for such project to succeed to the rights and interests and assume the obligations of the defaulting party, pro rata or otherwise as may be agreed upon in such contracts.

Notwithstanding the provisions of any other law or local charter provision to the contrary, any such contracts with respect to the sale or purchase of capacity, output, power or energy from a project may extend for a period not exceeding fifty years from the date a project is estimated to be placed in normal continuous operation; the execution and effectiveness thereof shall not be subject to any authorizations or approvals by the Commonwealth or any agency, commission or instrumentality or political subdivision thereof except as specifically required and provided in this chapter.

Payments by a governmental unit under any contract for the purchase of capacity and output from an authority shall be made solely from, and may be secured by a pledge of and lien upon, the revenues derived by such governmental unit from the ownership and operation of the electric system of such governmental unit, and such payments may be made as an operating expense of such electric system. No obligation under such contract shall constitute a legal or equitable pledge, charge, lien or encumbrance upon any property of the governmental unit or upon any of its income, receipts or revenues, except the revenues of its electric system, and neither the faith and credit nor the taxing power of the governmental unit are, or may be, pledged for the payment of any obligation under any such contract. A governmental unit shall be obligated to fix, charge and collect rents, rates, fees and charges for electric power and energy and other services, facilities and commodities sold, furnished or supplied through its electric system sufficient to provide revenues adequate to meet its obligations under any such contract and to pay any and all other amounts payable from or constituting a charge and lien upon such revenues, including amounts sufficient to pay the principal of and interest on bonds of such governmental unit heretofore or hereafter issued for purposes related to its electric system. Any pledge made by a governmental unit pursuant to this paragraph shall be governed by the laws of the Commonwealth.

Any member governmental unit of an authority may furnish the authority with money and provide the authority with personnel, equipment and property, both real and personal. Any member governmental unit may also provide any services to an authority. Any member governmental unit may contract for, advance or contribute funds to an authority as may be agreed upon by the authority, and the member governmental unit and the authority shall repay such advances or contributions from proceeds of bonds, from operating revenues or from any other funds of the authority, together with interest thereon as may be agreed upon by the member governmental units and authority.

1979, c. 416, § 15.1-1611; 1997, c. 587.

§ 15.2-5409. Sale of capacity and output to nonmembers; limitations

An authority may sell or exchange the capacity or output of a project not then required by any of its member governmental units for such consideration, for such period, and upon such other terms and conditions as may be determined by the parties, to any person, firm, association or corporation, public or private within or outside the Commonwealth; however, this shall not authorize retail sales by an authority to any nongovernmental end user of electric capacity or energy, except as set forth in § [15.2-5406.1](#), and sales of such capacity or output of a project shall not be made in such amounts, for such periods of time, and under such terms and conditions as will cause the interest on bonds issued to finance the cost of a project to become taxable by the federal government.

1979, c. 416, § 15.1-1612; 1997, c. 587; 2006, cc. [929](#), [941](#).

§ 15.2-5410. Contents of agreement as to joint ownership of project; designation of party to agreement as agent for construction, operation and maintenance of project; powers and duties of agent

Any agreement between an authority and a unit with respect to the joint ownership of a project shall provide that each party to the agreement shall own a percentage of the project equal to the percentage of the money furnished or the value of property supplied by the respective parties for the acquisition and construction thereof and shall own and control a like percentage of the output thereof. The agreement shall further provide that an authority shall be liable only for its own acts thereunder and that no moneys or other contributions supplied by an authority shall be applied in any way to the account of any other party to the agreement. Any such agreement may contain such terms, conditions, and provisions as the board of directors of an authority shall deem to be in the best interest of such authority.

The agreement may include, but shall not be limited to, provisions for the construction, operation and maintenance of a project by one of the parties thereto, which shall be designated in or pursuant to such agreement as agent on behalf of itself and the other parties, or by such other means as may be determined by the parties and provisions for a uniform method of determining, and allocating among the parties, costs of construction, operation, maintenance, renewals, replacements, and improvements with respect to such project. In carrying out its functions and activities as such agent with respect to the construction, operation, and maintenance of such a project, including without limitation the letting of contracts therefor, the agent shall be governed by the laws and regulations applicable to such agent as a separate legal entity and not by any laws or regulations which may be applicable to any of the other parties. Notwithstanding the provisions of any other law to the contrary, the authority may delegate its powers and duties with respect to the construction, operation and maintenance of such project to such agent, and all actions taken by the agent in accordance with the provisions of such agreement shall be binding upon each of the parties without further action or approval by their respective boards of directors or governing bodies. The agent shall be required to exercise all such

powers and perform its duties and functions under the agreement in a manner consistent with prudent utility practice.

As used in this section, "prudent utility practice" means any of the practices, methods, and acts at a particular time which, in the exercise of reasonable judgment in the light of the facts, including but not limited to the practices, methods, and acts engaged in or approved by a significant portion of the electrical utility industry prior thereto, known at the time the decision was made, would have been expected to accomplish the desired result at the lowest reasonable cost consistent with reliability, safety and expedition.

1979, c. 416, § 15.1-1613; 1997, c. 587.

§ 15.2-5411. Contracts for planning, acquisition, construction, etc., of projects

An authority may contract for the planning, acquisition, construction, reconstruction, operation, maintenance, repair, extension, and improvement of a project or may contract with one or more units to perform these functions, by advertising for bids, preparing plans and specifications in advance of construction, or securing performances and payment bonds to the extent that its board of directors determines that these actions are desirable in furtherance of the purposes of this chapter. Except as otherwise provided by this section, no contract shall be invalid or unenforceable by reason of nonperformance of the conditions required by any other law relating to public contracts.

1979, c. 416, § 15.1-1614; 1997, c. 587.

§ 15.2-5412. Issuance of bonds by authority

An authority may issue from time to time its bonds in such principal amounts as the authority shall deem necessary to provide sufficient funds to carry out any of its corporate purposes and powers, including but not limited to the payment of all or any part of the cost of a project or projects. The principal of, redemption premium, if any, and interest on such bonds shall be payable solely from, and may be secured solely by, a pledge of and lien upon the revenues, or any portion thereof, derived or to be derived by the authority from one or more of its projects, or contributions or advances from its members, or moneys derived from any source, as the authority shall determine. Bonds of the authority shall be authorized by a resolution adopted by its board of directors, and such resolution shall be spread upon its minutes. The bonds of each issue shall be dated, shall bear interest at such rate or rates, shall mature at such time or times not exceeding fifty years from their date or dates, shall have such rank or priority and may be made redeemable before maturity at the option of the authority, at such price or prices and under such terms and conditions, as may be determined by the authority. The authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or outside the Commonwealth. In case any officer whose signature or a facsimile of

whose signature appears on any bonds or coupons shall cease to be such officer before the delivery of such bonds, his signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provisions may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The authority may sell such bonds in such manner, either, at public or at private sale, and for such price as it may determine to be for the best interest of the authority and the member governmental units to be served thereby.

The issuance of such bonds shall not be subject to any limitations or conditions contained in any other law, and bonds may be issued without obtaining the consent of the Commonwealth or any political subdivisions, or of any agency, commission or instrumentality of either thereof, and without any other approvals, proceedings or the happening of any conditions or things other than those specifically required by this chapter and the provisions of the resolution authorizing the issuance of such bonds or the trust agreement securing the same.

1979, c. 416, § 15.1-1615; 1997, c. 587.

§ 15.2-5413. Interim receipts and temporary bonds; lost, stolen and destroyed bonds

Prior to the preparation of definitive bonds, the authority may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds have been executed and are available for delivery.

Should any bond issued under this chapter or any coupon appertaining thereto become mutilated or be lost, stolen or destroyed, the authority may cause a new bond or coupon of like date, number and tenor to be executed and delivered in exchange and substitution for, and upon the cancellation of such mutilated bond or coupon, or in lieu of and in substitution for such lost, stolen or destroyed bond or coupon. Such new bond or coupon shall not be executed or delivered until the holder of the mutilated, lost, stolen or destroyed bond or coupon has (i) paid the reasonable expense and charges in connection therewith; (ii) in the case of a lost, stolen or destroyed bond or coupon, filed with the authority or its fiduciary evidence satisfactory to such authority or its fiduciary that such bond or coupon was lost, stolen or destroyed and that the holder was the owner thereof; and (iii) furnished indemnity satisfactory to the authority.

1979, c. 416, § 15.1-1616; 1997, c. 587.

§ 15.2-5414. Bonds not debts of Commonwealth or member governmental unit

Bonds issued under the provisions of this chapter shall not be deemed to constitute a pledge of the faith and credit of the Commonwealth or of any governmental unit thereof. All such bonds shall contain a statement on their face substantially to the effect that neither the faith and credit of the

Commonwealth nor the faith and credit of any governmental unit of the Commonwealth is pledged to the payment of the principal of or the interest on such bonds. The issuance of bonds under the provisions of this chapter shall not directly, indirectly or contingently obligate the Commonwealth or any governmental unit of the Commonwealth to levy any taxes whatever therefor or to make any appropriation for their payment.

1979, c. 416, § 15.1-1617; 1997, c. 587.

§ 15.2-5415. Security for bonds; trust agreement; bond resolution

In the discretion of any authority, any revenue bonds issued under the provisions of this chapter may be secured by a trust agreement by and between the authority and a corporate trustee. Such corporate trustee, and any depository of funds of the authority, may be any trust company or bank having the powers of a trust company within the Commonwealth. The resolution authorizing the issuance of the bonds or the trust agreement may pledge or assign all or a portion of the revenues to be received by the authority in respect of any project or projects but shall not convey or mortgage any project, may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, and may restrict the individual right of action by bondholders. The trust agreement or the resolution providing for the issuance of such bonds may contain covenants including, but not limited to, the following:

1. The pledge of all or any part of the revenues derived from the project or projects to be financed by the bonds or from the electric system or facilities of the authority;
2. The rents, rates, fees and charges to be established, maintained, and collected, and the use and disposal of revenues, gifts, grants and funds received or to be received by the authority;
3. The setting aside of reserves and the investment, regulation and disposition thereof;
4. The custody, collection, securing, investment, and payment of any moneys held for the payment of bonds;
5. Limitations or restrictions on the purposes to which the proceeds of the sale of bonds then or thereafter to be issued may be applied;
6. Limitations or restrictions on the issuance of additional bonds, the terms upon which additional bonds may be issued and secured or the refunding of outstanding or other bonds;
7. The procedure, if any, by which the terms of any contract with bondholders may be amended, the percentage of bonds the bondholders of which must consent thereto, and the manner in which such consent may be given;
8. Events of default and the rights and liabilities arising thereupon, the terms and conditions upon which bonds issued under this chapter shall become or may be declared due before maturity, and the terms and conditions upon which such declaration and its consequences may be waived;

9. The preparation and maintenance of a budget;
10. The retention or employment of consulting engineers, independent auditors, and other technical consultants;
11. Limitations on or the prohibition of free service to any person, firm or corporation, public or private;
12. The acquisition and disposal of property, and the appointment of a receiver of the funds and property of the authority in the event of a default;
13. Provisions for insurance and for accounting reports and the inspection and audit thereof; and
14. The continuing operation and maintenance of the project or projects.

Any pledge made by an authority pursuant to this chapter shall be governed by the laws of the Commonwealth.

1979, c. 416, § 15.1-1618; 1997, c. 587.

§ 15.2-5416. Rents, rates, fees and other charges

The authority is hereby authorized to fix, charge and collect rents, rates, fees and other charges for the purchase of output or capacity of, or for the use of and for the electric power and energy or services, facilities and commodities sold, furnished or supplied by, any project. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times to (i) pay the cost of maintaining, operating and repairing the project or projects on account of which such bonds are issued, including reserves for such purposes and for replacement and depreciation and necessary extensions; (ii) pay the principal of and redemption premium, if any, and interest on the revenue bonds as the same shall become due and to create and maintain reserves therefor; (iii) comply with the terms of any resolution or trust agreement securing bonds of the authority; and (iv) pay any and all amounts which the authority may be obligated to pay from such revenues by law or contract.

In fixing rents, rates, fees and other charges as provided in this section, the authority shall hold a public hearing, advertised as required in § [15.2-5403](#), at which hearing the public may submit comments with respect to such rents, rates, fees and other charges to the authority. The authority shall charge and collect the rates, fees and charges so fixed or revised. Rates, rentals, fees and charges for the sale or purchase of output or capacity of, or for the use of and for the electric power and energy or services, facilities and commodities sold, furnished or supplied by a project may be fixed and revised and charged and collected by the authority under this chapter without obtaining the approval or consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceeding or the happening of any other condition or thing than those proceedings, conditions or things which are specifically required by this chapter.

1979, c. 416, § 15.1-1619; 1997, c. 587.

§ 15.2-5417.Moneys received deemed trust funds

Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this chapter, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this chapter. The resolution authorizing the issuance of bonds or the trust agreement securing such bonds may provide that any of such moneys may be temporarily invested and reinvested, pending the disbursement thereof, in such securities and other investments as shall be provided in such resolution or trust agreement, and shall provide that any officer with whom, or any bank or trust company with which, such moneys are deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this chapter and the resolution or trust agreement may provide.

1979, c. 416, § 15.1-1620; 1997, c. 587.

§ 15.2-5418.Bondholders' and trustees' remedies

Any holder of bonds issued under the provisions of this chapter or any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or the resolution authorizing the issuance of such bonds, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder, or, to the extent permitted by law, under such trust agreement or resolution authorizing the issuance of such bonds or under any agreement or other contract executed by the authority pursuant to this chapter, and may enforce and compel the performance of all duties required by this chapter or by such trust agreement or resolution to be performed by any authority or by any officer thereof, including the fixing, charging and collecting of rents, rates, fees and charges for the purchase of output or capacity of any project or for the use of or for the electric power and energy or services furnished by any project.

1979, c. 416, § 15.1-1621; 1997, c. 587.

§ 15.2-5419.Refunding bonds

An authority created hereunder is hereby authorized to provide by resolution for the issuance of revenue refunding bonds of the authority for the purpose of refunding any revenue bonds then outstanding and issued under the provisions of this chapter, whether or not such outstanding bonds have matured or are then subject to redemption. Each such authority is further authorized to provide by resolution for the issuance of a single issue of revenue bonds of the authority for the combined purposes of (i) paying the cost of any project and (ii) refunding the revenue bonds of the authority which have been issued under the provisions of this chapter and are then outstanding, whether or not such outstanding bonds have matured or are then subject to redemption. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the authority with respect to the bonds, shall be governed by the foregoing provisions of this chapter insofar as they are applicable.

1979, c. 416, § 15.1-1622; 1997, c. 587.

§ 15.2-5420. Status of bonds under Uniform Commercial Code

Notwithstanding any of the provisions of this chapter or any recitals in any bonds issued under this chapter, all such bonds shall be deemed to be investment securities under the Uniform Commercial Code as enacted in this Commonwealth, subject only to the provisions of the bonds pertaining to registration.

1979, c. 416, § 15.1-1623; 1997, c. 587.

§ 15.2-5421. Bonds as legal investments and lawful security

The bonds issued pursuant to this chapter shall be and are hereby declared to be legal and authorized investments for banks, savings institutions, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, and guardians and for all public funds of the Commonwealth or other political corporations or subdivisions of the Commonwealth. Such bonds shall be eligible to secure the deposit of any and all public funds of the Commonwealth and any and all public funds of localities, school districts or other political corporations or subdivisions of the Commonwealth, and such bonds shall be lawful and sufficient security for such deposits to the extent of their value when accompanied by all unmatured coupons appertaining thereto.

1979, c. 416, § 15.1-1624; 1996, c. [77](#); 1997, c. 587.

§ 15.2-5422. Bonds exempt from taxation

Bonds, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be exempt from all taxation by the Commonwealth or any political subdivision thereof, except inheritance or gift taxes.

1979, c. 416, § 15.1-1625; 1997, c. 587.

§ 15.2-5423. Payments in lieu of property taxes; license tax

A project owned by an authority shall be exempt from property taxes. However, an authority, other than an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#), owning a project shall, in lieu of property taxes, pay to any governmental body authorized to levy property taxes, the amount which would be assessed as taxes on real and personal property of a project if such project were otherwise subject to valuation and assessment by the State Corporation Commission, in the same manner as are public utility companies. Such payments in lieu of taxes shall be due and shall bear interest, if unpaid, as in the cases of taxes on other property. Authorities, other than an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#), shall pay the annual state license tax imposed by § [58.1-2626](#), or an equal amount in lieu of such tax, to the same extent as if § [58.1-2626](#) were by its terms expressly applicable to authorities. Payments in lieu of taxes made hereunder shall be treated in the same manner as taxes for purposes of all procedural and substantive provisions of law. The retail sales of an authority created by a

governmental unit exempt from the referendum requirement of § [15.2-5403](#) shall be subject to the taxes imposed under § [58.1-2900](#). Except as herein expressly provided with respect to projects owned by an authority, no other property of such authority used or useful in the generation, transmission, transformation, and distribution of electric power and energy shall be subject to payment in lieu of taxes.

1979, c. 416, § 15.1-1626; 1997, c. 587; 2006, cc. [929](#), [941](#).

§ 15.2-5423.1.Exemption from taxation for certain authorities

An authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#) is hereby declared to be performing a public function on behalf of the governmental unit that is the sole member of such authority with respect to which the authority is created and to be a public instrumentality of such governmental unit. Accordingly, an authority created by a governmental unit exempt from the referendum requirement of § [15.2-5403](#) shall be exempt from state and local taxation to the same extent that the governmental unit that is the sole member of such authority is exempt from such taxation.

2006, cc. [929](#), [941](#).

§ 15.2-5424.Transfer, etc., of property of political subdivisions upon request of authority

The governing body of any political subdivision, notwithstanding any contrary provision of law, is hereby authorized to transfer jurisdiction over, to permit the use of, lease, lend, grant or convey to the authority upon the request of the authority, upon such terms and conditions as the governing body of such subdivision may agree with the authority as reasonable and fair, such real or personal property as may be necessary or desirable in connection with the acquisition, construction, improvement, operation or maintenance of any project by the authority, including public roads and other property already donated to public use. However, the authority must pay full market value for any such real or personal property conveyed by the governing body of any political subdivision to the authority.

Whenever any railroad tracks, pipes, poles, wires, conduits or other structures or facilities which are located in, along, across, over or under any public road, street, highway, alley or other public right-of-way shall become an obstruction to, interfere with or be endangered by the construction, operation or maintenance of any project of the authority, the political subdivision having ownership, control or jurisdiction over such public road, street, highway, alley or other public right-of-way may, as the exercise of an essential governmental function, order the safeguarding, maintaining, relocating, rebuilding, removing and replacing of such railroad tracks, pipes, poles, wires, conduits or other structures or facilities by the owner thereof at the expense of the authority, and subject to the provisions of § [25.1-102](#).

1979, c. 416, § 15.1-1627; 1997, c. 587.

§ 15.2-5425.Eminent domain

An authority created under the provisions of this chapter is hereby vested with the power of eminent domain and the same authority to exercise the power of eminent domain as is granted in Chapter 2 (§ [25.1-200](#) et seq.) of Title 25.1 and as is granted in Chapter 3 (§ [25.1-300](#) et seq.) of Title 25.1, subject to the provisions of § [25.1-102](#), provided that this power shall not be used to acquire existing power supply facilities or plants held for future use. Furthermore, no authority may condemn property outside of the territorial limits of its member governmental units without obtaining the consent of the governing body of the locality in which such property is located; however, in any case in which the approval by such locality is withheld, the authority seeking such approval may petition for the convening of a special court, pursuant to §§ [15.2-2135](#) through [15.2-2141](#).

1979, c. 416, § 15.1-1628; 1997, c. 587; 2003, c. [940](#).

§ 15.2-5426. Annual reports

Each authority, promptly following the close of the calendar year, shall submit an annual report of its activities for the preceding year to the governing body of its member governmental unit. Each such report shall set forth a complete operating and financial statement covering the operation of the authority during such year. The authority shall cause an audit of its books and accounts to be made at least once each year by a certified public accountant, and the cost thereof may be treated as part of the cost of a project, or otherwise as part of the expense of operation of the project by such audit.

1979, c. 416, § 15.1-1629; 1997, c. 587.

§ 15.2-5427. Liability of members or officers

No member of any authority or officer of any governing body of any member governmental unit creating such authority, or person or persons acting in their behalf, while acting within the scope of their authority shall be subject to any personal liability by reason of his carrying out of any of the powers expressly given in this chapter.

1979, c. 416, § 15.1-1630; 1997, c. 587.

§ 15.2-5428. Dissolution of authority

Whenever the board of directors of an authority and its member governmental units determines that the purposes for which it was created have been substantially fulfilled or are impractical or impossible to accomplish and that all bonds theretofore issued and all other obligations theretofore incurred by the authority have been paid or that cash or a sufficient amount of United States government securities has been deposited for their payment, the board of directors of the authority and the governing bodies of the member governmental units may adopt resolutions or ordinances declaring and finding that the authority should be dissolved, and that appropriate articles of dissolution shall be filed with the State Corporation Commission. Upon the filing of such articles of dissolution by the authority, such dissolution shall become effective, and the title to all funds and other property owned by the authority at the time of such filing shall vest in the member governmental units of the authority.

1979, c. 416, § 15.1-1631; 1997, c. 587.

§ 15.2-5429. Legislative consent to application of laws of other states

Legislative consent is hereby given (i) to the application of the laws of other states with respect to taxation, payments in lieu of taxes, and the assessment thereof, to any authority created pursuant to this chapter, which has acquired or has an interest in a project, real or personal, situated outside the Commonwealth or which owns or operates a project outside the Commonwealth pursuant to this chapter and (ii) to the application of regulatory and other laws of other states and of the United States to any authority which owns or operates a project outside the Commonwealth.

1979, c. 416, § 15.1-1632; 1997, c. 587.

§ 15.2-5430. Provisions of chapter cumulative; construction

Neither this chapter nor anything herein contained shall be construed as a restriction or limitation upon any powers which an authority or governmental unit acting under the provisions of this chapter might otherwise have under any laws of this Commonwealth, but shall be construed as cumulative of any such powers. This chapter shall be construed as complete and independent authority for the performance of each and every act and thing authorized by this chapter. No proceedings, notice or approval shall be required for the organization of an authority or the issuance of any bonds or any instrument as security therefor, except as herein provided, any other law to the contrary notwithstanding. However, nothing herein shall be construed to deprive the Commonwealth and its political subdivisions of their respective police powers over properties of an authority or to impair any power thereover of any official or agency of the Commonwealth and its political subdivisions which may be otherwise provided by law. Nothing contained in this chapter shall be deemed to authorize an authority to occupy or use any land, streets, buildings, structures or other property of any kind, owned or used by any political subdivision within its jurisdiction, or any public improvement or facility maintained by such political subdivision for the use of its inhabitants, without first obtaining the consent of the governing body thereof.

Created

1988 Acts of Assembly, c. 871.

Amendments

2012, c. [745](#) (§§ 1, 3, 5)

§ 1. Definitions.

As used in this act the words and terms herein shall have the following meanings, unless the context shall indicate another or different meaning or intent:

A. The word "Authority" shall mean the Essex County Airport Authority hereinafter created or, if the authority shall be abolished, the board, body, commission, or agency succeeding to the principal functions thereof or upon whom the powers given by this act to the Authority shall be conferred by law. The Authority is the same political subdivision formerly known as the Tappahannock-Essex County Airport Authority. As such, the Authority has all rights, obligations, and duties of the Tappahannock-Essex County Airport Authority, including but not limited to all leases, contracts, grants-in-aid, bonds, and all other agreements of whatsoever nature; holds title to all realty and personalty held by the former Tappahannock-Essex County Airport Authority; and may exercise all powers that might at any time past have been exercised by the Tappahannock-Essex County Airport Authority.

B. The word "project" shall mean an airport for general, commercial, and private use acquired, maintained, constructed, or reconstructed by the Authority under the provisions of this act, together with all necessary and convenient approaches, air navigation equipment, roads, and streets used in connection with such airport.

C. The term "cost of the project" shall embrace the cost of acquisition, construction or reconstruction (including improvements), landscaping, and conservation; the cost of acquisition of all land, rights-of-way, property, rights, easements, and interests acquired by the Authority for the operation of the project; the cost of demolishing or removing any buildings or structures on land acquired, including the cost of acquiring any land to which such buildings or structures may be moved; the cost of all machinery and equipment, financing charges, interest prior to and during construction or reconstruction, and, if deemed advisable by the Authority for a period not exceeding one year after completion of the project, the cost of traffic estimates and of engineering and legal services, plans, specifications, surveys, estimates of cost and of revenues, provision for working capital and a reserve for interest; other expenses necessary or incident to determining the feasibility or practicability of the project; administrative expenses; and such other expenses as may be necessary or incident to the project, the financing, and the placing of the project in operation.

D. The word "bonds" or the words "revenue bonds" shall mean revenue bonds or refunding bonds of the Authority, notes, interim certificates and any other evidences of indebtedness issued under the provisions of this act. (1988, c. 871; 2012, c. [745](#))

§ 2. Credit of Commonwealth and political subdivisions not pledged.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth of Virginia or of any county, city, town, district or other political subdivision thereof, or a pledge of the faith and credit of the Commonwealth or of any county, city, town, district or other political subdivision thereof, but such bonds shall be payable solely from the funds herein provided therefor from tolls and revenues. The issuance of revenue bonds under the provisions of this act shall not directly or indirectly or contingently obligate the Commonwealth or any county, city, town or district therein or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor. Each such revenue bond shall contain a statement on its face substantially to the foregoing effect. All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the provisions of this act, and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this act. (1988, c. 871)

§ 3. "Essex County Airport Authority."

There is hereby created and constituted a political subdivision of the Commonwealth to be known as the "Essex County Airport Authority." The exercise by the Authority of the powers conferred by this act in the acquisition, construction, reconstruction, operation, and maintenance of the project authorized by this act shall be deemed and held to be the performance of an essential governmental function.

Until July 1, 2013, the Authority shall consist of seven members; three members shall be appointed by the Tappahannock Town Council, and four members shall be appointed by the Board of Supervisors of Essex County. As of and after July, 1, 2013, the Authority shall consist of five members who shall be appointed by the Board of Supervisors of Essex County with at least one member residing in the Town of Tappahannock; on that date, the terms of members previously appointed by the Tappahannock Town Council shall be deemed expired, but the terms of members previously appointed by the Board of Supervisors of Essex County shall not be affected hereby, with two members' terms to end June 30, 2013; one member's term to end June 30, 2014; one member's term to end June 30, 2015; and the new member residing in the Town of Tappahannock to be appointed by the Board of Supervisors shall have an initial term expiring June 30, 2014. All appointments shall require only a simple motion passed by majority vote. Members shall be subject to removal from office under provisions of Article 1.1, Chapter 6, Title 24.1, Code of Virginia, 1950 as amended.

Members of the Authority shall serve for a term of three years and may be reappointed. Interim vacancies occurring in the membership of the Authority due to deaths, resignations, etc., will be filled only for the unexpired term of that member. A member shall continue to serve until his successor shall be duly appointed and qualified.

The Authority shall annually in July elect one of its members as chairman and another as vice-chairman and shall also elect annually a secretary-treasurer, who may or may not be a member of the Authority.

The secretary-treasurer shall keep a record of the proceedings of the Authority and shall be custodian of all books, documents and papers filed with the Authority and of the minute book or journal of the Authority and of its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies, and all persons dealing with the Authority may rely upon such certificates.

Three members of the Authority shall constitute a quorum. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the other rights and perform all the duties of the Authority, and no vacancy in the membership of the Authority shall impair the validity of any bonds or other evidences of indebtedness issued by the Authority.

The Authority shall meet at least monthly, at a time and place to be determined by the members and at such other times as the members may deem necessary or appropriate; minutes of all meetings shall be recorded with copies provided to the Board of Supervisors of Essex County.

The members of the Authority shall be entitled to reimbursement for their expenses incurred in attendance upon the meetings of the Authority or while otherwise engaged in the discharge of their duties, but otherwise shall serve without compensation. (1988, c. 871; 2012, c. [745](#))

- L. To do all acts and things necessary and convenient to carry out the powers expressly granted in this act. (1988, c. 871)

§ 5. Acquisition of property.

A. The Authority is hereby authorized and empowered to acquire by eminent domain in accordance with the applicable provisions of § [5.1-34](#) and Title 25.1 of the Code of Virginia, as amended, or by purchase from funds provided under the provisions of this act, and such other moneys as may be provided by federal, state and local governments or by gift, such lands, structures, property, rights, rights-of-way, franchises, easements and other interests in lands as it may deem necessary or convenient for the project, upon such terms and conditions as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and commissions of the Commonwealth, with the approval of the Governor, and, notwithstanding any contrary provisions of law, general or special, the County of Essex and all other local governments of the Commonwealth, without the necessity for any advertisement, order of court, or other action or formality, are hereby authorized and empowered to lease, lend, grant, give, transfer, or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon any real, personal, or mixed property, including money, which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public highways and other property already devoted to public use. All agreements or arrangements entered into by the Town of Tappahannock and the County of Essex to provide support for bonds or other obligations of the Authority issued or incurred before July 1, 2013, are hereby continued and shall remain in force and effect in accordance with their terms, provided that four-sevenths of any payment made pursuant to any such agreement or arrangement shall be provided by the County of Essex and three-sevenths of any such payment shall be provided by the Town of Tappahannock.

B. Title to any property acquired by the Authority shall be taken in the name of the Authority. (1988, c. 871; 2012, c. [745](#))

§ 6. Revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or

rates not exceeding such interest rate as is permissible by law, shall mature at such time times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form, the manner of execution of the bonds and shall fix the denomination or denominations the bonds and the place or places of payment of principal and interest, which may be any bank or trust company within or without the Commonwealth. In case any officer whose signature or facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provisions of this act, such bonds shall be deemed to be negotiable instruments under the laws of Commonwealth. The bonds may be issued in such form as the Authority may determine. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this act.

The proceeds of the bonds shall be used solely for the payment of the cost of the project and operating expenses and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim certificates or temporary bonds exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this act. (1988, c. 871)

§ 7. Trust agreement.

In the discretion of the Authority, any bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such

trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition of property and the construction, reconstruction, improvement, maintenance, repair, operation and insurance of the project, the rates of tolls or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project. (1988, c. 871)

§ 8. Revenues.

The Authority is hereby authorized to fix, revise, charge and collect tolls or other charges for the use of the project and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right-of-way adjoining the airport for placing thereon telephone, telegraph, electric light or power lines, and to fix the terms, conditions, rents and rates of charges for such use. Such tolls or other charges shall be so fixed and adjusted in respect of the aggregate of tolls or other charges from the project as to provide a fund sufficient with other revenues, if any, to pay (i) the cost of improving, maintaining, repairing and operating such project and (ii) the principal of and interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. The tolls and all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of improvement, maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Any pledge made by the Authority pursuant to this act shall be governed by the laws of the Commonwealth. The disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1988, c. 871)

§ 9. Trust funds.

All moneys received pursuant to the provisions of this act, whether as proceeds from the sale of bonds or as revenues, or as grants, appropriations or other funds provided by federal; state or local governments, shall be deemed to be trust funds to be held and applied solely as provided in this act. The Authority shall, in the resolution authorizing the bonds or in the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds and the revenues to be received by a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this act, subject to such regulations as this act and such resolution or trust agreement may provide. The trustee may invest and reinvest such funds in such securities as may be provided in the resolution authorizing the bonds or in the trust agreement securing such bonds. (1988, c. 871)

§ 10. Remedies.

Any holder of bonds issued under the provisions of this act and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement made either at law or in equity or by applicable federal grant restrictions and/or requirements, by suit, action, injunction, mandamus or other proceedings, may protect and enforce any and all rights under the laws of the Commonwealth or granted by this act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this act or by such agreement or resolution to be performed by the Authority or by any officer or agent thereof including the fixing, charging and collection of tolls or other charges. (1988, c. 871)

§ 11. Refunding bonds.

The Authority is hereby authorized to provide by resolution for the issuance of its refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions or enlargements of the project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this act insofar as the same may be applicable. (1988, c. 871)

§ 12. Exemption from taxation.

The exercise of the powers granted by this act shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of the project by the Authority will constitute the performance of essential governmental functions, the Authority shall not

be required to pay any taxes or assessments upon the project or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom; and the bonds issued under the provisions of this act, their transfer and income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county or other political subdivision thereof. (1988, c. 871)

§ 13. Bonds as legal investments.

Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law. (1988, c. 871)

§ 14. Act liberally construed.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof. (1988, c. 871)

§ 15. Constitutional construction.

The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions of this act. It is hereby declared to be the legislative intent that this act would have been adopted had such unconstitutional provisions not been included herein. (1988, c. 871)

§ 16. Inconsistent laws inapplicable.

All other general or special laws inconsistent with any provision of this act are hereby declared to be not applicable to the provisions of this act. (1988, c. 871)

Created

1958 Acts of Assembly, c. 536, as Town of Fairfax Parking Authority.

§ 1. Short title.

This Act shall be known and may be cited as the "City of Fairfax Parking Authority Act." (1958, c. 536; 1991, c. 21)

§ 2. Declaration of public necessity.

It is hereby determined and declared that the free circulation of traffic of all kinds through the streets of the City of Fairfax in the Commonwealth is necessary to the health, safety and general welfare of the public, whether residing in the municipality or traveling to, through or from such municipality in the course of lawful pursuits; that in recent years the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in the streets of the municipality; that the parking of motor vehicles in the streets has contributed to this congestion to such an extent as to constitute at the present time a public nuisance; that such parking prevents the free circulation of traffic in, through and from the municipality, and endangers the health, safety and welfare of the general public; that this traffic congestion is not capable of being adequately abated except by provisions for sufficient off-street parking facilities; that adequate off-street parking facilities have not been heretofore provided; and that the enactment of the provisions of this Act is hereby declared to be a public necessity. (1958, c. 536; 1991, c. 21)

(1958, c. 536; 1991, c. 21)

§ 4. Creation of the Authority.

(a) The governing body of the municipality may by resolution signify its determination to organize an Authority under the provisions of this Act. Such notice shall contain a brief statement of the substance of the proposed resolution, shall set forth the proposed articles of incorporation of the Authority and shall state the time and place of the public hearing to be held thereon. Such municipality shall not be required to make any other publication of such resolution under the provisions of any other law.

(b) Such resolution shall include articles of incorporation which shall set forth:

(1) the name of the Authority;

(3) the name of the organizing municipality; and

(4) the names and addresses of the first members of the Authority appointed by the organizing municipality.

The members of the Authority shall serve without compensation but shall be reimbursed for the amount of actual expenses incurred by them in the performance of their duties.

The City Manager, or his designee, of the organizing municipality shall serve as an ex officio, nonvoting member of the Authority. (1958, c. 536; 1991, c. 21)

In case any officer whose signature or a facsimile of whose signature shall appear on any bonds shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Act or any recitals in any bonds issued under the provisions of this Act, all such bonds shall be deemed to be negotiable instruments under the laws of this Commonwealth. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than the maximum rate permitted by law to be paid by public bodies, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the Authority may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued under the provisions of this Act without obtaining the consent of any commission, board, bureau or agency of the Commonwealth of Virginia or of any political subdivision,

and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

Revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the Commonwealth or of any municipality or other political subdivision of the Commonwealth or a pledge of the faith and credit of the Commonwealth or of any municipality or other political subdivision, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds. (1958, c. 536; 1991, c. 21)

§ 8. Revenues.

The Authority shall fix, and may revise from time to time, rates, rentals, fees and other charges for the use of and for the services and facilities furnished or to be furnished by any parking facilities or parts thereof owned or operated by the Authority. Such rates, rentals, fees and charges shall not be subject to supervision or regulation by any bureau, board, commission, or other agency of the Commonwealth or of any political subdivision. Such rates, rentals, fees and charges shall be fixed and revised so that the revenues of the Authority, together with any other available funds, will be sufficient at all times (a) to pay the cost of maintaining, repairing and operating the parking facilities or parts thereof owned or operated by the Authority, including reserves for such purposes, and (b) to pay the principal of and the interest on all bonds issued by the Authority under the provisions of this Act as the same shall become due and payable and to provide reserves therefor. Notwithstanding any of the foregoing provisions of this section, the Authority may enter into contracts relating to use of the services and facilities of the parking facilities on such terms and conditions as the Authority shall determine to be proper, which contracts shall not be subject to revision except in accordance with their terms. (1958, c. 536; 1991, c. 21)

§ 9. Trust agreement.

In the discretion of the Authority, each or any issue of revenue bonds may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. The resolution authorizing the issuance of the bonds or such trust agreement may pledge the revenues to be received, but shall not convey or mortgage any parking facilities or any part thereof, and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the construction, reconstruction, equipment, improvement, maintenance, repair, operation and insurance of any parking facilities, the fixing and revising of rates, rentals, fees and charges, and the custody, safeguarding and application of all moneys, and for the employment of consulting engineers in connection with such construction, reconstruction, improvement, maintenance and operation. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such

indemnifying bonds or to pledge such securities as may be required by the Authority. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. Such resolution or trust agreement may contain such other provisions in addition to the foregoing as the Authority may deem reasonable and proper for the security of the bondholders. Except as in this Act otherwise provided, the Authority may provide for the payment of the proceeds of the sale of the bonds and the revenues of any parking facilities or parts thereof, to such officer, board, or depository as it may designate for the custody thereof, and for the method of disbursements thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as part of the cost of operation.

All pledges of revenues under the provisions of this Act shall be valid and binding from the time when such pledge is made. All such revenues so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledges without any physical delivery thereof or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. (1958, c. 536; 1991, c. 21)

§ 10. Trust funds.

All moneys received pursuant to the authority of this Act shall be deemed to be trust funds, to be held and applied solely as provided in this Act. Any officer to whom, or bank, trust company or fiscal agent to which such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and the resolution authorizing the issuance of bonds or trust agreement securing such bonds may provide. (1958, c. 536; 1991, c. 21)

§ 11. Remedies.

Any holder of revenue bonds issued under provisions of this Act and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by the resolution authorizing the issuance of such bonds or such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this Act or by such resolution or trust agreement to be performed by the Authority or by any officer thereof, including the fixing, charging and collecting of rates, rentals, fees and charges for the use of or for the services and facilities furnished by any parking facilities. (1958, c. 536; 1991, c. 21)

§ 12. Exemption from taxation.

As adequate off-street parking facilities are essential to the health, safety and general welfare of the public, and as the exercise of the powers conferred by this Act to effect such purposes constitutes the

performance of essential municipal functions, and as parking facilities constructed under the provisions of this Act constitute the performance of essential municipal functions, and as parking facilities constructed pursuant to the provisions of this Act constitute public property and are used for municipal purposes, the Authority shall not be required to pay any taxes or assessments upon any such parking facilities or any part thereof, or upon the income therefrom, and any bonds issued under the provisions of this Act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the Commonwealth. (1958, c. 536; 1991, c. 21)

§ 13. Revenue refunding bonds.

The Authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The Authority is further authorized to issue from time to time revenue bonds of the Authority for the combined purpose of (a) refunding any revenue bonds or revenue refunding bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (b) paying all or any part of the cost of constructing any additional parking facilities or part thereof, or any improvements, extensions or enlargements of any parking facilities. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the Authority with respect to the same, shall be governed by the provisions of this Act in so far as the same may be applicable. (1958, c. 536; 1991, c. 21)

§ 14. Contributions.

The municipality is authorized to make contributions or advances to an Authority which it organizes under the provisions of this Act, from any moneys which may be available for such purpose, to provide for the preliminary expenses of such Authority in carrying out the provisions of this Act or to pay any item of cost of any parking facilities. (1958, c. 536; 1991, c. 21)

§ 15. Actions taken by Authority.

Any action taken by the Authority under the provisions of this Act may be authorized by resolution of the Authority at any regular or special meeting and each such resolution of the Authority shall take effect immediately and need not be published or posted. (1958, c. 536; 1991, c. 21)

§ 16. Additional method.

This Act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; however, the issuance of revenue bonds or revenue

refunding bonds under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds. (1958, c. 536; 1991, c. 21)

§ 17. Provisions of act severable.

The provisions of this Act are severable; if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions. (1958, c. 536; 1991, c. 21)

§ 18. Construction.

This Act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose thereof. (1991, c. 21)

Fairfax County Airport Authority

Created

1964 Acts of Assembly, c. 642.

Amendments

1966, c. 372 (§§ 1, 4-a, 5, 7)

§ 1. Definitions.

As used in this Act the following words and term shall have the following meanings, unless the context shall indicate another or different meaning or intent:

- (a) The word "Authority" shall mean the Fairfax County Airport Authority hereinafter created or, if the Authority shall be abolished, the board, body, commission or agency succeeding to the principal functions thereof or upon whom the powers given by this Act to the Authority shall be conferred by law.
- (b) The word "project" shall mean an airport and appurtenant facilities for general, commercial and private use constructed by or for the Authority under the provisions of this Act, together with all necessary and convenient approaches, roads and streets used in connection with such airport.
- (c) The term "cost of the project" shall embrace the cost of construction, landscaping and conservation, the cost of acquisition of all land; rights of way, property, rights, easements and interests acquired by the Authority for the construction and operation of the project, the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any land to which such buildings or structures may be moved, the cost of all machinery and equipment, financing charges, interest prior to and during construction and, if deemed advisable by the Authority for a period not exceeding one year after completion of construction, cost of traffic estimates and of engineering and legal services, plans, specifications, surveys, estimates of cost and of revenues, provision for working capital and a reserve for interest, other expenses

necessary or incident to determining the feasibility or practicability of constructing the project, administrative expenses, and such other expenses as may be necessary or incident to the construction of the project, the financing of such construction and the placing of the project in operation.

(d) The word "bonds" or the words "revenue bonds" shall mean revenue bonds or revenue refunding bonds and notes of the Authority issued under the provisions of this Act.

(e) The word "owner" shall include all individuals, copartnerships, associations or corporations and also municipalities, political subdivisions and all public agencies and instrumentalities having any title or interest in any property, rights, easements and interests authorized to be acquired by this Act. (1964, c. 642; 1966, c. 372)

§ 2. Credit of Commonwealth and political subdivisions not pledged.

Revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the Commonwealth of Virginia or of any county, city, district or political subdivision thereof, or a pledge of the faith and credit of the Commonwealth or of any county, city, district or political subdivision thereof, but such bonds shall be payable solely from the funds herein provided therefor from tolls and revenues. The issuance of revenue bonds under the provisions of this Act shall not directly or indirectly or contingently obligate the Commonwealth or any county, city or district therein or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor. All such revenue bonds shall contain a statement on their face substantially to the foregoing effect.

All expenses incurred in carrying out the provisions of this Act shall be payable solely from funds provided under the provisions of this Act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the provisions of this Act. (1964, c. 642)

§ 3. "Fairfax County Airport Authority."

If the governing body of the county of Fairfax shall by resolution declare that there is need for an airport authority to be created for the purpose of establishing and operating one or more airports or landing fields for such political subdivision, an airport authority shall upon adoption of such resolution, be created and constituted a political subdivision of the Commonwealth to be known as the "Fairfax County Airport Authority". The exercise by the Authority of the powers conferred by this Act in the construction, operation and maintenance of the project authorized by this Act shall be deemed and held to be the performance of an essential governmental function.

The Authority shall consist of five members, all of whom shall be appointed by the governing body of the county of Fairfax, all of whom shall be residents of such county. Two of the members of the Authority first appointed shall continue in office for terms expiring on the thirtieth day of June three years from the date that this Act shall have become effective, two for terms expiring on the thirtieth day

of June two years from the date that this Act shall have become effective, and one for a term expiring on the thirtieth day of June within the year from the date that this Act shall have become effective, the term of each such member to be designated by said governing body and to continue until his successor shall be duly appointed and qualified. The successor of each such member shall be appointed for a term of five years and until his successor shall be duly appointed and qualified, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the Authority shall be eligible for reappointment. Members of the Authority shall be subject to removal from office in like manner as are State, county, town and district officers under the provisions of §§ [15.1-63](#) to 15.1-66, inclusive, of the Code of Virginia. The Authority shall annually elect one of its members as chairman and another as vice chairman and shall also elect annually a secretary-treasurer, who mayor may not be a member of the Authority.

The secretary-treasurer shall keep a record of the proceedings of the Authority and shall be custodian of all books, documents and papers filed with the Authority and of the minute book or journal of the Authority and of its official seal. He shall have authority to cause copies to be made of all minutes and other records and documents of the Authority and to give certificates under the official seal of the Authority to the effect that such copies are true copies, and all persons dealing with the Authority may rely upon such certificates.

Three members of the Authority shall constitute a quorum and the affirmative vote of three members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

Before the issuance of any revenue bonds under the provisions of this Act the secretary-treasurer of the Authority shall execute a surety bond in the penal sum of fifty thousand dollars, such surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the Commonwealth as surety and to be approved by the attorney general and filed in the office of the secretary of the Commonwealth.

The members of the Authority shall be entitled to reimbursement for their expenses incurred in attendance upon the meetings of the Authority or while otherwise engaged in the discharge of their duties. Each member shall also be paid the sum of twenty dollars per day for each day or portion thereof during which he is engaged in the performance of his duties, with the maximum payable to anyone member in anyone calendar year of fifteen hundred dollars. (1964, c. 642)

§ 4. General grant of powers.

The Authority is hereby authorized and empowered:

- (a) to adopt by-laws for the regulation of its affairs and the conduct of its business;
- (b) to adopt an official seal and alter the same at pleasure;

- (c) to determine the location of the project, to determine, in its discretion and without reference to any other provisions of any State law, the design standards and the materials of construction, and to construct, maintain, repair and operate the project;
- (d) to issue revenue bonds of the Authority for any of its purposes, payable solely from the tolls and revenues pledged for their payment, and to refund its bonds, all as provided in this Act;
- (e) to fix and revise from time to time and charge and collect tolls, rates, fees, rentals and other charges for the use of the project;
- (f) to acquire, accept, hold and dispose of real and personal property including gifts and contributions from political subdivisions, persons or corporations, in the exercise of its powers and the performance of its duties under this Act;
- (g) to employ, in its discretion, consulting engineers, attorneys, accountants, construction and financial experts, superintendents, managers, and such other employees and agents as may be necessary in its judgment, and to fix their compensation;
- (h) to enter upon any lands and premises for the purpose of making such surveys, soundings, borings and examinations as the Authority may deem necessary or convenient for its purposes, and such entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry under any condemnation proceedings; provided, however, the Authority shall pay any actual damage resulting to such lands and premises as a result of such entry and activities as a part of the cost of the project;
- (i) to sue and be sued in its own name, plead and be impleaded;
- (j) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act, and to enter into grant agreements with the United States government for airport planning, development and operation under the Federal Airport Act and other appropriate federal laws;
- (k) to do all acts and things necessary or convenient to carry out the powers expressly granted in this Act; and
- (l) to borrow money and to issue bonds, refunding bonds, notes, certificates or other evidence of indebtedness of the Authority. (1964, c. 642)

§ 4-a. In addition to the powers conferred by the preceding section, the Authority is hereby empowered to lease, sell or encumber any real or personal property owned by the Authority. (1964, c. 642; 1966, c. 372)

§ 5. Acquisition of property.

(a) The Authority is hereby authorized and empowered to acquire by purchase solely from funds provided under the provisions of this Act, such lands, structures, property, rights, rights of way, franchises, easements and other interests in lands as it may deem necessary or convenient for the construction and operation of the project, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and the commissions of the Commonwealth, with the approval of the Governor, and the County of Fairfax, notwithstanding any contrary provisions of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public highways and other real property already devoted to public use.

(b) The Authority is authorized and empowered to acquire by the exercise of the power of eminent domain limited to the definition of "project" as set forth herein, any lands, property, rights, rights of way, franchises, easements and other property, including public lands, parks, playgrounds, reservations, highways or parkways, or parts thereof or rights therein, of any person, copartnership, association, public service, public utility or other corporation, or of the county, deemed necessary or convenient for the construction or the efficient operation of the project or necessary in the restoration, replacement or relocation of public or private property damaged or destroyed, whenever a reasonable price cannot be agreed upon or whenever the Authority cannot agree on the terms of purchase or settlement with the owner or owners because of the incapacity of such owner or owners or because of the inability to agree on the compensation to be paid or other terms of settlement or purchase, or because such owner or owners are nonresidents of the Commonwealth, or are unknown, or are unable to convey valid title to such property. Such proceedings shall be in accordance with and subject to the provisions of any and all laws of the Commonwealth applicable to the exercise of the power of eminent domain in the name of the State Highway Commissioner and subject to the provisions of § 25-233 of the Code of Virginia, 1950, as fully as if the Authority were a corporation possessing the power of eminent domain; provided, however, that title to any property condemned by the Authority shall immediately vest in the Authority, and the Authority shall be entitled to the immediate possession of such property upon the deposit with the clerk of the court in which such condemnation proceedings are originated, of the total amount of the appraised price of the property and court costs and fees as provided by said laws, notwithstanding that any of the parties to such proceedings shall appeal from any decision in such condemnation proceedings. Whenever the Authority shall make such deposit in connection with any condemnation proceeding, the making of such deposit shall not preclude the Authority from appealing any decision rendered in such proceedings. Upon the deposit with the clerk of the court of the appraised price, any person or persons entitled thereto may, upon petition to the

court, be paid his or their pro rata share of 90% of such appraised price. The acceptance of such payment shall not preclude such person or persons from appealing any decision rendered in such proceedings. If the appraisal is greater or less than the amount finally determined by the decision in such proceeding or by an appeal, the amount of the increase or decrease shall be paid by or refunded to the Authority.

The terms "appraised price" and "appraisal" as used in this section mean the value determined by two competent real estate appraisers appointed by the Authority for such purposes.

The acquisition of any such property by condemnation or by the exercise of the power of eminent domain shall be and is hereby declared to be a public use of such property.

(c) Title to any property acquired by the Authority shall be taken in the name of the Authority.

(d) In any eminent domain proceedings the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the Authority and to the owners of the property to be condemned and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security nor any act or obligation of the Authority shall impose any liability upon the Commonwealth or upon any county, or other political subdivision of the Commonwealth.

(e) If the owner, lessee or occupier of any property to be condemned or otherwise acquired shall refuse to remove his property therefrom or give up possession thereof, the Authority may proceed to obtain possession in any manner provided by law.

(f) The Commonwealth, subject to the approval of the Governor, hereby consents to the use of any lands or property owned by the Commonwealth which are deemed by the Authority to be necessary for the construction or operation of the project.

(g) No property shall be acquired by any method by the Authority without the prior approval of the location of the situs of such property by the governing body of the county after public hearing held thereon. (1964, c. 642; 1966, c. 372)

§ 6. Revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates not exceeding six per centum (6%) per annum, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such

terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provision of this Act or any recitals in any bonds issued under the provisions of this Act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such manner, either at public or negotiated sale, and for such price, as it may determine will best effect the purposes of this Act.

The proceeds of the bonds shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this Act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this Act. (1964, c. 642)

§ 7. Trust agreement.

In the discretion of the Authority any bonds issued under the provisions of this Act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received. In connection with the issuance of such bonds or in order to secure the payment thereof, the Authority shall have power under such agreement to mortgage all or any part of its property, real or personal, then owned or thereafter acquired, to vest in the trustee thereunder the right to foreclose such mortgage and to provide the terms and conditions upon which such trustee or the holders of bonds or any proportion thereof may exercise the right to foreclosure. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation and insurance of the project, the rates of toll or other charges to be charged, and the custody, safeguarding and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depositary of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project. (1964, c. 642; 1966, c. 372)

§ 8. Revenues.

The Authority is hereby authorized to fix, revise, charge and collect tolls or other charges for the use of the project and to contract with any person, partnership, association or corporation desiring the use of any part thereof, including the right of way adjoining the airport for placing thereon telephone, telegraph, electric light or power lines, and to fix the terms, conditions, rents and rates of charges for such use. Such tolls or other charges shall be so fixed and adjusted in respect of the aggregate of tolls or other charges from the project as to provide a fund sufficient with other revenues, if any, to pay (a) the cost of maintaining, repairing and operating such project and (b) the principal of and interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. The tolls and all other revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the

payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the tolls and other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another. (1964, c. 642)

§ 9. Trust funds.

All moneys received pursuant to the provisions of this Act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this Act. (1964, c. 642)

§ 10. Remedies.

Any holder of bonds issued under the provisions of this Act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given, may be restricted by such trust agreement, may either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this Act or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this Act or by such agreement or resolution to be performed by the Authority or by any officer or agent thereof including the fixing, charging and collection of tolls or other charges. (1964, c. 642)

§ 11. Exemption from taxation.

§ 2.2-2336. Short title; declaration of public purpose; Fort Monroe Authority created; successor in interest to Fort Monroe Federal Area Development Authority

A. This article shall be known and may be cited as the Fort Monroe Authority Act.

B. The General Assembly finds and declares that:

1. Fort Monroe, located on a barrier spit at Hampton Roads Harbor and the southern end of Chesapeake Bay where the Old Point Comfort lighthouse has been welcoming ships since 1802, is one of the Commonwealth's most important cultural treasures. Strategically located near Virginia's Historic Triangle of Williamsburg, Yorktown, and Jamestown, the 565-acre site has been designated a National Historic Landmark District;

2. As a result of decisions made by the federal Defense Base Closure and Realignment Commission (known as the BRAC Commission), Fort Monroe will cease to be an army base in 2011, and at that time most of the site will revert to the Commonwealth;
 3. The planning phase of Fort Monroe's transition from use as a United States Army base was managed by the Fort Monroe Federal Area Development Authority (FMFADA), originally established by the City of Hampton pursuant to legislation enacted by the General Assembly in 2007. The Fort Monroe Federal Area Development Authority, a partnership between the City and the Commonwealth, has fulfilled its primary purpose of formulating a reuse plan for Fort Monroe;
 4. It is the policy of the Commonwealth to protect the historic resources at Fort Monroe, provide public access to the Fort's historic resources and recreational opportunities, exercise exemplary stewardship of the Fort's natural resources, and maintain Fort Monroe in perpetuity as a place that is a desirable one in which to reside, do business, and visit, all in a way that is economically sustainable;
 5. Fort Monroe's status is unique. Municipal services will need to be provided to Fort Monroe's visitors, residents, and businesses. Both the Commonwealth and the FMFADA are signatories to a Programmatic Agreement under Section 106 of the National Historic Preservation Act that requires several specific actions be taken, including the enforcement of design standards to be adopted by the FMFADA or its successor to govern any new development or building restoration or renovation at Fort Monroe. There exists a need for an entity that can manage the property for the Commonwealth and ensure adherence to the findings, declarations, and policies set forth in this section; and
 6. The creation of an authority for this purpose is in the public interest, serves a public purpose, and will promote the health, safety, welfare, convenience, and prosperity of the people of the Commonwealth.
- C. The Fort Monroe Authority is created, with the duties and powers set forth in this article, as a public body corporate and as a political subdivision of the Commonwealth. The Authority is constituted as a public instrumentality exercising public functions, and the exercise by the Authority of the duties and powers conferred by this article shall be deemed and held to be the performance of an essential governmental function of the Commonwealth. The exercise of the powers granted by this article and its public purpose shall be in all respects for the benefit of the inhabitants of the Commonwealth.
- D. The Fort Monroe Authority is the successor in interest to that political subdivision formerly known as the Fort Monroe Federal Area Development Authority. As such, the Authority stands in the place and stead of, and assumes all rights and duties formerly of, the Fort Monroe Federal Area Development Authority, including but not limited to all leases, contracts, grants-in-aid, and all other agreements of whatsoever nature; holds title to all realty and personalty formerly held by the Fort Monroe Federal Area Development Authority; and may exercise all powers that might at any time past have been exercised by the Fort Monroe Federal Area Development Authority, including the powers

and authorities of a Local Redevelopment Authority under the provisions of any and all applicable federal laws, including the Defense Base Closure and Realignment Act of 2005.

E. The Fort Monroe Authority shall be subject to the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) and the Board shall adopt procedures consistent with that Act to govern its procurement processes.

F. Employees of the Fort Monroe Authority shall be eligible for membership in the Virginia Retirement System and all of the health and related insurance and other benefits, including premium conversion and flexible benefits, available to state employees as provided by law.

G. The provisions of the Virginia Personnel Act (§ [2.2-2900](#) et seq.) shall not apply to the Fort Monroe Authority.

§ 2.2-2341. Relationship to the City of Hampton

A. All of Fort Monroe is within the City of Hampton's jurisdictional limits; therefore, the City of Hampton is the locality and Virginia municipal corporation for the Authority's Area of Operation. Nothing in this article is intended to limit or restrict the otherwise existing authority of the City of Hampton which, except as otherwise provided in this article, is reserved solely for the City of Hampton. As authorized in this article, the Authority may supplement in its Area of Operation the works, services, privileges, or facilities provided by the City of Hampton to provide additional, more complete, or more timely works, services, privileges, or facilities than provided by the City of Hampton.

B. The Authority shall adopt procedures for the implementation of required actions under the Programmatic Agreement and any other agreements regarding Fort Monroe to which the Commonwealth is a party, including adherence to the Reuse Plan and the Design Standards adopted by the Authority. Those procedures shall provide the City of Hampton a reasonable opportunity for review and comment regarding any proposed actions.

C. The City shall be responsible for dealing directly with any taxpayers at Fort Monroe regarding the collection of any taxes or fees which the City believes are due based on real property interests,

business activity, ownership of personal property, and other authorized taxes and fees, unless the City and the Authority agree differently in writing.

Notwithstanding the provisions of § [46.2-916.3](#), the Authority shall be solely responsible for regulating the operation of golf carts and utility vehicles within the Area of Operation. 2012, cc. [436](#), [482](#).

§ 2.2-2342. Payments to Commonwealth or political subdivisions thereof; payments to the City of Hampton

A. The Authority may agree to make such payments to the Commonwealth or any political subdivision thereof, which payments such bodies are hereby authorized to accept, for any goods, services, licenses, concessions or franchises as the Authority finds consistent with the purposes for which the Authority has been created.

B. It is the intent of this section that the Authority shall pay a fee in lieu of taxes as provided in this section. Such fee shall be payable by the Authority to the City of Hampton and shall be payable, in arrears, for the period January 1 through June 30 on each June 30, and for the period July 1 through December 31 on each December 31. The amount of such fee shall be determined as follows: (i) all property in the Area of Operation shall be assessed as if privately owned; (ii) property that would not be taxed if located elsewhere in the City of Hampton by virtue of the ownership, control, or use of the property, other than property classified solely under subdivision A 1 of § [58.1-3606](#), shall be excluded from the calculation of the fee in lieu of taxes; and (iii) the total assessed value, less any exemptions, shall then be divided by \$100, multiplied by the then-current real estate tax rate set by the City of Hampton, minus the real estate taxes (a) owed to the City of Hampton directly from taxpayers other than the Authority within the Area of Operation, including lessees subject to taxation and billed to the lessee pursuant to subsection E, and (b) collected by the Authority and remitted to the City of Hampton pursuant to subsection E in the calendar year prior to the year for which the fee in lieu of taxes is then determined. The Authority may apply to the assessor of real estate for the City of

Hampton and follow the process for recognition of an exemption applicable to other such properties in the City for any property subject to the fee in lieu of taxes, other than property subject to taxation and billed directly to the lessee pursuant to subsection E.

C. The Authority shall use all funds available and manage its finances and take all necessary and prudent actions to ensure that the fee in lieu of taxes provided in subsection B is paid when due and shall notify the City of Hampton and the Trustees as soon as practical if the funds will not be available to pay the fee in lieu of taxes when due and the Trustees shall take all necessary actions to remedy any deficiency. In the event the fee in lieu of taxes is not paid when due, interest thereon shall at that time accrue at the rate, not to exceed the maximum amount allowed by § [2.2-4355](#), determined by the City of Hampton until such time as the overdue payment and interest are paid. Unpaid fees in lieu of taxes and interest thereon shall rank in parity with liens for unpaid taxes and may be collected by the City of Hampton as taxes are collected; however, no real property of the Commonwealth or the Authority may be sold in such collection efforts.

D. The Authority shall have the right to contest the assessments made on property at Fort Monroe owned by the Commonwealth or the Authority or any property for which the Commonwealth or the Authority shall be responsible for payment of the fee in lieu of taxes, using the procedures utilized by other citizens of the City of Hampton, including appeals to the Board of Review of Real Estate Assessments for the City of Hampton and appeals therefrom to the Circuit Court of the City of Hampton, which is hereby granted jurisdiction to adjudicate any such appeal by the Authority in the same manner as applicable to private property owners or lessees in the City.

E. Notwithstanding the provisions of § [58.1-3203](#), all real property in the Area of Operation that is leased, whether by short-term operating/revenue lease or long-term ground lease, shall be assessed as if it were privately owned, and each lessee thereof shall be subject to taxation to be billed and collected by the City of Hampton as if the lessee were the owner, regardless of the term; however, leases for a cumulative term of less than 20 years shall be billed to and collected from the Authority by the City of Hampton. For purposes of this subsection, "cumulative term" includes the original term plus any optional extensions or renewals of that term. The City of Hampton shall have no obligation to assess any leased property that may be subject to taxation pursuant to this subsection unless and until it has received from the Authority a complete and fully executed copy of the lease, which shall include a description of the property comparable to that which would be required for the fee simple conveyance of such leased property. Any property not assessed by the City of Hampton pursuant to this subsection shall remain subject to the provisions of subsection B. This subsection shall not apply to leases of any term with other government entities.

F. The Authority and any lessee that is directly billed by the City of Hampton (i) may apply to the assessor of real estate for the City of Hampton and follow the process for recognition of an exemption applicable to other such properties in the City and (ii) shall have the right to contest the assessments

made on property taxed to the lessee pursuant to this section using the procedures utilized by other citizens of the City of Hampton, including appeals to the Board of Review of Real Estate Assessments for the City of Hampton and appeals therefrom to the Circuit Court of the City of Hampton, which is hereby granted jurisdiction to adjudicate any such appeal by a qualifying lessee in the same manner applicable to private property owners and other lessees in the City.

Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of this Commonwealth. The bonds may be issued in coupon or registered form or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per centum per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the Authority may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued under the provisions of this act without obtaining the consent of any commission, board, bureau or agency of the Commonwealth of Virginia or of any political subdivision, and without any other proceedings or the happening of other conditions or things other than those proceedings, conditions or things which are specifically required by this act.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth or of any municipality or other political subdivision of the Commonwealth or a pledge of the faith and credit of the Commonwealth or of any municipality or other political subdivision, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds. (1978, c. 691)

§ 8. Revenues.

The Authority shall fix, and may revise from time to time, rates, rentals, fees and other charges for the use of and for the services and facilities furnished or to be furnished by any parking facilities or parts thereof owned or operated by the Authority. Such rates, rentals, fees and charges shall not be subject to supervision or regulation by any bureau, board, commission or other agency of the Commonwealth or of any political subdivision. Such rates, rentals, fees and charges shall be fixed and revised so that the revenues of the Authority, together with any other available funds, will be sufficient at all times (i) to pay the cost of maintaining, repairing and operating the parking facilities or parts thereof owned or operated by the Authority, including reserves for such purposes, and (ii) to pay the principal of and the interest on all bonds issued by the Authority under the provisions of this act as the same shall become due and payable and to provide reserves therefor. Notwithstanding any of the foregoing provisions of this section, the Authority may enter into contracts relating to use of the services and facilities of the parking facilities on such terms as the Authority shall determine to be proper, which contracts shall not be subject to revision except in accordance with their terms. (1978, c. 691)

§ 9. Trust agreement.

In the discretion of the Authority, each or any issue of revenue bonds may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. The resolution

authorizing the issuance of the bonds or such trust agreement may pledge the revenues to be received. In connection with the issuance of such bonds or in order to secure the payment thereof, the Authority shall have power under such agreement to mortgage all or any part of its property, real or personal, then owned or thereafter acquired, to vest in the trustee thereunder the right to foreclose such mortgage and to provide the terms and conditions upon which such trustee or the holders of bonds or any proportion thereof may exercise the right of foreclosure. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the construction, reconstruction, equipment, improvement, maintenance, repair, operation and insurance of any parking facilities, the fixing and revising of rates, rentals, fees and charges, and the custody, safeguarding and application of all monies, and for the employment of consulting engineers in connection with such construction, reconstruction, improvement, maintenance and operation. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. Such resolution or trust agreement may contain such other provisions in addition to the foregoing as the Authority may deem reasonable and proper for the security of the bondholders. Except as in this act otherwise provided, the Authority may provide for the payment of the proceeds of the sale of the bonds and the revenues of any parking facilities or part thereof to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursements thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as a part of the cost of operation.

Any pledge made by the Authority pursuant to this chapter shall be governed by the laws of the Commonwealth. (1978, c. 691)

§ 10. Trust funds.

All monies received pursuant to the Authority of this act shall be deemed to be trust funds, to be held and applied solely as provided in this act. Any officer to whom, or bank, trust company or fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and the resolution authorizing the issuance of bonds or trust agreement securing such bonds may provide. (1978, c. 691)

§ 11. Remedies.

Any holder of revenue bonds issued under the provisions of this Act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein

given may be restricted by the resolution authorizing the issuance of such bonds or such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the Authority or by any officer thereof, including the fixing, charging and collecting of rates, rentals, fees and charges for the use of or for the services and facilities furnished by any parking facilities. (1978, c. 691)

§ 12. Exemption from taxation.

As adequate off-street parking facilities are essential to the health, safety and general welfare of the public, and as the exercise of the powers conferred by this act to effect such purposes constitute the performance of essential municipal functions, and as parking facilities constructed under the provisions of this act constitute the performance of essential municipal functions, and as parking facilities constructed under the provision of this act constitute public property and are used for municipal purposes, the Authority shall not be required to pay any taxes or assessments upon any such parking facilities or any part thereof, or upon the income therefrom, and any bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free from taxation within the Commonwealth. (1978, c. 691)

§ 13. Revenue refunding bonds.

The Authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The Authority is further authorized to issue from time to time revenue bonds of the Authority for the combined purpose of (i) refunding any revenue bonds or revenue refunding bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (ii) paying all or any part of the cost of constructing any additional parking facilities or part thereof, or any improvements, extensions or enlargements of any parking facilities. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the Authority with respect to the same, shall be governed by the foregoing provisions of this act insofar as the same may be applicable. (1978, c. 691)

§ 14. Contributions.

The municipality is hereby authorized to make contributions or advances to an authority which it organizes under the provisions of this act from any available monies for any purpose of such Authority. (1978, c. 691)

§ 15. Actions taken by Authority.

George Washington Toll Road Authority

Any action taken by the Authority under the provisions of this act may be authorized by resolution at any regular or special meeting and each such resolution shall take effect immediately and need not be published or posted. (1978, c. 691)

§ 16. Additional method.

This act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds. (1978, c. 691)

§ 17. Severability.

The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions. (1978, c. 691)

§ 18. Construction.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose thereof. (1978, c. 691)

§ 4. Issuance of revenue bonds.

The Authority is hereby authorized to provide by resolution for the issuance from time to time of revenue bonds of the Authority for the purpose of paying all or any part of the cost of Authority facilities or any project or portion of such facilities. The principal of and interest on such bonds shall be payable solely from the revenues pledged for such payment. The bonds of each issue or series shall be dated, shall bear interest at such rate or rates as the Board shall accept or approve and are permitted by law, shall mature at such time or times not exceeding 50 years from the date or dates thereof, as may be determined by the Authority and may contain provisions reserving the right of the Authority to redeem such bonds before maturity at such price or prices and upon such terms and conditions as may be fixed by the Authority in the resolution authorizing such bonds. Such bonds may be issued in coupon or registered form or both as prescribed by the Authority, and provisions may be made for the registration of coupon bonds as to principal only or as to both principal and interest and for the reconversion of registered bonds into coupon bonds. Such bonds may be issued in any denomination or denominations and may be made payable at any bank or trust company within or without the Commonwealth as the Authority may determine. Such bonds and the coupons attached to coupon bonds shall be signed in such manner either manually or by facsimile signature as shall be determined by the Authority, and sealed with the seal of the Authority or a facsimile thereof. In case any officer whose signature or facsimile thereof shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer or officers had remained in office until the delivery thereof. The Authority may sell such bonds in such manner either at public or private sale and for such price or prices as the Authority may determine. Prior to the preparation of definitive bonds, the Authority may issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds that shall have become mutilated or shall be destroyed or lost. (2009, c. [801](#))

§ 5. Rates and charges.

Whenever the Authority shall have constructed or otherwise acquired Authority facilities and has issued bonds for such purpose, the Authority shall fix, revise, charge and collect fees, tolls, rents, rates and other charges for the use of such facilities and the different parts or sections thereof, sufficient, together with any other moneys made available and used for that purpose, to pay the principal of and interest on such bonds, together with reserves for such purposes, and to maintain and operate such

facilities and to keep the same in good condition and repair. Such fees, tolls, rents, rates and other charges shall not be subject to supervision or regulation by any commission, board, bureau or agency of the Commonwealth or of any municipality, county or other political subdivision of the Commonwealth, except no tolls in excess of one dollar shall be imposed or collected unless approved by an affirmative vote of each participating locality. All revenues, when collected, and the proceeds from the sale of revenue bonds, shall be held by the Authority in trust for the benefit of the holders of bonds of the Authority issued for the construction or acquisition of Authority facilities and for the proper maintaining, operating and repairing of the Authority facilities.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth or of any locality or a pledge of the faith and credit of the Commonwealth or of any locality, and shall be payable solely from the funds provided therefor from revenues. (2009, c. [801](#))

§ 6. Refunding bonds.

The Authority is hereby authorized by resolution to provide for the issuance of refunding revenue bonds with which to refund outstanding revenue bonds or any issue or series of such outstanding bonds, which refunding revenue bonds may be issued at or before the maturity or redemption date of the bonds to be refunded, and to include different issues or series of such outstanding revenue bonds by a single issue of refunding revenue bonds, and to issue refunding revenue bonds to pay any redemption premium and interest to accrue and become payable on the outstanding revenue bonds being refunded to the date of payment or redemption, and to establish reserves for such refunding revenue bonds. Such refunding revenue bonds shall be payable solely from all or that portion of the revenues of the Authority facilities pledged to the payment thereof in the bond resolution pursuant to which the bonds were issued. Such refunding revenue bonds may, in the discretion of the Authority, be exchanged at par for the revenue bonds which are being refunded, or may be sold at public or private sale in such manner and at such price or prices as the Authority shall deem for the best interests of the Authority with such interest rate as may be permitted by law. The proceeds derived from the sale of refunding revenue bonds issued under this act shall be invested in obligations of or guaranteed by the United States government pending the application of such proceeds to the purpose for which such refunding revenue bonds have been issued, and to further secure such refunding revenue bonds the Authority may contract with the purchasers thereof with respect to safekeeping and application of the proceeds thereof and the safekeeping and application of the earnings of such investments. The determination of the Authority with respect to the financial soundness and advantage of the issuance and delivery of refunding revenue bonds authorized under this act shall be conclusive, but nothing herein contained shall require the holders of any outstanding revenue bonds being refunded to accept payment thereof otherwise than as provided in the outstanding bonds. (2009, c. [801](#))

§ 7. Trust agreement.

In the discretion of the Authority any bonds issued under the provisions of this act may be secured by a trust agreement or indenture by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth to be selected by the Authority in such manner as it may elect. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign all or any portion of the tolls and other revenues to be received by the Authority from the ownership and operations of Authority facilities; but shall not convey or mortgage any Authority facilities or any part thereof. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as the depository of the proceeds of bonds or of revenue to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Any such resolution, trust agreement or indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such resolution, trust agreement or indenture may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the Authority facilities or portion thereof.

All or any portion of the revenues derived from the ownership and operation of Authority facilities, as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement or indenture securing the same, may be pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement nor indenture by which a pledge is created need be filed or recorded except in the records of the Authority. (2009, c. [801](#))

§ 8. Covenants to secure bonds.

Any resolution authorizing the issuance of bonds of the Authority may, for the benefit and security of the holders from time to time of such bonds, contain covenants by the Authority for said purpose, including covenants as to, among other things:

1. The operation, maintenance and repair of the Authority facilities;
2. The purpose or purposes to which the proceeds of the sale of such bonds may be applied and the use and disposition thereof;

3. The use and disposition of the revenues of the Authority derived from the ownership or operation of Authority facilities and additions, betterments and extensions thereof, including the investment thereof and the creation and maintenance of reserve funds and funds for working capital and all renewals and replacements to Authority facilities;
4. The amount, if any, of additional revenue bonds payable from such revenues which may be issued and the terms and conditions on which such additional revenue bonds may be issued;
5. Fixing, maintaining, collection and deposit of fees, tolls, rents, rates and other charges for all the services sold, furnished or supplied by the Authority facilities;
6. The operation, maintenance, repair, management, accounting and auditing of the Authority;
7. Limitations upon the right of the Authority to dispose of Authority facilities or any part thereof without providing for the payment of the outstanding revenue bonds;
8. The appointment of trustees, depositaries and paying agents within or without the Commonwealth to receive, hold, disburse, invest or reinvest the proceeds derived from the sale of revenue bonds and all or any part of the revenues derived by the Authority from the operation, ownership and management of the Authority facilities; and
9. Such other covenants and agreements as may be determined necessary in the discretion of the Authority to advantageously market the revenue bonds of the Authority. (2009, c. [801](#))

§ 9. Revenue bonds eligible for investment.

Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and its political subdivisions, all insurance companies, trust companies, banks, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital, in their control or belonging to them. Such bonds are also hereby made securities that may properly and legally be deposited with and received by any Commonwealth or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law. (2009, c. [801](#))

§ 10. Authority obligations to be negotiable instruments; enforcement of bonds.

No such contract or agreement shall be deemed to be lending or granting credit to or in aid of any person, association, company or corporation; nor shall any such contract or agreement be deemed to be a pledge of the faith and credit or of the taxing power of the locality for the payment of such principal or interest except as may be otherwise provided in such contracts or agreements. Any holder of bonds, notes, certificates or other evidences of borrowing issued by the Authority under the provisions of this act or of any coupons appertaining thereto, and the representatives of such holders and the trustee under any bond resolution or indenture, may either at law or in equity, by suit, action, mandamus or other proceedings, protect and enforce any and all rights of the Authority under or by virtue of any such contract or agreement.

C. A participating locality may issue bonds for the purpose of providing funds to perform any contract or agreement entered into with the Authority pursuant to the provisions of this act. Such bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the governing body of the locality, and may be redeemable before maturity, at the option of the governing body of the locality, at such price or prices and under such terms and conditions as may be prescribed by such governing body prior to the issuance of the bonds. The locality may provide for the

(2009, c. [801](#))

§ 14. Powers of the Department of Transportation.

The Department of Transportation is authorized and empowered:

1. To enter into and perform contracts or agreements with the Authority to furnish it with surveys, engineering, borings, plans and specifications and other technical services, reports, studies and data, the cost of which shall be reimbursed by the Authority as a part of the cost of the Project in connection with which such contracts or agreements were entered into;
2. Subject to appropriation, to allocate to and for the construction, operation or maintenance, of any highways constructed by the Authority and to pay to the Authority such funds as may be or become available to the Department for such purposes;
3. To permit the connection of any highways constructed or acquired by the Authority with highways under the control and jurisdiction of the Department; and
4. To employ independent consulting engineers having a nationwide and favorable repute in estimating traffic over any such highways to determine whether the construction of such highways will result in substantial reduction in the volume of traffic over other highways or toll roads and to use funds under the control of the Department for that purpose. (2009, c. [801](#))

§ 15. Acquisition of property.

A. The Authority is hereby authorized and empowered to acquire solely from funds provided under the provisions of this act such lands, structures, property, rights, rights-of-way, franchises, easements and other interests in lands, including lands lying under water and riparian rights, as it may deem necessary for the construction and operation of Authority facilities, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

B. A participating locality and, with the approval of the Governor, public agencies and commissions of the Commonwealth, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request upon such terms and conditions as the governing body of a participating locality, or the proper authorities of such agencies or commissions of the Commonwealth may deem reasonable and fair and without the necessity of any advertisement, order of court or other action or formality, other than the regular and formal action of the governing body or authorities concerned, any real property which may be necessary for the effectuation of the authorized purposes of the Authority, including public highways and any other real property already devoted to public use.

C. Participating localities are hereby authorized and empowered to acquire by the exercise of the power of eminent domain granted to or conferred upon it by law, and in accordance with the procedure prescribed therefor, any real property that may be necessary for the effectuation of the authorized purposes of the Authority and to lease, lend, grant or convey such property to the Authority upon such terms and conditions as the governing body may deem reasonable and fair.

D. In any eminent domain proceedings by the Authority, or any locality under this act, the court having jurisdiction of the suit, action or proceeding may make such orders as may be just to the Authority, or any locality, as the case may be, and to the owners of the property to be condemned, and may require an undertaking or other security to secure such owners against any loss or damage by reason of the failure of the Authority or a locality to accept and pay for the property, or by reason of the taking of property occupied by such owners, but neither such undertaking or security or any act or obligation of the Authority or the locality shall impose any liability upon the Commonwealth.

E. If the owner, lessee or occupier of any property to be condemned or otherwise acquired pursuant to this act shall refuse to remove his property therefrom or give up possession thereof, the Authority or a locality, as the case may be, may proceed to obtain possession in any manner provided by law.

F. When the Authority or a locality under this act proposes to construct a highway across the tracks of any railroad, the exercise of the general power of eminent domain over the property of a railroad granted by this act shall be limited with respect to the property, right-of-way, facilities, works or appurtenances upon which the tracks at such proposed crossing are located, to the acquisition only of an easement therein, which crossing shall be constructed either sufficiently above or below the grade of any such railroad track or tracks so that neither the crossing then under construction nor any part thereof, including any bridge abutments, columns, supporting structures and appurtenances, nor any traffic upon it shall interfere in any manner with the use, operation or maintenance of the trains, tracks, works or appurtenances of the railroad nor interfere with or endanger the movement of the trains or traffic upon the tracks of the railroad. Prior to the exercise of the power of eminent domain for such an easement, plans and specifications of that portion of the Project to be constructed across the railroad tracks showing compliance with such requirements and showing sufficient and safe plans and

specifications for such overhead or underground structure and appurtenances shall be submitted to the railroad for examination and approval. If the railroad fails or refuses within 60 days to approve the plans and specifications so submitted, the matter shall be submitted by the Authority or the locality, as the case may be, to the State Corporation Commission, whose decision, arrived at after due consideration in accordance with its usual procedure, shall be final as to the sufficiency and safety of such plans and specifications and as to such elevations or distances above or below such tracks. The overhead or underground structures and appurtenances shall be constructed in accordance with such plans and specifications and in accordance with such elevations or distances above or below such tracks so approved by the railroad or the State Corporation Commission, as the case may be. A copy of the plans and specifications approved by the railroad or the State Corporation Commission shall be filed as an exhibit upon the institution of any proceedings brought in the exercise of the power of eminent domain.

G. The Commonwealth hereby consents, subject to the approval of the Governor, to the use by the Authority of any other lands or property owned by the Commonwealth, including lands lying under water, which are deemed by the Authority to be necessary for the construction or operation of any Project being constructed by the Authority. (2009, c. [801](#))

§ 16. Transfer to a participating locality.

In the event a participating locality shall have rendered financial assistance or contributed in any manner to the cost of construction of a limited access highway or highways by the Authority and the Authority has issued bonds for the construction of such limited access highway or highways, then when all such bonds, including any refunding bonds, and the interest thereon have been paid or a sufficient amount of cash or United States government securities have been deposited and dedicated to the payment of all such bonds and interest to the maturity or redemption date thereof in trust for the benefit of the holders of such bonds, all property, real and personal, acquired in connection with such limited access highway or highways shall be transferred by the Authority to the locality and the governing body of the locality shall have the power to fix and revise from time to time and charge and collect tolls for transit over such limited access highway. (2009, c. [801](#))

§ 17. Withdrawal from Authority; dissolution of Authority.

A. Any member locality may withdraw from the Authority, provided that member repays its share of any Authority indebtedness outstanding at the time of withdrawal.

B. Upon dissolution of the Authority, all Authority facilities, including highways and limited access highways, shall revert to the participating localities. (2009, c. [801](#))

The Comptroller of the Commonwealth shall keep an account of all money thus paid into the treasury, and it shall be paid to the individual, copartnership, association or corporation entitled thereto upon satisfactory proof that such individual, copartnership, association or corporation is so entitled to such money. If the claim so presented is rejected by the Comptroller, the claimant may proceed against the Comptroller for recovery in the Circuit Court of the City of Richmond. An appeal from the judgment of the circuit court shall lie to the Supreme Court as in actions at law, and all laws and rules relating to practice and procedure in actions at law shall apply to proceedings authorized hereunder. No such proceedings shall be filed after 10 years from the day the principal of or interest on such bonds is due as aforesaid; provided, if the individual having such claim is an infant or insane person or is imprisoned at such due date, such proceedings may be filed within five years after the removal of such disability, notwithstanding the fact that such 10-year period shall have expired.

All other police officers of the Commonwealth and of the locality shall have the same powers and jurisdiction within the areas of operations agreed upon by the parties that they have beyond such limits and shall have access to all such areas at any and all times without interference for the purpose of exercising such powers and jurisdiction. For the purpose of enforcing such laws, rules and regulations the court or courts having jurisdiction for the trial of criminal offenses committed in the locality shall have jurisdiction to try any person charged with the violation of any such laws, rules and regulations within such boundaries. A

copy of the rules and regulations of the Authority, attested by the Secretary or Secretary-Treasurer of the Authority, may be admitted as evidence in lieu of the original. Any such copy purporting to be sealed and signed by such Secretary or Secretary-Treasurer may be admitted as evidence without any proof of the seal or signature, or of the official character of the person whose name is signed to it.

C. All actions at law and suits in equity and other proceedings, actions and suits against the Authority, or any other person, firm or corporation, growing out of the construction, maintenance, repair, operation and use of any Authority facility, or growing out of any other circumstances, events or causes in connection therewith, unless otherwise provided herein, shall be brought and conducted in the court or courts having jurisdiction of such actions, suits and proceedings in the appropriate locality. Each such report shall set forth an operating and financial statement covering the Authority's operations during the period of 12 months covered by such report. The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants to be selected by the Authority and the cost thereof shall be treated as a part of the cost of construction and operation of the Project.

E. The records, books and accounts of the Authority shall be subject to examination and inspection by duly authorized representatives of the governing body of any locality within the Region and any bondholder or bondholders at any reasonable time, provided the business of the Authority is not unduly interrupted or interfered with thereby.

F. Any member, agent or employee of the Authority who contracts with the Authority or is interested, either directly or indirectly, in any contract with the Authority or in the sale of any property, either real or personal, to the Authority shall be guilty of a Class 1 misdemeanor. Exclusive jurisdiction for the trial of such misdemeanors is hereby conferred upon the Circuit Court of the County of Spotsylvania; provided, that the term "contract," as used herein, shall not be held to include the depositing of funds in, or the borrowing of funds from or the serving as agent or trustee by, any bank in which any member, agent or employee of the Authority may be a director, officer or employee or have a security interest; nor shall such term include contracts or agreements with the purchase of services from, or other transactions in the ordinary course of business with, public service corporations. (2009, c. [801](#))

§ 19. Approval by Commonwealth Transportation Board.

§ 20. Construction; inconsistent laws.

This act shall be liberally construed to effectuate the purposes hereof, and the foregoing sections of this act shall be deemed to provide an additional and alternative method of doing the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred upon a participating locality by other provisions of law; provided, however, the issuance of revenue bonds or revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds, and except as otherwise expressly provided in this act, none of the powers granted to the Authority under the provisions of this act shall be subject to the supervision or regulation or require the approval or consent of a participating locality or any commission, board, bureau, official or agency thereof or of the Commonwealth, except as otherwise provided in this act. (2009, c. [801](#))

§ 21. Constitutional construction.

The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this act. (2009, c. [801](#))

(l) The term "associated water system" means and shall include any plant, system, facility or property used or useful or having the present capacity for future use in connection with the treatment, purification or distribution of potable drinking water serving no more than 1,000 premises connected to a sewage disposal system and all necessary appurtenances and equipment, and shall include all lands, property, rights, rights-of-way, easements and franchises relating to any such system and deemed necessary or convenient for the operation thereof.

§ 9. Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth of Virginia or of any county, city, town or political subdivision thereof, or a pledge of the faith and credit of the Commonwealth or of any county, city, town or political subdivision thereof, but such bonds shall be payable solely from the funds herein provided therefor from revenues. The issuance of revenue bonds under the provisions of this act shall not directly or indirectly or contingently obligate the Commonwealth or any county, city, town or political subdivision thereof to levy or to pledge any form of taxation whatever therefor. The text of such revenue bonds shall contain a statement substantially to the foregoing effect.

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the provisions of this act and no liability or obligation shall be incurred by the Commission hereunder beyond the extent to which moneys shall have been provided under the provisions of this act. (1960, c. 66; 2012, c. [724](#))

§ 10. The Commission is hereby authorized and empowered:

- (h) to employ, in its discretion, consulting engineers, attorneys, accountants, construction and financial experts, managers, and such other officers, employees and agents as may be necessary in its judgment, and to fix their compensation;
- (i) to exercise jurisdiction, control and supervision over any sewage disposal system or systems or sewer improvements or associated water systems operated or maintained by the Commission and to make and enforce such rules and regulations for the maintenance and operation of any such sewage disposal system or systems or sewer improvements or associated water systems as may, in the judgment of the Commission, be necessary or desirable for the efficient operation of any such system or improvements and for accomplishing the purposes of this act;
- (j) to enter on any lands, water or premises located within or without the District to make surveys, borings, soundings or examinations for the purposes of this act;
- (k) to construct and operate trunk, intercepting or outlet sewers, sewer mains, laterals, conduits or pipelines in, along or under any streets, alleys, highways or other public places within or without

the District; in so constructing its facilities, it shall see that the public use of such streets, alleys, highways, and other public places is not unnecessarily interrupted or interfered with and that such streets, alleys, highways and other public places are restored to their former usefulness and condition within a reasonable time; to this end the Commission shall cooperate with the Commonwealth Transportation Board and the appropriate officers of the respective counties, cities and towns having an interest in such matters;

(l) to restrain, enjoin or otherwise prevent any county, city, town or political subdivision and any person or corporation, public or private, from discharging into any waters within the District, any sewage, industrial wastes or other refuse which would contribute or tend to contribute to the pollution of such waters, and to restrain, enjoin or otherwise prevent the violation of any provision of this act or of any resolution, rule or regulation adopted pursuant to the powers granted by this act;

(m) to use and connect with any sewage disposal system or sewer improvement within the District and, if deemed necessary by the Commission to close off and seal any outlets and outfalls therefrom;

(n) subject to such provisions and restrictions as may be set forth in the resolution authorizing any revenue bonds or in the trust agreement hereinafter mentioned securing the same, to enter into contracts with the United States of America or any agency or instrumentality thereof, or with any county, city, town or political subdivision or any sanitary district, private corporation, copartnership, association or individual providing for or relating to the treatment and disposal of sewage;

(o) to receive and accept from the United States of America or any agency or instrumentality thereof grants for or in aid of the planning, construction or financing of any sewage disposal system or sewer improvements or associated water systems, and to receive and accept contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made;

(p) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act;

(r) to execute any and all instruments and do and perform any and all acts or things necessary , convenient or desirable for the purposes of the Commission or to carry out the powers expressly given in this act; and

(s) to seek civil penalties or civil charges against owners who have been charged with violation of or found to be in violation of the pretreatment standards incorporated in the permit or other requirements of the District's approved industrial waste control program. The penalties which the

District may seek, and the procedures to be followed by the District, shall be the same as those set forth for the State Water Control Board, as set forth in § [62.1-44.32](#) of the Code of Virginia.

1. For purposes of this subsection, the term "owner" shall include the definition contained in subsection (i) of § 8 and, in addition, any corporate officer designated in the permit issued by the District, if any.
2. With the consent of any owner who has violated a provision of this subsection, or is charged by the District with having violated the provision of this subsection, the District may provide, in an order issued by it against such owner, for the payment of civil charges for such violations in specific sums not to exceed those set forth in § [62.1-44.32](#) of the Code of Virginia for each violation. Each day of violation shall constitute a separate offense. Such civil charges shall be instead of any appropriate civil or criminal penalty imposed under the provisions of this subsection. (1960, c. 66; 1990, c. 153; 2004, c. [120](#); 2012, c. [724](#); 2021 Special Session I, c. [428](#))

§ 11. (a) The Commission is hereby authorized and empowered to acquire by purchase, lease, grant or conveyance such lands, structures, property, rights, rights-of-way, easements, franchises and other interests in or relating to lands, including lands lying under water and riparian rights, as it may deem necessary or convenient for the construction and operation of any sewage disposal system or sewer improvements or associated water systems, upon such terms and at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and commissions of the Commonwealth with the approval of the Governor and all counties, cities, towns and political subdivisions, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the District at the request of the Commission upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Commission, including public highways and other real property already devoted to public use.

(b) The Commission is also hereby authorized and empowered to acquire by condemnation or eminent domain such lands, structures, property rights, rights-of-way, easements, franchises and other interests in or relating to lands, including lands lying under water and riparian rights, deemed necessary or convenient for the construction and operation of any sewage disposal system or sewer improvements or associated water systems. The powers of condemnation or eminent domain conferred on the Commission by this act shall be exercised by the Commission pursuant to the provisions of Title 25.1, Chapter 1 through 4, inclusive, of the Code of Virginia, 1950, as now enacted or as hereafter amended or reenacted, provided, however, that the Commission may proceed (i) for the procurement of lands, structures, property rights, rights-of-way, easements, franchises and other interests in or relating to lands contiguous to the site of an existing sewage disposal system for

construction and operation of an expanded sewage disposal system to meet new regulatory requirements, including nutrient removal technology classified under § 10.1-2131 of the Code of Virginia, 1950, as eligible for partial grant funding from the Virginia Department of Environmental Quality, without regard to the provisions of §§ 15.2-4313 and 25.1-106 of the Code of Virginia, 1950, as enacted or as hereafter amended or reenacted, when such expansion is to be funded in part or in whole by issuance of revenue bonds payable from the revenues of the District provided under this act, and (ii) pursuant to the provisions of Article 1 (§ 33.2-1000 et seq.) of Chapter 10 of Title 33.2 of the Code of Virginia, 1950, as enacted or as hereafter amended or reenacted, for the procurement of rights-of-way for sewer lines and sites for pumping stations.

(c) Title to any property acquired by the Commission shall be taken in the name of the District.

(d) The Commonwealth with the approval of the Governor hereby consents to the use of any lands or property owned by the Commonwealth including lands lying under water, which are deemed by the Commission to be necessary for the construction or operation of any sewage disposal system or sewer improvements or associated water systems. (1960, c. 66; 1962, c. 584; 2004, c. [120](#); 2021 Special Session I, c. [428](#))

§ 12. The Commission is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the District for any one or more of the following purposes:

(a) refunding any bonds heretofore issued by the Commission and any revenue bonds, notes and other obligations issued under the provisions of this act and then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption thereof; provided, however, that no bonds issued after the effective date of this act shall be refunded at a net interest cost exceeding that of such bonds to be refunded unless, prior to the issuance of such refunding bonds, the Commission shall have determined that the issuance of such refunding bonds will be in the best interests of the District,

(b) paying the cost of a sewage disposal system or systems or associated water system,

(c) paying the cost of extensions and additions thereto, and

(d) paying the cost of sewer or water improvements. (1960, c. 66; 2012, c. [724](#); 2021 Special Session I, c. [428](#))

§ 13. The principal of and the interest on revenue bonds issued under the provisions of this act shall be payable solely from the funds therein provided for such payment. The bonds of each issue shall be dated, shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the Commission, shall bear interest at such time or times and at such rate or rates as may be determined by the Commission, and may be made redeemable before maturity, at the option of the Commission, at such price or prices and under such terms and conditions as may be fixed by

the Commission prior to the issuance of the bonds. The Commission shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and any bond may bear the facsimile signature of, or may be signed by, such person or persons as at the actual time of the execution of such bond shall be the proper officer or officers to sign such bond although at the date of such bond such person or persons may not have been such officer or officers. The bonds may be issued in coupon or in registered form, or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Commission may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the District. (1960, c. 66; 2004, c. [120](#); 2012, c. [724](#))

§ 14. The proceeds of the bonds shall be disbursed in such manner and under such restrictions, if any, as the Commission may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. Such resolution or trust agreement may also contain such limitations upon the issuance of additional revenue bonds, and such provisions for accelerating the maturities of the bonds in the event of a default and for amending or supplementing such resolution or trust agreement, as the Commission may deem proper. (1960, c. 66)

§ 15. Prior to the preparation of definitive bonds, the Commission may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Commission may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. (1960, c. 66)

§ 16. Except as hereinafter provided in this act, bonds may be issued under the provisions of this act without obtaining the consent or approval of any department, division, commission, board, bureau or agency of the Commonwealth or of any district or other political subdivision of the Commonwealth, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act. (1960, c. 66)

§ 17. It shall not be necessary to secure the approval by a majority vote of the qualified voters of the District voting in an election on the question of the issuance of any of such revenue bonds, and none of the limitations, restrictions or conditions which are contained in any other law on the amount of

bonds or the manner of issuing bonds shall be applicable to revenue bonds issued under the provisions of this act. (1960, c. 66)

§ 18. Neither the members of the Commission nor any person executing any bonds or temporary bonds shall be liable personally on the bonds or temporary bonds or be subject to any personal liability or accountability by reason of the issuance thereof. (1960, c. 66)

§ 19. In addition to all other powers granted to the Commission by this act, the Commission is hereby authorized and empowered to provide for the issuance at one time or from time to time of notes or other obligations of the District, payable solely from revenues or other funds of the District, for any of its authorized purposes. All the provisions of this act which relate to bonds or revenue bonds shall apply to such notes or other obligations in so far as such provisions may be appropriate. (1960, c. 66)

§ 20. The issuance of bonds, secured by a trust agreement under the provisions of this act shall be subject to the approval of the State Corporation Commission. If the State Corporation Commission shall not enter an order approving or disapproving the issuance of such bonds within sixty days after the Commission shall have filed the resolution authorizing the issuance of such bonds or the trust agreement hereinafter mentioned securing the same with the State Corporation Commission, the issuance of the bonds shall be deemed to have been approved by the State Corporation Commission for the purpose of this paragraph. If the State Corporation Commission shall enter an order within such sixty day period disapproving the issuance of such bonds, the Commission may at any time thereafter file a new or revised resolution or trust agreement for the purpose of securing the approval of the State Corporation Commission of the new or revised bonds of the District. (1960, c. 66)

§ 21. In the discretion of the Commission the revenue bonds of any issue may be secured by a trust agreement by and between the Commission and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Any such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received, but shall not convey or mortgage any sewage disposal system or sewer improvements or associated water systems or any part thereof. Any such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Commission in relation to the acquisition of property and the construction, improvement, extension, enlargement, reconstruction, maintenance, equipment, repair, operation and insurance of the properties of the District, and the custody, safeguarding and application of all moneys. Any such trust agreement may provide for or permit the issuance of additional bonds from time to time for the further extension of the sewerage system. If the Commission issues bonds that may be tendered for purchase by the holders thereof, any such trust agreement may provide that, for all purposes of the laws of the Commonwealth, the indebtedness of the District evidenced by such bonds shall not be deemed extinguished upon the purchase thereof by the District

unless such bonds are delivered by the District to the trustee under such trust agreement with written instructions to cancel such bonds. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Commission. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the Commission may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of any such trust agreement or resolution may be treated as a part of the cost of operation.

No such trust agreement or resolution need be filed or recorded except in the records of the Commission. (1960, c. 66; 2012, c. [724](#); 2021 Special Session I, c. [428](#))

§ 22. The Commission may, in the resolution providing for the issuance of revenue bonds or in the trust agreement securing the same, covenant to fix the rates, fees and other charges for the use of, and for the services and facilities furnished or to be furnished by, the sewage disposal system or systems and the sewer improvements, or associated water systems if any, for which such bonds are to be issued, to be paid by the owner, tenant or occupant of each lot or parcel of land which may be connected with or may use any such sewage disposal system or sewer improvements or associated water systems. The Commission may revise such rates, fees and charges from time to time. Such rates, fees and charges shall be so fixed and revised as to provide funds, with other funds available for such purposes, sufficient at all times (a) to pay the cost of maintaining, repairing and operating such sewage disposal system or systems or associated water system and such sewer improvements, if any, including reserves for such purpose and for renewals and replacements and necessary extensions and additions to the sewerage system or associated water systems, (b) to pay the principal of and the interest on such revenue bonds as the same shall become due and to provide reserves therefor, (c) to pay costs associated with a customer assistance program, and (d) to provide a margin of safety for making such payments. The Commission shall charge and collect the rates, fees and charges so fixed or revised, and, except as hereinafter provided in this act, such rates, fees and charges shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the Commonwealth or of any district or other political subdivision of the Commonwealth.

Such rates, fees and charges shall be just and equitable and may be based or computed either upon the quantity of water used or upon the number and size of sewer connections or upon the number and kind of plumbing fixtures in use in the premises connected with the sewerage system or upon the number or average number of persons residing or working in or otherwise connected with such premises or upon the type or character of such premises or upon any other factor affecting the use of

the facilities furnished or upon household income for households at or below 200 percent of the federal poverty level or upon any combination of the foregoing factors or as a constant rate based upon average winter water usage in premises of similar character. Charges for services to premises, including services to manufacturing and industrial plants, obtaining all or a part of their water supply from sources other than a public water system may be determined by gauging or metering at the expense of the owner, tenant or occupant of such premises or in any other manner as directed and approved by the Commission. Premises not discharging the entire volume of water into the sanitary sewers may be allowed a reduction in the charges provided the customer installs facilities, in a manner satisfactory to the Commission, for measuring the volume either discharged or not discharged into the sanitary sewers in lieu of a constant rate as described herein.

The Commission shall fix and determine the time or times when and the place or places where such rates, fees and charges shall be due and payable and may require that such rates, fees and charges shall be paid in advance for periods of not more than six months. A copy of the schedules of all rates, fees and charges in effect shall at all times be kept on file at the principal office of the Commission, and such schedules shall at all reasonable times be open to public inspection.

In cases where the character of the sewage from any manufacturing or industrial plant, building or premises is such that it imposes an unreasonable burden upon any sewage disposal system, an additional charge may be made therefor, or the Commission may, if it deems it advisable, compel such manufacturing or industrial plant, building or premises to treat such sewage in such manner as shall be specified by the Commission before discharging such sewage, into the sewerage system or prohibit the discharge, directly or indirectly, of such sewage into the sewerage system. (1960, c. 66; 2004, c. [120](#); 2021 Special Session I, c. [428](#))

§ 23. Before any revision of the present schedule of rates, fees and charges shall become effective the Commission shall publish a copy thereof for four consecutive weeks in a newspaper of general circulation within the District. If, on or before the last publication, the governing body of any city or county constituting a part of the District or five hundred or more qualified voters residing within the District shall file a petition with the State Corporation Commission complaining of the proposed revision, the State Corporation Commission may by order suspend the placing in effect of such revision for a period not exceeding sixty days from the filing of any such petition during which time it shall investigate whether such revision is just and equitable and in accordance with the provisions of this act. If the State Corporation Commission shall not enter an order suspending, approving or disapproving such revision within sixty days from the filing of any such petition, such revision shall be deemed to be in effect. The Commission or the party or parties filing a petition may appeal to the Supreme Court of Appeals from any such order as may be entered by the State Corporation Commission in the manner provided by law. (1960, c. 66)

§ 24. The owner, tenant, or occupant of each lot or parcel of land within the District which abuts upon a street or other public way containing a sanitary sewer served or which may be served by a sewage disposal system of the District and upon which lot or parcel a building shall have been constructed for residential, commercial or industrial use, shall, if so required by such reasonable rules and regulations as shall be promulgated by the Commission, connect such building with such sanitary sewer, and shall cease to use any other method for the disposal of sewage, sewage waste or other polluting matter. All such connections shall be made in accordance with rules and regulations which shall be adopted from time to time by the Commission, which rules and regulations may provide for a charge for making any such connection in such reasonable amount as the Commission may fix and establish. (1960, c. 66)

§ 25. In the event that the rates, fees or charges charged by the Commission for the services and facilities of any sewage disposal system or sewer improvements or associated water systems by or in connection with any real estate or other property served shall not be paid as and when due, the owner, tenant or occupant, as the case may be, of such property shall, until such rates, fees and charges shall be paid, cease to dispose of sewage or industrial wastes originating from or on such property by discharge thereof directly or indirectly into the sewerage system, and if such owner, tenant or occupant shall not cease such disposal within two months thereafter, it shall be the duty of each county, city, town or other public corporation, board or body, private corporation or person supplying water to or selling water for use on, such property, within five days after receipt of notice of such facts from the Commission to cease supplying water to, and selling water for use on, such property. If such county, city, town or other public corporation, board or body, private corporation or person shall not within such time cease supplying water to, and selling water for use on, such property, the Commission may shut off the supply of water to such property and may disconnect such property from such sewage disposal system or sewer improvements or associated water systems, and for such purposes may enter on any lands, waters and premises of such county, city, town or other public corporation, board or body, private corporation or person.

If any rates, fees or charges for the services and facilities furnished by any sewage disposal system or sewer improvements or associated water systems of the District shall not be paid within thirty days after the same shall become due and payable, the Commission may at the expiration of such thirty day period proceed to recover the amount of any such delinquent rates, fees or charges by any action, suit or proceeding permitted by law or in equity. (1960, c. 66; 2021 Special Session I, c. [428](#))

§ 26. The Commission shall keep and preserve a complete register, or registers, open to public inspection, of all rates, fees and charges which have been charged by the Commission to the owners, tenants or occupants of any real estate for the use and services of any sewage disposal system or sewer improvements or associated water systems and have become due and payable and have not

been paid. Such register or registers shall be kept in such place or places as the Commission shall determine. (1960, c. 66; 2021 Special Session I, c. [428](#))

§ 27. The Commission and any county, city, town or other political subdivision in whole or in part embraced within the District or any privately or publicly owned water company are authorized to enter into a contract or contracts providing for the collection by such county, city, town or political subdivision or privately or publicly owned water company and payment over to the Commission of the rates, fees and charges charged by the Commission against the owners, tenants or occupants of real estate within such county, city, town or political subdivision or served by such privately or publicly owned water company, or providing for the payment to the Commission by such county, city, town or political subdivision or privately or publicly owned water company of a sum or sums of money in lieu of all or part of the rates, fees and other charges which would otherwise be charged by the Commission to the owners, tenants or occupants of real estate within such county, city, town or political subdivision or served by such privately or publicly owned water company. Such county, city, town or political subdivision or privately or publicly owned water company is vested with powers to do everything necessary or proper to carry out and perform every such contract, including the same powers with respect to rates, fees and other charges as are conferred by this act upon the Commission. The Commission is authorized to reduce ratably in accordance with such contract the rates, fees and other charges which would otherwise be charged by the Commission to the owners, tenants or occupants of real estate within such county, city, town or political subdivision or served by such privately or publicly owned water company, but nothing in this section or any such contract shall be construed to prevent the Commission from charging to and collecting from such owners, tenants or occupants of such real estate, in the same manner as provided for such rates, fees and other charges, any deficiency in any payment agreed to be made by such county, city, town or political subdivision or privately or publicly owned water company. (1960, c. 66)

§ 28. All revenues derived by the Commission from the sewage disposal system or systems or sewer improvements or associated water systems financed or refinanced by the bonds of any issue or issues, except such part thereof as may be required to pay the cost of maintaining, repairing and operating such system or systems or sewer improvements and to provide such reserves therefor as may be provided in the resolution providing for the issuance of such revenue bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or trust agreement and deposited to the credit of the following special funds:

(a) a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided, including the accumulation of a reserve for such purposes; such pledge shall be valid and binding from the time when the pledge is made, the revenues so pledged and thereafter received by the Commission shall

immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Commission or the District, irrespective of whether such parties have notice thereof; and

(b) a fund for anticipated renewals, replacements, extensions, additions and extraordinary repairs of the sewerage system or associated water systems.

The use and disposition of moneys to the credit of any such sinking fund shall be subject to such regulations as may be provided in the resolution authorizing the issuance of such revenue bonds or in the trust agreement securing the same, and, except as may otherwise be provided in such resolution or trust agreement, such sinking fund shall be a fund for the benefit of such bonds without distinction or priority of one over another. (1960, c. 66; 2021 Special Session I, c. [428](#))

§ 29. All moneys received pursuant to the provisions of this act, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this act, and none of such moneys shall be required to be paid into the State treasury or into the treasury or to any officer of any county, city, town or other political subdivision. The Commission may provide for the payment of the proceeds of the sale of the bonds and the revenues to be received to a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this act, subject to such regulations as this act and the Commission may provide. All such moneys shall be secured or shall be invested and reinvested, all as may be provided by the Commission.

With respect to contracts concerning interest rates, currency, cash flow and other basis, the District may enter into any contract that the Commission determines to be necessary or appropriate to place any obligation or investment of the District, as represented by bonds or the investment of their proceeds, in whole or in part, on the interest rate, cash flow or other basis desired by the Commission. Such contracts may include, without limitation, contracts commonly known as interest rate swap agreements, rate locks, forward purchase agreements and futures or contracts providing for payments based on levels of, or changes in, interest rates. Such contracts or arrangements may be entered into by the District in connection with, or incidental to, entering into or maintaining any (i) agreement that secures bonds or (ii) investment, or contract providing for investment, otherwise authorized by law. These contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by the Commission, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency. (1960, c. 66; 2008, c. [574](#))

§ 30. Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by such trust agreement or by the resolution providing for the issuance of such bonds, may either at law or in equity, by suit, action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this act or under such trust agreement or such resolution and may enforce and compel the performance of all duties required by this act or by such trust agreement or resolution to be performed by the Commission or by any officer, agent or employee thereof, including the fixing, charging and collecting of rates, fees and charges for the services and facilities furnished by any sewage disposal system or systems and any sewer improvements or associated water systems.

Such resolution or trust agreement may also provide for the appointment of a receiver in the event of a default, who may enter upon and take possession of any facilities or property operated by the Commission, any of the revenues from the operation of which are pledged for the security of such bonds, and operate and maintain the same and fix, charge, collect and receive all rates, fees and other charges and other revenues thereafter arising from such operation in the same manner as the Commission itself might do, and shall deposit all moneys collected in a separate account and apply the same in accordance with the duties and contracts of the Commission in such manner as the court appointing such receiver shall direct. (1960, c. 66)

§ 31. The exercise of the powers granted by this act shall be in all respects for the benefits of the inhabitants of the Commonwealth and for the promotion of their safety, health, welfare, convenience and prosperity, and as the operation and maintenance of the sewage system or associated water systems by the Commission will constitute the performance of essential governmental functions, the Commission shall not be required to pay any taxes or assessments upon the sewerage system or associated water systems or any property acquired or used by the Commission under the provisions of this act or upon the income therefrom and the revenue bonds issued under the provisions of this act, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any county, city, town or other political subdivision thereof. (1960, c. 66; 2021 Special Session I, c. [428](#))

§ 32. The Commission shall have no power to mortgage, pledge, encumber or otherwise dispose of any part of the sewerage system or associated water systems of the District, except such part or parts thereof as may be no longer necessary or useful for the purposes of the Commission; however, the Commission may enter into lease purchase and installment purchase agreements for equipment and fixtures and grant security interests therein. The provisions of this section shall be deemed to constitute a contract with the holders of bonds of the District. The sewerage system or associated water systems, if any, of the District shall be exempt from any and all liability which may be incurred

by, or imposed upon, the Commission or any county, city, town or political subdivision. (1960, c. 66; 2004, c. [120](#); 2021 Special Session I, c. [428](#))

§ 33. Any bonds issued pursuant to the authority of this act are hereby made securities in which all public officers and public bodies of the Commonwealth and all political subdivisions thereto, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries, savings banks and savings institutions, including savings and loan associations, in the Commonwealth, may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any Commonwealth or municipal officer or any agency or political subdivision of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law. (1960, c. 66)

§ 34. The Commission shall keep and preserve complete and accurate accounts and records of all moneys received and disbursed by it and of all of its business and operations and of all property and funds owned or managed by it or under its control, and shall prepare and transmit to the Governor and to the governing body of each county, city and town which is in whole or in part embraced within the District, annually and at such other times as the Governor shall require, complete and accurate reports as to the state and content of such accounts and records, together with such information with respect thereto as the Governor may require. (1960, c. 66)

§ 35. Any substantial change in the method used by the Commission for treating, reclaiming and/or disposing of sewage and industrial wastes so as to prevent the pollution of any waters within the District, shall, before being finally adopted or used by the Commission, be approved by the Virginia Department of Environmental Quality as effective and satisfactory for the purpose intended. (1960, c. 66; 2008, c. [574](#); 2021 Special Session I, c. [428](#))

§ 36. Each county, city, town or other political subdivisions in whole or in part embraced within the District and each privately or publicly owned water company shall, at the request of the Commission, make available to the Commission or the officers, agents or employees thereof, any or all maps, plans, specifications, records, books, accounts or other data or things deemed necessary by the Commission in the exercise of its powers and duties under this act. (1960, c. 66)

§ 37. Any county or city which shall have previously withdrawn from the District shall, if requested by the Commission, provide by its sewerage system for the treatment and disposal of sewage and industrial wastes arising in or discharged from the District and shall agree with the Commission to treat and dispose of such sewage and industrial wastes so delivered at the cost of such treatment and disposal; provided, however, the Commission shall pay to such county or city the cost of installing any additional sewerage facilities necessitated thereby within such county or city. If the parties do not

agree upon such cost, such cost shall be determined upon petition to the State Corporation Commission which is hereby authorized and directed to make such determination. (1960, c. 66)

§ 38. Each county, city, town or other political subdivision shall promptly pay to the Commission all rates, fees and charges which the Commission may charge to it as owner, tenant or occupant of real estate. The Commission and any county, city, town or political subdivision in whole or in part outside of the District are authorized to enter into contracts providing for or relating to the treatment and, reclamation and/or disposal of sewage or industrial wastes originating in such county, city, town or political subdivision, by means of any sewage disposal system or such other facilities as the Commission may determine to provide for such purpose, and such county, city, town or political subdivision is authorized to do everything necessary or proper to carry out and perform every such contract. (1960, c. 66; 2021 Special Session I, c. [428](#))

§ 39. The powers conferred by this act on counties, cities, towns and political subdivisions are in addition and supplemental to the powers conferred by any other law and may be exercised by resolution of the governing bodies thereof without regard to the terms, conditions, requirements, restrictions or other provisions contained in any other law, general or special, or in any charter, except that where rates, fees and charges are fixed by a city or town, that power shall be exercised by ordinance. (1960, c. 66)

§ 40. No county, city, town or other political subdivision or person or corporation, public or private, shall discharge, or suffer to be discharged, directly or indirectly into any waters within the District any sewage, industrial wastes or other refuse which may or will cause or contribute to pollution of any such waters. No county, city, town or other political subdivision or person or corporation, public or private, shall discharge, or suffer to be discharged, directly or indirectly, into any sewage disposal system or any other facilities of or provided by the Commission, any matter or thing which is or may be injurious or deleterious to such sewage disposal system or other facilities. No county, city, town or other political subdivision or person or corporation, public or private, shall plan, construct or place in service any new sewer improvement in the District which will or may thereafter be served by the Commission's sewerage system and which will or may thereafter, in the opinion of the Commission, cause overloading of the sewerage system or the entrance into the sewerage system of excessive ground or surface water or other matter or thing which is injurious or deleterious to the sewerage system. In order to carry out the provisions of this paragraph every county, city, town or other political subdivision or person or corporation, public or private, if requested by the Commission to do so, shall furnish to the Commission plans and specifications for such sewer improvements and shall provide access for Commission inspection of all new sewer construction work as it proceeds and of all construction records and materials used. In addition to other powers granted the Commission, it shall have the right to refuse service to any new sewer extension or improvement constructed or operated in violation of this paragraph. (1960, c. 66)

§ 41. Any county, city, town or other political subdivision or person or corporation, public or private, may be restrained, enjoined or otherwise prevented from violating or continuing the violation of any provision of this act by injunction, mandamus or any other appropriate remedy at law or in equity, by any court of competent jurisdiction, upon action, bill, suit or other proceeding instituted by the Commission or by any attorney for the Commonwealth. (1960, c. 66)

§ 42. No violation of any provision of this act shall be deemed to occur by reason of the discharge of sewage from any boat or vessel while afloat or on a marine railway or in dry dock. (1960, c. 66)

§ 43. Any person violating any provision of this act shall be guilty of a misdemeanor and upon conviction shall be punished accordingly. (1960, c. 66)

§ 44. No member, officer, agent or employee of the Commission shall contract with the Commission or be interested, either directly or indirectly, in any contract with the Commission, or in the sale of any property, either real or personal, to the Commission. This section shall not prevent any member, officer, agent or employee of the Commission from granting to the Commission, for a nominal consideration, any right of way, easement or lease. (1960, c. 66)

§ 45. All construction contracts, except in cases of emergency, that the Commission may let for construction or materials in connection with such construction shall be let after public advertising and in accordance with the provisions of the Virginia Public Procurement Act (§ [2.2-4300](#) et seq. of the Code of Virginia), the Virginia Public-Private Education Facilities and Infrastructure Act of 2002 (§ [56-575.1](#) et seq. of the Code of Virginia), as well as all subsequent amendments and additions to Virginia public procurement law. The Commission is authorized, in its discretion, to do any and all such work by force account. (1960, c. 66; 1964, c. 520; 2004, c. [120](#); 2008, c. [574](#))

§ 46. No pecuniary liability of any kind shall be imposed upon any county, city, town or other political subdivision constituting any part of the District because of any act, agreement, contract, tort, malfeasance, misfeasance, or nonfeasance, by or on the part of the Commission or any member of the Commission, or any of its officers, agents and employees, except as otherwise provided in this act with reference to contracts and agreements between the Commission and any county city town or other political subdivision. (1960, c. 66)

§ 47. The Commission is authorized to appoint all agents and employees of the Commission, dismiss them, fix their salaries or remuneration, assign their positions and titles, define their respective powers and duties, and require them or any of them to give bond payable to the District in such penalty as shall be fixed by the Commission conditioned upon the faithful discharge of their duties. (1960, c. 66)

§ 48. The circuit court of the county or the corporation or circuit court of the city in which any territory proposed to be added to the District is located, upon receipt of a petition of the Commission or a petition of the governing body of the territory proposed to be added to the District or a petition signed by not less than 25 percent of the qualified voters residing within the limits of the territory proposed to

be added to the District, or a petition signed by the owners of not less than 25 percent by area of the real property within the territory proposed to be added to the District, shall enter an order fixing the date and hour and place for a public hearing on the question of the addition of territory to the District, which order shall set forth a copy of the petition, excluding signatures, and shall describe the territory proposed to be added to the District.

A copy of such order shall be published once a week for three consecutive weeks in a newspaper of general circulation within the territory proposed to be added to the District to be designated by such court and posted in such public places within such territory as shall be designated by such court. The first of such publications and such posting shall occur not less than 30 days prior to the date fixed for such hearing.

At the time and place stated in such order, or to which an adjournment may be taken by the court, the court shall receive and hear any objections of interested persons to the addition of such territory to the District or to any defect in the petition and the court may then or thereafter grant such petition with such modifications, if any, as it may deem advisable and which do not enlarge the territory proposed to be added to the District. All such objections shall be made in writing, in person or by attorney, and filed with the court at or before the time or adjourned time of such hearing. Any such objections not so made shall be considered as waived.

If upon such hearing the court shall be of the opinion that any area proposed to be added to the District will not be benefited by the District, then said area shall not be included in the District. The order altering the boundaries of and enlarging the District shall prescribe the territory to be added to the District and fix the boundaries thereof.

From an order enlarging the District under the provisions of this section an appeal shall lie to the Supreme Court of Virginia in the manner provided by law. (1960, c. 66; 2004, c. [120](#))

§ 49. Nothing in this act shall be construed to affect, impair, repeal or supersede in any way the powers of the State Water Control Board under the provisions of Chapter 3.1, Title 62.1, Code of Virginia, 1950, as amended. (1960, c. 66; 2004, c. [120](#))

§ 50. This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof. (1960, c. 66)

§ 51. If any one or more sections, clauses, sentences or parts of this act shall be adjudged invalid, such judgment shall not affect, impair or invalidate the remaining provisions thereof, but shall be confined in its operation to the specific provisions held invalid, and the inapplicability or invalidity of any section, clause, sentence or part of this act in one or more instances or circumstances shall not be taken to affect or prejudice in any way its applicability or validity in any other instance. Hampton Roads Transportation Accountability Commission

§ 33.2-2600. Hampton Roads Transportation Fund

There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Transportation Fund, referred to in this chapter as "the Fund." The Fund shall be established on the books of the Comptroller. All revenues dedicated to the Fund pursuant to § [58.1-638](#) and Chapter 22.1 (§ [58.1-2291](#) et seq.) of Title 58.1 shall be paid into the state treasury and credited to the Fund. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. The moneys deposited in the Fund shall be used solely for (i) new construction projects on new or existing highways, bridges, and tunnels in the localities comprising Planning District 23 as approved by the Hampton Roads Transportation Accountability Commission and (ii) administrative and operating expenses as specified in subsection B of § [33.2-2605](#). The Commission shall give priority to those projects that are expected to provide the greatest impact on reducing congestion for the greatest number of citizens residing within Planning District 23 and shall ensure that the moneys shall be used for such construction projects.

The amounts dedicated to the Fund shall be deposited monthly by the Comptroller into the Fund and thereafter distributed to the Commission as soon as practicable for use in accordance with this chapter. If the Commission determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transportation projects pursuant to this chapter, the Commission may invest such excess moneys to the same extent and in the same manner as provided in subsection A of § [33.2-1525](#) for excess funds in the Transportation Trust Fund.

The amounts deposited into the Fund and the distribution and expenditure of such amounts shall not be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating localities. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined.

2013, c. [766](#), § 33.1-23.5:4; 2014, cc. [545](#), [678](#), [805](#); 2016, cc. [603](#), [608](#).

§ 33.2-2600.1. Hampton Roads Regional Transit Program and Fund

A. The General Assembly declares it to be in the public interest that developing and continuing operations of reliable regional public transportation is important for a balanced and effective multimodal transportation system in the Hampton Roads region and is essential to the region's economic growth, vitality, and competitiveness. The General Assembly further declares that a special transportation program, to be known as the Hampton Roads Regional Transit Program (the Program), should provide for the costs of developing, maintaining, and improving a core regional network of

transit routes and related infrastructure, rolling stock, and support facilities that have the greatest positive impacts on economic development potential, employment opportunities, mobility, environmental sustainability, and quality of life. The goal of the Program is to provide a modern, safe, and efficient core network of transit services across the Hampton Roads region. The Program shall be incorporated into strategic plans developed pursuant to § [33.2-286](#) and adopted by the governing board of each transit entity and shall form the basis for the regional transit planning process coordinated by the federally designated Metropolitan Planning Organization.

B. There is hereby created in the state treasury a special nonreverting fund for Planning District 23 to be known as the Hampton Roads Regional Transit Fund, referred to in this chapter as "the Regional Transit Fund." The Regional Transit Fund shall be established on the books of the Comptroller. All revenues dedicated to the Regional Transit Fund pursuant to §§ [58.1-802.5](#), [58.1-816](#), and [58.1-1743](#) shall be paid into the state treasury and credited to the Regional Transit Fund. Interest earned on moneys in the Regional Transit Fund shall remain in the Regional Transit Fund and be credited to it. Any moneys remaining in the Regional Transit Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Regional Transit Fund.

C. The Regional Transit Fund shall be managed by the Commission, and disbursements from the Regional Transit Fund shall be approved by the Commission consistent with the regional transit planning process developed pursuant to subsection D of § [33.2-286](#). The moneys deposited in the Regional Transit Fund shall be used solely for (i) the development, maintenance, improvement, and operation of a core and connected regional network of transit routes and related infrastructure, rolling stock, and support facilities, to include the operation of a regional system of interjurisdictional, high-frequency bus service, in a transportation district in Hampton Roads created pursuant to § [33.2-1903](#) as included in the strategic plans and regional transit planning process developed pursuant to § [33.2-286](#) and (ii) administrative and operating expenses of the Commission as specified in subsection B of § [33.2-2605](#). In the allocation of funds, priority shall be given, when possible, to investments in the most sustainable and cost-effective operations, rolling stock, and facilities to reduce or eliminate reliance upon diesel fuels. Funds from the Regional Transit Fund shall not be used to support the expansion of light rail beyond the boundaries of a locality where light rail is operated on January 1, 2020. The amounts dedicated to the Regional Transit Fund shall be deposited monthly by the Comptroller into the Regional Transit Fund and thereafter distributed to the Commission as soon as practicable for use in accordance with this chapter. If the Commission determines that such moneys distributed to it exceed the amount required to meet the current needs and demands to fund transit projects pursuant to this chapter, the Commission may invest such excess moneys to the same extent and in the same manner as provided in subsection A of § [33.2-1525](#) for excess funds in the Transportation Trust Fund.

D. The amounts deposited into the Regional Transit Fund and the distribution and expenditure of such amounts shall not (i) be used to calculate or reduce the share of federal, state, or local revenues otherwise available to participating localities; (ii) allow a local government that is a member of the transportation district to reduce its local funding for public transportation purposes to an amount less than what was appropriated on July 1, 2019, for such purposes; or (iii) diminish or supplant allocations and appropriations from other sources or diminish allocations to which a transportation district, transit system, or locality would be entitled under any other provisions of law but shall supplement such funds to accelerate and augment transportation improvements in the Hampton Roads region. Further, such revenues and moneys shall not be included in any computation of, or formula for, a locality's ability to pay for public education, upon which appropriations of state revenues to local governments for public education are determined. Any amounts paid from the Regional Transit Fund shall be considered local funds when used to make a required match for state or federal transportation grant funds.

2020, cc. [1241](#), [1281](#).

§ 33.2-2601. Commission created

The Hampton Roads Transportation Accountability Commission, referred to in this chapter as "the Commission," is hereby created as a body politic and as a political subdivision of the Commonwealth. The Commission shall embrace each county and city located in Planning District 23, which is established pursuant to Chapter 42 (§ [15.2-4200](#) et seq.) of Title 15.2.

2014, cc. [545](#), [678](#).

§ 33.2-2602. Composition of Commission

The Commission shall consist of 23 members as follows:

1. The chief elected officer of the governing body of each of the 10 cities embraced by the Commission;
2. A current elected official of each of the four counties embraced by the Commission, provided that such official (i) serves on the governing body of the county and (ii) has been appointed by resolution of such governing body to serve as the county's member on the Commission;
3. Three members of the House of Delegates who reside in different counties or cities embraced by the Commission, appointed by the Speaker of the House, and two members of the Senate who reside in different counties or cities embraced by the Commission, appointed by the Senate Committee on Rules; and
4. The following four persons serving as nonvoting ex officio members of the Commission: a member of the Commonwealth Transportation Board who resides in a locality embraced by the Commission and is appointed by the Governor; the Director of the Department of Rail and Public Transportation, or

his designee; the Commissioner of Highways, or his designee; and the Executive Director of the Virginia Port Authority, or his designee.

All members of the Commission shall serve terms coincident with their terms of office. Vacancies shall be filled in the same manner as the original appointment. If a member of the Commission who represents a locality as provided in subdivision 1 or 2 is unable to attend a meeting of the Commission, he may designate another current elected official of such governing body to attend a meeting of the Commission. Such designation shall be for the purposes of one meeting and shall be submitted in writing or electronically to the Chairman of the Commission at least 48 hours prior to the affected meeting.

The Commission shall elect a chairman and vice-chairman from among its voting membership.

The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the financial accounts of the Commission, and the cost of such audit shall be borne by the Commission.

2014, cc. [545](#), [678](#); 2016, cc. [603](#), [608](#).

§ 33.2-2603. Staff

The Commission may employ a chief executive officer and such staff as it shall determine to be necessary to carry out its duties and responsibilities under this chapter. No such person shall contemporaneously serve as a member of the Commission. The Department of Transportation and the Department of Rail and Public Transportation shall make their employees available to assist the Commission, upon request.

2014, cc. [545](#), [678](#).

§ 33.2-2604. Decisions of Commission

A majority of the Commission, which majority shall include at least a majority of the total of chief elected officers and elected officials who represent the counties and cities embraced by the Commission, or their designees pursuant to § [33.2-2602](#), shall constitute a quorum. Decisions of the Commission shall require a quorum and shall be in accordance with voting procedures established by the Commission. In all cases, decisions of the Commission shall require the affirmative vote of two-thirds of the members of the Commission, or their designees, present and voting, and two-thirds of the total of chief elected officers and elected officials who represent the counties and cities embraced by Planning District 23, or their designees, who are present and voting and whose counties and cities include at least two-thirds of the population embraced by the Commission; however, no motion to fund a specific facility or service shall fail because of this population criterion if such facility or service is not located or to be located or provided or to be provided within the county or city whose chief elected officer's or elected official's, or its respective designee's, sole negative vote caused the facility or service to fail to meet the population criterion. The population of counties and cities embraced by the Commission shall be the population as determined by the most recently preceding decennial census,

except that on July 1 of the fifth year following such census, the population of each county and city shall be adjusted, based on population estimates made by the Weldon Cooper Center for Public Service of the University of Virginia.

2014, cc. [545](#), [678](#); 2015, c. [232](#); 2016, cc. [603](#), [608](#).

§ 33.2-2605. Annual budget and allocation of expenses

A. The Commission shall adopt an annual budget and develop a funding plan and shall provide for such adoption in its bylaws. The funding plan shall provide for the expenditure of funds over a four- to six-year period and shall align with the Statewide Transportation Plan established pursuant to § [33.2-353](#) as much as possible. The Commission shall solicit public comment on its budget and funding plan by posting a summary of such budget and funding plan on its website and holding a public hearing. Such public hearing shall be advertised on the Commission's website and in a newspaper of general circulation in Planning District 23.

B. The administrative and operating expenses of the Commission shall be provided in an annual budget adopted by the Commission. To the extent that funds for such expenses are not provided from other sources, the expenses shall be paid from the Fund and the Regional Transit Fund on an approximately pro rata basis of the programs supported by the Fund and the Regional Transit Fund. Such budget shall be limited solely to the administrative and operating expenses of the Commission and shall not include any funds for construction or acquisition of transportation facilities or the performance of any transportation service.

C. Members may be reimbursed for all reasonable and necessary expenses provided in §§ [2.2-2813](#) and [2.2-2825](#), if approved by the Commission. Funding for the costs of compensation and expenses of the members shall be provided by the Commission.

2014, cc. [545](#), [678](#); 2016, cc. [603](#), [608](#); 2020, cc. [1241](#), [1281](#).

§ 33.2-2606. Authority to issue bonds

The Commission may issue bonds and other evidences of debt as may be authorized by this section or other law. The provisions of Article 5 (§ [33.2-1920](#) et seq.) of Chapter 19 shall apply, mutatis mutandis, to the issuance of such bonds or other debt. The Commission may issue bonds or other debt in such amounts as it deems appropriate. The bonds may be supported by any funds available, except that funds from tolls collected pursuant to § [33.2-2607](#) shall be used only as provided in that section.

2014, cc. [545](#), [678](#).

§ 33.2-2607. Powers of the Commission

Notwithstanding any contrary provision of this title and in accordance with all applicable federal statutes and requirements, the Commission shall control and operate and may impose and collect

tolls in amounts established by the Commission for the use of any new or improved highway, bridge, or tunnel, to increase capacity on such facility or to address congestion within Planning District 23, constructed by the Commission (i) with federal, state, or local funds, (ii) solely with revenues of the Commission, or (iii) with revenues under the control of the Commission. The amount of any such toll may be varied from facility to facility, by lane, by congestion levels, by day of the week, by time of day, by type or size of vehicle, by number of axles, or by any similar combination thereof or any other factor the Commission may deem proper, and a reduced rate may be established for commuters as defined by the Commission. All such tolls shall be used for programs and projects that are reasonably related to or benefit the users of the new or improved highway, bridge, or tunnel, including, but not limited to, for the debt service and other costs of bonds whose proceeds are used for construction or improvement of such highway, bridge, or tunnel.

Any tolls imposed by the Commission shall be collected by an electronic toll system that, to the extent possible, shall not impede the traffic flow of the facility or prohibit a toll facility from retaining means of nonautomated toll collection in some lanes of the facility. For all facilities tolled by the Commission, there shall be signs erected prior to the point of toll collection that clearly state how the majority of the toll revenue is being spent by the Commission to benefit the users of the facility.

2014, cc. [545](#), [678](#).

§ 33.2-2608. Additional powers of the Commission

A. The Commission shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:

1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties;
2. To adopt and use a corporate seal and to alter the same at its pleasure;
3. To procure insurance, participate in insurance plans, and provide self-insurance; however, the purchase of insurance, participation in an insurance plan, or the creation of a self-insurance plan by the Commission shall not be deemed a waiver or relinquishment of any sovereign immunity to which the Commission or its officers, directors, employees, or agents are otherwise entitled;
4. To establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the Commission's affairs;
5. To apply for and accept money, materials, contributions, grants, or other financial assistance from the United States and agencies or instrumentalities thereof; the Commonwealth; and any political subdivision, agency, or instrumentality of the Commonwealth; and from any legitimate private source;

6. To acquire real and personal property or any interest therein by purchase, lease, gift, or otherwise for purposes consistent with this chapter and to hold, encumber, sell, or otherwise dispose of such land or interest for purposes consistent with this chapter;
7. To acquire by purchase, lease, contract, or otherwise, highways, bridges, or tunnels and to construct the same by purchase, lease, contract, or otherwise;
8. In consultation with the Commonwealth Transportation Board and with each city or county in which the facility or any part thereof is or is to be located, to repair, expand, enlarge, construct, reconstruct, or renovate any or all highways, bridges, and tunnels within Planning District 23 and to acquire any real or personal property needed for any such purpose;
9. To enter into agreements or leases with public or private entities for the operation and maintenance of bridges, tunnels, transit and rail facilities, and highways;
10. To make and execute contracts, deeds, mortgages, leases, and all other instruments and agreements necessary or convenient for the performance of its duties and the exercise of its powers and functions under this chapter;
11. To the extent funds are made or become available to the Commission to do so, to employ employees, agents, advisors, and consultants, including without limitation attorneys, financial advisers, engineers, and other technical advisers and, the provisions of any other law to the contrary notwithstanding, to determine their duties and compensation; and
12. To the extent not inconsistent with the other provisions of this chapter, and without limiting or restricting the powers otherwise given the Commission, to exercise all of the powers given to transportation district commissions by § [33.2-1919](#).

B. The Commission shall comply with the provisions governing localities contained in § [15.2-2108.23](#).
2014, cc. [545](#), [678](#).

§ 33.2-2609. Commission a responsible public entity under Public-Private Transportation Act of 1995

The Commission is a responsible public entity as defined in § [33.2-1800](#) and shall be regulated in accordance with the terms of the Public-Private Transportation Act of 1995 (§ [33.2-1800](#) et seq.) and regulations and guidelines adopted pursuant thereto.

§ 1. Short title.

This Act shall be known and may be cited as the "Harrisonburg Parking Authority Act". (1958, c. 517)

§ 2. Declaration of public necessity.

It is hereby determined and declared that the free circulation of traffic of all kinds through the streets of the city of Harrisonburg in the Commonwealth is necessary to the health, safety and general welfare of the public, whether residing in the municipality or traveling to, through or from such municipality in the course of lawful pursuits; that in recent years the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in the streets of the municipality; that the parking of motor vehicles in the streets has contributed to this congestion to such an extent as to constitute at the present time a public nuisance; that such parking prevents the free circulation of traffic in, through and from the municipality, and endangers the health, safety and welfare of the general public; that this traffic congestion is not capable of being adequately abated except by provisions for sufficient off-street parking facilities; that adequate off-street parking facilities have not been heretofore provided; and that the enactment of the provisions of this Act is hereby declared to be a public necessity. (1958, c. 517)

(1958, c. 517; 1968, c. 544)

§ 4. Creation of the Authority.

(a) The governing body of the municipality may by resolution signify its determination to organize an Authority under the provisions of this Act. Such resolution may be adopted only after a public hearing thereon, notice of which hearing shall be given by publication at least once, not less than 10 days prior to the date fixed for such hearing, in a newspaper having a general circulation in the municipality. Such notice shall contain a brief statement of the substance of the proposed resolution, shall set forth the proposed articles of incorporation of the Authority and shall state the time and place of the public hearing to be held thereon. Such municipality shall not be required to make any other publication of such resolution under the provisions of any other law.

(b) Such resolution shall include articles of incorporation which shall set forth:

- (1) the name of the Authority;
- (2) a statement that such Authority is organized under this Act;
- (3) the name of the organizing municipality; and

Each member of the Authority before entering upon his duties shall take and subscribe an oath or affirmation to support the Constitution of the United States and of the Commonwealth and to discharge faithfully the duties of his office and a record of each such oath shall be filed with the Secretary of the Authority.

The Authority shall select one of its members as Chairman and another as Vice-Chairman and shall also select a Secretary and a Treasurer who may but need not be members of the Authority. The offices of Secretary and Treasurer may be combined. The terms of office of the Chairman, Vice-Chairman, Secretary and Treasurer shall be as provided in the by-laws of the Authority.

A majority of the members of the Authority shall constitute a quorum and the affirmative vote of a majority of all of the members of the Authority shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all of the duties of the Authority. The members of the Authority shall serve without compensation but shall be reimbursed for the amount of actual expenses incurred by them in the performance of their duties. (1958, c. 517)

§ 6. General grant of powers.

The Authority created hereunder shall be deemed to be a public instrumentality exercising public and essential governmental functions to provide for the public health and welfare, and each such Authority is hereby authorized and empowered:

- (a) to adopt by-laws for the regulation of its affairs and the conduct of its business;
- (b) to adopt an official seal and alter the same at pleasure;
- (c) to maintain an office at such place or places as it may designate;
- (d) to sue and be sued in its own name, plead and be impleaded;
- (e) to construct, reconstruct, equip, improve, extend, enlarge, maintain, repair and operate parking facilities within the corporate limits of the organizing municipality;

- (i) to accept from any authorized agency of the Federal Government loans or grants for the planning, construction or acquisition of any parking facilities and to enter into agreements with such agency respecting any such loans or grants, and to receive and accept aid and contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such loans, grants or contributions may be made;
- (j) to acquire in the name of the Authority by gift, purchase or the exercise of the right of eminent domain in accordance with the laws of the Commonwealth of Virginia which are applicable to the exercise of such powers by cities or towns, any lands or rights in lands and interest therein, and to acquire such personal property, as it may deem necessary in connection with the construction, reconstruction, improvement, extension, enlargement or operation of any parking facilities; provided, however, that no property of any corporation itself having the power of eminent domain may be condemned hereunder; and provided, further, that the Authority shall not condemn any lands or personal property or right or interest therein, unless authorized so to do by resolution of the governing body of the city;
- (k) to lease all or any part of such parking facilities upon such terms and conditions and for such term of years as it may deem advisable to carry out the provisions of this Act; provided, however, that no enterprise involving the sale or dispensing of any product or commodity used in or for the servicing of motor vehicles shall be conducted on any space thereon;
- (l) to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this Act, including a trust agreement or trust agreements securing any revenue bonds issued hereunder, and to employ such consulting and other engineers, superintendents, managers, construction and financial experts, accountants and attorneys and such employees and agents as may, in the judgment of the Authority, be deemed necessary, and to fix their compensation; provided, however, that all such expenses shall be payable solely from funds made available under the provisions of this Act;
- (m) to do all acts and things necessary or convenient to carry out the powers granted by this Act; and

(n) nothing in this Act shall be construed as authorizing the Authority or any lessee to furnish or dispense at, or in connection with, any parking lot or area authorized by this Act, any product or service other than parking of vehicles. (1958, c. 517)

§ 7. Revenue bonds.

The Authority is hereby authorized to issue at one time or from time to time, revenue bonds of the Authority for the purpose of paying the cost of constructing, reconstructing, equipping, improving, extending or enlarging any one or more parking facilities. The bonds of each issue shall be dated, shall mature at such time or times not exceeding forty years from their date or dates and shall bear interest at such rate or rates not exceeding six per centum (6%) per annum, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Act or any recitals in any bonds issued under the provisions of this Act, all such bonds shall be deemed to be negotiable instruments under the laws of this Commonwealth. The bonds may be issued in coupon or registered form or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than six per centum (6%) per annum, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the authorizing resolution or in

the trust agreement securing such bonds, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the Authority may deem proper, and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued under the provisions of this Act without obtaining the consent of any commission, board, bureau or agency of the Commonwealth of Virginia or of any political subdivision, and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

Revenue bonds issued under the provisions of this Act shall not be deemed to constitute a debt of the Commonwealth or of any municipality or other political subdivision of the Commonwealth or a pledge of the faith and credit of the Commonwealth or of any municipality or other political subdivision, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds. (1958, c. 517; 1968, c. 544)

§ 8. Revenues.

The Authority shall fix, and may revise from time to time, rates, rentals, fees and other charges for the use of and for the services and facilities furnished or to be furnished by any parking facilities or parts thereof owned or operated by the Authority. Such rates, rentals, fees and charges shall not be subject to supervision or regulation by any bureau, board, commission or other agency of the Commonwealth or of any political subdivision. Such rates, rentals, fees and charges shall be fixed and revised so that the revenues of the Authority, together with any other available funds, will be sufficient at all times (a) to pay the cost of maintaining, repairing and operating the parking facilities or parts thereof owned or operated by the Authority, including reserves for such purposes, and (b) to pay the principal of and the interest on all bonds issued by the Authority under the provisions of this Act as the same shall become due and payable and to provide reserves therefor. Notwithstanding any of the foregoing provisions of this section, the Authority may enter into contracts relating to use of the services and facilities of the parking facilities on such terms as the Authority shall determine to be proper, which contracts shall not be subject to revision except in accordance with their terms. (1958, c. 517)

§ 9. Trust agreement.

In the discretion of the Authority, each or any issue of revenue bonds may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. The resolution authorizing the issuance of the bonds or such trust agreement may pledge the revenues to be received. In connection with the issuance of such bonds or in order to secure the payment thereof, the Authority shall have power under such agreement to mortgage all or any part of its property, real or personal, then owned or thereafter acquired, to vest in the trustee thereunder the right to foreclose such mortgage and to provide the terms and conditions upon which such trustee or the holders of bonds or any proportion thereof may exercise the right of foreclosure. Such trust agreement or resolution providing for the issuance of such bonds and may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the construction, reconstruction, equipment, improvement, maintenance, repair, operation and insurance of any parking facilities, the fixing and revising of rates, rentals, fees and charges, and the custody, safeguarding and application of all moneys, and for the employment of consulting engineers in connection with such construction, reconstruction, improvement, maintenance and operation. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. Such resolution or trust agreement may contain such other provisions in addition to the foregoing as the Authority may deem reasonable and proper for the security of the bondholders. Except as in this Act otherwise provided, the Authority may provide for the payment of the proceeds of the sale of the bonds and the revenues of any parking facilities or part thereof to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursements thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as a part of the cost of operation.

All pledges of revenues under the provisions of this Act shall be valid and binding from the time when such pledge is made. All such revenues so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledges without any physical delivery thereof or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. (1958, c. 517; 1968, c. 544)

§ 10. Trust funds.

All moneys received pursuant to the authority of this Act shall be deemed to be trust funds, to be held and applied solely as provided in this Act. Any officer to whom, or bank, trust company or fiscal agent

to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as this Act and the resolution authorizing the issuance of bonds or trust agreement securing such bonds may provide. (1958, c. 517)

§ 11. Remedies.

Any holder of revenue bonds issued under the provisions of this Act or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by the resolution authorizing the issuance of such bonds or such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this Act or by such resolution or trust agreement to be performed by the Authority or by any officer thereof, including the fixing, charging and collecting of rates, rentals, fees and charges for the use of or for the services and facilities furnished by any Parking Facilities. (1958, c. 517)

§ 12. Exemption from taxation.

As adequate off-street Parking Facilities are essential to the health, safety and general welfare of the public, and as the exercise of the powers conferred by this Act to effect such purposes constitute the performance of essential municipal functions, and as parking facilities constructed under the provisions of this Act constitute the performance of essential municipal functions, and as parking facilities constructed under the provisions of this Act constitute public property and are used for municipal purposes, the Authority shall not be required to pay any taxes or assessments upon any such parking facilities or any part thereof, or upon the income therefrom, and any bonds issued under the provisions of this Act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the Commonwealth. (1958, c. 517)

§ 13. Revenue refunding bonds.

The Authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The Authority is further authorized to issue from time to time revenue bonds of the Authority for the combined purpose of (a) refunding any revenue bonds or revenue refunding bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (b) paying all or any part of the cost of constructing any additional parking facilities or part thereof, or any improvements, extensions or enlargements of any parking facilities. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the Authority with respect to the same, shall be governed by the foregoing provisions of this Act in so far as the same may be applicable. (1958, c. 517)

§ 13-a. Competing parking facilities.

So long as any bonds issued under the provisions of this act are outstanding, the municipality shall not construct, operate or maintain any parking facilities competing with parking facilities of the Authority. (1968, c. 544)

§ 14. Contributions.

The municipality is hereby authorized to make contributions or advances to an Authority which it organizes under the provisions of this Act, from any available moneys for any purpose of the Authority, including payment of principal and interest on its bonds. The municipality is hereby further authorized to enter into agreement with the Authority obligating the municipality to pay the Authority any part or all of the receipts for the operation of on-street parking meters and making such covenants as may be deemed necessary or desirable to assure the successful and profitable operation of the on-street parking meters for so long as any bonds of the Authority remain outstanding. (1958, c. 517; 1968, c. 544)

§ 15. Actions taken by Authority.

Any action taken by the Authority under the provisions of this Act may be authorized by resolution at any regular or special meeting and each such resolution shall take effect immediately and need not be published or posted. (1958, c. 517)

§ 16. Additional method.

This Act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; provided, however, that the issuance of revenue bonds or revenue refunding bonds under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds. (1958, c. 517)

§ 17. Provisions of act severable.

The provisions of this Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions. (1958, c. 517)

§ 18. Constructions.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose thereof. (1968, c. 544)

8. Fix and revise from time to time and charge and collect rates, rentals, fees and other charges for the services and facilities furnished by such parking facilities, and to establish and revise from time to time regulation in respect of the use, operation and occupancy of such parking facilities or part thereof;
9. Acquire in the name of the Authority by gift, or purchase, any lands or rights in lands and interest herein, and to acquire such personal property, as it may deem necessary in connection with the construction, reconstruction, improvement, extension, enlargement or operation of any parking facility;

Lease all or any part of such parking facilities upon such terms and conditions and for such term of years as it may deem advisable to carry out the provisions of this act; however, no enterprise involving the sale or dispensing of any product or commodity used in or for the servicing of motor vehicles shall be conducted on any space thereon;
11. Make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, including a trust agreement or trust agreements securing any revenue bonds issued hereunder, and to employ such consulting and other engineers, superintendents, managers, construction and financial experts, accountants and attorneys and such employees and agents as may, in the judgment of the Authority, be deemed necessary, and to fix their compensation; however, all such expenses shall be payable solely from funds made available under the provisions of this act;

§ 7. Revenue bonds.

The Authority is hereby authorized to issue at one time or from time to time, revenue bonds of the Authority for the purpose of paying the cost of constructing, reconstructing, equipping, improving, extending, enlarging, maintaining, repairing or operating any one or more parking facilities. The bonds of each issue shall be dated, shall mature at such time or times not exceeding forty years from their date or dates and shall bear interest at such rate or rates not exceeding the maximum rate allowed by

law, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In any case any officer whose signature or a facsimile of whose signature shall appear on any bonds shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this act or any recitals in any bonds issued under the provisions of this act, all such bonds shall be deemed to be negotiable instruments under the laws of this Commonwealth. The Authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interest of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than the maximum rate allowed by law to be paid by public bodies, computed with relation to the absolute maturity or maturities of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the purpose for which such bonds shall have been authorized and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of such bonds, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the authorizing resolution or in the trust agreement securing such bonds, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued for the same purpose.

The resolution providing for the issuance of revenue bonds, and any trust agreement securing such bonds, may also contain such limitations upon the issuance of additional revenue bonds as the Authority may deem proper and such additional bonds shall be issued under such restrictions and limitations as may be prescribed by such resolution or trust agreement.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or be destroyed or lost.

Bonds may be issued under the provisions of this act without obtaining the consent of any commission, board, bureau or agency of the Commonwealth of Virginia or of any political subdivision,

and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this act.

Revenue bonds issued under the provisions of this act shall not be deemed to constitute a debt of the Commonwealth or of any municipality or other political subdivision of the Commonwealth or a pledge of the faith and credit of the Commonwealth or of any municipality or other political subdivision, but such bonds shall be payable solely from the funds herein provided therefor and a statement to that effect shall be recited on the face of the bonds. (1991, c. 142)

§ 8. Revenues.

The Authority shall fix, and may revise from time to time, rates, rentals, fees and other charges for the use of and for the services and facilities furnished or to be furnished by any parking facilities or parts thereof owned or operated by the Authority. Such rates, rentals, fees and charges shall not be subject to supervision or regulation by any bureau, board, commission or other agency of the Commonwealth or of any political subdivision. Such rates, rentals, fees and charges shall be fixed and revised so that the revenues of the Authority, together with any other available funds, will be sufficient at all times to (i) pay the cost of maintaining, repairing and operating the parking facilities or parts thereof owned or operated by the Authority, including reserves for such purposes, and (ii) pay the principal of and the interest on all bonds issued by the Authority under the provisions of this act as the same shall become due and payable and to provide reserves therefor.

Notwithstanding any of the foregoing provisions of this section, the Authority may enter into contracts relating to use of the services and facilities of the parking facilities on such terms as the Authority shall determine to be proper, which contracts shall not be subject to revision except in accordance with their terms. (1991, c. 142)

§ 9. Trust agreement.

In the discretion of the Authority, each or any issue of revenue bonds may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. The resolution authorizing the issuance of the bonds or such trust agreement may pledge the revenues to be received. In connection with the issuance of such bonds or in order to secure the payment thereof, the Authority shall have power under such agreement to mortgage all or any part of its property, real or personal, then owned or thereafter acquired, to vest in the trustee thereunder the right to foreclose such mortgage and to provide the terms and conditions upon which such trustee or the holders of bonds or any proportion thereof may exercise the right of foreclosure. Such trust agreement or resolution providing for the issuance for such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the construction, reconstruction, equipment, improvement, maintenance, repair, operation and insurance

of any parking facilities, the fixing and revising of rates, rentals, fees and charges, and the custody, safeguarding and application of all moneys, and for the employment of consulting engineers in connection with such construction, reconstruction, improvement, maintenance and operation. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Such resolution or trust agreement may set forth the rights and remedies of the bondholders and of the trustee, if any, and may restrict the individual right of action by bondholders. Such resolution or trust agreement may contain such other provisions in addition to the foregoing as the Authority may deem reasonable and proper for the security of the bondholders. Except as in this act otherwise provided, the Authority may provide for the payment of the proceeds of the sale of the bonds and the revenues of any parking facilities or part thereof to such officer, board or depository as it may designate for the custody thereof, and for the method of disbursements thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out the provisions of such resolution or trust agreement may be treated as a part of the cost of operation.

All pledges of revenues under the provisions of this act shall be valid and binding from the time when such pledge is made. All such revenues so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledges without any physical delivery thereof, or further action, and the lien of such pledges shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. (1991, c. 142)

§ 10. Trust funds.

All moneys received pursuant to the authority of this act shall be deemed to be trust funds, to be held and applied solely as provided in this act. Any officer to whom, or bank, trust company or fiscal agent to which, such moneys shall be paid shall act as trustee of such moneys and shall hold and apply the same for the purpose hereof, subject to such regulations as this act and the resolution authorizing the issuance of bonds or trust agreement securing such bonds may provide. (1991, c. 142)

§ 11. Remedies.

Any holder of revenue bonds issued under the provisions of this act, and the trustee under any trust agreement, except to the extent the rights herein given may be restricted by the resolution authorizing the issuance of such bonds or such trust agreement, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the Commonwealth or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the Authority or by any officer thereof, including the fixing, charging and collecting

of rates, rentals, fees and charges for the use of or for the services and facilities furnished by any parking facilities. (1991, c. 142)

§ 12. Exemption from taxation.

As adequate off-street parking facilities are essential to the health, safety and general welfare of the public, and as the exercise of the powers conferred by this act to effect such purposes constitute the performance of essential municipal functions, and as parking facilities constructed under the provisions of this act constitute the performance of essential municipal functions, and as parking facilities constructed under the provisions of this act constitute public property and are used for municipal purposes, the Authority shall not be required to pay any taxes or assessments upon any such parking facilities or any part thereof, or upon the income therefrom, and any bonds issued under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the Commonwealth. (1991, c. 142)

§ 13. Revenue refunding bonds.

The Authority is hereby authorized to issue from time to time revenue refunding bonds for the purpose of refunding any revenue bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. The Authority is further authorized to issue from time to time revenue bonds of the Authority for the combined purpose of (i) refunding any revenue bonds or revenue refunding bonds of the Authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and (ii) paying all or any part of the cost of constructing any additional parking facilities or part thereof, or any improvements, extensions or enlargements of any parking facilities. The issuance of such bonds, the maturities and other details thereof, the rights and remedies of the holders thereof, and the rights, powers, privileges, duties and obligations of the Authority with respect to the same, shall be governed by the foregoing provisions of this act insofar as the same may be applicable. (1991, c. 142)

§ 14. Competing parking facilities.

So long as any bonds issued under the provisions of this act are outstanding, the municipality shall not construct, operate or maintain any parking facilities competing with parking facilities of the Authority. (1991, c. 142)

§ 15. Contributions.

The municipality is hereby authorized to make contributions or advances to an Authority which it organizes under the provisions of this act from any available moneys for any purpose of the Authority, including payment of principal and interest on its bonds. The municipality is hereby further authorized to enter into agreements with the Authority obligating the municipality to pay the Authority any part or all of the receipts from the operation of on-street parking meters and making such covenants as may

be deemed necessary or desirable to ensure the successful and profitable operation of the on-street parking meters for so long as any bonds of the Authority remain outstanding. (1991, c. 142)

§ 16. Actions taken by Authority.

Any action taken by the Authority under the provisions of this act may be authorized by resolution at any regular or special meeting and each such resolution shall take effect immediately and need not be published or posted. (1991, c. 142)

§ 17. Additional method.

This act shall be deemed to provide an additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of or as repealing any powers now existing under any other law, either general, special or local; however, the issuance of revenue bonds or revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds. (1991, c. 142)

§ 18. Severability.

The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions. (1991, c. 142)

§ 19. Construction.

This act, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purpose thereof. (1991, c. 142)

Hospital Authorities

§ 15.2-5300. Finding and declaration of necessity

It is declared that conditions resulting from the concentration of population of various cities of the Commonwealth require the construction, maintenance and operation of adequate hospital facilities for the care of the public health, for the control and treatment of epidemics, for the care of the indigent and for the public welfare. In various cities of the Commonwealth, adequate hospital facilities are not available to the inhabitants, and, consequently, many persons, including persons of low income, are forced to do without adequate medical and hospital care and accommodations. These conditions cause an increase in and the spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the Commonwealth and impair economic values. The aforesaid conditions also exist in certain areas surrounding such cities, and these conditions cannot be remedied by the ordinary operations of private enterprises. The providing of adequate hospital and medical care are public uses and purposes for which public money may be spent and private property acquired. It is in the public interest that adequate hospital and medical facilities and care be provided in such concentrated centers of population in order to care for and protect the health and public welfare. The provisions hereinafter enacted are declared as a matter of legislative determination necessary in the public interest.

Such pledge shall be valid and binding from the time when the pledge is made. The fees, rents and charges so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort,

Neither the resolution nor trust indenture need be filed or recorded except in the records of the authority. The use and disposition of moneys to the credit of a sinking or other similar fund shall be subject to the provisions of such resolution or trust indenture. Except as may otherwise be provided in such resolution or trust indenture, the sinking or other similar fund shall be a fund for all such bonds without distinction or priority of one over another.

If the governing bodies of the City of Roanoke and Virginia Polytechnic Institute and State University shall by resolution declare that there is a need for a commission to be created for the purpose of establishing and operating a publicly owned conference center in the City of Roanoke adjacent to a renovated Hotel Roanoke and that they should unite in its formation, then a commission to be known as the "Hotel Roanoke Conference Center Commission" shall thereupon exist and shall exercise its powers and functions as prescribed herein.

In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of the "Hotel Roanoke Conference Center Commission," such commission shall be conclusively deemed to have been created as a body corporate, and to have been established and authorized to transact and exercise its powers hereunder upon proof of the adoption of a resolution as aforesaid by the governing bodies of such City and University declaring that there is a need for such Commission and that they should unite in its formation. § 12. Authority to issue bonds.

The Commission shall have power and is hereby authorized to issue bonds from time to time in its discretion for any of its purposes, including the payment of all or any part of the cost of any of its facilities and the refunding of any bonds previously issued by it.

Bonds may be issued under this Act notwithstanding any debt or other limitation prescribed in any statute without obtaining the consent of any city, town, or county government or any commission, board, bureau, or agency of the Commonwealth or of any of the foregoing, and without any other proceedings or the happening of other conditions or things than those proceedings, conditions or things which are specifically required by this Act.

The Commission may issue such types of bonds as it may determine, including without limiting the generality of the foregoing, bonds payable as to principal and interest: (i) from its revenues generally; (ii) exclusively from the income and revenues of a particular project; or (iii) exclusively from the income and revenues of certain designated projects, whether or not they are financed in whole or in part from the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any grant or contribution from a participating political subdivision or any other political subdivision,

agency or instrumentality thereof, any federal agency or any unit, private corporation, copartnership, association, or individual, as such participating political subdivision, or other entities may be authorized to make under general law or by pledge of any income or revenues of the Commission, or where such mortgage has been approved by the participating party, a mortgage of any facilities of the Commission.

The Commission shall determine the form of the bonds, including any interest coupons to be attached thereto, and the manner of execution of the bonds, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before delivery of such bonds, such signature or facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any of the other provisions of this Act or any recitals in any bonds issued under the provisions of this Act, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or registered form or both, as the Commission may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the conversion and reconversion into coupon bonds of any bonds registered as to both principal and interest and vice versa. The Commission may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the Commission.

Prior to preparation of definitive bonds, the Commission may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. (1991, c. 440)

§ 13. Resolution or trust indenture to secure bonds.

In connection with the issuance of bonds and in order to secure the payment of such bonds, the Commission shall have power:

1. To pledge by resolution, trust indenture, or other agreement, all or any part of its fees, rents, or revenues;
2. To covenant to impose and maintain such schedule of fees, rents and charges as will produce funds sufficient to pay operating costs and debt service;

3. To covenant against pledging all or any part of its fees, rents, and revenues to which its right then exists or the right to which may thereafter come into existence or against permitting or suffering any lien thereon;
4. To provide for the release of fees, rents, and revenues from any pledge and to reserve rights and powers in the fees, rents and revenues which are subject to a pledge;

8. To provide for the terms, forms, registration, exchange, execution, and authentication of bonds;
9. To provide for the replacement of lost, destroyed, or mutilated bonds;
10. To covenant as to the use of any or all of its property, real or personal, subject to the continued use of such property for the Commission's purposes;

12. To redeem its bonds, and to covenant for their redemption and to provide the terms and conditions thereof;
13. To covenant against extending the time for the payment of its bonds or interest thereon, directly or indirectly, by any means or in any manner;

15. To covenant as to the maintenance of its facilities; the insurance to be carried thereon and the use and disposition of insurance moneys;

16. To vest in a bondholder the right, in the event of the failure of the Commission to observe or perform any covenant on its part to be kept or performed, to cure any such default and to advance any moneys necessary for such purpose, and the moneys so advanced may be made an additional obligation of the Commission with such interest, security and priority as may be provided in any trust indenture, lease or contract of the Commission with reference thereto;
17. To covenant and prescribe as to the events of default and terms and conditions upon which any or all of its bonds shall become or may be declared due before maturity and as to the terms and conditions upon which such declaration and its consequences may be waived;

19. To covenant to surrender possession of all or any part of any facility or facilities acquired or constructed from bond proceeds, the revenues from which have been pledged upon the happening of any event of default, as defined in the contract, and to vest in a bondholder the right without judicial proceeding to take possession and to use, operate, manage, and control such facility or any part thereof, and to collect and receive all fees, rents, and revenues arising therefrom in the same manner as the Commission itself might do and to dispose of the moneys collected in accordance with the agreement of the Commission with such obligee, subject to the continued use of such facilities for the Commission's purposes;
20. To vest in a trustee or trustees the right to enforce any covenant made to secure, to pay, or in relation to the bonds, to provide for the powers and duties of such trustee or trustees, to limit liabilities thereof and to provide the terms and conditions upon which the trustee or trustees or the bondholders or any proportion of them may enforce any such covenant;
21. To make covenants other than and in addition to the covenants herein expressly authorized, of like or different character;
22. To execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of its covenants or duties, which may contain such covenants and provisions, in addition to those above specified, as any purchaser of the bonds of the Commission may reasonably require; and
23. To make such covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or in the absolute discretion of the Commission tend to make the bonds more marketable; notwithstanding that such covenants, acts or things may not be enumerated herein; it being the intention hereof to give the Commission power to do all things in the issuance of bonds, and in the provisions for their security that are not inconsistent with the Constitution of the Commonwealth or this Act. (1991, c. 440)

§ 14. Fees, rents and charges.

The Commission is hereby authorized to and shall fix, revise, charge, and collect fees, rents and other charges for the use and services of any facilities. Such fees, rents, and other charges shall be so fixed and adjusted as to provide a fund sufficient with other revenues to pay the cost of maintaining, repairing, and operating the facilities and the principal and any interest on its bonds as the same shall become due and payable, including reserves therefor. Such fees, rents, and charges shall not be subject to supervision or regulation by any commission, board, bureau, or agency of the Commonwealth or any participating party. The fees, rents, and other charges received by the Commission, except such part thereof as may be necessary to pay the cost of maintenance, repair, and operation and to provide such reserves therefor as may be provided for in any resolution authorizing the issuance of such bonds or in any trust indenture or agreement securing the same, shall, to the extent necessary, be set aside at such regular intervals as may be provided in any such resolution or trust indenture or agreement in a sinking fund or sinking funds pledged to, and charged with, the payment and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of such bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made. So long as any of its bonds are outstanding, the fees, rents, and charges so pledged and thereafter received by the Commission shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the Commission irrespective of whether such parties have notice thereof. Neither the resolution nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the Commission. The use and disposition of moneys to the credit of any such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust indenture or agreement. (1991, c. 440)

§ 15. Credit of Commonwealth and participating parties not pledged.

The bonds of the Commission shall not be a debt of the Commonwealth or any participating parties thereof, other than the Commission, and neither the Commonwealth nor any participating parties thereof, other than the Commission, shall be liable thereon, nor shall such bonds be payable out of any funds or properties other than those of the Commission. All bonds of the Commission shall contain on the face thereof a statement to such effect. The bonds shall not constitute an indebtedness within the meaning of any debt limitation or restriction. (1991, c. 440)

§ 16. Commissioners and persons executing bonds not liable thereon.

Neither the commissioners nor any person executing the bonds shall be liable personally on the Commission's bonds by reason of the issuance thereof. (1991, c. 440)

§ 17. Remedies of bondholders.

Any holder of bonds issued under the provisions of this Act or of any of the coupons appertaining thereto, and the trustee under any trust indenture or agreement, may, either at law or in equity, by suit,

action, injunction, mandamus or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this Act or under such trust indenture agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this Act or by such trust indenture or agreement or resolution to be performed by the Commission or by any officer or agent thereof, including the fixing, charging and collection of fees, rents and other charges. Any resolution authorizing the issuance of the Commission's bonds or trust indenture or agreement securing the same may limit or abrogate the individual right of action by the holders of such bonds or coupons appertaining thereto. (1991, c. 440)

§ 18. Taxation.

The exercise of the powers granted by this Act shall in all respects be presumed to be for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their health, safety, welfare, convenience and prosperity, and as the operation and maintenance of any project which the Commission is authorized to undertake will constitute the performance of an essential governmental function; the Commission shall not be required to pay taxes on its real estate, tangible personal property and machinery and tools. Bonds issued under the provisions of this Act, their transfer and the income therefrom including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any party thereof. Persons, firms, partnerships, associations, corporations and organizations leasing property of the Commission or doing business on property of the Commission shall be subject to and liable for payment of all applicable taxes of the political subdivision in which such leased property lies or in which business is conducted, including, but not limited to any leasehold tax on real property and taxes on tangible personal property and machinery and tools, taxes for admission, taxes on hotel and motel rooms, taxes on the sale of tobacco products, taxes on the sale of meals and beverages, privilege taxes and local general retail sales and use taxes, taxes to be paid on licenses in respect to any business, profession, vocation or calling and taxes upon consumers of gas, electricity, telephone, water, sewer and other public utility services. (1991, c. 440)

§ 19. Bonds as legal investments.

Bonds issued by the Commission under the provisions of this Act are hereby made securities in which all public officers and public bodies of the Commonwealth and its parties, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or party of the Commonwealth for any purpose for which the deposit of bonds or obligations is now or may hereafter be authorized by law. (1991, c. 440)

§ 20. Appropriation by participating party or political subdivision.

Any participating party, or other political subdivision of the Commonwealth, except the University, is authorized to provide services, to donate real or personal property and to make appropriations to the Commission, for the acquisition, construction, maintenance, and operation of the Commission's facilities. Any such party is hereby authorized to issue its bonds, including general obligation bonds, in the manner provided in the Public Finance Act or in any applicable municipal charter for the purpose of providing funds to be appropriated to the Commission and such political subdivisions may enter into contracts obligating such bond proceeds to the Commission. Nothing in this section shall prohibit the University from entering into a services contract with the Commission by which the University receives services from or provides services to the Commission.

The Commission may agree to assume, or reimburse a participating party for, any indebtedness incurred by such participating party with respect to facilities conveyed by it to the Commission. With the consent of the governing body of the participating party, any such agreement may be made subordinate to the Commission's indebtedness to others. (1991, c. 440)

§ 21. Fiscal year; Commission budget.

A. The fiscal year of the Commission shall begin on July 1 and end on June 30.

B. The Commission shall annually, prior to April 1 of each year, prepare and submit to the participating parties (i) a proposed operating budget showing its estimated revenues and expenses on an accrual basis for the forthcoming fiscal year, and if such estimated expenses exceed such estimated revenues, the portion of the deficit proposed to be borne by each participating party, and (ii) a proposed capital budget showing its estimated expenditures for such fiscal year for assets costing more than \$20,000 (or such higher amount as the Commission and the participating parties may determine) and having an estimated useful life of twenty years or more and the source of funds for such expenditures, including any amount requested from the participating parties. Depreciation shall be excluded from the Commission's operating budget with respect to assets purchased by the Commission with funds appropriated to it for such purpose by a participating party and, for this determination, it shall be assumed that any appropriation so made is for the purchase of assets set forth in the applicable Commission budget to the extent such purchase price is included in the approved budget. Assets purchased by the Commission with bond proceeds shall be depreciated over the useful life of such assets purchased with bond proceeds.

C. If the governing body of a participating party shall approve the Commission's proposed operating budget, it shall provide to the Commission such participating party's portion of such deficit. If during any fiscal year the Commission shall receive revenues in excess of those estimated by the Commission in its approved budget for such year, the budgeted deficit for such fiscal year shall automatically be reduced and, except as herein provided, the contribution of each participating party shall be proportionately reduced. Notwithstanding the foregoing, with the consent of the governing

bodies of the participating parties, all or a portion of such contributions may be maintained so as to enable the Commission to expend such excess revenues for its proper purposes.

D. If the governing body of a participating party shall approve the Commission's proposed capital budget, it shall provide to the Commission such participating party's portion of the expenditures set forth therein. Any such contribution shall automatically be reduced by the participating party's proportionate share of any grant funds received by the Commission for the purchase of assets included in the Commission's approved capital budget in excess of the grant funds shown in such capital budget as a source of funds for such expenditure, unless prohibited by the basic provider of the grant funds.

E. The Commission may expend any and all moneys within its control without obtaining the approval of the participating parties, but, except as otherwise provided in this Act with respect to contracts and agreements between the Commission and any participating party, the Commission shall not commit any participating party in an amount in excess of that appropriated to the Commission by the governing body of such party.

F. If at any time during any fiscal year it shall appear that the cash disbursements of the Commission will exceed its cash receipts for such fiscal year, including amounts appropriated to it by the participating parties, the Commission may request supplemental appropriations from the participating parties and any other party.

G. No moneys appropriated to the University by the Commonwealth, except moneys generated by the continuing education programs offered by the University, shall be contributed to the Commission by the University. The University is authorized to expend nongeneral funds from continuing education programs in support of its share of the operating costs of the Hotel Roanoke Conference Center. The University shall report to the chairmen of the House Appropriations and Senate Finance Committees by August 15 of each fiscal year all planned and actual transfers to the Hotel Roanoke Conference Center. (1991, c. 440; 1994, c. [628](#); 1997, c. [75](#))

§ 22. Allocation of deficit; denial of voting privileges.

A. Any deficit budgeted by the Commission in any fiscal year, i.e., any excess of its estimated expenses over its estimated revenues, and the cost of any budgeted capital expenditures in excess of the amount shown as available therefor, as shown on the Commission's operating and capital budgets approved by the participating parties, shall be allocated between the City and the University equally. In the event that the Commission is expanded to include additional participating parties pursuant to § 4 of this Act, the deficit shall be allocated among the participating parties in the proportions to be determined by agreement between the Commission, the City and any new participating parties. In the event the appropriation of any participating parties is insufficient to pay its portion of the deficit incurred in any fiscal year, the allocation of any deficit for any succeeding fiscal

year shall take into account the cumulative deficiency attributable to such participating party; however, no participating party shall be required to pay the Commission in any fiscal year any amount in excess of that appropriated to the Commission by the governing body of such participating party.

B. Any participating party not contributing its proportionate share of any deficit as determined by the Commission pursuant to § 22 of this Act, either of the Commission's operating budget or capital budget in accordance with a schedule established by the Commission, shall automatically be denied voting privileges. The denial of voting privileges shall terminate upon the delivery of its proportionate share by such party. (1991, c. 440)

§ 23. Dissolution of Commission.

Whenever it shall appear to the Commission that the need for the Commission no longer exists, it may petition the Circuit Court for the City of Roanoke for the dissolution of the Commission. If the court shall determine that the need for the Commission as set forth in this Act no longer exists and that all debts and pecuniary obligations of the Commission have been fully paid or provided for, it may enter an order dissolving the Commission.

Upon dissolution, the court shall order any real property contributed to the Commission by a participating party returned to such participating party. The remaining assets of the Commission shall be distributed to the participating parties in proportion to their respective contributions theretofore made to the Commission. Each participating party and all holders of the Commission's bonds shall be made parties to any such proceeding and shall be given notice as provided by law. Any party defendant may reply to such petition at any time within six months after the filing of the petition. From the final judgment of the court, an appeal shall lie to the Supreme Court of Virginia. (1991, c. 440)

§ 24. Liberal construction.

Neither this Act nor anything herein contained is or shall be construed as a restriction or limitation upon any powers which the Commission might otherwise have under any laws of this Commonwealth, and this Act is cumulative to any such powers. This Act does and shall be construed to provide a complete, additional and alternative method for the doing of the things authorized hereby and shall be regarded as supplemental and additional to powers conferred by other laws. However, the issuance of bonds under the provisions of this Act need not comply with the requirements of any other law applicable to the issuance of bonds, notes or other obligations. No proceedings, notice or approval shall be required for the issuance of any bonds or any instrument as security therefor, except as is expressly provided in this Act. The provisions of this Act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the other provisions of this Act. (1991, c. 440)

§ 25. Application of local ordinances, service charges and taxes upon leaseholds.

Nothing herein contained shall be construed to exempt the Commission's property from any applicable zoning, subdivision, erosion and sediment control and fire prevention codes or from building regulations of a political subdivision in which such property is located. Nor shall anything herein contained exempt the property of the Authority from any service charge authorized by the General Assembly pursuant to Article X, Section 6 (g) of the Constitution of Virginia, or exempt any lessee of any of the Commission's property from any tax imposed upon his leasehold interest in such property or upon the receipts derived therefrom. (1991, c. 440)

§ 26. Existing contracts, leases, franchises, etc., not impaired.

No provisions of this Act shall relieve, impair or affect any right, duty, liability or obligation arising out of any contract, concession, lease or franchise now in existence except to the extent that such contract, concession, lease or franchise may permit. Notwithstanding the foregoing provisions of this section, the Commission may renegotiate, renew, extend the term of or otherwise modify at any time any contract, concession, lease or franchise now in existence in such manner and on such terms and conditions as it may deem appropriate, provided that the operator of or under any said contract, concession, lease or franchise consents to said renegotiation, renewal, extension or modification. Housing Development Authority, Virginia

§ 36-55.24.Short title

This chapter shall be known and may be cited as the "Virginia Housing Development Authority Act." 1972, c. 830.

§ 36-55.25.Finding and declaration of necessity

It is hereby declared: (i) that there exists within the Commonwealth a serious shortage of sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford; that this shortage has contributed to and will contribute to the creation and persistence of substandard living conditions and is inimical to the health, welfare and prosperity of the residents of the Commonwealth; (ii) that it is imperative that the supply of residential housing for such persons and families and for persons and families displaced by public actions or natural disaster be increased; (iii) that private enterprise and investment have been unable, without assistance, to produce the needed construction or rehabilitation of sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford and to provide sufficient long-term mortgage financing for residential housing for occupancy by such persons and families; (iv) that a concentration of persons and families of low and moderate income even in standard structures does not eliminate undesirable social conditions; (v) that the governing body of a city or county may in its discretion determine that it is necessary to the preservation of the financial viability of such city or county and the health, welfare and prosperity of its residents that the population of such city or county be maintained as economically mixed by providing housing for persons and families of other than low and moderate income in order to broaden the tax bases of such areas; (vi) that in providing sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford it may at times be necessary or desirable to provide housing for persons and families of other than low and moderate income; (vii) that it is critical to the success, prosperity and viability of areas being revitalized that financing be made available for nonhousing buildings that are incidental to residential housing for low and moderate income persons and families and other persons and families in order to provide products and services to those living in residential housing or that are necessary or appropriate for the revitalization of such areas or for the industrial, commercial or other economic development of such areas; (viii) that the financing of residential housing for low and moderate income persons and families and other persons and families may be appropriate to promote the industrial, commercial or other economic development of certain areas in a city or the county by inducing manufacturing, industrial, commercial, governmental, educational, entertainment, community development, healthcare or nonprofit enterprises or undertakings to locate or remain in such area; and (ix) that private enterprise and investment be encouraged both to sponsor land development and build and rehabilitate residential housing for such persons and families of low and moderate income and to build housing which will prevent the recurrence of slum conditions by housing persons of varied

economic means in the same projects or area, and that private financing be supplemented by financing as provided in this chapter in order to help prevent the creation and recurrence of substandard living conditions and to assist in their permanent elimination throughout Virginia.

It is further declared that in order to provide a fully adequate supply of sanitary and safe dwelling accommodations at rents, prices, or other costs which such persons or families can afford and to stabilize or recover an appropriate economic mix in certain areas of the Commonwealth the legislature finds that it is necessary to create and establish a state housing development authority for the purpose of encouraging the investment of private capital and stimulating the construction and rehabilitation of residential housing to meet the needs of such persons and families or to stabilize such areas through the use of public financing, to provide construction and mortgage loans and to make provision for the purchase of mortgage loans and otherwise.

It is hereby further declared to be necessary and in the public interest that such state housing development authority provide for predevelopment costs, temporary financing, land development expenses and residential housing construction or rehabilitation by private sponsors for sale or rental to persons and families of low and moderate income and others; further, to provide mortgage financing for the purposes of supplying sanitary and safe dwelling accommodations at rents, prices or other costs which such persons or families can afford or of stabilizing urban areas, including without limitation, long-term federally insured mortgages; further, in revitalization areas designated in or pursuant to § [36-55.30:2](#), to provide financing for nonhousing buildings that are incidental to residential housing financed or to be financed in such areas pursuant to this chapter for low and moderate income persons and families and for other persons and families or that are necessary or appropriate for the revitalization of such areas or the industrial, commercial or other economic development of such areas; further, to increase the construction and rehabilitation of low and moderate income housing through the purchase from mortgage lenders authorized to make loans in the Commonwealth of mortgage loans for residential housing for persons and families of low and moderate income in the Commonwealth; further, to acquire, develop and own multifamily residential housing for occupancy by persons and families of low and moderate income; further, to provide technical, consultative and project assistance services to private sponsors; further, to assist in coordinating federal, state, regional and local public and private efforts and resources; to guarantee to the extent provided herein the repayment of certain loans secured by residential mortgages; further, to promote wise usage of land and other resources in order to preserve the quality of life we value so highly in Virginia; and further, to act as the loan servicer for a housing lender.

It is hereby further declared that all of the foregoing are public purposes and uses for which public moneys may be borrowed, expended, advanced, loaned, or granted, and that such activities serve a public purpose in improving or otherwise benefiting the people of the Commonwealth; that the

necessity of enacting the provisions hereinafter set forth is in the public interest and is hereby so declared as a matter of express legislative determination.

determined by such governing body to be necessary or appropriate for the revitalization of such area or for the industrial, commercial, or other economic development of such area; provided that a capital reserve fund shall not be created for any such financing pursuant to § [36-55.41](#);

28. To make and enter into contracts and agreements to act as the loan servicer for a housing lender on properties located in or outside of the Commonwealth to persons and families of any income; and

§ 36-55.30:2.Housing revitalization areas; economically mixed projects

A. For the sole purpose of empowering the HDA to provide financing in accordance with this chapter, the governing body of any city or county may by resolution designate an area within such city or county as a revitalization area if such governing body shall in such resolution make the following determinations with respect to such area: (i) either (a) the area is blighted, deteriorated, deteriorating or, if not rehabilitated, likely to deteriorate by reason that the buildings, improvements or other facilities in such area are subject to one or more of the following conditions: dilapidation; obsolescence; overcrowding; inadequate ventilation, light or sanitation; excessive land coverage; deleterious land use; or faulty or inadequate design, quality or condition; or (b) the industrial, commercial or other economic development of such area will benefit the city or county but such area lacks the housing needed to induce manufacturing, industrial, commercial, governmental, educational, entertainment, community development, healthcare or nonprofit enterprises or undertakings to locate or remain in such area; and (ii) private enterprise and investment are not reasonably expected, without assistance, to produce the construction or rehabilitation of decent, safe and sanitary housing and supporting facilities that will meet the needs of low and moderate income persons and families in such area and will induce other persons and families to live within such area and thereby create a desirable economic mix of residents in such area. Any redevelopment area, conservation area, or rehabilitation area created or designated by the city or county pursuant to Chapter 1 (§ [36-1](#) et seq.) of this title, any census tract in which 70 percent or more of the families have incomes which are 80 percent or less of the statewide median income as determined by the federal government pursuant to Section 143 of the United States Internal Revenue Code or any successor code provision on the basis of the most recent decennial census for which data are available, and any census tract which is designated by the United States Department of Housing and Urban Development and, for the most recent year for which census data are available on household income in such tract, either in which 50 percent or more of

the households have an income which is less than 60 percent of the area median gross income for such year or which has a poverty rate of at least 25 percent shall be deemed to be designated as a revitalization area without adoption of the above described resolution of the city or county. In any revitalization area, the HDA may provide financing for one or more economically mixed projects and, in conjunction therewith, any nonhousing buildings that are incidental to such project or projects or are determined by the governing body of the city or county to be necessary or appropriate for the revitalization of such area or for the industrial, commercial or other economic development thereof.

B. The HDA may finance an economically mixed project that is not within a revitalization area if the governing body of the city or county in which such project is or will be located shall by resolution determine (i) either (a) that the ability to provide residential housing and supporting facilities that serve persons or families of lower or moderate income will be enhanced if a portion of the units therein are occupied or held available for occupancy by persons and families who are not of low and moderate income or (b) that the surrounding area of such project is, or is expected in the future to be, inhabited predominantly by lower income persons and families and will benefit from an economic mix of residents in such project and (ii) private enterprise and investment are not reasonably expected, without assistance, to produce the construction or rehabilitation of decent, safe and sanitary housing and supporting facilities that will meet the needs of low and moderate income persons and families in such area and will induce other persons and families to live within such area and thereby create a desirable economic mix of residents in such area.

C. In any economically mixed project financed under this section, the percentage of units occupied or held available for occupancy by persons and families who are not of low and moderate income, as determined as of the date of their initial occupancy of such units, shall not exceed 80 percent.

§ 36-55.30:3.Regulations; adoption procedures

A. The HDA shall have the power to adopt, amend and repeal regulations, not inconsistent with this chapter or other applicable laws, to carry into effect the powers and purposes of the HDA and the conduct of its business. Such regulations shall be designed to effectuate the general purposes of this chapter.

B. The full text or an informative summary of any proposed new regulation, or any amendment to or repeal of a regulation shall be published not less than fifteen nor more than thirty days before the same may be acted upon and shall state the time and place of a public hearing at which the matters mentioned therein will be considered, at which time any person wishing to comment shall be heard and any written comments shall be considered. Such publication shall be in a newspaper of general circulation published in Richmond and in addition, as HDA may determine, it may be similarly

published in newspapers in localities particularly affected as well as publicized through press releases and other media as will best serve the purpose and subject involved.

C. If HDA is satisfied that the proposed regulation or amendments thereto or repeal thereof, or any part thereof, in the form in which it was proposed or changed as a result of such public hearing, provided the changes do not alter the main purpose of the regulation, is advisable, such regulation, amendment to or repeal of a regulation, or any part thereof, may be adopted and, if adopted, shall be published as prescribed in subsection B of this section and shall state the date when it is to become effective.

§ 36-55.31. Powers relative to making mortgage loans and temporary construction loans to housing sponsors and persons and families of low and moderate income

The HDA shall have all the powers necessary or convenient to carry out and effectuate the purpose and provisions of this chapter, including the following powers in addition to others herein granted:

(1) through (3) [Repealed.]

(4) Enter into agreements and contracts with housing sponsors under the provisions of this section;

(5) Institute any action or proceeding against any housing sponsor or persons and families of low or moderate income receiving a loan under the provisions hereof, or owning any housing development hereunder in any court of competent jurisdiction in order to enforce the provisions of this chapter, the terms and provisions of any agreement or contract between HDA and such recipients of loans under the provisions hereof, including without limitation provisions as to rental or carrying charges and income limits as applied to tenants or occupants, or to foreclose its mortgage, or to protect the public interest, persons and families of low and moderate income, stockholders, or creditors of such sponsor. In connection with any such action or proceeding it may apply for the appointment of a trustee or receiver to take over, manage, operate and maintain the affairs of a housing sponsor and HDA through such agent as it shall designate is hereby authorized to accept appointment as trustee or receiver of any such sponsor when so appointed by a court of competent jurisdiction.

The reorganization of any housing sponsor shall be subject to the supervision and control of HDA, and no such reorganization shall be had without the consent of HDA. Upon any such reorganization the amount of capitalization, including therein all stocks, income debentures and bonds and other evidence of indebtedness shall be such as is authorized by HDA, but not in excess of the fair value of the property received;

(6) In any foreclosure action involving a housing sponsor other than a foreclosure action instituted by HDA, the municipality in which any housing development is situate shall, in addition to other necessary parties, be made parties defendant. HDA and the municipality shall take all steps in such

action necessary to protect the interest of the public therein, and no costs shall be awarded against HDA or the municipality.

Subject to the terms of any applicable agreement, contract or other instrument entered into or obtained pursuant to this chapter, judgment of foreclosure shall not be entered unless the court to which application therefor is made shall be satisfied that the interest of the lienholders or holders of bonds or other obligations cannot be adequately secured or safeguarded except by the sale of the property; and in such proceeding the court shall be authorized to make an order increasing the rental or carrying charges to be charged for the housing accommodations in the housing development involved in such foreclosure, or appoint a member of HDA or any officer of the municipality, as a receiver or trustee of the property, or grant such other and further relief as may be reasonable and proper; and in the event of a foreclosure or other judicial sale, the property shall be sold only to a housing sponsor which will manage, operate and maintain the housing development subject to the provisions of this chapter, unless the court shall find that the interest and principal on the obligations secured by the lien which is the subject of foreclosure cannot be earned under the limitations imposed by the provisions of this chapter and that the proceeding was brought in good faith, in which event the property may be sold free of limitations imposed by this chapter or subject to such limitations as the court may deem advisable to protect the public interest;

(7) In the event of a judgment against any housing sponsor in any action not pertaining to the foreclosure of a mortgage, there shall be no sale of any of the real property included in any housing development hereunder of such housing sponsor except upon 60 days' written notice to HDA. Upon receipt of such notice HDA shall take such steps as in its judgment may be necessary to protect the rights of all parties;

Officers or directors so appointed need not be stockholders or meet other qualifications which may be prescribed by the certificate of incorporation or by other laws governing such qualified housing sponsor;

(9) Foreclose under deeds of trust by powers of sale pursuant to Title 55.1 and amendments thereto;

(10) Make, undertake commitments to make and participate in the making of mortgage loans, including without limitation federally insured mortgage loans, to housing sponsors to finance the ownership and operation of housing developments and multifamily residential housing intended for occupancy by persons and families of low and moderate income, upon the terms and conditions set forth in subsections A and B of § [36-55.33:1](#);

(11) Make, undertake commitments to make and participate in the making of mortgage loans, including without limitation federally insured mortgage loans, to persons and families of low and moderate income to finance the purchase or refinancing of single-family residential housing, upon the terms and conditions set forth in subsections A and C of § [36-55.33:1](#);

(12) Make, undertake commitments to make and participate in the making of mortgage loans, including without limitation federally insured mortgage loans, to housing sponsors and persons and families of low and moderate income to finance the construction, rehabilitation, preservation or improvement of housing developments and residential housing intended, upon completion of such construction, rehabilitation, preservation or improvement, for ownership or occupancy by persons and families of low and moderate income, upon the terms and conditions set forth in subsections A and D of § [36-55.33:1](#);

(13) Make, undertake commitments to make and participate in the making of mortgage loans to finance the construction, rehabilitation, preservation or improvement, or ownership and operation, of economically mixed projects and, if any such project is within a revitalization area designated in or pursuant to § [36-55.30:2](#), any nonhousing buildings that are incidental to such project or are determined by such governing body to be necessary or appropriate for the revitalization of such area or for the industrial, commercial or other economic development of such area, upon the terms and conditions set forth in subsections A and E of § [36-55.33:1](#).

§ 36-55.31:1. Loans for installation of certain energy-saving devices

The Virginia Housing Development Authority shall establish a program of loans for financing the purchase and installation of insulation, storm windows and doors and solar or other alternative energy sources which will reduce the reliance on present sources of energy for use in the dwellings of residents of the Commonwealth or public or nonprofit buildings or facilities. Any and all funds available through specific state appropriations or federal grants or other state or federal assistance for such purposes may be utilized by the Virginia Housing Development Authority. Any loan made pursuant to this section may be secured by a mortgage or otherwise or may be unsecured, shall be repaid, shall bear interest and shall be upon such terms and conditions as may be determined by HDA in its rules and regulations or in the HDA resolution, or commitment for, such loan. Any such loans made with respect to dwellings of residents of the Commonwealth shall be limited to dwellings

- (3) To make commitments to purchase, and to purchase, service and sell mortgages insured by any department, agency or instrumentality of the United States, and to make loans directly upon the security of any such mortgage, provided the underlying mortgage loans shall have been made and shall be continued to be used solely to finance or refinance the construction, rehabilitation, purchase or leasing of residential housing for persons and families of low and moderate income in this Commonwealth;

1972, c. 830; 1975, c. 536; 1982, c. 152.

§ 36-55.33:1. Mortgage loan terms and conditions

A. All mortgage loans made by HDA pursuant to § [36-55.31](#) of this chapter shall be subject to the following terms and conditions:

1. The ratio of mortgage loan principal amount to total housing development costs and the amortization period of any mortgage loans made by HDA which are federally insured mortgages, in whole or in part, or which are otherwise assisted or aided, directly or indirectly, by the federal government, shall be governed by the rules and regulations provided in or pursuant to the federal government program under which the HDA mortgage loan or part thereof is insured, guaranteed, assisted or aided; but in no event shall such amortization period exceed 50 years.
2. A mortgage loan made by HDA may be prepaid to maturity after a period of years, and on such terms and conditions, as are determined by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan.
3. HDA shall have authority to establish and modify from time to time the interest rates at which it shall make mortgage loans and commitments therefor. Such interest rates shall be established by HDA in its sole discretion at the lowest level consistent with HDA's cost of operation and its responsibilities to the holders of its bonds, bond anticipation notes and other obligations. In addition to such interest charges, HDA may make and collect such fees and charges, including but not limited to reimbursement of HDA's financing costs, service charges, insurance premiums and mortgage insurance premiums, as HDA determines to be reasonable. No person shall, by way of defense or otherwise, avail himself of any of the provisions of Chapter 3 (§ [6.2-300](#) et seq.) of Title 6.2 to avoid or defeat the payment of any interest or fee which he shall have contracted to pay on any loan or forbearance of money made, directly or indirectly, or assisted in any manner by HDA under or pursuant to this chapter.

B. Mortgage loans made by HDA to housing sponsors to finance the ownership and operation of housing developments and multifamily residential housing intended for occupancy by persons and families of low and moderate income, pursuant to subdivision (10) of § [36-55.31](#), shall be subject to the following terms and conditions in addition to those contained in subsection A of this section:

1. The amount disbursed with respect to an HDA mortgage loan to a limited profit housing sponsor shall not exceed 95 percent of the total housing development costs and to a nonprofit housing sponsor shall not exceed 100 percent of the total housing development costs. Subsequent to the disbursement of such amount, additional amounts may be from time to time disbursed if the sum of the amount to be so disbursed and the then outstanding principal balance of the HDA mortgage loan does not exceed 95 percent of the market value of the housing development or residential housing as then determined by the Authority. The amortization period of such an HDA mortgage loan shall be as determined by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan; but in no event shall such amortization period exceed 50 years.

2. The instrument evidencing any such HDA mortgage loan and the mortgage securing any such HDA mortgage loan shall be in such form and contain such terms and conditions as shall be prescribed or approved by HDA. The aforesaid mortgage and instrument evidencing an HDA mortgage loan may contain exculpatory provisions relieving the housing sponsor or its principal or principals from personal liability if deemed desirable by HDA.

3. With respect to any such HDA mortgage loan made to a limited profit housing sponsor, HDA may require that such limited profit housing sponsor not make distributions in any one year with respect to the housing development or multifamily residential housing financed by such HDA mortgage loan in excess of such percentage of such limited profit housing sponsor's equity in the housing development or multifamily residential housing as may be determined by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for such mortgage loan. None of the partners, principals, stockholders or holders of a beneficial interest in such limited profit housing sponsor shall earn, accept or receive a return in any one year with respect to the housing development or multifamily residential housing financed by such HDA mortgage loan greater than his applicable proportion of any such percentage of such limited profit housing sponsor's equity in the housing development or multifamily residential housing as may be determined by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan. The right to any such limited distribution or return may be cumulative to the extent provided by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan. For the purpose of this section, the terms "distribution" and "return" are intended to mean payments on account of the housing development or multifamily residential housing financed by such HDA mortgage loan resulting from the operation thereof. Any payment to a person or entity who is a partner, principal, stockholder or holder of a beneficial interest in such limited profit housing sponsor shall not be deemed a "distribution" or "return" to such person or entity if the funds with which such payment is made are funds paid or contributed to such limited profit housing sponsor by persons or entities purchasing a beneficial interest in such limited profit housing sponsor. At or after the completion of construction, rehabilitation or improvement of the housing development or multifamily residential housing financed by such HDA mortgage loan, such limited profit housing sponsor's equity in the housing development or multifamily residential housing shall be established in the manner provided by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for such mortgage loan. Such equity shall be determined by HDA, at its option, as either (i) the difference between the total housing development costs as to the housing development or multifamily residential housing and the final principal amount of such HDA mortgage loan, or (ii) the difference between the fair market value of such housing development and the final principal amount of such HDA mortgage loan. HDA may thereafter from time to time adjust such equity to be equal to the difference, as of the date of adjustment, between the fair market value of such housing development and the outstanding principal balance of such HDA mortgage loan. HDA may review and regulate a proposed retirement

of any capital investment in, or redemption of any stock of, such limited profit housing sponsor in the manner provided by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan.

4. With respect to any such HDA mortgage loan, HDA may require the housing sponsor and other parties related to the housing development or multifamily residential housing financed by such HDA mortgage loan to execute such agreements, assurances, guarantees and certifications as HDA shall determine to be necessary including, without limitation, agreements between HDA and such housing sponsor and its partners, principals or stockholders to limitations established by HDA as to rentals and other charges, profits, fees, the use and disposition of the real property constituting the site of or relating to the housing development or multifamily residential housing and other property of such housing sponsor, and the use and disposition of franchises of such housing sponsor to the extent more restrictive limitations are not provided by the law under which such housing sponsor is incorporated or organized.

5. As a condition of any such HDA mortgage loan, HDA shall have the power to supervise the housing sponsor in accordance with the provisions of § [36-55.34:1](#) at all times during which such HDA mortgage loan is outstanding and thereafter as necessary to preserve the federal tax exemption of the notes or bonds issued by HDA to finance such HDA mortgage loan.

C. Mortgage loans made by HDA to persons and families of low and moderate income to finance the purchase or refinancing of single-family residential housing, pursuant to subdivision (11) of § [36-55.31](#), shall be subject to the following terms and conditions in addition to those contained in subsection A of this section:

1. The amount disbursed with respect to such HDA mortgage loan shall not exceed 100 percent of the sales price or market value of the single-family residential housing, as determined or approved by or on behalf of HDA. HDA may also disburse additional amounts to finance such closing costs and fees as it may deem necessary or appropriate, and all such disbursements and financings of closing costs and fees subsequent to the enactment of this chapter are hereby validated. The amortization period of such an HDA mortgage loan shall be as determined by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan; but in no event shall such amortization period exceed 50 years. If during the term of the HDA mortgage loan (i) the outstanding principal balance of the HDA mortgage loan is expected to increase to an amount in excess of the original principal balance or (ii) the amount of monthly payments on the HDA mortgage loan will or may be adjusted, HDA shall so notify the applicants prior to the execution of the HDA mortgage loan. Such notice shall describe the terms and conditions under which the outstanding principal balance or the amount of monthly payments, or both, may be so increased or adjusted, and such notice shall be signed by the applicants.

2. Such an HDA mortgage loan shall be made only after a determination that such a mortgage loan is not otherwise available from private lenders upon reasonably equivalent terms and conditions, and the HDA resolution authorizing, or commitment for, such mortgage loan shall contain such a determination.

3. The instrument evidencing any such HDA mortgage loan and the mortgage securing any such HDA mortgage loan shall be in such form and contain such terms and conditions as shall be prescribed or approved by HDA. With respect to any such HDA mortgage loan, HDA may require the person or family of low or moderate income to execute such agreements, assurances, guarantees and certifications as HDA shall determine to be necessary including, without limitation, agreements between HDA and such person or family of low or moderate income relating to the use, occupancy, maintenance and sale of the single-family residential housing financed by such HDA mortgage loan and the payment, prepayment and assignment of such HDA mortgage loan.

D. Mortgage loans made by HDA to housing sponsors or persons or families of low or moderate income to finance the construction, rehabilitation, preservation or improvement of housing developments or residential housing intended, upon completion of such construction, rehabilitation, preservation or improvement, for ownership or occupancy by persons and families of low and moderate income, pursuant to subdivision (12) of § [36-55.31](#) of this chapter, shall be subject to the following terms and conditions in addition to those contained in subsection A of this section:

1. The amount disbursed with respect to such an HDA mortgage loan to a limited profit housing sponsor shall not exceed 95 percent of the total housing development costs and to a nonprofit housing sponsor or a person or family of low or moderate income shall not exceed 100 percent of the total housing development costs. Subsequent to the disbursement of such amount, additional amounts may be from time to time disbursed if the sum of the amount to be so disbursed and the then outstanding principal balance of the HDA mortgage loan does not exceed 95 percent of the market value of the housing development or residential housing as then determined by the Authority. Without regard as to whether HDA intends to remain the lender in respect to such mortgage loan throughout the amortization period thereof, the amortization period of such an HDA mortgage loan shall be as determined by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan.

2. In considering any application for such an HDA mortgage loan, HDA shall give first priority to applications relating to housing developments or residential housing which are or will be well-planned and well-designed, and also shall give consideration to:

a. The comparative need for housing for persons and families of low and moderate income in the area proposed to be served by the housing development or residential housing;

- b. The ability of the applicant to construct, rehabilitate or improve and market or operate, manage and maintain the housing development or residential housing;
- c. The existence of zoning or other regulations to protect adequately the housing development or residential housing against detrimental future uses which could cause undue depreciation in the value of the housing development or residential housing;
- d. The availability of adequate parks, recreational areas, utilities, schools, transportation and parking; and
- e. The existence of statewide housing plans.

3. With respect to any such HDA mortgage loan, HDA may require the housing sponsor, person or family of low or moderate income, contractors, architects, marketing agents, management agents and other parties related to the housing development or residential housing financed by such HDA mortgage loan to execute such agreements, assurances, guarantees and certifications as HDA shall determine to be necessary including, without limitation, agreements between HDA and such housing sponsor and its partners, principals or stockholders or such person or family of low or moderate income to limitations established by HDA as to rentals and other charges, profits, fees, the use and disposition of the real property constituting the site of or relating to the housing development or residential housing and other property of such housing sponsor, and the use and disposition of franchises of such housing sponsor to the extent more restrictive limitations are not provided by the law under which such housing sponsor is incorporated or organized. HDA shall require the housing sponsor or person or family of low or moderate income receiving such HDA mortgage loan, or the construction contractor, or both, to furnish such assurances of completion of the construction, rehabilitation or improvement as determined by HDA in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan.

4. As a condition of any such HDA mortgage loan to a housing sponsor, HDA shall have the power to supervise such housing sponsor in accordance with the provisions of § [36-55.34:1](#) at all times during which such HDA mortgage loan is outstanding and thereafter as necessary to preserve the federal tax exemption of the notes or bonds issued by HDA to finance such HDA mortgage loan.

5. With respect to any such HDA mortgage loan, the provisions of subdivisions 2 and 3 of subsection B of this section shall be applicable.

E. Mortgage loans made by HDA pursuant to subdivision 13 of § [36-55.31](#) to finance the construction, rehabilitation, preservation or improvement, or ownership and operation, of economically mixed projects or portions thereof and, if any such project is within a revitalization area designated in or pursuant to § [36-55.30:2](#), any nonhousing buildings that are incidental to such project or are determined by such governing body of the city or county to be necessary or appropriate for the revitalization of such area or for the industrial, commercial or other economic development of such

area shall be subject to the following terms and conditions in addition to those contained in subsection A of this section:

1. The principal amount of such an HDA mortgage loan shall not exceed 95 percent of the total housing development costs, and the amortization period of such an HDA mortgage loan shall be as determined by HDA in its rules and regulations or in the HDA resolution authorizing, or in the commitment for, such mortgage loan; but in no event shall such amortization period exceed 50 years.
2. Such an HDA mortgage loan shall be made only if the provisions of § [36-55.30:2](#) are satisfied.
3. The instrument evidencing any such HDA mortgage loan and the mortgage securing any such HDA mortgage loan shall be in such form and contain such terms and conditions as shall be prescribed or approved by HDA. The aforesaid mortgage and instrument evidencing an HDA mortgage loan may contain exculpatory provisions relieving a housing sponsor, if any, or its principal or principals from personal liability if deemed desirable by HDA.
4. The nonhousing buildings shall be financed by such an HDA mortgage loan only if the HDA shall receive a certification from the housing sponsor that a mortgage loan for the financing of such nonhousing buildings is not otherwise available from private lenders upon reasonably equivalent terms and conditions.

§ 36-55.33:2.Powers relative to acquisition, development and ownership by HDA of multi-family residential housing

A. HDA shall have all the powers necessary or convenient to purchase, acquire, construct, rehabilitate, own, operate, improve, repair, maintain, encumber, mortgage, lease, sell and transfer or otherwise dispose of multi-family residential housing or any part or interest therein for occupancy by persons and families of low and moderate income. For the purposes of this section, HDA may form corporations, joint ventures, partnerships, trusts or other legal entities or any combination thereof, on its own behalf or in conjunction with individuals or other public or private entities, to serve as housing sponsors for multi-family residential housing developments; may acquire, own, encumber, pledge, sell, transfer or otherwise dispose of interests in such housing sponsors; may provide financing and other funding to such housing sponsors; and may exercise all necessary or convenient rights and powers and perform all requisite duties and obligations relating thereto. HDA shall not exercise the powers granted under this section with respect to any multi-family residential housing development, unless HDA makes the following findings:

1. That there exists a shortage of decent, safe and sanitary housing at rentals or prices which persons and families of low income or moderate income can afford within the general housing market area to be served by the proposed housing development.

2. That private enterprise and investment have been unable, without assistance, to provide the needed decent, safe and sanitary housing at rentals or prices which persons or families of low and moderate income can afford.
3. That private sponsors would not be willing, without assistance, to undertake the proposed housing development upon substantially similar terms and conditions.
4. That HDA has not received notification from both the local housing authority having jurisdiction over the area in which the housing development would be located and the sponsor of such development that it is the preference of both parties that the local housing authority undertake the proposed housing development.
5. That the proposed housing development will provide well-planned, well-designed housing for persons or families of low and moderate income.
6. That the housing development will be of public use and will provide a public benefit.
7. That the housing development will be undertaken within the authority conferred by this chapter upon HDA.

B. HDA shall also find, in connection with the new construction or substantial rehabilitation by HDA of any proposed multi-family residential housing development, that the governing body of the locality in which such housing development is to be located has not, within sixty days after written notification of such proposed construction or substantial rehabilitation has been sent by HDA to such governing body and to any local housing authority having jurisdiction in such locality, certified to HDA in writing its disapproval of the proposed multi-family residential housing development. The foregoing notwithstanding, no such finding need be made if HDA has received from the governing body its certified resolution approving the proposed housing development.

C. At least sixty days prior to purchasing, acquiring, constructing or rehabilitating any multi-family residential housing development pursuant to this section, HDA shall publish a notice in a newspaper of general circulation in the locality in which such development is to be located. Such notice (i) shall state that HDA intends to purchase, acquire, construct or rehabilitate a multi-family residential housing development or developments in such locality and shall solicit proposals from interested parties for such purchase, acquisition, construction or rehabilitation or (ii) shall identify the multi-family residential housing development or developments to be purchased, acquired, constructed or rehabilitated and shall request comments from the general public with respect to such proposed purchase, acquisition, construction or rehabilitation.

D. In the event HDA or any legal entity formed by HDA is to construct or rehabilitate a multi-family residential housing development pursuant to this section, HDA or such legal entity shall contract with a private firm for the performance of such construction and rehabilitation, unless HDA determines that

no responsible private firm would be willing and able to contract for such construction or rehabilitation at a price necessary for the financial feasibility of such development. HDA or any legal entity formed by HDA shall contract with a private firm or public body for the performance of management services for any multi-family residential housing development owned by HDA or such legal entity pursuant to this section, unless HDA determines that no responsible private firm and no public body would be willing and able to contract for the performance of such management services at a price necessary for the financial feasibility of such development. For the purpose of this subsection, the term "private firm" shall include an individual, joint venture, partnership, stock corporation, trust or other similar business entity legally authorized to perform the construction, rehabilitation or management, as may be applicable, of the proposed multi-family residential housing development.

§ 36-55.34:1. Power to supervise housing sponsors

Subject to such limitations and conditions as may be agreed to by HDA, HDA shall have the power to supervise a housing sponsor and its real and personal property, at all times during which an HDA mortgage loan to such housing sponsor is outstanding and thereafter as necessary to preserve the federal tax exemption of the notes or bonds issued by HDA to finance such HDA mortgage loan, in the following respects:

1. Through its agents or employees, HDA may enter upon and inspect the housing development or residential housing and any nonhousing buildings, including all parts thereof, financed by such HDA mortgage loan, for the purpose of investigating the physical and financial condition thereof, and its construction, rehabilitation, operation, management and maintenance, and may examine all books and records with respect to capitalization, income, expenditures and other matters relating thereto;
2. HDA may supervise the operation and maintenance of the housing development or residential housing and any nonhousing buildings financed by such HDA mortgage loan and may order such alterations, changes or repairs as HDA may deem to be necessary to protect the security of its investment, the public interest, or the health, safety or welfare of the occupants of such housing development or residential housing and any nonhousing buildings;
3. HDA may order such housing sponsor, or the management agent or other parties related to the housing development or residential housing and any nonhousing buildings financed by such HDA mortgage loan, to perform such actions as may be necessary to comply with the provisions of all applicable laws or ordinances, HDA's rules and regulations or the terms of any agreement concerning such housing development or residential housing and any nonhousing buildings, or to refrain from doing any acts in violation thereof; and in this regard HDA shall be a proper party to file a complaint and to prosecute thereon for any violations of laws or ordinances as set forth herein;

4. HDA may prescribe uniform systems of accounts and records for housing sponsors and may require such housing sponsors to make reports, make certifications as to expenditures and give answers to specific questions on such forms and at such times as HDA may deem to be necessary for the purposes of this chapter;
5. HDA may establish and alter from time to time a schedule of rents and charges for the housing development or residential housing and any nonhousing buildings financed by such HDA mortgage loan, and HDA may establish standards for, and may monitor and regulate, tenant or occupant selection by such housing sponsor;
6. HDA may require such housing sponsor to pay to HDA such fees and charges as it may prescribe in connection with the examination, inspection, supervision, auditing or other regulation of the housing development or residential housing and any nonhousing buildings financed by such HDA mortgage loan or of such housing sponsor;
7. In its rules and regulations HDA shall specify the categories of cost which shall be allowable in the construction, rehabilitation, preservation or improvement of a housing development or residential housing and any nonhousing buildings, and HDA shall require such housing sponsor to certify the actual housing development costs upon completion of the housing development or residential housing and any nonhousing buildings, subject to audit and determination by HDA, or shall require such housing sponsor to provide such other assurances of such housing development costs as HDA shall deem necessary to enable HDA to determine with reasonable accuracy the actual amount of such housing development costs; and
8. The provisions of any agreements which provide for the regulation and supervision by HDA of any housing development or residential housing and any nonhousing buildings shall, when duly recorded among the land records of the jurisdiction or jurisdictions in which the housing development or residential housing and any nonhousing buildings are located, run with the land and be binding on the successors and assigns of the owner thereof until released of record by HDA.

1975, c. 536; 1987, c. 164; 1991, c. 447; 2004, c. [187](#).

§ 36-55.34:2. Power to enter into agreements with owners of housing developments eligible for federal low-income housing credits

HDA may enter into agreements with the owners of housing developments which are or will be eligible for low-income housing credits under the United States Internal Revenue Code. Any such agreement shall contain covenants and restrictions as shall be required by the United States Internal Revenue Code and such other provisions as HDA shall deem necessary or appropriate. Any such agreement shall be enforceable in accordance with its terms in any court of competent jurisdiction in the Commonwealth by HDA or by such other persons as shall be specified in the United States Internal Revenue Code. Any such agreement, when duly recorded as a restrictive covenant among

the land records of the jurisdiction or jurisdictions in which the development is located, shall run with the land and be binding on the successors and assigns of the owner. All references in this section to the United States Internal Revenue Code shall include any amendments thereto and any rules and regulations promulgated thereunder, as the foregoing may be or become effective at any time.

1990, c. 956.

§ 36-55.35. Terms and conditions of purchase from and sale to mortgage lenders of mortgage loans; loans to mortgage lenders

A. Except in the case of a mortgage loan that, when made by the mortgage lender, is to be purchased by HDA, no obligation shall be eligible for purchase or commitment to purchase by HDA from a mortgage lender hereunder if the date of said obligation precedes the date of HDA's commitment to purchase such obligation by such number of years as shall be determined by HDA and unless at or before the time of transfer thereof to HDA such mortgage lender certifies:

1. That in its judgment the loan would in all respects be a prudent investment; and
2. That the proceeds of sale or its equivalent shall be reinvested as provided in subsection F of this section, or invested in short-term obligations pending such reinvestment. However, certification pursuant to this subsection shall not be required in the case of the purchase or commitment to purchase by HDA of a mortgage loan held, insured or assisted by the federal government or any agency or instrumentality thereof.

B. HDA shall purchase mortgage loans at a purchase price equal to the outstanding principal balance; however, discount from the principal balance or the payment of a premium may be employed to effect a fair rate of return which in the opinion of HDA is consistent with the obligations of the HDA hereunder and the purposes of this chapter. In addition to the aforesaid payment of outstanding principal balance HDA shall pay the accrued interest due thereon, on the date the loan or obligation is delivered against payment therefor. The provisions of this subsection shall not apply to the purchase by HDA of a mortgage loan held, insured or assisted by the federal government or any agency or instrumentality thereof, in which case the purchase price shall be determined by agreement of HDA and the mortgage lender.

C. Loans purchased or sold hereunder may include but shall not be limited to loans which are insured, guaranteed or assisted by the federal government or for which there is a commitment by the federal government to insure, guarantee or assist such loan.

D. HDA shall from time to time adopt, modify or repeal rules and regulations governing the making of loans to mortgage lenders and the purchase and sale of mortgage loans and the application of the proceeds thereof, including rules and regulations as to any or all of the following:

1. Procedures for the submission of requests or the invitation of proposals for the purchase and sale of mortgage loans or for loans to mortgage lenders;
2. Limitations or restrictions as to number of family units, location or other qualifications or characteristics of residences to be financed by residential mortgage loans and requirements as to the income limits of persons and families of low and moderate income occupying such residences;
3. Restrictions as to the interest rates on residential mortgage loans or the return realized therefrom by mortgage lenders;
4. Requirements as to commitments by mortgage lenders with respect to residential mortgage loans;
5. Schedules of any fees and charges necessary to provide for expenses and reserves of the HDA; and
6. Any other matters related to the duties and the exercise of the powers of HDA to purchase and sell mortgage loans or to make mortgage loans or other loans to mortgage lenders.

Such rules and regulations shall be designed to effectuate the general purposes of this chapter and the following specific objectives: (i) the expansion of the supply of funds in the Commonwealth available for residential mortgage loans; (ii) the provision of the additional housing needed to remedy the shortage of adequate housing in the Commonwealth and eliminate the existence of a large number of substandard dwellings; and (iii) the restriction of the financial return and benefit to that necessary to protect against the realization by mortgage lenders of an excessive financial return or benefit as determined by prevailing market conditions.

E. The interest rate or rates and other terms of the loans to mortgage lenders made from the proceeds of any issue of bonds of the HDA shall be at least sufficient so as to assure the payment of said bonds and the interest thereon as the same become due from the amounts received by HDA in repayment of such loans and interest thereon.

F. HDA shall require as a condition of each loan to a mortgage lender and as a condition of the purchase or the making of a commitment to purchase mortgage loans from a mortgage lender that such mortgage lender within such period of time following the receipt of the proceeds as shall be prescribed by rules and regulations of HDA, shall have entered into written commitments to make, and shall thereafter proceed as promptly as practicable to make and disburse from such proceeds, residential mortgage loans in the Commonwealth of Virginia having a stated maturity of not less than twenty years from the date thereof in an aggregate principal amount equal to the amount of such proceeds. HDA shall not purchase nor make commitment to purchase mortgage loans or obligations from a mortgage lender from which it has previously purchased mortgage loans nor make a loan to a mortgage lender to which it has previously made a loan unless said mortgage lender has either restored or made commitments to restore to its portfolio of residential mortgage loans in the

Commonwealth of Virginia, residential mortgage loans having a stated maturity of not less than twenty years from the date thereof in an aggregate principal amount equal to either the proceeds of prior sale or the amount of prior loan to said mortgage lender. HDA may require the submission to it by each mortgage lender of evidence satisfactory to it of the making of such new residential mortgage loans. The provisions of this subsection shall not apply to the purchase or commitment to purchase by HDA of a mortgage loan held, insured or assisted by the federal government or any agency or instrumentality thereof or a mortgage loan that, when made by the mortgage lender, is to be purchased by HDA.

G. HDA shall require that such loans to mortgage lenders shall be additionally secured as to payment of both principal and interest by a pledge of and lien upon collateral security in such amounts as HDA shall by resolution determine to be necessary to assure the payment of such loans and the interest thereon as the same become due. Such collateral security shall consist of (a) direct obligations of, or obligations guaranteed by, the United States of America or the Commonwealth of Virginia; (b) bonds, debentures, notes or other evidences of indebtedness, satisfactory to the HDA, issued by any of the following federal agencies: Bank for Cooperatives, Federal Intermediate Credit Bank, Federal Home Loan Bank System, Export-Import Bank of Washington, Federal Land Banks, the Federal National Mortgage Association or the Government National Mortgage Association; (c) direct obligations of or obligations guaranteed by the Commonwealth; or (d) mortgages insured or guaranteed, upon terms and conditions satisfactory to the HDA, by the federal government or private mortgage insurance companies as to payment of principal and interest.

§ 36-55.36. Terms and conditions of mortgage insurance

(1) For mortgage payments to be eligible for insurance under the provisions of this chapter, the underlying mortgage loan shall: (a) be one which is made to and held by a mortgagee approved by HDA as responsible and able to service the mortgage properly; (b) not exceed (i) 100% of the estimated cost of such proposed housing development if owned or to be owned by a nonprofit mortgagor or if owned by a person or family of low or moderate income, in the case of a single-family dwelling or condominium; or, (ii) 95% of the estimated cost of the proposed housing development if owned or to be owned by any other mortgagor; (c) have a maturity satisfactory to HDA but in no case longer than 80% of HDA's estimate of the remaining useful life of said housing or 40 years from the date of the issuance of insurance, whichever is earlier; (d) contain amortization provisions satisfactory to HDA requiring periodic payments by the mortgagor not in excess of his reasonable ability to pay as determined by HDA; (e) be in such form and contain such terms and provisions with respect to maturity, property insurance, repairs, alterations, payment of taxes and assessments, default reserves, delinquency charges, default remedies, anticipation of maturity, additional and secondary liens,

equitable and legal redemption rights, prepayment privileges and other matters as HDA may prescribe.

(2) All applications for mortgage insurance shall be forwarded, together with an application fee prescribed by HDA, to the executive director of HDA. HDA shall cause an investigation of the proposed housing to be made, review the application and the report of the investigation, and approve or deny the application. No application shall be approved unless HDA finds that it is consistent with the purposes of this chapter and further finds that the financing plan for the proposed housing is sound. HDA shall notify the applicant and the proposed lender of its decision. Any such approval shall be conditioned upon payment to HDA, within such reasonable time and after notification of approval as may be specified by HDA, of the commitment fee prescribed by HDA.

(3) HDA shall fix mortgage insurance premiums for the insurance of mortgage payments under the provisions of this chapter. Such premiums shall be computed as a percentage of the principal of the mortgage outstanding at the beginning of each mortgage year, but shall not be more than one-half of one per centum per year of such principal amount. The amount of premium need not be uniform for all insured loans. Such premiums shall be payable by mortgagors or mortgagees in such manner as prescribed by HDA.

(4) In the event of default by the mortgagor, the mortgagee shall notify HDA both of the default and the mortgagee's proposed course of action. When it appears feasible, HDA may for a temporary period upon default or threatened default by the mortgagor authorize mortgage payments to be made by HDA to the mortgagee which payments shall be repaid under such conditions as HDA may prescribe. HDA may also agree to revised terms of financing when such appear prudent. The mortgagee shall be entitled to receive the benefits of the insurance provided herein upon: (a) Any sale of the mortgaged property by court order in foreclosure or a sale with the consent of HDA by the mortgagor or a subsequent owner of the property or by the mortgagee after foreclosure or acquisition by deed in lieu of foreclosure, provided all claims of the mortgagee against the mortgagor or others arising from the mortgage, foreclosure, or any deficiency judgment shall be assigned to HDA without recourse except such claims as may have been released with the consent of HDA; or (b) the expiration of six months after the mortgagee has taken title to the mortgaged property under judgment of strict foreclosure, foreclosure by sale or other judicial sale, or under a deed in lieu of foreclosure if during such period the mortgagee has made a bona fide attempt to sell the property, and thereafter conveys the property to HDA with an assignment, without recourse, to HDA of all claims of the mortgagee against the mortgagor or others arising out of the mortgage foreclosure, or deficiency judgment; or (c) the acceptance by HDA of title to the property or an assignment of the mortgage, without recourse to HDA, in the event HDA determines it imprudent to proceed under (a) or (b) above. Upon the occurrence of either (a), (b) or (c) hereof, the obligation of the mortgagee to pay premium charges for insurance shall cease, and HDA shall, within thirty days thereafter, pay to the mortgagee ninety-eight percent of the

sum of (i) the then unpaid principal balance of the insured indebtedness, (ii) the unpaid interest to the date of conveyance or assignment to HDA, as the case may be, (iii) the amount of all payments made by the mortgagee for which it has not been reimbursed for taxes, insurance, assessments and mortgage insurance premiums, and (iv) such other necessary fees, costs or expenses of the mortgagee as may be approved by HDA.

(5) Upon request of the mortgagee, HDA may at any time, under such terms and conditions as it may prescribe, consent to the release of the mortgagor from his liability or consent to the release of parts of the property from the lien of the mortgage, or approve a substitute mortgagor or sale of the property or part thereof.

(6) No claim for the benefit of the insurance provided in this chapter shall be accepted by HDA except within one year after any sale or acquisition of title of the mortgaged premises described in subdivision (a) or (b) of subsection (4) of this section.

1972, c. 830; 1975, c. 536.

§ 36-55.36:1. Power to create insurance funds and form corporations for the purpose of insuring HDA mortgage loans

HDA shall have the power to create one or more insurance funds and to form one or more corporations for the purpose of providing replacement mortgage guaranty insurance, upon such terms and conditions as HDA shall prescribe, on mortgage loans made or financed by HDA pursuant to this chapter for which (i) mortgage guaranty insurance is being provided by a company which, subsequent to the provision of such coverage, has experienced a drop in rating by a nationally recognized credit rating service which could result in a rating for the bonds which would be in nonconformance with the rating covenants of the related bond indenture; and (ii) the executive director of HDA executes an affidavit stating that HDA was unable, after diligent effort, to procure replacement mortgage guaranty insurance in a form and premium acceptable to HDA from another insurer licensed in this Commonwealth to transact mortgage guaranty insurance business. For purposes of this section, "diligent effort" means a good faith search by HDA for mortgage guaranty insurance among admitted insurers resulting in declinations of coverage, by three unaffiliated insurers licensed and authorized in this Commonwealth to write the mortgage guaranty insurance coverage sought, at a premium equal to or less than the premium in force for the loans made or financed by HDA. HDA may provide financing and other funding to any such fund or corporation and may exercise all necessary or convenient rights and powers and perform all requisite duties and obligations relating thereto. Any such fund or corporation shall be subject to the direction and control of the commissioners of HDA and shall have such powers and duties as the commissioners of HDA shall prescribe. Any such fund or corporation may charge such premiums and may establish such reserves as HDA shall specify. HDA may specify that any such reserves shall be assets of such fund or corporation and shall not be subject to the claims of creditors of HDA. Any such fund or corporation, its directors, officers and employees, its

assets and operations, and its policies of insurance and the premiums therefor shall not be subject to the provisions of Title 38.2 and rules and regulations issued pursuant thereto. The property of any such fund or corporation and its income and operations shall be exempt from taxation or assessments of every kind by the Commonwealth and all municipalities and other political subdivisions thereof. The provisions of § [36-55.36](#) shall not be applicable to mortgage guaranty insurance provided under this section.

1990, c. 956.

§ 36-55.37.Exemption from taxation

(1) As set forth in the declaration of finding and purpose herein, HDA will be performing an essential governmental function in the exercise of the powers conferred upon it by this chapter, and the notes and bonds of HDA issued and to be issued pursuant to this chapter, the transfer thereof, and the income therefrom including any profit made on the sale thereof and all its fees, charges, gifts, grants, revenues, receipts, and other moneys received, pledged to pay or secure the payment of such notes or bonds shall at all times be free from taxation and assessment of every kind by the Commonwealth and by the municipalities and all other political subdivisions of the Commonwealth.

(2) The property of HDA and its income and operations shall be exempt from taxation or assessments upon any property acquired or used by HDA under the provisions of this chapter.

(3) Any housing development, residential housing or nonhousing building financed in whole or in part pursuant to the provisions of this chapter and owned by HDA shall be exempt from all property taxation and special assessments of the Commonwealth or political subdivisions thereof; provided, however, that in lieu of such taxes, HDA may agree to make such payments to the Commonwealth or any political subdivision thereof as HDA finds consistent with the cost of supplying municipal services to the housing development, residential housing or nonhousing building and maintaining the economic feasibility of the housing development, residential housing or nonhousing building, which payments such bodies are hereby authorized to accept.

1972, c. 830; 1974, c. 263; 2004, c. [187](#).

§ 36-55.38.Admission and income limitations relative to housing developments

(1) Admission to housing developments financed pursuant to the provisions of this chapter shall be limited to persons or families of low or moderate income and, in the case of economically mixed projects, such other persons and families as the HDA shall determine, subject to the limitation in subsection C of § [36-55.30:2](#).

(2) HDA shall make and publish rules and regulations from time to time governing the terms of tenant selection plans and income limits for tenants eligible to occupy housing developments assisted by HDA in conformance with the provisions of this chapter and such income limits may vary with the size and circumstances of the person or family.

(3) HDA shall by rules and regulations provide income standards for continued residence in housing developments assisted by HDA, and either HDA, or with its approval the housing sponsor of any such housing development may terminate the tenancy or interest of any person or family residing in any such housing development whose gross aggregate income exceeds prescribed income standards for a period of six months or more; provided, that no tenancy or interest of any such person or family in any such housing development shall be terminated except upon reasonable notice and opportunity to obtain suitable alternate housing, in accordance with rules and regulations of HDA; provided further, that any such person or family, with the approval of HDA, shall be permitted to continue to occupy the unit, subject to payment of a rent or carrying charges or surcharge to the housing sponsor in accordance with a schedule of surcharges fixed by HDA.

(4) Any person or family residing in a housing development which shall be a cooperative and is required to be removed from the housing development because of excessive income as herein provided shall be discharged from liability on any note, bond or other evidence of indebtedness relating thereto and shall be reimbursed, in accordance with the rules of HDA, for all sums paid by such person or family to the housing sponsor on account of the purchase of stock or debentures as a condition of occupancy or on account of the acquisition of title for such purpose.

1972, c. 830; 1975, c. 536; 1996, c. [498](#); 2004, c. [187](#).

§ 36-55.39. Procedure prior to financing of housing developments undertaken by housing sponsors

A. Notwithstanding any other provision of this chapter, HDA is not empowered to finance any housing development undertaken by a housing sponsor pursuant to §§ [36-55.31](#), [36-55.33:1](#) and [36-55.34:1](#) of this chapter unless, prior to the financing of any housing development hereunder, the commissioners or the executive director of HDA find:

1. That there exists a shortage of decent, safe and sanitary housing at rentals or prices which persons and families of low income or moderate income can afford within the general housing market area to be served by the proposed housing development.
2. That private enterprise and investment have been unable, without assistance, to provide the needed decent, safe and sanitary housing at rentals or prices which persons or families of low and moderate income can afford or to provide sufficient mortgage financing for residential housing for occupancy by such persons or families.
3. That the housing sponsor or sponsors undertaking the proposed housing development in the Commonwealth will supply well-planned, well-designed housing for persons or families of low and moderate income and, in the case of an economically mixed project, other persons and families and that such sponsors are financially responsible.
4. That the housing development, to be assisted pursuant to the provisions of this chapter, will be of public use and will provide a public benefit.

5. That the housing development will be undertaken within the authority conferred by this chapter upon HDA and the housing sponsor or sponsors.

B. The locality, upon written request from the housing sponsor, shall provide a written staff determination that the proposed development is consistent with current zoning and other land use regulations in effect at the time of such request. Failure of the locality to comply with this subsection within 30 days of the receipt of the written request from the housing sponsor shall be deemed to be a determination that the proposed development is consistent with current zoning and other land use regulations. Prior to financing by the HDA, the housing sponsor shall provide the HDA with (i) a copy of the written staff determination received from the locality, (ii) a written certification that the locality failed to respond to the housing sponsor's request within 30 days as provided herein, or (iii) a copy of any building permit issued by the locality.

1972, c. 830; 1975, c. 536; 1978, c. 297; 1982, c. 175; 1990, c. 461; 1995, c. [215](#); 1996, c. [560](#); 1997, c. [684](#); 2004, c. [187](#).

§ 36-55.40. Notes and bonds

A. 1. HDA shall have power and is hereby authorized to issue from time to time its negotiable notes and bonds in conformity with applicable provisions of the Uniform Commercial Code in such principal amount as HDA shall determine to be necessary to provide sufficient funds for achieving any of its corporate purposes, including the payment of interest on notes and bonds of HDA, establishment of reserves to secure such notes and bonds, and all other expenditures of HDA incident to and necessary or convenient to carry out its corporate purposes and powers. In accordance with § [2.2-5002](#), such power to issue notes and bonds shall not be restricted or limited solely because the interest on the notes and bonds is subject, in whole or in part, directly or indirectly, to federal income taxes.

2. HDA shall have the power, from time to time, to issue (i) notes to renew notes and (ii) bonds, to pay notes, including the interest thereon and, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and to issue bonds partly to refund bonds then outstanding and partly for any of its corporate purposes. The refunding bonds may be (i) exchanged for the bonds to be refunded or (ii) sold and the proceeds applied to the purchase, redemption or payment of such bonds.

3. Except as may otherwise be expressly provided by HDA, every issue of its notes and bonds shall be general obligations of HDA payable out of any revenues or moneys of HDA, subject only to any agreements with the holders of particular notes or bonds pledging any particular revenues.

B. The notes and bonds shall be authorized by resolution or resolutions of HDA, shall bear such date or dates and shall mature at such time or times as such resolution or resolutions may provide, except that no bond shall mature more than fifty years from the date of its issue. The bonds may be issued as

serial bonds payable in annual installments or as term bonds or as a combination thereof. The notes and bonds shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption as such resolution or resolutions may provide. The notes and bonds of HDA may be sold by HDA, at public or private sale, at such price or prices as HDA shall determine.

C. Any resolution or resolutions authorizing any notes or bonds or any issue thereof may contain provisions, which shall be a part of the contract or contracts with the holders thereof, as to:

1. Pledging all or any part of the revenues to secure the payment of the notes or bonds or of any issue thereof, subject to such agreements with noteholders or bondholders as may then exist;
2. Pledging all or any part of the assets of HDA, including mortgages and obligations securing the same, to secure the payment of the notes or bonds or of any issue of notes or bonds, subject to such agreements with noteholders or bondholders as may then exist;
3. The use and disposition of the gross income from mortgages owned by HDA and payment of principal of mortgages owned by HDA;
4. The setting aside of reserves or sinking funds and the regulation and disposition thereof;
5. Limitations on the purpose to which the proceeds of sale of notes or bonds may be applied and pledging such proceeds to secure the payment of the notes or bonds or of any issue thereof;
6. Limitations on the issuance of additional notes or bonds; the terms upon which additional notes or bonds may be issued and secured; and the refunding of outstanding or other notes or bonds;
7. The procedure, if any, by which the terms of any contract with noteholders or bondholders may be amended or abrogated, the amount of notes or bonds the holders of which must consent thereto; and the manner in which such consent may be given;
8. Limitations on the amount of moneys to be expended by HDA for operating expenses of HDA;
9. Vesting in a trustee or trustees such property, rights, powers and duties in trust as HDA may determine, which may include any or all of the rights, powers and duties of the trustee appointed by the bondholders pursuant to this chapter and limiting or abrogating the right of the bondholders to appoint a trustee under this chapter or limiting the rights, powers and duties of such trustee;
10. Defining the acts or omissions to act which shall constitute a default in the obligations and duties of HDA to the holders of the notes or bonds and providing for the rights and remedies of the holders of the notes or bonds in the event of such default, including as a matter of right the appointment of a receiver; provided, however, that such rights and remedies shall not be inconsistent with the general laws of the Commonwealth and the other provisions of this chapter;

11. Any other matters, of like or different character, which in any way affect the security or protection of the holders of the notes or bonds.

D. Any pledge made by HDA shall be valid and binding from the time when the pledge is made; HDA's interest, then existing or thereafter obtained, in the revenues, moneys, mortgage loans, receivables, contract rights or other property or proceeds so pledged shall immediately be subject to the lien of such pledge without any physical delivery or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against HDA, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded, nor shall any filing be required with respect thereto.

E. Neither the commissioners of HDA nor any other person executing such notes or bonds shall be subject to any personal liability or accountability by reason of the issuance thereof.

F. HDA, subject to such agreements with noteholders or bondholders as may then exist, shall have power out of any funds available therefor to purchase notes or bonds of HDA, which shall thereupon be cancelled unless HDA shall provide written notification to the trustee pursuant to subsection J, at a price not exceeding:

1. If the notes or bonds are then redeemable, the redemption price then applicable plus accrued interest to the next interest payment thereon, or

2. If the notes or bonds are not then redeemable, the redemption price applicable on the first date after such purchase upon which the notes or bonds become subject to redemption plus accrued interest to such date.

G. In the discretion of HDA, the bonds may be secured by a trust indenture by and between HDA and a corporate trustee, which may be any trust company or bank having the power of a trust company within or without the Commonwealth. Such trust indenture may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of HDA in relation to the exercise of its corporate powers and the custody, safeguarding and application of all moneys. HDA may provide by such trust indenture for the payment of the proceeds of the bonds and the revenues to the trustee under such trust indenture or other depository, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. All expenses incurred in carrying out such trust indenture may be treated as a part of the operating expenses of HDA. If the bonds shall be secured by a trust indenture, the bondholders shall have no authority to appoint a separate trustee to represent them.

H. Whether or not the notes and bonds are of such form and character as to be negotiable instruments under the terms of the Uniform Commercial Code, the notes and bonds are hereby made negotiable

instruments within the meaning of and for all the purposes of the Uniform Commercial Code, subject only to the provisions of the notes and bonds for registration.

I. In case any of the commissioners or officers of HDA whose signatures appear on any notes or bonds or coupons shall cease to be such commissioners or officers before the delivery of such notes or bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such commissioners or officers had remained in office until such delivery.

J. Notwithstanding any statute or case law to the contrary, the purchase or actual or constructive ownership by HDA of any of its notes or bonds with the intent that such notes or bonds remain outstanding, as evidenced by written notification from HDA to the trustee under the resolution or trust indenture, shall not cause such notes or bonds or the indebtedness evidenced thereby to be canceled or extinguished, subject to such terms and conditions as may be set forth in the written notification and except as may be otherwise provided in the resolution or trust indenture.

§ 36-55.41. Reserve funds and appropriations

A. 1. HDA may create and establish one or more special funds (herein referred to as "capital reserve funds"), and shall pay into each such capital reserve fund (i) any moneys appropriated and made available by the Commonwealth for the purpose of such fund, (ii) any proceeds of sale of notes or bonds, to the extent provided in the resolution or resolutions of HDA authorizing the issuance thereof, and (iii) any other moneys which may be made available to HDA for the purpose of such fund from any other source or sources. All moneys held in any capital reserve fund, except as hereinafter provided, shall be used, as required, solely for the payment of the principal of bonds secured in whole or in part by such fund or of the sinking fund payments hereinafter mentioned with respect to such bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity; however, if moneys in any such fund at any time are less than the minimum capital reserve fund requirement established for such fund as hereinafter provided, HDA shall not use such moneys for any optional purchase or redemption of such bonds. Any income or interest earned by, or increment to, any capital reserve fund due to the investment thereof may be transferred by HDA to other funds or accounts of HDA to the extent it does not reduce the amount of such capital reserve fund below the minimum capital reserve fund requirement for such fund;

2. HDA shall not at any time issue bonds, secured in whole or in part by a capital reserve fund, if upon the issuance of such bonds, the amount of such capital reserve fund will be less than the minimum capital reserve fund requirement of such fund, unless HDA, at the time of issuance of such bonds, shall deposit in such fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in such fund, will not be less than the minimum capital

reserve fund requirement for such fund. For purposes of this section, the term "minimum capital reserve fund requirement" shall mean, as of any particular date of computation, an amount of money, as provided in the resolutions of HDA authorizing the bonds with respect to which such fund is established, equal to not more than the greatest of the respective amounts, for the current or any future fiscal year of HDA, of annual debt service on the bonds of HDA secured in whole or in part by such fund, such annual debt service for any fiscal year being the amount of money equal to the aggregate of (i) all interest payable during such fiscal year on all bonds secured in whole or in part by such fund outstanding on the date of computation, plus (ii) the principal amount of all such bonds outstanding on said date of computation which mature during such fiscal year, plus (iii) all amounts specified in any resolution of the authority authorizing any of such bonds as payable during such fiscal year as a sinking fund payment with respect to any of such bonds which mature after such fiscal year, all calculated on the assumption that such bonds will after said date of computation cease to be outstanding by reason, but only by reason, of the payment of bonds when due, and the payment when due and application in accordance with the resolution authorizing those bonds, of all of such sinking fund payments payable at or after said date of computation; however, in computing the annual debt service for any fiscal year as aforesaid, bonds deemed to have been paid in accordance with the defeasance provisions of the resolution or resolutions of HDA authorizing the issuance thereof shall not be included in bonds outstanding on the date of computation aforesaid;

3. In computing the amount of any capital reserve funds for the purpose of this section, securities in which all or a portion of such funds shall be invested shall be valued at par or if purchased at less than par, at their cost to HDA;

4. To assure the continued operation and solvency of HDA for the carrying out of its corporate purposes, provision is made in subdivision 1 of this subsection for the accumulation in each capital reserve fund of an amount equal to the minimum capital reserve fund requirement for such fund.

B. In order further to assure the maintenance of the foregoing capital reserve funds, the chairman of HDA shall annually, on or before December 1, make and deliver to the Governor and Director of the Budget his certificate stating the sum, if any, required to restore each such capital reserve fund to the minimum capital reserve fund requirement for such fund. Within five days after the beginning of each session of the General Assembly, the Governor shall submit to the presiding officer of each house printed copies of a budget including the sum, if any, required to restore each such capital reserve fund to the minimum capital reserve fund requirement for such fund. All sums appropriated by the legislature for such restoration and paid shall be deposited by HDA in the applicable capital reserve fund.

C. HDA shall create and establish such other fund or funds as may be necessary or desirable for its corporate purposes.

D. All amounts paid over to HDA by the Commonwealth pursuant to the provisions of this section shall constitute and be accounted for as advances by the Commonwealth to HDA and, subject to the rights of the holders of any bonds or notes of HDA theretofore or thereafter issued, shall be repaid to the Commonwealth without interest from all available operating revenues of HDA in excess of amounts required for the payment of bonds, notes or other obligations of HDA, the capital reserve funds and operating expenses.

E. The outstanding principal amount of notes and bonds issued by HDA secured by capital reserve funds pursuant to this section, other than notes and bonds for which refunding obligations shall have been issued pursuant to § [36-55.42](#), shall not exceed \$1.5 billion. For the purpose of this subdivision, the outstanding principal amount of notes or bonds issued by HDA at a price less than the face amount thereof shall be deemed to be the issue price of such notes or bonds.

§ 36-55.42. Refunding obligations; issuance

HDA may provide for the issuance of refunding obligations for the purpose of refunding any obligations then outstanding which have been issued under the provisions of this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such obligations and for any corporate purpose of HDA. The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the HDA in respect of the same shall be governed by the provisions of this chapter which relate to the issuance of obligations, insofar as such provisions may be appropriate therefor.

1972, c. 830.

§ 36-55.43. Same; sale

Refunding obligations issued as provided in § [36-55.42](#) may be sold or exchanged for outstanding obligations issued under this chapter and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such outstanding obligations. Pending the application of the proceeds of any such refunding obligations, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the obligations being refunded, and, if so provided or permitted in the resolution authorizing the issuance of such refunding obligations or in the trust agreement securing the same, to the payment of any interest on such refunding obligations and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed by the United States of America, which proceeds shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later

than the respective dates when the proceeds, together with the interest accruing thereon, will be required for the purposes intended.

1972, c. 830.

§ 36-55.44. Deposit and investment of moneys of HDA

A. All moneys of HDA except as otherwise authorized or provided in this chapter shall be deposited as soon as practicable in a separate account or accounts in banks or trust companies organized under the laws of the Commonwealth, in national banking associations, in federal home loan banks, or to the extent then permitted by law, in savings institutions organized under the laws of the Commonwealth of Virginia or the United States. The moneys in such accounts shall be paid out on checks, drafts payable on demand, electronic wire transfers, or other means authorized by HDA. Each payment shall be approved by the executive director or such other officers or employees of HDA as HDA shall authorize. Deposits of such moneys shall, if required by HDA, be secured as it shall prescribe, and all banks and trust companies are authorized to give such security for such deposits.

B. Unless otherwise limited by contract with the holders of any of its notes or bonds or with any other parties making loans to HDA, any moneys of HDA and any moneys held in trust or otherwise for the payment of such notes, bonds or loans may be invested in (i) obligations or securities which are considered lawful investments for fiduciaries, both individual and corporation, as set forth in § [2.2-4519](#), (ii) any investments and deposits authorized by Chapter 45 (§ [2.2-4500](#) et seq.) of Title 2.2, and (iii) any other investments which are permitted pursuant to subsection C for moneys held under any bond resolution or trust indenture of the Authority and which, when acquired by HDA, have, or are general obligations of issuers who have, long-term ratings of at least AA or Aa or the highest short-term ratings, as applicable, by two rating agencies, one of which shall be Moody's Investors Service, Inc., or Standard & Poor's Ratings Group or any successor thereto.

C. In addition to the authorization in subsection B and regardless of any other provisions of law which would otherwise have the effect of limiting the powers set forth in this subsection, HDA shall have power to contract with the holders of any of its notes or bonds and with any other parties making loans to HDA as to the custody, collection, securing, investment and payment of any moneys of HDA and of any moneys held in trust or otherwise for the payment of such notes, bonds or loans, and to carry out such contracts. Unless otherwise specified in such contracts, moneys held in trust or otherwise for the payment of notes, bonds or loans or in any way to secure notes, bonds or loans and deposits of such moneys may be secured in the same manner as set forth in subsection A.

D. Whenever investments are made in accordance with this section, no commissioner or employee of HDA shall be liable for any loss therefrom in the absence of negligence, malfeasance, misfeasance, or nonfeasance on his part.

In connection with, or incidental to, the issuance or carrying of notes or bonds or the acquisition or carrying of any investments, HDA may enter into swap agreements or other contracts or arrangements which HDA determines to be necessary or appropriate to place obligations or investments of HDA, as represented by notes, bonds or investments of HDA, in whole or in part, on the interest rate, currency, cash flow or other basis desired by HDA or to hedge payment, currency, rate, spread, or other exposure. Such contracts or arrangements may be entered into by HDA in connection with, or incidental to, entering into or maintaining (i) any agreement which secures notes or bonds of HDA and is authorized or permitted by law or (ii) any investment, or contract providing for any investment, otherwise authorized or permitted by law.

Such contracts and arrangements may contain such payment, security, default, remedy, and other terms and conditions as determined by HDA, after giving due consideration to the creditworthiness of the counterparty or other obligated party, including any rating by any nationally recognized rating agency, and any other criteria as may be appropriate.

In connection with, or incidental to, any of these contracts or arrangements, HDA may enter into credit enhancement or liquidity agreements with such terms and conditions as HDA shall determine.

The Commonwealth does hereby pledge to and agree with the holders of any notes or bonds issued under this chapter that the Commonwealth will not limit or alter the rights hereby vested in HDA to fulfill the terms of any agreements made with the said holders thereof or in any way impair the rights and remedies of such holders until such notes and bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. HDA is authorized to include this pledge and agreement of the Commonwealth in any agreement with the holders of such notes or bonds.

1972, c. 830.

§ 36-55.46.Commonwealth not liable on notes and bonds

The notes, bonds or other obligations of HDA shall not be a debt or grant or loan of credit of the Commonwealth of Virginia, and the Commonwealth shall not be liable thereon, nor shall they be payable out of any funds other than those of HDA; and such notes and bonds shall contain on the face thereof a statement to such effect.

Clause (xiii) applies only to industrial development authorities created by one or more localities whose housing authorities have not been activated as provided by §§ [36-4](#) and [36-4.1](#). Any facility may be located within or outside or partly within or outside the locality creating the authority. Any facility may consist of or include any or all buildings, improvements, additions, extensions, replacements, machinery or equipment, and may also include appurtenances, lands, rights in land, water rights, franchises, furnishings, landscaping, utilities, approaches, roadways and other facilities necessary or desirable in connection therewith or incidental thereto, acquired, constructed, or installed by or on behalf of the authority. A pollution control facility shall include any facility acquired, constructed or installed or any expenditure made, including the reconstruction, modernization or modification of any existing building, improvement, addition, extension, replacement, machinery or equipment, and which is designed to further the control or abatement of land, sewer, water, air, noise or general environmental pollution derived from the operation of any industrial or medical facility. Any facility may be constructed on or installed in or upon lands, structures, rights-of-way, easements, air rights, franchises or other property rights or interests whether owned by the authority or others.

Any obligation or expense incurred by the Commonwealth or any agency thereof, with the approval of the authority, for studies, surveys, borings, preparation of plans and specifications or other work or materials in connection with the construction of the authority facilities may be regarded as a part of the cost of the authority facilities and may be reimbursed to the Commonwealth or any agency thereof out of the proceeds of the bonds issued for such authority facilities as hereinafter authorized.

"Enterprise" means any industry for manufacturing, processing, assembling, storing, warehousing, distributing, or selling any products of agriculture, mining, or industry and for research and development or scientific laboratories, including, but not limited to, the practice of medicine and all other activities related thereto or for such other businesses or activities as will be in the furtherance of the public purposes of this chapter.

The foregoing sentence notwithstanding, no facility financed as an enterprise zone facility using tax-exempt "enterprise zone facility bonds" (as such term is used in § 1394 of the Internal Revenue Code) shall constitute a taxable authority facility.

"Trust indenture" means any trust agreement or mortgage under which bonds authorized pursuant to this chapter may be secured.

In the absence of any such limitation, an authority shall have all powers granted under this chapter.

C. Notwithstanding subsection B, for any authority authorized by this section, the name of the authority may be the Economic Development Authority of (the blank space to be filled in with the name of the locality that created the authority), if the governing body of such locality so chooses.

D. The authority jointly created by the Town of South Boston and Halifax County pursuant to § [15.2-4916](#) may be named the Economic Development Authority of Halifax, Virginia, or such other name as the governing bodies of the Town of South Boston and Halifax County shall choose in the concurrent resolutions creating such authority.

§ 15.2-4904. Directors; qualifications; terms; vacancies; compensation and expenses; quorum; records; certification and distribution of report concerning bond issuance

A. The authority shall be governed by a board of directors in which all powers of the authority shall be vested and which board shall be composed of seven directors, appointed by the governing body of the locality. The seven directors shall be appointed initially for terms of one, two, three, and four years; two being appointed for one-year terms; two being appointed for two-year terms; two being appointed for three-year terms, and one being appointed for a four-year term. Subsequent appointments shall be for terms of four years, except appointments to fill vacancies, which shall be for the unexpired terms. All terms of office shall be deemed to commence upon the date of the initial appointment to the authority, and thereafter, in accordance with the provisions of the immediately preceding sentence. If at the end of any term of office of any director a successor thereto has not been appointed, then the director whose term of office has expired shall continue to hold office until his successor is appointed and qualified.

Notwithstanding the provisions of this subsection, the board of supervisors of Wise County may appoint eight members to serve on the board of the authority, with terms staggered as agreed upon by the board of supervisors; the board of supervisors of Henrico County may appoint 10 members to serve on the board of the authority, two from each magisterial district, with terms staggered as agreed upon by the board of supervisors; the board of supervisors of Roanoke County may appoint 10 members to serve on the board of the authority, two from each magisterial district, with terms staggered as agreed upon by the board of supervisors; the board of supervisors of Mathews County may appoint from five to seven members to serve on the board of the authority; the town council of the Town of Louisa may appoint from five to seven members to serve on the board of the authority, with terms staggered as agreed upon by the town council; the board of supervisors of King William County may appoint nine members to serve on the board of the authority, with terms staggered as agreed upon by the board of supervisors; the town council of the Town of Saint Paul may appoint 10 members to serve on the board of the authority, with terms staggered as agreed upon by the town council; however, the town council of the Town of Saint Paul may at its option return to a seven-member board by removing the last three members appointed; the board of supervisors of Russell County may appoint nine members, two of whom shall come from a town that has used its borrowing capacity to borrow \$2 million or more for industrial development, with terms staggered as agreed upon by the board of supervisors, and the town council of the Town of South Boston shall appoint two at-large members; Page County may appoint nine members, with one member from each incorporated town, one member from each magisterial district, and one member at-large, with terms staggered as agreed upon by the board of supervisors; Halifax County shall appoint five at-large members to serve on the board of the authority jointly created by the Town of South Boston and Halifax County pursuant to [§ 15.2-4916](#), with terms staggered as agreed upon by the governing bodies of the Town of South Boston and Halifax County in the concurrent resolutions creating such authority; the board of

supervisors of Goochland County may appoint five members to serve on the board of the authority; the board of supervisors of Powhatan County may appoint five members to serve on the board of the authority; the town council of the Town of Coeburn may appoint five members to serve on the board of the authority, with terms staggered as agreed upon by the town council; the town council of the Town of Kenbridge may appoint five members to serve on the board of the authority, with terms staggered as agreed upon by the town council; the town council of the Town of Victoria may appoint five members to serve on the board of the authority, with terms staggered as agreed upon by the town council; the city council of Suffolk may appoint eight members to serve on the board of the authority, with one member from each of the boroughs and one at-large member, with terms staggered as agreed upon by the city council; and the City of Chesapeake may appoint nine members, with terms staggered as agreed upon by the city council; however, in the City of Chesapeake, after July 1, 2017, no member shall serve more than two consecutive terms. Any person who has served more than one and one-half terms as a member of the Chesapeake Economic Development Authority as of July 1, 2017, shall not be eligible for reappointment for another consecutive term. A member of the Chesapeake Economic Development Authority shall serve at the pleasure of the city council of the City of Chesapeake. No Chesapeake Economic Development Authority member shall work for the Authority within one year after serving as a member. The city council of the City of Norfolk may appoint 11 members, with terms staggered as agreed upon by the city council, and the board of supervisors of Louisa County may appoint directors to serve on the board of the authority for terms coincident with members of the board of supervisors.

A member of the board of directors of the authority may be removed from office by the local governing body without limitation in the event that the board member is absent from any three consecutive meetings of the authority or is absent from any four meetings of the authority within any 12-month period or upon unanimous vote of the board of supervisors. In any such event, a successor shall be appointed by the governing body for the unexpired portion of the term of the member who has been removed.

B. Each director shall, upon appointment or reappointment, before entering upon his duties take and subscribe the oath prescribed by § [49-1](#).

No director shall be an officer or employee of the locality except (i) in a town with a population of less than 3,500 where members of the town governing body may serve as directors provided they do not constitute a majority of the board, (ii) in Buchanan County where a constitutional officer who has previously served on the board of directors may serve as a director provided the governing body of such county approves, (iii) in Essex County where the board of supervisors may appoint one employee of the locality to the Economic Development Authority of the County of Essex, (iv) in Frederick County where the board of supervisors may appoint one of its members to the Economic Development Authority of the County of Frederick, Virginia, and (v) in Mathews County where the

board of supervisors may appoint one employee of the locality to the Economic Development Authority of the County of Mathews. Every director shall, at the time of his appointment and thereafter, reside in a locality within which the authority operates or in an adjoining locality. When a director ceases to be a resident of such locality, the director's office shall be vacant and a new director may be appointed for the remainder of the term.

D. The directors shall elect from their membership a chairman, a vice-chairman, and from their membership or not, as they desire, a secretary and a treasurer, or a secretary-treasurer, who shall continue to hold such office until their respective successors are elected. The directors shall receive no salary but may be compensated such amount per regular, special, or committee meeting or per each official representation as may be approved by the appointing authority, not to exceed \$200 per meeting or official representation, and shall be reimbursed for necessary traveling and other expenses incurred in the performance of their duties.

E. Except as provided herein, four members of the board of directors shall constitute a quorum of the board for the purposes of conducting its business and exercising its powers and for all other purposes, except that no facilities owned by the authority shall be leased or disposed of in any manner without a majority vote of the members of the board of directors. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the powers and perform all the duties of the board. In the case of the Economic Development Authority of Goochland County, the Economic Development Authority of Powhatan County, the Industrial Development Authority of the Town of Kenbridge, and the Industrial Development Authority of the Town of Victoria, three members of the board of directors shall constitute a quorum of the board for the purposes of conducting its business and exercising its powers and for all other purposes, except that no facilities owned by the authority shall be leased or disposed of in any manner without a majority vote of the members of the board of directors.

It shall keep suitable records of its financial transactions and, unless exempted by § [30-140](#), it shall arrange to have the records audited annually. Copies of each such audit shall be furnished to the governing body of the locality and shall be open to public inspection.

Two copies of the report concerning issuance of bonds required to be filed with the United States Internal Revenue Service shall be certified as true and correct copies by the secretary or assistant secretary of the authority. One copy shall be furnished to the governing body of the locality and the other copy mailed to the Department of Small Business and Supplier Diversity.

§ 15.2-4905. Powers of authority

The authority shall have the following powers together with all powers incidental thereto or necessary for the performance of those hereinafter stated:

1. To sue and be sued and to prosecute and defend, at law or in equity, in any court having jurisdiction of the subject matter and of the parties;
2. To adopt and use a corporate seal and to alter the same at pleasure;
3. To enter into contracts; however, any written contract of the authority shall contain provisions addressing the issue of whether attorney's fees shall be recoverable by the prevailing party in the event the contract is subject to litigation;
4. To acquire, whether by purchase, exchange, gift, lease or otherwise, and to improve, maintain, equip and furnish one or more authority facilities including all real and personal properties which the board of directors of the authority may deem necessary in connection therewith and regardless of whether any such facilities shall then be in existence;
5. To lease to others any or all of its facilities and to charge and collect rent therefor and to terminate any such lease upon the failure of the lessee to comply with any of the obligations thereof; and to include in any such lease, if desired, a provision that the lessee thereof shall have options to renew such lease or to purchase any or all of the leased facilities, or that upon payment of all of the indebtedness of the authority it may lease or convey any or all of its facilities to the lessee thereof with or without consideration;
6. To sell, exchange, donate, and convey any or all of its facilities or properties whenever its board of directors shall find any such action to be in furtherance of the purposes for which the authority was organized;
7. To issue its bonds for the purpose of carrying out any of its powers including specifically, but without intending to limit any power conferred by this section or this chapter, the issuance of bonds to provide long-term financing of any pollution control facility, whether any such facility was constructed prior to or after the enactment hereof or the receipt of a commitment from an authority to undertake financing pursuant hereto, unless the major part of the proceeds of such bonds will be used to redeem any prior long-term financing of such facility other than financings pursuant to this chapter or any similar law;
8. As security for the payment of the principal of and interest on any bonds so issued and any agreements made in connection therewith, to mortgage and pledge any or all of its facilities or any

part or parts thereof, whether then owned or thereafter acquired, and to pledge the revenues therefrom or from any part thereof or from any loans made by the authority;

9. To employ and pay compensation to such employees and agents, including attorneys, and real estate brokers whether engaged by the authority or otherwise, as the board of directors shall deem necessary in carrying on the business of the authority;

10. To exercise all powers expressly given the authority by the governing body of the locality which established the authority and to establish bylaws and make all rules and regulations, not inconsistent with the provisions of this chapter, deemed expedient for the management of the authority's affairs;

11. To appoint an industrial advisory committee or similar committee or committees to advise the authority, consisting of such number of persons as it may deem advisable. Such persons may be compensated such amount per regular, special, or committee meeting as may be approved by the appointing authority, not to exceed \$50 per meeting day, and may be reimbursed for necessary traveling and other expenses incurred while on the business of the authority;

12. To borrow money and to accept contributions, grants and other financial assistance from the United States of America and agencies or instrumentalities thereof, the Commonwealth, or any political subdivision, agency, or public instrumentality of the Commonwealth, for or in aid of the construction, acquisition, ownership, maintenance or repair of the authority facilities, for the payment of principal of any bond of the authority, interest thereon, or other cost incident thereto, or in order to make loans in furtherance of the purposes of this chapter of such money, contributions, grants, and other financial assistance, and to this end the authority shall have the power to comply with such conditions and to execute such agreements, trust indentures, and other legal instruments as may be necessary, convenient or desirable and to agree to such terms and conditions as may be imposed; and

13. To make loans or grants to any person, partnership, association, corporation, business, or governmental entity in furtherance of the purposes of this chapter including for the purposes of promoting economic development, provided that such loans or grants shall be made only from revenues of the authority which have not been pledged or assigned for the payment of any of the authority's bonds, and to enter into such contracts, instruments, and agreements as may be expedient to provide for such loans and any security therefor. An authority may also be permitted to forgive loans or other obligations if it is deemed to further economic development. The word "revenues" as used in this subdivision includes contributions, grants and other financial assistance, as set out in subdivision 12.

The authority shall not have power to operate any facility as a business other than as lessor and shall not have the power to operate any single or multi-family housing facilities. However, the authority shall have the power to apply for, establish, operate and maintain a foreign-trade zone in accordance with

the provisions of Chapter 14 (§ [62.1-159](#) et seq.) of Title 62.1. Any meeting held by the board of directors at which formal action is taken shall be open to the public.

If a locality has created an industrial development authority pursuant to this chapter or any other provision of law, no other such authority, not created by such locality, shall finance facilities, except pollution control facilities, within the boundaries of such locality, unless the governing body of such locality in which the facilities are located or are proposed to be located, concurs with the inducement resolution adopted by the authority, and shows such concurrence in a duly adopted resolution. Notwithstanding the foregoing, nothing contained herein shall be deemed to invalidate or otherwise impair any existing financing by an authority or the financing of any facilities for which application has been made to an authority prior to July 1, 1981.

Notwithstanding the provisions of this section, and notwithstanding the provisions of any other law, general or special, nothing herein shall be deemed to impair the authority of the town council of the Town of Front Royal from creating its own independent industrial development authority, separate and apart for all purposes from any currently existing or future industrial development authority. A Town of Front Royal independent industrial development authority, created solely by the town, shall have all powers granted industrial development authorities generally as set forth in this chapter. Such industrial development authority may also include Warren County in any of its economic development projects for a period of five years ending July 1, 2025.

A. Whenever federal law requires public hearings and public approval as a prerequisite to obtaining federal tax exemption for the interest paid on private activity bonds, unless otherwise specified by federal law or regulation, the public hearing shall be conducted by the authority and the procedure for the public hearing and public approval shall be in accordance with this section.

B. For a public hearing by the authority, notice of the hearing shall be published not less than seven days in advance of such hearing in a newspaper having general circulation in the locality in which the facility to be financed is to be located. The applicant shall pay the cost of publication. The notice shall specify the time and place of hearing at which persons may appear and present their views. If after the hearing has been held the authority approves the financing, a reasonably detailed summary of the comments expressed at the hearing shall be conveyed promptly to the locality's governing body together with the recommendation of the authority.

C. For public approval, the governing body of the locality on behalf of which the bonds of the authority are issued shall no more than one year after the public hearing held by the authority either approve or disapprove financing of any facility recommended by the authority.

Action of the governing body shall be by a majority of a quorum set out in a resolution. Such vote shall be recorded and disclose how each member voted.

In case of a joint authority the approval required by the governing body of the locality shall be that governing body of the area where the facility will be located, if permitted by federal law or regulation.

The provisions of this section shall not apply to bonds, notes or other obligations issued pursuant to hearings held and governmental approvals obtained prior to the effective date of this act in compliance with federal law or regulation.

All bonds issued by the authority shall be payable solely from the revenues and receipts derived from the leasing or sale by the authority of its facilities or any part thereof or from payments received by the authority in connection with its loans, and the authority may issue such types of bonds as it may determine, including, without limiting the generality of the foregoing, bonds payable, both as to principal and interest: (i) from its revenues and receipts generally; (ii) exclusively from the revenues and receipts of a particular facility or loan; or (iii) exclusively from the revenues and receipts of certain

Unless otherwise provided in the proceeding authorizing the issuance of the bonds, or in the trust indenture securing the bonds, all bonds shall be payable solely and exclusively from the revenues and receipts of a particular facility or loan. Bonds may be executed and delivered by the authority at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in registered or bearer form either as to principal or interest or both, may be payable in such installments and at such time or times not exceeding 40 years from the date thereof, may be payable at such place or places whether within or outside the Commonwealth, may bear interest at such rate or rates, may be payable at such time or times, may be evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be determined by the board of directors. If deemed advisable by the board of directors, there may be retained in the proceedings under which any bonds of the authority are authorized to be issued an option to redeem all or any part thereof, at such price or prices and after such notice or notices and on such terms and conditions as may be determined by the board of directors and as may be briefly recited on the face of the bonds, but nothing herein contained shall be construed to confer on the authority any right or option to redeem any bonds except as may be provided in the proceedings under which they shall be issued. Any bonds of the authority may be sold at public or private sale in such manner and from time to time as may be determined by the board of directors of the authority to be most advantageous, and the authority may pay all costs, premiums and commissions which its board of directors may deem necessary or advantageous in connection with the issuance thereof. Issuance by the authority of one or more series of bonds for one or more purposes shall not preclude it from issuing other bonds in connection with the same facility or any other facility, but the proceedings whereunder any subsequent bonds may be issued shall recognize and protect any prior pledge or mortgage made for any prior issue of bonds. Any bonds of the authority at any time outstanding may from time to time be refunded by the authority by the issuance of its refunding bonds in such amount as the board of directors may deem necessary, but not exceeding an amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any costs, premiums or commissions necessary to be paid in connection therewith. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof to the payment of the bonds to be refunded thereby, or by the exchange of the refunding bonds for the bonds to be refunded thereby, with the consent of the holders of the bonds so to be refunded, and regardless of whether the bonds to be refunded were issued in connection with the same facilities or separate facilities, and regardless of whether the bonds proposed to be refunded are payable on the same date or on different dates or are due serially or otherwise. The determination of the form, denominations, maturities, redemption provisions, places of payment, interest rate or rates, payment installations, dates and all other terms and provisions of bonds as authorized in this section may be made by the board of directors in such

manner as the board may provide, including the determination by reference to indices and formulas or by agents designated by the board of directors under guidelines established by it.

B. All bonds shall be signed by the chairman or vice-chairman of the authority or shall bear his facsimile signature, and the corporate seal of the authority or a facsimile thereof shall be impressed or imprinted thereon and attested by the signature of the secretary (or the secretary-treasurer) or the assistant secretary (or assistant secretary-treasurer) of the authority or shall bear his facsimile signature, and any coupons attached thereto shall bear the facsimile signature of the chairman. In case any officer whose signature or a facsimile signature appears on any bonds or coupons ceases to be an officer before delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. When the signatures of both the chairman or the vice-chairman and the secretary (or the secretary-treasurer) or the assistant secretary (or the assistant secretary-treasurer) are facsimiles, the bonds shall be authenticated by a corporate trustee or other authenticating agent approved by the authority.

C. If the proceeds derived from a particular bond issue, due to error of estimates or otherwise, are less than the cost of the authority facilities for which such bonds were issued, additional bonds may in like manner be issued to provide the amount of such deficit and, unless otherwise provided in the proceedings authorizing the issuance of the bonds of such issue or in the trust indenture securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds of the first issue. If the proceeds of the bonds of any issue shall exceed such cost, the surplus may be deposited to the credit of the sinking fund for such bonds or may be applied to the payment of the cost of any additions, improvements or enlargements of the authority facilities for which such bonds shall have been issued.

D. Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which are mutilated, destroyed or lost. Bonds may be issued under the provisions of this chapter without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth, and without any other proceedings or the happening of any other conditions or things other than those proceedings, conditions or things which are specifically required by this chapter; however, nothing contained in this chapter shall be construed as affecting the powers and duties now conferred by law upon the State Corporation Commission.

E. All bonds issued under the provisions of this chapter shall have and are hereby declared to have all the qualities and incidents of and shall be and are hereby made negotiable instruments under the Uniform Commercial Code of Virginia (§ [8.1A-101](#) et seq.), subject only to provisions respecting registration of the bonds.

F. In addition to all other powers granted to the authority by this chapter, the authority may issue, from time to time, notes or other obligations of the authority for any of its authorized purposes. The provisions of this chapter which relate to bonds or revenue bonds shall apply to such notes or other obligations insofar as such provisions may be appropriate.

§ 15.2-4909. Liability of Commonwealth, political subdivisions, directors and officers

A. Bonds issued pursuant to this chapter shall not be deemed to constitute a debt or a pledge of the faith and credit of the Commonwealth, or any political subdivision thereof, including the locality which created the authority issuing such bonds, but such bonds shall be payable solely from the funds provided therefor as herein authorized. All such bonds shall contain on the face thereof a statement to the effect that neither the Commonwealth, nor any political subdivision thereof, nor the authority shall be obligated to pay the same or the interest thereon or other costs incident thereto except from the revenues and moneys pledged therefor and that neither the faith and credit nor the taxing power of the Commonwealth, or any political subdivision thereof, is pledged to the payment of the principal of such bonds or the interest thereon or other costs incident thereto.

B. Neither the directors of the authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof.

C. All expenses incurred in carrying out the provisions of this chapter shall be payable solely from the funds of the authority and no liability or obligation shall be incurred by the authority hereunder beyond the extent to which moneys shall be available to the authority.

D. Bonds issued pursuant to the provisions of this chapter shall not constitute an indebtedness within the meaning of any debt limitation or restriction.

1966, c. 651, § 15.1-1380; 1997, c. 587.

§ 15.2-4910. Security for payment of bonds; default

The principal of and interest on any bonds issued by the authority shall be secured by a pledge of the revenues and receipts out of which the same shall be made payable, and may be secured by a trust indenture covering all or any part of the authority facilities from which revenues or receipts so pledged may be derived, including any enlargements of and additions to any such projects thereafter made.

The resolution under which the bonds are authorized to be issued and any such trust indenture may contain any agreements and provisions respecting the maintenance of the projects covered thereby, the fixing and collection of rents for any portions thereof leased by the authority to others, the creation and maintenance of special funds from such revenues and the rights and remedies available in the event of default, all as the board of directors shall deem advisable not in conflict with the provisions hereof. Each pledge, agreement and trust indenture made for the benefit or security of any of the bonds of the authority shall continue effective until the principal of and interest on such bonds have

been fully paid. In the event of default in such payment or in any agreements of the authority made as a part of the contract under which the bonds were issued, whether contained in the proceedings authorizing the bonds or in any trust indenture executed as security therefor, such payment or agreements may be enforced by writ of mandamus, or by a suit, action or proceeding at law or in equity to compel the authority and the directors, officers, agents or employees thereof to perform the terms, provisions, and covenants contained in any trust indenture of the authority, by the appointment of a receiver in equity or by foreclosure of any such trust indenture or any one or more of said remedies.

1966, c. 651, § 15.1-1381; 1997, c. 587.

§ 15.2-4911.Rents, fees and other charges

The authority shall fix and revise from time to time the rents, fees and other charges to be paid to it in connection with the lease or sale of various authority facilities and for any other services furnished or provided by the authority. Such rents, fees and charges shall provide at least sufficient funds to pay the cost of maintaining, repairing and operating such projects and the principal and interest of any bonds issued by the authority or other debts contracted as the bonds become due and payable. The authority and the political subdivision in which all or any part of a particular authority facility is located may agree on payment by the authority on account of governmental services to be rendered by the political subdivision in such amounts as the authority may find to be consistent with the purposes of this chapter. A reserve may be accumulated and maintained out of the revenues and receipts of the authority for extraordinary repairs and expenses and for such other purposes as may be provided in any resolution authorizing a bond issue or in any trust indenture securing the authority's bonds. Subject to such provisions and restrictions as may be set forth in the resolution or in the trust indenture authorizing or securing any of the bonds or other obligations hereunder, the authority shall have exclusive control of the revenues and receipts derived from the lease or sale of any authority facility and the right to use the revenues and receipts in the exercise of its powers and duties set forth in this chapter.

§ 15.2-4912.Exemption from taxation

Accordingly, the income, including any profit made on the sale thereof from all bonds issued by the authority, shall at all times be exempt from all taxation by the Commonwealth or any political subdivision thereof.

1966, c. 651, § 15.1-1383; 1997, c. 587.

§ 15.2-4913.Authority to be nonprofit; excess earnings

The authority shall be nonprofit and no part of its net earnings remaining after payment of its expenses shall enure to the benefit of any individual, firm or corporation, except that if the board of directors of the authority determines that sufficient provision has been made for the full payment of the expenses, bonds and other obligations of the authority then any net earnings of the authority thereafter accruing shall be paid to the locality with respect to which the authority was created. However, nothing herein contained shall prevent the board of directors from transferring all or any part of its facilities or properties in accordance with the terms of any contract entered into by the authority.

1966, c. 651, § 15.1-1384; 1973, c. 528; 1997, c. 587.

§ 15.2-4914. Dissolution of authority; disposition of property

Whenever the board of directors of the authority by resolution determines that the purposes for which the authority was formed have been substantially complied with and all bonds theretofore issued and all obligations theretofore incurred by the authority have been fully paid, the then members of the board of directors of the authority shall thereupon execute and file for record with the governing body of the locality which created the authority, a resolution declaring such facts. If the governing body of the locality which created the authority is of the opinion that the facts stated in the authority's resolution are true and that the authority should be dissolved, it shall so resolve and the authority shall stand dissolved. Upon such dissolution, the title to all funds and properties owned by the authority at the time of such dissolution shall vest in the locality creating the authority and possession of such funds and properties shall forthwith be delivered to such locality.

§ 15.2-4915. Bonds as legal investments and lawful security

The bonds issued pursuant to this chapter shall be and are hereby declared to be legal and authorized investments for banks, savings banks, trust companies, building and loan associations, insurance companies, fiduciaries, trustees, guardians and for all public funds of the Commonwealth or other political corporations or subdivisions of the Commonwealth. Such bonds shall be eligible to secure the deposit of public funds of the Commonwealth, localities, school districts or other political corporations or subdivisions of the Commonwealth, and shall be security for such deposits to the extent of their value when accompanied by all unmatured coupons appertaining thereto.

§ 15.2-4916. Authorities acting jointly

The powers herein conferred upon authorities created under this chapter may be exercised by two or more authorities acting jointly. Two or more localities may jointly create an authority, in which case each of the directors of such authority shall be appointed by the governing body of the respective locality which the director represents.

Such transfer may be authorized by a resolution of the governing body of the locality without submission of the question to the voters and without regard to the requirements, restrictions, limitations or other provisions contained in any other general, special or local law. Such facility sites may be located within or outside or partially within or outside the locality creating the authority. If a real estate broker licensed under § [54.1-2100](#) represents a party in a transaction through which a facility site is acquired, the locality may pay a reasonable brokerage fee to such real estate broker.

§ 15.2-4918. Provisions of chapter cumulative; construction

This chapter neither limits nor restricts any powers which the authority might otherwise have under any laws of this Commonwealth. No proceedings, notice or approval shall be required for the organization of the authority or the issuance of any bonds or any instrument as security therefor, except as herein provided. However, nothing herein shall be construed to deprive the Commonwealth and its political subdivisions of their respective police powers over properties of the authority or to impair any power thereover of any official or agency of the Commonwealth and its political subdivisions which may be otherwise provided by law. Nothing contained in this chapter shall be deemed to authorize the authority to occupy or use any land, streets, buildings, structures or other property of any kind, owned or used by any political subdivision within its jurisdiction, or any public improvement or facility maintained by such political subdivision for the use of its inhabitants, without first obtaining the consent of the governing body thereof.

5. To construct, erect, acquire, own, repair, remodel, maintain, add to, extend, improve, equip, furnish, operate, and manage projects, the cost of any such project to be paid in whole or in part from the proceeds or other funds made available to the authority;

6. To accept loans and grants of money or materials or property of any kind from the United States of America or any agency or instrumentality thereof, upon such terms and conditions as the United States of America or such agency or instrumentality may impose;

7. To accept loans and grants of money or materials or property of any kind from the Commonwealth of Virginia or any agency or instrumentality or political subdivision thereof, upon such terms and conditions as the Commonwealth of Virginia or such agency or instrumentality or political subdivision may impose;

8. To borrow money for any of its corporate purposes and to execute evidences of such indebtedness and to secure the same and to issue negotiable revenue bonds payable solely from funds pledged for that purpose and to provide for the payment of the same and for the rights of the holders thereof. Any city or county participating in the authority may lend, advance, or give money or materials or property of any kind to the authority;

9. To exercise any power usually possessed by private corporations performing similar functions, which is not in conflict with the Constitution and laws of the Commonwealth;

10. An authority created pursuant to this article and any trustee acting under any trust indenture are specifically authorized from time to time to sell, lease, grant, exchange, or otherwise dispose of any surplus property, both real and personal, or interest therein not required in the normal operation of and usable in the furtherance of the purpose for which the authority was created, except as such right and power may be limited as provided in § [53.1-95.8](#) hereof;

11. To sue and be sued in its own name, plead and be impleaded;

12. To adopt, amend, or repeal bylaws, rules, and regulations, not inconsistent with this article or the general laws of the Commonwealth, for the regulation of its affairs and the conduct of its business and to carry into effect its powers and purposes;

§ 53.1-95.8. Authority of superintendent and jail officers; oath and bond; fees charged to prisoner

The superintendent appointed by an authority created pursuant to this article to administer its correctional facility shall have and exercise the same control and authority over the prisoners

committed or transferred to such facility as the sheriffs of this Commonwealth have by law over the prisoners committed or transferred to their jails.

During the term of their appointment, the superintendent and jail officers are hereby vested with the powers and authority of a conservator of the peace (i) within the limits of such correctional facility and within one mile thereof; (ii) for the purpose of conveying prisoners to and from such facility; (iii) for the purpose of enforcing the provisions of alternative incarceration and treatment programs pursuant to §§ [53.1-129](#), [53.1-131](#), and [53.1-131.2](#); (iv) for the purpose of providing security and supervision of prisoners taken to a medical, dental, or psychiatric facility; and (v) for the purpose of providing a security escort and supervision of prisoners transported to a funeral or graveside service. Prisoners may be charged reasonable fees for services described in clause (v).

Before entering upon the duties of their office, the superintendent and jail officers shall take and subscribe the oath prescribed by § [49-1](#). An authority created pursuant to this article may require the superintendent or jail officers or both to give bond in such penalty and with such security as the authority may prescribe, conditioned upon the faithful discharge of the duties of their offices.

Any authority constituted pursuant to the provisions of this article or Article 1.1 (§ [53.1-71.1](#) et seq.) may appoint as its fiscal agent the treasurer of a county or city which is a member of the authority, or in the case of member jurisdictions where there is no treasurer, the director of finance. No treasurer or director of finance shall be appointed as fiscal agent without their concurrence. In the event such treasurer or director of finance is appointed, all disbursements on behalf of the authority shall be by warrant signed by the chairman of the authority or his designee and countersigned by such treasurer or director of finance as fiscal agent. For his services as fiscal agent, a treasurer or director of finance thus appointed may be paid such salary supplement and reimbursed such expenses as may be agreed upon by the board of the authority and the treasurer or director of finance. Such salary supplement and expenses shall be borne exclusively by the authority and not by the Compensation Board.

1996, c. [623](#).

§ 53.1-95.9. Acquisition of interests in land

An authority created pursuant to this article is hereby authorized and empowered to acquire by gift or by lease or purchase solely from funds provided under the provisions of this article such lands, structures, property, rights, rights-of-way, franchises, easements, and other interests in lands as it may deem necessary or convenient for the construction and operation of the project upon such terms and

at such prices as may be considered by it to be reasonable and can be agreed upon between it and the owner thereof.

All public agencies and the commissions of the Commonwealth, with the approval of the Governor, are hereby authorized and empowered to lease, lend, grant, or convey to an authority created pursuant to this article at its request, upon such terms and conditions as may be mutually agreed upon, without the necessity for any advertisement, order of court, or other action or formality, any real property which may be necessary or convenient to the effectuation of the authorized purposes of the authority, including real property already devoted to public use.

Title to any property acquired by an authority created pursuant to this article shall be taken in the name of the authority.

1990, c. 837.

§ 53.1-95.10. Issuance of revenue bonds

An authority created pursuant to this article is hereby authorized to provide by resolution for the issuance, at one time or from time to time, of revenue bonds of the authority for the purpose of paying all or any part of the cost of the project. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates as shall be fixed by the authority, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority shall determine the form and the manner of execution of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the Commonwealth. In case any officer whose signature or a facsimile of whose signature shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. Notwithstanding any other provision of this article or any recitals in any bonds issued under the provisions of this article, all such bonds shall be deemed to be negotiable instruments under the laws of the Commonwealth. The bonds may be issued in coupon or in registered form, or both, as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as both principal and interest and for the interchange of registered and coupon bonds. The authority may sell such bonds in such manner, either at public or negotiated sale, or for such price, as it may determine will best effectuate the purposes of this article.

The proceeds of the bonds shall be used solely for the payment of the cost of the project and shall be disbursed in such manner and under such restrictions, if any, as the authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issuance, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under the provisions of this article without obtaining the consent of any department, division, commission, board, bureau, or agency of the Commonwealth, and without any other proceedings or the happening of any conditions other than those proceedings or conditions which are specifically required by this article.

Revenue bonds issued under the provisions of this article shall not be deemed to constitute a pledge of the faith and credit of the Commonwealth or of any political subdivision thereof. All such bonds shall contain a statement on their face substantially to the effect that neither the faith and credit of the Commonwealth nor the faith and credit of any county, city, town, or other subdivision of the Commonwealth is pledged to the payment of the principal of or the interest on such bonds. The issuance of revenue bonds under the provisions of this article shall not directly or indirectly or contingently obligate the Commonwealth or any county, city, town, or other subdivision of the Commonwealth to levy any taxes whatever therefor or to make any appropriation for their payment except from the funds pledged under the provisions of this article.

1990, c. 837.

§ 53.1-95.11.Trust agreements

In the discretion of an authority created pursuant to this article, any bonds issued under the provisions of this article may be secured by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the charges and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the

bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the authority in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the project, the rates to be charged for services, and the custody, safeguarding, and application of all moneys. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the project.

1990, c. 837.

§ 53.1-95.12.Charge for use of services

An authority created pursuant to this article is hereby authorized to fix, revise, and charge for the use of the service furnished by the project and to contract with any unit or department of government at any level, including cities, counties, towns, authorities, regional jail boards, and the state and federal governments and their respective departments, commissions and agencies, desiring the use of any part thereof, and to fix the terms, conditions, rents, and rates of charges for such use. Such charges shall be so fixed and adjusted in respect to the aggregate of the charges from the project as to provide a fund sufficient with other revenues, if any, to pay (i) the cost of maintaining, repairing, and operating such project and (ii) the principal of and interest on such bonds as the same shall become due and payable and to create reserves for such purposes. The revenues derived from the project, except such part thereof as may be necessary to pay such cost of maintenance, repair, and operation and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to, and charged with, the payment of the principal of and the interest on such bonds as the same shall become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the authority. The use and disposition of moneys to the credit of such sinking

fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

1990, c. 837.

§ 53.1-95.13.Revenues and proceeds from sale of bonds

All moneys received pursuant to the provisions of this article, whether as proceeds from the sale of bonds or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this article. An authority created pursuant to this article may provide for the payment of its revenues to such officer, board, or depository as it may designate for the custody thereof, and for the method of disbursement thereof, with such safeguards and restrictions as it may determine. The authority shall, in the resolution authorizing the bonds or in the trust agreement securing such bonds, provide for the payment of the proceeds of the sale of the bonds to a trustee, which shall be any trust company or bank having the powers of a trust company within or without the Commonwealth, which shall act as trustee of the funds, and hold and apply the same to the purposes of this article, subject to such regulations as this article and such resolution or trust agreement may provide. The trustee may invest and reinvest such funds in such securities as may be provided in the resolution authorizing the bonds or in the trust agreement securing such bonds.

1990, c. 837.

§ 53.1-95.14.Rights of bond holders and trustees

Any holder of bonds issued under the provisions of this article or of any of the coupons appertaining thereto, and the trustee under any trust agreement, except to the extent the rights herein given, may be restricted by such trust agreement, may either at law or in equity, by suit, action, injunction, mandamus, or other proceedings, protect and enforce any and all rights under the laws of the Commonwealth or granted by this article or under such trust agreement or the resolution authorizing the issuance of such bonds and may enforce and compel the performance of all duties required by this article or by such agreement or resolution to be performed by an authority created pursuant to this article or by any officer or agent thereof including the fixing, charging, and collection of such charges.

1990, c. 837.

§ 53.1-95.15.Exemption from taxes

The exercise of the powers granted by this article shall be in all respects for the benefit of the inhabitants of the Commonwealth, for the increase of their commerce, and for the promotion of their safety, health, welfare, convenience, and prosperity, and as the operation and maintenance of the project by an authority created pursuant to this article will constitute the performance of essential governmental functions, the authority shall not be required to pay any taxes or assessments upon the

project or any property acquired or used by the authority under the provisions of this article or upon the income therefrom; and the bonds issued under the provisions of this article, their transfer and the income therefrom, including any profit made on the sale thereof, shall at all times be free and exempt from taxation by the Commonwealth and by any municipality, county, or other political subdivision thereof.

1990, c. 837.

§ 53.1-95.16. Issuance of revenue refunding bonds

The authority is hereby authorized to provide by resolution for the issuance of its revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this article, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the authority, for the additional purpose of constructing enlargements, renovations, or improvements of the project. The issuance of such bonds, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the authority in respect of the same, shall be governed by the provisions of this article insofar as the same may be applicable.

1990, c. 837.

§ 53.1-95.17. General purpose of an authority

Without limiting the generality of any provisions of this article, the general purpose of an authority created pursuant to this article is declared to be that of acquiring, constructing, equipping, maintaining, and operating a jail or jail farm and the usual facilities appertaining to such undertakings; enlarging, renovating, and improving such facilities; acquiring the necessary property therefor, both real and personal, with the right of contract for the use of or to lease, mortgage, or sell any or all of such facilities, including real property; and doing any and all things deemed by the authority necessary, convenient, and desirable for and incident to the efficient and proper development and operation of such types of undertakings.

1990, c. 837.

§ 53.1-95.18. Design-build contracts

An authority created pursuant to this article may enter into a contract for a jail on a fixed price or not-to-exceed price design-build basis or construction management basis in accordance with procedures consistent with those described in the Virginia Public Procurement Act (§ [2.2-4300](#) et seq.) for procurement of nonprofessional services through competitive negotiation. The authority may authorize payment to no more than three responsive bidders who are not awarded the design-build contract if the authority determines that such payment is necessary to promote competition. The authority shall not be required to award a design-build contract to the lowest bidder but may consider price as one

factor in evaluating the proposals received. The authority shall maintain adequate records to allow post-project evaluation by the Commonwealth.

1990, c. 837.

§ 53.1-95.19.State reimbursement

An authority created pursuant to this article shall be eligible to receive state reimbursement for jail construction and operation in accordance with the provisions of Article 3 (§ [53.1-80](#) et seq.) of this chapter. State reimbursement for the cost of the project shall be made to the authority and shall be determined as if each participating political subdivision in the authority had contributed its pro rata share of such cost. However, when an authority created pursuant to this article enters into an agreement with one or more political subdivisions not participating in the authority for the purpose of construction and operating a jail, that share of the state reimbursement due to any political subdivision not participating in the authority shall be made directly to such political subdivision in accordance with the provisions of Article 3 of this chapter. The Commonwealth shall fund the positions of superintendent, correctional officers, and two-thirds of the salaries of required medical or treatment personnel on a basis approved by the State Compensation Board. Such salaries shall be paid in the manner provided in § [15.2-1609.2](#), and such section shall be applicable mutatis mutandis to such superintendent.

The superintendent of the correctional facility shall report on the first day of each month to the Director of the State Department of Corrections to give the record of each prisoner received during the preceding month on blank forms to be furnished by the Director, to state whether the offense for each prisoner is for violation of state law or of city or town ordinance. The report shall be signed by both the superintendent and chairman of the authority. Either signer found guilty of willfully falsifying the information contained in such report shall be guilty of a Class 1 misdemeanor.

If any superintendent fails to send such report within five days after the date when the report is to be forwarded, the Director shall notify the superintendent of such failure. If the superintendent fails to make the report within ten days from that date, then the Director shall cause the report to be prepared from the books of the superintendent and shall certify the cost thereof to the Comptroller. The Comptroller shall issue his warrant on the Treasurer for that amount, deducting the same from any funds that may be due the superintendent by the Commonwealth.

1990, c. 837.

§ 53.1-95.20.Duty to prescribe rules and regulations

It shall be the duty of an authority created pursuant to this article to prescribe rules and regulations, not inconsistent with standards of the State Board of Local and Regional Jails, for the operation of the project or projects constructed under the provisions of this article.

1990, c. 837; 2020, c. [759](#).

§ 53.1-95.21. Supplemental and additional powers

The foregoing sections of this article shall be deemed to provide an additional and alternative method for the performance of acts authorized thereby, shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing.

1990, c. 837.

§ 53.1-95.22. Liberal construction

This article, being necessary for the welfare of the Commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof.

1990, c. 837.

§ 53.1-95.23. Repealed

Repealed by Acts 2015, c. [709](#), cl. 2.

§ 53.1-95.24. Inconsistent laws inapplicable

All other general or special laws inconsistent with any provision of this article are hereby declared to be inapplicable to the provisions of this article.

1990, c. 837.

§ 53.1-133.10. (See Editor's note) Compact; transport of prisoners to and from medical facilities across state boundaries; Governor to execute

The Governor is authorized and requested to execute, on behalf of the Commonwealth, with any other state or states legally joining therein a compact that shall be in form substantially as follows:

The compacting states solemnly agree that:

ARTICLE I.

The party states, desiring by common action to efficiently utilize and provide emergency medical, dental, and psychiatric care for prisoners of local correctional facilities, declare that it is the policy of each of the party states to cooperate with one another to serve the best interests of the prisoners and of the state and local governments in the convenient and economical provision of these services. The purpose of this compact is to provide for the mutual recognition of the control and authority over prisoners during transport to and from medical, dental, and psychiatric facilities across state boundaries.

ARTICLE II.

As used in this compact, unless the context clearly requires otherwise:

1. "State" means a state of the United States, the United States of America, a territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

2. "Sending state" means a state party to this compact in which a prisoner in need of medical, dental, or psychiatric services is incarcerated.

3. "Receiving state" means a state party to this compact in which is located a medical, dental, or psychiatric facility.

4. "Prisoner" means a male or female offender who is committed under sentence to or confined in a local correctional facility.

5. "Local correctional facility" means any penal or correctional facility or any jail, regional jail, jail farm, or other place used for the detention or incarceration of adult offenders that is owned, maintained, or operated by any political subdivision or combination of subdivisions of a state or a local government of a state.

ARTICLE III.

Each party state agrees to extend all necessary authority to law-enforcement or corrections officers from a sending state while such officers have in their custody a prisoner for the purpose of escorting the prisoner to and from a medical, dental, or psychiatric facility located in the receiving state.

ARTICLE IV.

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

ARTICLE V.

This compact shall continue in force and remain binding upon a party state until the party state has enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate official of all other party states. No actual withdrawal shall take effect until one year after the notice provided in said statute has been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE VI.

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby.

If this compact is held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

2008, c. [421](#) (§ 3, §§ 15 through 22 [added])

2010, c. [150](#) (§§ 1, 2, 5, 6, 7, 8, 12; name changed to Lake Country Airport Commission)

§ 1. If the governing bodies of the towns of Clarksville and Boydton shall by resolution declare that there is a need for an airport commission to be created for the purpose of establishing and operating one or more airports or landing fields for all such political subdivisions, an airport commission, originally known as "The Clarksville-Boydton Airport Commission," shall thereupon exist for the towns and shall exercise its powers and functions therein.

In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of the Lake Country Airport Commission, formerly known as and doing business as The Clarksville-Boydton Airport Commission, the airport commission shall be conclusively deemed to have become created as a body corporate, and to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body of each of the towns creating the airport commission declaring that there is need for an airport commission and that it unites with the other political subdivision in its creation. A copy of the resolution, duly certified by the clerk of the governing body of the town which adopted it, shall be admissible in evidence in any suit, action, or proceeding. (2005, c. [680](#); 2010, c. [150](#))

§ 2. The Lake Country Airport Commission, hereinafter referred to as the "Commission," shall consist of members from the participating localities, the membership being composed of three members appointed by the Town of Clarksville, two members by the Town of Boydton, and three members by Mecklenburg County. Each member shall be appointed by the governing bodies thereof. Original appointments of members shall be for terms as follows: from the Town of Clarksville, one member for two years, one member for three years, and one member for four years; from the Town of Boydton, one member for one year and one member for two years; from Mecklenburg County, one member for two years, one member for three years, and one member for four years. Thereafter all appointments shall be for three-year terms, except appointments to fill vacancies which shall be for the unexpired terms.

The governing body appointing any member may remove that member at any time and appoint his successor. The Commission shall have power to elect its chairman and to adopt rules and regulations for its own procedures and government. The members of the Commission so appointed shall constitute the Commission, and the powers of such Commission shall be vested in and exercised by the members in office from time to time. A majority of the members in office shall constitute a quorum. (2005, c. [680](#); 2010, c. [150](#))

§ 3. The Commission established hereunder shall have all powers necessary or convenient to carry out the general purposes of this act, including the following powers in addition to others herein granted:

- A. To sue and be sued; to adopt a seal and alter the same at pleasure; to have perpetual succession; and to make and execute contracts and other instruments necessary or convenient to the exercise of its powers.
- B. To employ technical experts and other officers, agents, and employees as it may require, and to fix their qualifications and duties, and to fix their compensation within the limits of available funds.
- C. To accept gifts and make application for and receive grants from the Commonwealth of Virginia or any political subdivision thereof, and from the United States and any of its agencies.
- D. To acquire within the territorial limits of the region for which it is formed, by purchase, lease, gift, condemnation or otherwise, whatever land may be reasonably necessary for the purpose of establishing, constructing, enlarging, maintaining, and operating one or more airports or landing fields.
- E. To acquire, establish, construct, enlarge, improve, maintain, equip, operate, and regulate the use of any airports, air landing fields, structures, air navigation facilities, and other property incidental thereto, within the area for which it is created; provided, however, that no such airport shall be established or operated without the permission of the Virginia Department of Aviation.
- F. To construct, install, maintain, and operate facilities for the servicing of aircraft, and for the accommodation of cargo, freight, mail, express, etc., and comfort of air travelers, and to purchase and sell equipment and supplies as an incident to the operation of its airport facilities.
- G. To determine rates and charges for the use of its airport and other facilities.
- H. To enforce all rules, regulations, and statutes relating to its airports, including airport zoning regulations.
- I. To exercise within its area such powers and authority with respect to airports and air navigation facilities as may be conferred by law upon the governing bodies of the towns of the Commonwealth.

J. To make and enforce rules and regulations for the management and regulation of its business and affairs and for the use, maintenance, and operation of its facilities and properties.

K. To engage directly or through its agents or employees in the operation for profit of concessions in connection with its airports or other facilities, including the sale of airplanes and aircraft fuel, or to grant such privileges and concessions to others.

L. To comply with the provisions of the laws of the United States and the Commonwealth of Virginia and any rules and regulations made thereunder for the expenditure of state or federal moneys in connection with airports, landing fields, and air navigation facilities, and to accept, receive, and receipt for federal moneys granted the commission, or granted any of the political subdivisions by which it is formed, for airport purposes.

M. To borrow money, as hereinafter provided, and to borrow money for the purpose of meeting casual deficits in its revenues. (2005, c. [680](#); 2008, c. [421](#))

§ 4. The Commission established hereunder is hereby granted full power to exercise within its area the right of eminent domain in the acquisition of any lands, easements and privileges that are necessary for airport and landing field purposes, including the right to acquire, by eminent domain, aviation easements over lands or water outside the boundaries of its airport or landing fields where necessary or desirable in the interests of safety for aircraft to provide unobstructed air space for the landing and taking off of aircraft utilizing its airport and landing fields even though such aviation easement may be inconsistent with the continued use of such land for the same purposes for which it had been used prior to such acquisition, or inconsistent with the maintenance, preservation, and renewal of any structure or any tree or other vegetation standing or growing on the land at the time of acquisition; provided, however, that the power of eminent domain shall not extend to the taking of any radio or television towers or installation in existence on the effective date of this act. Proceedings for the acquisition of land, easements, and privileges by condemnation may be instituted and conducted in the name of the Commission, and the procedure shall be the same as in the acquisition of land by condemnation proceedings instituted by councils of towns; provided, that the provisions of § [25.1-102](#) of the Code of Virginia, shall apply to any property owned by a corporation possessing the power of eminent domain that may be sought to be taken by condemnation. (2005, c. [680](#))

§ 5. The localities for which the Commission is formed are hereby authorized to appropriate to the Commission from available funds, or from funds provided for the purpose by bond issues, such funds as may be necessary for the acquisition, construction, maintenance, and operation of airports, air landing fields, and other air navigation facilities. The basis of financial participation by the localities shall be determined by agreement between their governing bodies. (2005, c. [680](#); 2010, c. [150](#))

§ 6. The Commission shall prepare annually and submit to the governing bodies of the respective localities for which it is formed for their approval, a budget showing the estimated revenues it may

reasonably expect to receive for such year, and its estimated expenses for all purposes for such period. After the approval of such budget, the Commission shall be limited in its expenditures for such year to the estimated expenses shown therein, and shall not commit the participating subdivisions beyond appropriations actually made.
